(3) Except as provided in this subsection, a cash seller may not base a right to reclaim livestock or its designated equivalent value, in lieu of recovery of the price, upon a commercial buyer's fraudulent

or innocent representation of ability to pay cash. Successful reclamation of livestock or its designated equivalent value in lieu of recovery of the price excludes all other remedies.

(4) For purposes of paragraph b of this subsection, a cash seller of livestock includes a seller who takes a nonpostdated check within a reasonable time after the cash sale price has been determined and who takes steps not later than five business days after receipt of the check to obtain payment of the check.

(5) The making of a single demand for reclamation within the time specified in subparagraphs one (1) and two (2) of this paragraph is sufficient as a demand both for the livestock and for equivalent value. However, a cash seller shall be entitled to reclaim equivalent value only if and to the extent that identity of the livestock of the cash seller has been impaired."

HOUSE CONCURRENT RESOLUTION 150
by Doyle, Krause and Dyrland

WHEREAS, Chapter three hundred twenty-one (321), of the Code, is in need of recodification in a logical, organizational pattern; and

WHEREAS, Chapter three hundred twenty-one (321), of the Code, needs to be reviewed in depth for possible revisions to make it more in line with the Uniform Vehicle Code which has been substantially adopted in most states; and

WHEREAS, legislative study of this subject commenced in 1973 is not yet completed; NOW THEREFORE,

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES, THE SENATE CONCURRING, That the legislative council is authorized to create a study committee, as provided by law, which members shall include members of the appropriate standing committees of the House of Repre-

sentatives and the Senate to conduct during the 1976 legislature interim a comprehensive study of Iowa's motor vehicle laws and the Uniform Vehicle Code; and

BE IT FURTHER RESOLVED, That the study committee be authorized if necessary to retain consultants or assistants and that a report of the study be prepared and submitted to the legislative council and the members of the 1977 Session of the Sixty-seventh General Assembly, and shall be accompanied by legislative bill drafts designed to carry out the recommendations of the committee.

HOUSE CONCURRENT RESOLUTION 151

By Hinkhouse, Husak, Jordan, Pellett and Scheelhaase

Whereas, there is a general need to state clearly the rights, duties, and remedies of parties involved in a fence controversy when a person has made a partition fence which is found to be on the land of another; and

Whereas, there is a specific need to state clearly the rights, duties, and remedies of parties involved in a partition fence controversy because of numerous sales of farms and of building sites which involve partition fences; *Now, Therefore,*

Be It Resolved by the House of Representatives, the Senate Concurring, That the legislative council is authorized to create a study committee, composed of members of the House of Representatives and Senate representing both political parties, to conduct a study during the 1976 legislative interim relating to amending chapter 113 of the Code to state the specific rights and responsibilities of parties involved in a partition fence controversy and to state the specific remedies available to an aggrieved party in a partition fence controversy; and

HOUSE RESOLUTION 122

By Hargrave

Whereas, there appears to be a need for a more sophisticated computer system for members of the general assembly and the executive branch of government in order that revenues and expenditures may more accurately, quickly, and efficiently be judged, deter-

mined, monitored; and

Whereas, the establishment and determination of the requirements and implementation of such system requires thorough and deliberate study and consideration; and

Whereas, it is not possible during the lateness of the present legislative session to provide such thorough and deliberate consideration of the merits of purchasing such a computer program as well as considering the expenditure of supporting costs; *Now, Therefore,*

Be It Resolved by the House of Representatives, That the legislative council is requested to study the need for the development of a computer system which would provide timely and sophisticated budget information and the ability to monitor budgets, and if it determines that such need exists the house encourages the legislative council to expend such funds as may be necessary for the purchase and implementation of the system from funds available pursuant to section two point twelve (2.12) of the Code; and

REPORT OF THE SECOND CONFERENCE COMMITTEE ON HOUSE FILE 1277

We, the undersigned members of the second conference committee appointed to consider the differences between the Senate and the House of Representatives on House File 1277, a bill for an act relating to the definition of "residency" for purposes of the funding of the care, maintenance and treatment of persons suffering the effects of alcohol, respectfully made the following report:

1. That the Senate and House recede from their respective amendments;

"Section 1. Section one hundred twenty-five point two (125.2), Code 1975, is amended by adding the following new subsection:

NEW SUBSECTION. "Residence" means the place where a person resides. For the purpose of determining which Iowa county, if any, is liable pursuant to this chapter for payment of costs attributable to its residents, the following rules shall apply:

a. If a person claims an Iowa homestead, then the person's residence shall be in the county where that homestead is claimed, irrespective of any other factors.

b. If paragraph a does not apply, and the person continuously has been provided or has maintained living quarters within any county of this state for a period of not less than one year, whether or not at the same location within that county, then the person's residence shall be in that county, irrespective of other factors. However, this paragraph shall not apply to unemancipated persons under eighteen years of

age who are wards of this state.

c. If paragraphs a and b do not apply, or, if the person is under eighteen years of age, is unemancipated, and is a ward of this state, then the person shall be unclassified with respect to county of residence, and payment of all costs shall be made by the division as provided in this chapter.

d. An unemancipated person under eighteen years of age who is not a ward of the state shall be deemed to reside where the parent having legal custody, or the legal guardian, or legal custodian of that person has residence as determined according to this subsection.

e. The provisions of this subsection shall not be used in any case to which section one hundred twenty-five point twenty-six (125.26) of the Code is applicable.

Sec. 2. Section one hundred twenty-five point two (125.2), Code 1975, is amended by striking subsection eight (8).

Sec. 3. Section one hundred twenty-five point seven (125.7), subsection two (2), Code 1975, is amended to read as follows:

Sec. 4. Section one hundred twenty-five point nine (125.9), subsection one (1), Code 1975, is amended to read as follows:

1. Plan, establish and maintain treatment programs as necessary or desirable [with the approval of the commission] *in accordance with the comprehensive alcoholism program.*

Sec. 5. Section one hundred twenty-five point ten (125.10), subsections eight (8), nine (9), and eleven (11), Code 1975, are amended to read as follows:

8. Organize and [foster] *implement, in cooperation with local treatment programs,* training programs for all persons engaged in treatment of alcoholics and intoxicated persons.

9. Sponsor and [encourage] *implement, in cooperation with local treatment programs,* research into the causes and nature

of alcoholism and treatment of alcoholics and intoxicated persons, and serve as a clearing house for information relating to alcoholism.

11. [Advise the commission and the governor in the preparation of] *Develop and implement, with the counsel and approval of the Commission,* a comprehensive plan for treatment of alcoholics and intoxicated persons [for inclusion in the state's comprehensive health], *said* plan *to be coordinated with health systems agencies.*

Sec. 6. Section one hundred twenty-five point ten (125.10), subsection fifteen (15), Code 1975, is amended to read as follows:

15. Encourage general hospitals and other appropriate health facilities to admit without discrimination alcoholics and intoxicated persons and to provide them with adequate and appropriate treatment, *and may negotiate and implement contracts with hospitals and other appropriate health facilities with adequate detoxification facilities.*

Sec. 7. Section one hundred twenty-five point thirteen (125.13), Code 1975, is amended by adding the following new subsection:

NEW SUBSECTION. The commission shall establish rules pursuant to chapter seventeen A (17A) of the Code requiring facilities to use reasonable accounting and reimbursement systems which recognize relevant cost-related factors for alcoholism patients. No facility shall be approved nor shall any payment be made under this chapter to a facility which fails to comply with those rules or which does not permit inspection by the division, and an examination of all records, including financial records, methods of administration, general

and special dietary programs, the disbursement of drugs and methods of supply, and any other records the division deems relevant to the establishment of such a system. However, rules issued pursuant to this paragraph shall not apply to any facility referred to in sections one hundred twenty-five

Page 4

point fourteen (125.14) or one hundred twenty-five point twenty-six (125.26) of the Code.

Sec. 8. Section one hundred twenty-five point seventeen (125.17), subsections one (1), two (2), and six (6), Code 1975, are amended to read as follows:

1. An intoxicated person may come voluntarily to a facility for emergency treatment. A person who appears to be intoxicated or incapacitated by alcohol in a public place and in need of help may be taken to a facility by a peace officer [or the alcoholism service unit]. If the person refuses the proffered help, he may be arrested and charged with intoxication.

2. If no facility is readily available the person may be taken to an emergency medical service customarily used for incapacitated persons. The peace officer [or the alcoholism service unit], in detaining the person and in taking him to a facility, is taking him into protective custody and shall make every reasonable effort to protect his health and safety. In taking the person into protective custody, the detaining officer may take reasonable steps to protect himself. A taking into protective custody under this section is not an arrest and no entry or other record shall be made to indicate that the person who is taken into protective custody has been arrested or charged with a crime.

6. A peace officer [or member of the alcoholism service unit] who acts in compliance with this section is acting in the course of his official duty and is not criminally or civilly liable therefor, unless such acts constitute willful malice or abuse.

Sec. 9. Section one hundred twenty-five point eighteen (125.18), subsection three (3), Code 1975, is amended to read as follows:

3. Upon approval of the application by the administrator in charge of the facility, the person shall be brought to the facility by a peace officer, health officer, [alcoholism

Sec. 10. Section one hundred twenty-five point nineteen (125.19), subsection five (5), Code 1975, is amended to read as follows:

5. A person committed under this section shall remain in the custody of the division for treatment for a period

of thirty days unless sooner discharged. *This section shall not be construed to require the division to pay the cost of any medication or procedure provided the person during that period which is not necessary or appropriate to the specific objectives of detoxification and treatment of alcoholism.* At the end of the thirty-day period, he shall be discharged automatically unless the director before expiration of the period petitions the court for an order for his recommitment upon the grounds set forth in subsection 1 for a further period not to exceed ninety days.

Sec. 11. Section one hundred twenty-five point twenty-two (125.22), Code 1975, is amended by striking the section and inserting in lieu thereof the following:

125.22 COMPOSITION OF FACILITIES' BOARDS—TREATMENT PLANS FURNISHED.

1. In addition to other requirements established by this chapter, no facility shall be approved pursuant to section one hundred twenty-five point thirteen (125.13) of the Code unless it is either a licensed hospital or a community mental health center operating under chapter two hundred thirty A (230A) of the Code, or it is organized under the Iowa nonprofit corporation Act appearing as chapter five hundred four A (504A) of the Code. In the latter case, one-third of the membership of the board of directors shall be representatives of such government units providing funds to the facility for treatment

of alcoholism.

2. A local governmental unit which is providing funds to a facility for treatment of alcoholism may request from the facility a treatment program plan prior to authorizing payment of any claims filed by the facility. The governing body of the local governmental unit may review the plan, but shall not impose on the facility any requirement conflicting with the comprehensive treatment program requirements of section one hundred twenty-five point twenty-eight (125.28) of the Code.

Sec. 12. Section one hundred twenty-five point twenty-seven (125.27), unnumbered paragraphs one (1) and two (2), Code 1975, are amended to read as follows:

The director [shall] *may, consistent with the comprehensive alcoholism program,* enter into written agreements with a facility as defined in section 125.2 to pay for seventy-five percent of the cost of the care, maintenance and treatment of an alcoholic. Such contracts shall be for a period of no more than one year. The commission shall review and evaluate at least once each year all such agreements and determine whether or not they shall be continued.

The contract may be in such form and contain provisions as agreed upon by the parties. Such contract shall provide that the facility shall admit and treat alcoholics [whose legal settlement is in counties other than the contracting county] *regardless of where they have residence.* If one payment for

care, maintenance, and treatment is not made by the patient or those legally liable therefor within thirty days after disharge the payment shall be made by the division directly to the facility. Payments shall be made each month and shall be based upon the facility's average daily per patient charge. Provisions of this section shall not pertain to patients treated at the mental health institutes.

Sec. 13. Section one hundred twenty-five point twenty-seven (125.27), Code 1975, is amended by adding the follow-

Page 7

ing new unnumbered paragraph:

NEW UNNUMBERED PARAGRAPH. Contracting facilities shall deliver to each patient upon discharge a statement of the costs of the care, maintenance and treatment for which that patient is liable, and shall retain a carbon copy or other similar copy of that statement for a period of not less than one year after the date of discharge of the patient to whom the statement refers. Every payment received by a contracting facility from or on behalf of a patient, whether received before or after costs have been billed to the division or to a county, shall be identified by the facility as to patient and invoice or statement, and shall be reported to the division. A contracting facility shall allow as a credit against a future billing to the division or to a county, payments received during each month from or on behalf of a patient whose care, maintenance and treatment theretofore has been billed to and paid by the division or a county. Failure by a contracting facility to comply with this paragraph, or with rules promulgated pursuant to subsection four (4) of section one hundred twenty-five point thirteen (125.13) of the Code shall constitute grounds for nonrenewal of the contract.

Sec. 14. Section one hundred twenty-five point twenty-eight (125.28), Code 1975, as amended by Acts of the Sixty-sixth General Assembly, 1975 Session, chapter ten (10), section four (4), is amended to read as follows:

125.28 COUNTIES TO SHARE COST. Except as provided in section 125.26, [counties] *each county* shall pay for the remaining twenty-five percent of the cost of the care, maintenance, and treatment *under this chapter* of [an alcoholic] *residents of that county* from the county mental health and institutions fund as provided in section 444.12. The commission shall establish guidelines for use by the counties in estimating the amount of expense which the county will incur each year. The facility shall certify to the

Page 8

county of [the alcoholic's legal settlement] *residence* once each month twenty-five percent of the unpaid cost of the care, maintenance, and treatment of an alcoholic. Such county shall pay the cost so certified to the facility from its county mental health and institutions fund. However, the approval of the board of supervisors shall be required before payment is made by a county for costs incurred which exceed a total

of five hundred dollars for one year for treatment provided to any one alcoholic or intoxicated person, except that such approval is not required for the cost of treatment provided to an alcoholic or intoxicated person who is committed pursuant to sections 125.18 and 125.19. A facility may, upon approval of the board of supervisors, submit to a county a billing for the aggregate amount of all care, maintenance, and treatment of alcoholics *who are residents of that county* for each month. The board of supervisors may demand an itemization of such billings at any time or may audit the same.

Sec. 15. Section one hundred twenty-five point twenty-nine (125.29), Code 1975, is amended to read as follows:

125.29 [LEGAL SETTLEMENT] *COUNTY OF RESIDENCE* DETERMINED.

The facility shall, when an alcoholic is admitted, or as soon thereafter as it receives the proper information, determine and enter upon its records [whether] the [legal settlement] *Iowa county of residence* of such alcoholic [is in the county where the facility is located, or in some other county, state, or country or is unknown], *or that the person resides in some other state or country, or that the person is unclassified with respect to residence.*

Sec. 16. Section one hundred twenty-five point thirty (125.30), Code 1975, is amended to read as follows:

125.30 [DISPUTED SETTLEMENT] *DISPUTES OVER PAYMENT.* In the event any county to which certification of the cost of care, maintenance, and treatment of an alcoholic is made, disputes that such alcoholic has his [legal settlement] *residence* in that county, it shall immediately notify the facility that

such dispute exists. The director shall immediately investigate the facts and determine in which county the patient has [legal settlement] *residence.* The director shall certify his determination to the county, *if any,* wherein it is found the patient has [legal settlement] *residence* and to the facility. [The] *A county certified by the director to be the* county of [legal settlement] *residence* shall reimburse the facility as provided in this chapter. If the director finds that the [legal settlement] *residence* of an alcoholic at the time of admission was in another state or country or [was unknown] *that the person is unclassified with respect to residence,* then the division shall pay for that portion of his care, maintenance, and treatment that his county of [legal settlement] *residence* would have been liable to pay. For purposes of this section, a "facility" does not include a mental health institute under the control of the department of social services.

Sec. 17. Section one hundred twenty-five point thirty-one (125.31), Code 1975, is amended to read as follows:

125.31 LEGAL LIABILITY FOR CARE. The alcoholic and any person, firm, corporation, or insurance company bound by

contract to provide support, hospitalization, or medical services for the alcoholic shall be legally liable to the county of the alcoholic's [legal settlement] *residence* for twenty-five percent of the total amount and to the division for seventy-five percent of the total amount of the cost of providing care, maintenance, and treatment for the alcoholic while a voluntary or committed patient in a facility, except when the state pays the total cost of care in which case liability of one hundred percent shall be to the state. Nothing in this section shall prohibit any individual from paying any portion of the cost of treatment.

The estate of each nonresident person provided care, maintenance or treatment while a voluntary or committed patient in a facility, and all persons legally bound for the support

Page 10

of such a person, shall be legally liable to the state for reasonable costs paid by the division under this chapter for the care, maintenance and treatment of the person in a facility. The certificate of the director of the division showing the amounts paid or due to be paid by the division for such care, maintenance and treatment shall be presumptive evidence of the reasonableness of the costs of the care, maintenance and treatment provided.

Sec. 18. Section one hundred twenty-five point thirty-three (125.33), Code 1975, is amended to read as follows:

125.33 COUNTY AUDITOR TO KEEP ACCOUNTS. The auditor of each county shall keep an accurate account of the total cost *to the county* of the care, maintenance, and treatment of any alcoholic and *shall* keep an index of the names of the alcoholics [admitted from such county] *for whose benefit county funds are expended pursuant to section one hundred twenty-five point twenty-eight (125.28) of the Code for those services.*

Sec. 19. Section three hundred twenty-one point two hundred eighty-three (321.283), subsection three (3), Code 1975, is amended to read as follows:

3. REFERRED ON CONVICTION. After any conviction for operating a motor vehicle while under the influence of an alcoholic beverage under section 321.281, the court may refer the defendant for treatment at a facility as defined in sections 125.1 to 125.26 *and designated by the division on alcoholism.* The court may prescribe the length of time for treatment or it may be left to the discretion of the facility to which the defendant was referred. A person referred under this section shall be considered a state patient, and charges and costs for treatment shall be paid for in the manner provided for payment for treatment of alcoholics who have no legal residence in this state.

Sec. 20. Section three hundred thirty-two point three (332.3), Code 1975, is amended by adding the following new

Page 11

subsection:

NEW SUBSECTION. To require that any person, agency or organization which is not a part of the county government, but which is receiving funds from the county to pay in whole or in part for services furnished to third parties, must submit to audit by auditors assigned or employed for the purpose by the board. Upon request by the board, the person, agency or organization to be audited under this subsection shall make available all pertinent books, records and documents needed for the audit.

HOUSE RESOLUTION 123

By Middleswart, Perkins, Welden and Crabb

Whereas Mr. Clarence Pickard of Indianola Iowa has shown great courage and determination by entering the Bikecentennial; and

Whereas, his ability to persevere has been demonstrated in the past by his completing two years abroad in India on duty with the Peace Corps at age 75, and also his competition in RAGBRAI, a bicycle ride across Iowa in 1978; and

Whereas, Mr. Pickard's determination to prove that senior citizens are not necessarily transportation handicapped; and

Whereas, he has always demonstrated that all citizens have great capacities to persevere in mental and physical activities if they will only try; and

Whereas, his 85 years of youth, to many, would indicate that he should not be participating in such activities, but even so he is in there pedaling; *Now, Therefore,*

Be It Resolved by the House of Representatives, that we extend our very best wishes of encouragement to Mr. Pickard for a safe victorious journey as he rides his ten speed bicycle across the United States; and

EXPLANATIONS OF VOTES

I was necessarily absent when the vote on final passage was taken on House File 1590 at 7:00 p.m. on Monday, May 24, because of a prior commitment I had made to attend a meeting of the Dallas County Women's Political Caucus. The purpose of the meeting was to review candidate's views on various issues.

Had I been present for the vote, I would have voted "aye" although I believe that it is not in the best interests of the state to combine different tax issues into one bill.

I was necessarily absent from the House chamber on Monday, May 24. Had I been present, I would have voted as follows: "aye" on House Files 1588, 1589, 614, 1569, 1329, 1332 and 1590; Senate Joint Resolution 1009, Senate File 1309, amendment H—6830 to House File 1590 and the motion to reconsider H—6830.

LAGESCHULTE of Bremer

I was necessarily absent at the time when the vote was taken on Senate File 1309. Had I been present, I would have voted "aye."

HOUSE CONCURRENT RESOLUTION 152

By Cusack and Higgins

Whereas, the costs of higher education are escalating at a rapid pace; and

Whereas, Iowa's future will be vitally affected by all segments of higher education, including regent institutions, area community colleges and area vocational schools, and private colleges and universities; and

Whereas, the Iowa legislature has assumed varying degrees of financial responsibility in all of the above named areas at a time of serious cost elevation; and

Whereas, the Iowa Code makes no mention of the relationship between regent institutions and area community colleges and area vocational schools, and is entirely silent on the subject of private colleges and universities; and

Whereas, the consequences of a lack of legislative policy in this area will be financial distress for the taxpayer and, ultimately, a weaker educational program for Iowa's young; and

Whereas, a higher education policy will both set limits on legislative responsibility, and provide security to institutions knowing that they can depend on legislative support and funding; and

Whereas, a policy should be adopted which clearly defines the role of each type of institution receiving legislative financial support, with particular attention to types of

program offered, numbers and cost of students served, and entrance and graduation requirements, as well as speaking to overlapping offerings by two-year, four-year and graduate institutions of all types in Iowa, *Now, Therefore,*

Be It Resolved by the House of Representatives, the Senate Concurring, That the legislative council is authorized

Page 2

to establish a commission to undertake a comprehensive and detailed study of the roles of the various institutions of higher education in this state, their programs, and overlapping of programs, the escalating costs of higher education in this state, and the financial support level of the state for each of the segments of higher education, and the commission shall develop both short-range and long-range alternatives for program and fiscal planning. Members may be either legislators or lay citizens, or both. The commission may either employ its own staff or hire a consulting firm to assist it with its work; and

Be It Further Resolved, That the commission shall submit to the legislative council and the Sixty-seventh General Assembly, 1978 Session, a report of the study together with legislative bill drafts designed to carry out the recommendations of the commission.

Laid over under Rule 25.

LEAVE OF ABSENCE

g. To register peer review committees; and

h. To refer to a registered peer review committee for investigation, review, and report to the board, any complaint or other evidence of an act or omission which the board reasonably believes to constitute cause for licensee discipline. However, the referral of any matter shall not relieve the board of any of its duties and shall not divest the board of any authority or jurisdiction.

2. Each health care board shall have the power to impose one or more of the following as licensee discipline:

a. To revoke a license, or to suspend a license either until further order of the board or for a specified period, upon the grounds specified in section

Page 4

one hundred forty-seven point fifty-five (147.55) of the Code, or upon any other grounds specifically provided for in this title for revocation of the license of a health care practitioner subject to the jurisdiction of that board, or upon failure of the licensee to comply with a decision of the board imposing licensee discipline;

b. To revoke, or to suspend either until further order of the board or for a specified period, the privilege of a licensee to engage in one or more specified procedures, methods, or acts incident to the practice of the profession, if pursuant to hearing or stipulated or agreed settlement the board finds that because of a lack of education or experience, or because of one or more acts or omissions of negligence, gross negligence, carelessness or recklessness, or because of one or more intentional acts or omissions, the licensee has demonstrated a lack of qualifications which are necessary to assure the public health, safety, or well-being;

c. To impose a period of probation under specified conditions, whether or not in conjunction with other sanctions;

d. To require additional professional education or training, or re-examination, or any combination

thereof, as a condition precedent to the reinstatement of a license or of any privilege incident thereto, or as a condition precedent to the termination of any suspension;

e. To impose a civil penalty for commission of any of the acts or offenses specified in section one hundred forty-seven point fifty-five (147.55) of the Code, or for failure to comply with an order of the board imposing disciplinary sanctions, if the board has provided by rule that civil penalties may be imposed by the board pursuant to this paragraph, and if the rule specifies which offenses or acts are subject to the imposition of the civil penalty. The amount of the civil penalty shall be in the discretion of the board, but shall not exceed one thousand dollars; and

f. To issue a citation and warning respecting licensee behavior which is subject to the imposition of other sanctions by the board.

3. The powers conferred by this section upon a health care board shall be in addition to powers specified elsewhere in the Code. The powers of any other person specified elsewhere in the Code shall not limit the powers of a health care board conferred by this section, nor shall the powers of such other

Page 5

person be deemed limited by the provisions of this section.

4. Nothing contained in this section shall be construed to prohibit informal stipulation and settlement by a board and a licensee of any matter involving licensee discipline. However, licensee discipline shall not be agreed to or imposed except pursuant to a written decision which specifies the sanction and which is entered by the board and filed by the board with the department.

Sec. 10. *NEW SECTION.* DUTIES OF BOARD.

1. Each health care board shall have the following duties in addition to other duties specified in this title or elsewhere in the Code:

a. To mandate continuing education requirements as a condition of license renewal for health care providers, except hospitals, and to promulgate rules to create continuing education requirements at a minimum level of fifteen contact hours per year per licensee or its equivalent. These rules shall be promulgated solely for the purposes of assuring a continued maintenance of skills and knowledge by a licensee which is directly related to and commensurate with the current level of competency in the licensee's profession. Profesional education or training ordered pursuant to paragraph d of subsection two (2) of section nine (9) of this Act shall not be subject to the provisions of this paragraph, and shall not be

used for the purpose of satisfying the annual continuing education requirements of this paragraph. A licensee shall report annually that he or she has complied with the requirements of this paragraph. The report shall be on a form provided by the appropriate board.

Paragraph "a" of this subsection shall take effect on the effective date of this Act. However, rules adopted by a health care board relating to continuing education requirements shall be made effective as of January 1, 1977, and the continuing education requirements of a health care practitioner shall be in effect commencing with the calendar year 1977.

b. To establish procedures by which complaints which relate to licensure or to licensee discipline shall be received and reviewed by the board;

c. To establish procedures by which disputes between licensees and patients which result in judgments or settlements in or of malpractice claims or actions shall be investigated by the board;

d. To establish procedures by which any disciplinary action taken by a peer review committee

Page 6

shall be reported to and reviewed by the board;

e. To establish procedures for registration with the board of peer review committees;

f. To define by rule those actions of peer review committees which shall constitute disciplinary actions which must be reported by such committees to the board;

g. To define by rule acts or omissions which are grounds for revocation of license under the provisions of section one hundred forty-seven point fifty-five (147.55) of the Code, and to define by rule acts or omissions which constitute gross negligence, carelessness or recklessness within the meaning of paragraph b of subsection two (2) of section nine (9) of this Act, which licenses are required to report to the board pursuant to subsection two (2) of section fifteen (15) of this Act:

h. To establish the procedures by which licensees shall report those acts or omissions specified by the board pursuant to paragraph g of this subsection;

i. To file with the department a copy of each decision of the board imposing licensee discipline; and

j. To give written notice to another health care board or to the hospital licensing agency if evidence received by the board either alleges or constitutes reasonable cause to believe the existence of an act or omission which is subject to discipline by that other board or agency.

2. Each health care board, subject to subsection two (2) of section sixteen (16) of this Act, shall

submit to the senate and house committees on commerce in January of each year, commencing in January of 1977, a summary of the activities of that board since the preceding report respecting the following subjects:

a. The adoption of or failure to adopt rules relating to the duties of the board as required by subsection one (1) of this section;

b. The numbers of complaints, peer review committee disciplinary actions, and judgments and settlements reviewed or investigated by the board, the number of formal disciplinary proceedings commenced before the board or in the courts, the numbers and types of sanctions imposed, and the numbers and status of appeals to the court of board decisions; and

c. The numbers and types of peer review committees registered by the board.

Sec. 11. *NEW SECTION.* LICENSEE DISCIPLINARY PROCEDURE—RULE-MAKING DELEGATION.

1. Each health care board is delegated the

Page 7

authority to establish and shall establish, by rule, licensee disciplinary procedures. Each health care board shall follow such disciplinary procedures.

2. Rules promulgated under subsection one (1) of this section:

a. Shall comply with the provisions of chapter seventeen A (17A) of the Code.

b. Shall designate who may or shall initiate a licensee disciplinary investigation and a licensee disciplinary proceeding, and who shall prosecute a disciplinary proceeding and under what conditions, and shall state the procedures for review by the health care board of findings of fact if a majority of the health care board does not hear the disciplinary proceeding.

c. Shall state whether the procedures are an alternative to or an addition to the procedures stated in sections one hundred forty-seven point fifty-eight (147.58) through one hundred forty-seven point seventy-one (147.71), one hundred forty-eight point six (148.6) through one hundred forty-eight point nine (148.9), one hundred fifty-four A point twenty-three (154A.23), and one hundred fifty-five point fourteen (155.14) through one hundred fifty-five point sixteen (155.16) of the Code, to the extent any of those provisions are applicable to the board.

d. Shall specify methods by which the final decisions of the board relating to disciplinary proceedings shall be published.

Sec. 12. *NEW SECTION.* HEARINGS—POWER OF SUBPOENA-DECISIONS.

1. Disciplinary hearings held pursuant to this division shall be heard by the board sitting as the

hearing panel, or by a panel of not less than three board members who are licensed in the profession, or by a panel of not less than three members appointed pursuant to subsection two (2) of this section. A disciplinary hearing shall not be open to the public. However, a decision of the board shall be a public record as provided in section nineteen (19) of this Act.

2. When, in the opinion of a majority of the board, it is desirable to obtain specialists within an area of practice of a profession to hold disciplinary hearings, a health care board is authorized to appoint licensees not having a conflict of interest to make findings of fact and to report to the board. Such findings shall not include any recommendation for or against licensee discipline.

3. The presiding officer of a hearing panel is

empowered to issue subpoenas pursuant to rules of the board on behalf of the board or on behalf of the licensee. A licensee is entitled to have subpoenas issued in his or her behalf. A subpoena issued under the authority of a health care board pursuant to this division may compel the attendance of witnesses and the production of medical records, books, papers, correspondence and other records, whether or not privileged under law, which are deemed necessary as evidence in connection with a disciplinary proceeding. In the event of a refusal to obey a subpoena, the health care board may petition the district court for its enforcement. Upon proper showing, the district court shall order the person to obey the subpoena, and if the person fails to obey the order of the court he or she shall be guilty of contempt of court. The presiding officer of a hearing panel also is empowered to administer oaths and affirmations, to take or order that depositions be taken, and pursuant to rules of the board, to grant immunity to a witness from disciplinary proceedings initiated either by the board or by other state agencies which might otherwise result from the testimony to be given by the witness to the panel.

4. Licensee discipline shall not be imposed except upon the affirmative vote of a majority of the health care board.

Sec. 13. *NEW SECTION.* CERTAIN BOARDS—EXECUTIVE SECRETARY AND PERSONNEL.

1. As an alternative to authority contained elsewhere in this title, the board of medical examiners, the board of nursing examiners, and the board of pharmacy examiners, each shall have the authority to employ an executive secretary, one or more inspectors, and such clerical personnel as may be necessary for the administration of the duties

of that board. Employees of the board other than the executive secretary shall be subject to chapter nineteen A (19A) of the Code. The qualifications and compensation of the executive secretary shall be as determined by the board. All compensation shall constitute costs of sustaining the board.

2. All employees of a health care board referred to in subsection one (1) of this section shall be reimbursed for actual expenses reasonably incurred in the performance of official duties. All reimbursements shall constitute costs of sustaining the board by whom employed.

3. Licensees appointed by any board referred to in section eight (8) of this Act to serve on a hearing

Page 9

panel pursuant to subsection two (2) of section twelve (12) of this Act shall be compensated at the rate of forty dollars for each day of actual duty, and shall be reimbursed for actual expenses reasonably incurred in the performance of duties. The compensation and expenses shall constitute costs of sustaining the board by whom appointed.

Sec. 14. *NEW SECTION.* IMMUNITIES.

1. A person shall not be civilly liable as a result of his or her acts, omissions or decisions in good faith as a member of a health care board or as an employee or agent thereof, in connection with the person's duties.

2. A person shall not be civilly liable as a result of filing a report or complaint with a health care board or peer review committee, or for the disclosure to a health care provider, or to a health care board or its agents or employees, or to a peer review committee, whether or not pursuant to a subpoena, of records, documents, testimony or other forms of information which constitute privileged matter concerning a recipient of health care services or some other person, in connection with proceedings of a peer review committee, or in connection with duties of a health care board. However, such immunity from civil liability shall not apply if such act is done with malice.

3. A person shall not be dismissed from employment, and shall not be discriminated against by an employer because the person filed a complaint with a health care board or peer review committee, or because the person participated as a member, agent or employee of a health care board or peer review committee, or presented testimony or other evidence to a health care board or peer review committee. Any health care provider who violates the terms of this subsection shall be liable to any person aggrieved thereby for actual and punitive damages plus reasonable attorney fees.

Sec. 15. *NEW SECTION.* DUTIES OF LICENSEES—SANCTIONS.

1. Each licensee of a health care board, as a condition of licensure, is under a duty to submit to a physical or mental examination when directed in writing by the board for cause. All objections shall be waived as to the admissibility of the examining physician's testimony or reports on the grounds of privileged communications. The medical testimony or report shall not be used against the licensee in any proceeding other than one relating

Page 10

to licensee discipline by the board, or one commenced in district court for revocation of the licensee's privileges. The examining board, upon probable cause, shall have the authority to order physical or mental examination, and failure of the licensee to submit to the examination shall constitute admission of the allegations made against the licensee and the board may make findings of fact and enter a decision imposing licensee discipline without the taking of testimony or the presentation of evidence.

2. A licensee shall have a continuing duty to report to the health care board by whom he or she is licensed those acts or omissions specified by rule of the board pursuant to paragraph g of subsection one (1) of section ten (10) of this Act when committed by another person licensed by the same health care board.

3. A licensee shall have a continuing duty to report to the health care board by whom he or she is licensed every adverse judgment in a health care malpractice action to which he or she is a party, and every settlement of a claim against him or her alleging malpractice.

4. A licensee who willfully fails to comply with subsection two (2) or three (3) of this section commits a violation of this title for which licensee discipline may be imposed.

Sec. 16. *NEW SECTION.* DUTIES OF DEPARTMENT.

1. The department shall cooperate with each health care board in the administration of this division, and shall make available personnel of the department who are employed for purposes relating to enforcement of the provisions of this chapter relating to health care providers.

2. The department shall assist each health care board in preparing the annual reports required by this division, and may consolidate the reports for purposes of printing and distribution.

3. The department shall maintain on file for public inspection a copy of each decision of a health care board imposing licensee discipline, and shall annotate the licensee registry book to reflect any

revocation or suspension, in whole or in part, of the privileges of a licensee.

4. The department shall employ such inspectors and clerical personnel as may be necessary to enable the board of podiatry examiners, the board of chiropractic examiners, the board of physical therapy examiners, the board of dental examiners, the board of optometry examiners, the board of psychology

Page 11

examiners and the board of speech pathology and audiology examiners to comply with the duties prescribed in this division. Such employees shall be reimbursed for actual expenses reasonably incurred in the performance of official duties. The department shall certify annually to each such board a pro rata portion of the expenses of the department for salaries and reimbursements to those employees and the expenses so certified shall constitute costs of sustaining the board.

The department shall certify costs to each board based upon the portion of time the employees serve each respective board. The department may require that any inspector or other employee serve more than one health care board.

Department employees shall be employees of the respective boards for the purposes of this division.

Sec. 17. *NEW SECTION.* JUDICIAL REVIEW. A final action of a health care board imposing licensee discipline shall be reviewable by the district court as provided in chapter seventeen A (17A) of the Code. However, licensee discipline pursuant to informal stipulation or agreed settlement shall not be subject to review by the court. The taking of an appeal by a licensee shall not stay the effect of the disciplinary order issued by the board, anything in chapter seventeen A (17A) of the Code to the contrary notwithstanding. For purposes of this section, disciplinary action is final upon delivery to the licensee of a copy of the decision of the board imposing licensee discipline. Delivery to the licensee shall be effective upon delivery in the manner provided for personal service of an original notice, or upon delivery to an attorney appearing of record with the licensee at the disciplinary hearing.

Sec. 18. *NEW SECTION.* REPORTS BY OTHER AGENCIES. A health care board shall provide by rule for the reporting by hospitals, health care facilities licensed pursuant to chapter one hundred thirty-five C (135C) of the Code, and insurance carriers insuring health care practitioners, of health care incidents as defined in such rule which may affect a licensure. The department of health, and the commissioner of insurance shall provide by rule for the filing by persons subject to their jurisdictions of reports identifying those

health care incidents, and shall forward those reports to the appropriate health care board. Said rule shall provide:

1. Any insurer or self-insurance association approved by the commissioner that issues or underwrites

Page 12

professional liability insurance in this state to any health care provider as defined in this Act shall report any claim against the insured for alleged professional negligence to the commisioner of insurance within thirty days after receiving notice of the claim from the insured or any other person.

2. Such report shall include the name of the insured, the name of the person making the claim and the reason or reasons for which the claim is made.

3. Any insurer or approved self-insurance association required to report to the commissioner under this section shall also be required to advise the commissioner of any settlements, awards or judgments against a health care provider.

4. The reports received by the commissioner pursuant to subsections one (1) through three (3) of this section shall be confidential and shall not be disclosed except to a health care board pursuant to this section. However, the commissioner may disclose aggregate information compiled from such reports if the aggregate information is not identified as to the individual health care providers or claimants to whom it relates.

Sec. 19. *NEW SECTION.* RECORDS OF BOARDS CONFIDENTIAL. In order to assure a free flow of information for accomplishing the purposes of this division, and other provisions of the Code to the contrary notwithstanding, all complaint files, and investigation files, and all other investigative reports and other investigative information in the possession of a health care board or its employees or agents and relating to licensee discipline shall be privileged and shall be kept confidential. However, a final decision of a board in a disciplinary proceeding, including a decision referred to in subsection four (4) of section nine (9) of this Act, and all evidence considered in reaching that decision, shall be public records and shall be subject to examination by any person. Nothing contained in this section shall be deemed to prohibit the disclosure by a health care board to or by its attorneys, employees or agents, of otherwise privileged and confidential information when necessary for the purpose of complying with duties prescribed by law.

Sec. 20. *NEW SECTION.* Failure by any person to comply with the provisions of this division or any rule promulgated under this division shall not constitute a violation of this title within the meaning

of section one hundred forty-seven point eighty-six (147.86), Code 1975, nor shall such failure be subject

Page 13

to the penalties prescribed by that section.

Sec. 21. Chapter six hundred twenty-four (624), Code 1975, is amended by adding the following new section:

NEW SECTION. JUDGMENTS IN MEDICAL MALPRACTICE ACTIONS.

1. As used in this section, the following definitions shall apply unless the context otherwise requires:

a. "Health care provider" means as provided in section one (1) of this Act.

b. "Health care practitioner" means as provided in section one (1) of this Act.

c. "Hospital" means as provided in section one (1) of this Act.

d. "Medical malpractice action" means every action for damages for personal injury against a health care provider based upon alleged acts or omissions of a health care practitioner in the practice of his or her profession or occupation, or based upon alleged acts or omissions of a hospital in patient treatment or care.

e. "Future injuries" means and includes all legal harm which the trier of fact determines will be incurred by the injured party subsequent to the entry of judgment.

f. "Injured party" means a party plaintiff to a medical malpractice action who is determined to have suffered legal harm.

g. "Injury" means and includes every legal harm for which damages are recoverable.

2. The trier of fact in every medical malpractice action shall find as separate facts with respect to each injured party the total amount to be awarded as damages for past injuries, if any, and the specific amounts to be awarded as damages for future injuries, if any. The award for future injuries shall be expressed in three elements, to the extent that each of the elements is found to be present: Loss of future income, future expenses for care and treatment, and future noneconomic harm to be endured by the party.

3. The court, in a medical malpractice action in which the award for future injuries to a party exceeds fifty thousand dollars, may enter, upon establishing that security for payment exists as provided in subsection five (5) of this section, a judgment ordering that those damages, in whole or in part, shall be payable to that party in installments. Interest at the legal rate shall accrue on and be added to the unpaid balances of amounts

Page 14

awarded for future injuries. The court shall make a specific finding as to the dollar amount of regular installments which will be required to compensate the party for loss of future income, future expenses for care and treatment, and future noneconomic harm. The judgment shall specify the recipient of periodic payments, the dollar amount of each regular payment, the portion of each payment attributable to each element of damages awarded, the interval between payments, the number of payments required to be made, and the amount of the judgment awarded for future expenses for care and treatment. A judgment ordering installment payments shall constitute a final judgment for purposes of appeal.

4. Attorney fees of the party receiving an award, if payable out of the judgment, shall be assessed by the court and applied pro rata against amounts awarded for past injuries and for future injuries. The amount thus determined by the court to be payable out of damages for future injuries shall be deducted by the court from the amount to be ordered paid in installments as provided in this section, and shall be deducted pro rata from those amounts awarded, if any, for loss of future income, future care and treatment, and future noneconomic harm. The amount of attorney fees attributable to the award for future injuries shall be payable by the judgment debtor in full upon entry of judgment.

5. The court shall not enter a judgment for installment payments unless the judgment debtor establishes security for payment. Security for payment may be established by filing with the court a surety bond in the amount of the total damages which are payable in installments and conditioned on the timely payment of all damages payable pursuant to this section, or by filing of record in the action an admission of liability for payment of the judgment by one or more liability insurance carriers by whom the judgment debtor was insured, or by filing both a surety bond and admissions of liability in amounts sufficient to secure the payment of the total amount payable in installments.

A surety bond may be reduced in amount from time to time as permitted by the court, and may be terminated and the surety exonerated in the event of satisfaction of the judgment, or in the event admissions of liability are filed by one or more liability insurance carriers subsequent to the filing of the surety bond which establish security for the then outstanding balance of the judgment.

Page 15

The judgment debtor or any other person on behalf of the judgment debtor may purchase from any life

insurance company which holds a certificate of authority under the laws of the state an annuity to satisfy the obligations of the judgment. Upon approval by the court, such an annuity shall constitute security for payment within the meaning of this subsection. Upon filing of a copy of that annuity with the court, any other security for payment previously filed shall be exonerated.

Nothing contained in this subsection shall require any liability insurance carrier to admit liability in excess of its policy limits, nor shall anything contained in this section impose liability upon an insurance carrier in excess of the amount specified in its admission of liability.

6. In the event that the court finds upon notice and hearing that the judgment debtor, or a person making payments on behalf of the judgment debtor, has exhibited a repeated failure to make timely payments, the court shall set aside the judgment for installment payments and shall enter judgment for payment in full of the balance owing including any accrued interest.

7. The district court shall retain jurisdiction of any judgment in a medical malpractice action which orders installment payments. The designated recipient of installment payments or a representative may petition the court for an increase in the amount of each installment payment. Upon establishing a substantial change in needs or circumstances, including but not limited to a substantial increase in the cost of living, the court may modify the judgment. However, nothing contained in this subsection shall be deemed to authorize the court to increase the total amount of the original judgment. Upon the death of the recipient of installment payments, the dependents of the decedent or any other interested party to the action or a representative may petition the court for a redesignation of the recipient of payments. Unless otherwise ordered, the redesignated recipients of an award shall be paid in those amounts and at those intervals specified in the original judgment. Payments shall continue until the judgment has been satisfied. In the event of the death prior to satisfaction of the judgment of the last surviving person to whom the injured party owed a duty of support, the outstanding portions of the judgment shall be payable to the estate of that person.

8. It is the intent of the general assembly in

Page 16

enacting this section to authorize the entry of judgments in malpractice actions against health care providers which provide for the payment of future damages through periodic payments rather than lump-sum payments. By authorizing periodic payment

judgments, it is the further intent of the general assembly that the courts shall utilize such judgments when determined to be appropriate to provide compensation sufficient to meet the needs of an injured plaintiff and those persons who are dependent on the plaintiff. It is also the intent of the general assembly that all elements of the periodic payment program be specified with certainty in the judgment ordering such payments and that the judgment not be subject to modification at some future time which might alter the provisions of the original judgment other than as expressly permitted by this section.

This section shall apply to a judgment entered in a medical malpractice action on or after September 1, 1976, regardless of when the action was commenced.

Sec. 22. Code 1975 is amended by adding sections twenty-three (23) through forty-six (46) of this Act as a new chapter.

Sec. 23. *NEW SECTION.* APPLICABILITY. The provisions of this chapter shall be applicable to and shall govern the arbitration pursuant to written agreement of a dispute, which arises out of or results from injury to, or the death of, a person caused by an error, omission, or negligence in the performance of professional services by a health care practitioner or hospital, or by an agent of either, or which is based on a performance of such services claimed to be without consent, or in breach of warranty, or in violation of contract.

Sec. 24. *NEW SECTION.* DEFINITIONS. As used in this chapter, unless the context otherwise requires:

1. "Association" means any entity which engages in the administration of arbitration and which has been issued a certificate of authority by the commissioner of insurance pursuant to section forty (40) of this Act.

2. "Health care practitioner" means as provided in section one (1) of this Act.

3. "Hospital" means a person lawfully engaged in the operation of a hospital, clinic, health maintenance organization, or sanatorium, and includes a hospital as defined in section one (1) of this Act.

4. "Panel" and "arbitration panel" mean and include a single arbitrator when a single arbitrator is permitted by rules adopted by the commissioner

Page 17

to conduct arbitration proceedings.

Sec. 25. *NEW SECTION.* PRACTITIONER—PATIENT ARBITRATION.

1. A person who receives health care from a health care practitioner may, if offered, execute an agreement to arbitrate all disputes arising out of health care or treatment by or under the supervision of a health care practitioner. The agreement may provide

for arbitration of existing disputes and may provide for abitration of disputes arising subsequent to the execution of the agreement. An agreement executed pursuant to this section may limit the types of issues or controversies which will be subject to arbitration.

2. The agreement to arbitrate shall not be a prerequisite to health care or treatment.

3. The agreement shall provide that the person receiving health care or treatment or his or her legal representative may revoke the agreement within ninety days after execution by notifying the health care practitioner in writing. A health care practitioner may not revoke the agreement after its execution.

4. An agreement under this section shall expire one year after its execution and may be renewed only by execution of a new agreement. Subject to its terms, an arbitration agreement shall be applicable to any dispute which arises from health care or treatment rendered, or a specific or continuing program of health care or treatment commenced, during the term of the arbitration agreement, regardless of when a claim is made.

5. The form of the agreement shall be accompanied by an informational brochure which clearly details the agreement and the revocation provision. The brochure shall be furnished the person receiving health care or treatment at the time of execution of the agreement. The person receiving health care and executing an arbitration agreement shall be furnished with either an original or a duplicate original of the agreement.

6. The agreement shall contain the following statement immediately above the space for signature of the parties: "This agreement to arbitrate is not a prerequisite to health care or treatment and may be revoked by the patient within ninety days after execution by notification to the health care practitioner in writing."

7. An agreement executed under this section shall not be applicable to disputes arising from health care or treatment rendered at a hospital.

8. An agreement to arbitrate which satisfies the

Page 18

provisions of this section shall be presumed valid.

Sec. 26 *NEW SECTION.* ARBITRATION FOR HOSPITALIZATION.

1. A person who receives health care or treatment at a hospital may, if offered, execute an agreement to arbitrate all disputes arising out of health care or treatment rendered at the hospital. A person receiving emergency health care or treatment may be offered the option to arbitrate but shall not be offered the option before the emergency care or treatment is completed. The agreement may provide for arbitration of existing disputes and may provide

for arbitration of disputes arising subsequent to the execution of the agreement. An agreement executed pursuant to this section may limit the types of issues or controversies which will be subject to arbitration.

2. The agreement to arbitrate shall not be a prerequisite to health care or treatment.

3. The agreement to aribtrate shall provide that the person receiving health care or treatment or his or her legal representative may revoke the agreement within ninety days after discharge from the hospital by notifying the hospital in writing. Other parties to the agreement shall not have the power to revoke the agreement. In the event a health care practitioner and his or her patient are the only parties to an arbitration agreement covering health care or treatment at a hospital, the agreement shall specify that notification of revocation by the patient shall be given to the health care practitioner.

4. The agreement shall contain the following statement immediately above the space for signature of the parties: "This agreement to arbitrate is not a prerequisite to health care or treatment and may be revoked by the patient within ninety days after discharge by notification in writing."

5. Notwithstanding the existence of a health care practitioner-patient arbitration agreement executed pursuant to section twenty-five (25) of this Act, health care or treatment rendered by a participating health care practitioner at a hospital shall be covered by the terms and conditions applicable between the patient and the hospital.

6. Each admission to a hospital shall be treated as separate and distinct for the purposes of an agreement to arbitrate, but a person receiving outpatient care may execute an agreement with the hospital which provides for continuation of the agreement for a specific or continuing program of health care or treatment.

Page 19

7. The form of the agreement shall be accompanied by an informational brochure which clearly details the agreement and the revocation provision. The brochure shall be furnished the person receiving health care or treatment at the time of execution of the agreement. The person receiving health care or treatment and executing an arbitration agreement shall be furnished with either an original or a duplicate original of the agreement.

8. An agreement to arbitrate which satisfies the requirements of this section shall be presumed valid.

Sec. 27. *NEW SECTION.* GENERAL ARBITRATION REQUIREMENTS. The following provisions shall apply to an arbitration proceeding instituted pursuant to an

agreement governed by this chapter:

1. The parties may be represented by counsel, and shall have the right to be heard, to present evidence material to the controversy, and to cross-examine any witness.

2. The prevailing standard of duty, practice, or care applicable in a civil action commenced in this state shall be the standard applied in the arbitration.

3. Damages or remedial care shall be without limitation as to nature and amount unless specifically limited by law.

4. A party may appear without counsel, but shall be advised of the right to retain counsel in a manner calculated to inform the person of the nature and complexity of a proceeding by a simple concise form distributed by the association administering the arbitration.

5. The panel shall conclude the entire proceeding as expeditiously as possible, and the association shall maintain supervision to encourage compliance with this subsection.

6. A minor child shall be bound by a written agreement to arbitrate disputes upon the execution of an agreement on his or her behalf by a parent or legal guardian. The minor child may not subsequently disaffirm the agreement.

7. Each of the health care boards, as defined in section eight (8) of this Act, shall keep on file the names of at least five health care practitioners considered to be experts and having expertise in each area of specialization recognized in the profession or occupation over which the health care board has authority together with a list of at least five practitioners considered by the board to be experts and having general expertise in the profession or

Page 20

occupation of care over which the board has authority. In the event a claim for abitration is filed by a party, on application of the patient, such board shall make available to the patient the list of names of such experts, and such experts shall then make themselves available to be consulted with by such patient and shall further be available for and provide testimony at the request of such patient in any arbitration matter. The compensation of any such expert shall be in a sum not to exceed one hundred dollars per hour for consultation, and not to exceed five hundred dollars for appearance and testimony before the arbitrator in any arbitration proceeding. In the event of the unavailability to the patient of expert consultation or testimony as provided in this subsection, then the patient may elect to withdraw from the arbitration proceedings and may elect to

bring an action at law.

Sec. 28. *NEW SECTION.* COMMENCEMENT OF PROCEEDING—PARTIES.

1. A party to the arbitration agreement may demand arbitration of a claim, and the proceeding shall be instituted as provided by rule of the association.

2. In cases involving a common question of law or fact, the disputes, controversies, and issues shall be consolidated into a single arbitration proceeding, whether or not separate arbitration agreements exist between a plaintiff and a number of defendants or between defendants.

3. A person in interest who is not a party to the arbitration agreement may join in the arbitration at the request of any party with all the rights and obligations of the original parties. Each party to an arbitration under this chapter is deemed to be bound by the joinder of a new party.

Sec. 29. *NEW SECTION.* OFFERS OF SETTLEMENT.

1. Prior to the institution of an arbitration proceeding by a patient, any offer of reparations and all communications incidental thereto made in writing to a patient by a health care practitioner or hospital is privileged and may not be used by any party to establish the liability or measure of damages.

2. Such offers shall provide that a patient has thirty days to accept or reject the offer, or such lesser specified period of time as may be necessitated by the condition of health of the patient.

3. After any rejection or the lapse of the applicable time, any party may demand arbitration.

4. Any such offer to a patient shall include a statement that the patient may consult legal counsel

Page 21

before rejecting or accepting the offer.

5. In a case where a potential claim is identified by a health care practitioner or hospital and where reparations, in its judgment, are not appropriate, the practitioner or hospital may, at its option, file a demand for arbitration which demand shall identify the potential claim and deny liability.

Sec. 30. *NEW SECTION.* SELECTION OF ARBITRATORS.

1. The number of arbitrators to be used in an arbitration proceeding, and the qualifications of persons who may be selected to serve as arbitrators, and the methods to be used in selecting and disqualifying arbitrator candidates, shall be as provided by rules promulgated by the commissioner of insurance pursuant to chapter seventeen A (17A) of the Code. The rules may provide for different numbers of arbitrators in different types of cases, and may provide for one arbitrator in appropriate cases.

2. The commissioner of insurance shall promulgate the rules specified in subsection one (1) of this

section. Such rules may recognize differences in cases based upon material factors, including but not limited to, the amount demanded, the complexity of the issues, and the number of parties involved.

Sec. 31. *NEW SECTION.* DISCOVERY.

1. Parties to the arbitration may take depositions and obtain discovery regarding the subject matter of the arbitration, and, to that end, may use and exercise the same rights, remedies, and procedures, and shall be subject to the same duties, liabilities, and obligations in the arbitration with respect to the subject matter thereof, as if the subject matter of the arbitration where pending in a civil action before the district court.

2. Discovery shall commence not later than twenty days after all parties have received a copy of the demand for arbitration and shall be completed within six months. A party may be granted an extension of time to complete discovery only upon a showing that the extension is not the result of neglect and that the extension is necessary in order to avoid substantial prejudice to the rights of the party.

3. A party is entitled to disclosure of the name of any expert witness who is expected to be called at the arbitration, and may depose that witness.

4. A party may provide discovery of an expert witness expected to be called by that party by the written interrogatory procedure provided in rule 26 (b) (4) (a) of the federal rules of civil procedure.

Page 22

5. A party may disclose without request and shall disclose, upon request, the name of each expert the party expects to call at the hearing, the subject matter on which the expert will testify, the substance of facts and opinions to which the expert will testify, and a summary of the grounds for each opinion.

6. If a party is provided discovery under subsections four (4) or five (5) of this section and the completion of discovery occurs prior to the date on which an expert is noticed for deposition or prior to the date other discovery is commenced under prevailing civil practice in this state, any further discovery of the expert by any other party by deposition or otherwise shall obligate that other party to compensate the expert for his time and expenses in a reasonable amount as may be determined by the panel.

7. On application of a party to the arbitration, the panel or its chairperson may order the deposition of a witness to be taken for use as evidence and not for discovery if the witness cannot be compelled to attend the hearing or if exceptional circumstances exist making it desirable, in the interest of justice and with due regard to the importance of presenting the testimony of witnesses orally at the hearing,

to allow the deposition to be taken. The depositions shall be taken in the manner prescribed by law or court rule for the taking of depositions for such use in civil actions.

8. The panel may enforce the rights, remedies, procedures, duties, liabilities, and obligations of discovery by the imposition of the same terms, conditions, consequences, liabilities sanctions, and penalties as may be imposed in like circumstances in a civil action by the Iowa district court, except the power to order the arrest or imprisonment of a person.

9. For the purpose of enforcing the duty to make discovery, to produce evidence or information, including books and records, and to produce persons to testify at a deposition or at a hearing, and to impose terms, conditions, consequences, liabilities, sanctions, and penalties upon a party for violation of a duty, a party shall be deemed to include every affiliate of the party as defined in this section. For that purpose the personnel of an affiliate shall be deemed to be the officers, directors, managing agents, agents, and employees of that party to the same degree as each of them, respectively, bears that status to the affiliate; and the files, books, and

Page 23

records of an affiliate shall be deemed to be in the possession and control of, and capable of production by, the party.

As used in this subsection, "affiliate" of the party to the arbitration means and includes a party or person for whose immediate benefit the action or proceeding is prosecuted or defended or an officer, director, superintendent, member, agent, employee, or managing agent of that party or person.

Sec. 32. *NEW SECTION.* POWER OF SUBPOENA. The panel or its chairperson in the arbitration proceeding, upon application by a party to the proceeding, and may upon its own determination, issue a subpoena requiring a person to appear and be examined with reference to a matter within the scope of the proceeding, and to produce books, records, or papers pertinent to the proceeding. In case of disobedience to the subpoena, the chairperson or a majority of the arbitration panel in the arbitration proceeding may petition the district court of the county in which the witness resides or the county in which the inquiry is being held to require the attendance and testimony of the witness and the production of books, papers, and documents. The district court, in case of contumacy or refusal to obey a subpoena, may issue an order requiring the person to appear and to produce books, records, and papers and give evidence touching the matter in question. Failure to obey the order

of the court may be punished by the court as contempt.

Sec. 33. *NEW SECTION.* HEARINGS.

1. An arbitration hearing shall be informal and the rules of evidence shall be as provided under the rules of the association. The panel shall adhere to civil rules of evidence where the failure to do so would result in substantial prejudice to the rights of a party.

2. Testimony shall be taken under oath and a record of the proceedings shall be made by a tape recording. Any party, at that party's expense, may have transcriptions or copies of the recording made or may provide for a written transcript of the proceedings. The cost of any transcription ordered by the panel for its own use shall be deemed part of the cost of the proceedings.

3. Expert testimony shall not be required, but where expert testimony is used it shall be admitted under the same circumstances as in a civil action and shall be subject to cross-examination.

4. The party with the burden of establishing a standard of care and breach thereof shall establish

Page 24

such standards whether by the introduction of expert testimony, or by other competent proof of the standard and the breach thereof, which may include the use of works as provided in subsection five (5) of this subsection.

5. Authoritative, published works on the general and specific subjects in issue may be admitted and argued from, upon prior notice to all other parties.

6. The panel shall accord such weight and probative worth to expert evidence as it deems appropriate. The panel may call a neutral expert on its own motion, which expert witness shall be subject to cross-examination by the parties. The cost of the expert will be deemed a cost of the proceeding.

7. The panel may order submission of written briefs within thirty days after the close of hearings. In written briefs each party may summarize the evidence in testimony and may propose a comprehensive award of remedial or compensatory elements.

8. The panel shall render its award and opinion within thirty days after the close of the hearing, or after the receipt of briefs if ordered.

Sec. 34. *NEW SECTION.* DECISION OF PANEL.

1. The award in the arbitration proceeding shall be in writing and shall be signed by the chairperson or by a majority of the panel of arbitrators. The award shall include a determination of all the questions submitted to arbitration by each party, the resolution of which is necessary to determine the dispute.

2. In addition to the award the panel shall render

a written opinion which states its reasoning for the finding of liability or nonliability, and the reasoning for the amount and kind of award if any. A panel member who disagrees with the majority may write a dissenting opinion.

3. The panel shall determine the degree to which each respondent party was at fault for the total damages accruing to any other party to the arbitration, considering all sources of damage involving parties to the arbitration, but excluding the damages attributable to persons not parties to the arbitration.

4. The panel shall prepare a schedule of contributions according to the relative fault of each party which schedule shall be binding as between those parties, but such determination shall not effect a claimant's right to recover jointly and severally from all parties where such right otherwise exists in the law.

Sec. 35. *NEW SECTION.* PROVISIONS OF AN AWARD.

Page 25

1. In the case of an award, any element of which includes remedial services, contracts, annuities, or other noncash award element, the panel shall determine the current cash value of each element of the award and also shall determine a total current cash value of the entire award.

2. An award of remedial medical treatment or care shall not require that the patient undergo such treatment or care by the health care provider whose conduct resulted in the award.

3. A claimant need not accept the benefits of an award for remedial medical treatment or care or of other noncash award elements and such refusal shall not affect the claimant's right to receive any other part of the award.

4. The arbitration panel shall have the discretion to award remedial medical treatment or care or the current cash value of that element of the award, or the panel may offer the injured person the option. In determining whether remedial medical treatment or care is an appropriate award, the panel shall consider all relevant factors, including the extent of the probable benefit, the attendant risks, the extent to which the procedure, treatment or training is or is not recognized as standard and customary, and whether the imposition of any order based on the injured person's refusal to accept remedial medical treatment or care would abridge the injured person's right to free exercise of religion. A person who unreasonably refuses to accept remedial medical treatment or care which the panel determines to be appropriate shall not be entitled to the current cash value of that remedial treatment or care.

Sec. 36. *NEW SECTION.* JUDGMENT. An arbitration

decision shall be docketed with the district court as provided in section six hundred seventy-nine point eleven (679.11) of the Code, and when so docketed, the decision shall be subject to the provisions of chapter six hundred seventy-nine (679) of the Code.

Sec. 37. *NEW SECTION.* WITNESS FEES AND MILEAGE. Except for the parties to the arbitration and their agents, officers, and employees, all witnesses appearing pursuant to subpoena are entitled to receive fees and mileage in the same amount and under the same circumstances as is prescribed by law for witnesses in civil actions. The fee and mileage of a witness subpoenaed upon the request of a party to the arbitration shall be paid by that party. The fee and mileage of a witness subpoenaed at the request of one or more arbitrators shall be assessed and paid

Page 26

in the manner provided in section thirty-eight (38) of this Act for the payment of the arbitrator's expenses.

Sec. 38. *NEW SECTION.* ARBITRATOR FEES AND MILEAGE. The cost of each arbitrator's fee and expenses shall be assessed among the parties in such proportions as may be determined in the arbitration award. The amounts paid an arbitrator for mileage and as compensation for serving as an arbitrator shall be the amounts provided in the schedule of arbitrator fees and expenses approved by the commissioner of insurance.

Sec. 39. *NEW SECTION.* CERTIFICATION OF ASSOCIATION. A person shall not engage in the administration of arbitration proceedings governed by this chapter unless that person has submitted an application and has been granted a certificate of authority by the commissioner of insurance. A person convicted of violating this section shall be subject to a fine not to exceed ten thousand dollars.

Sec. 40. *NEW SECTION.* APPLICATION—APPROVAL.

1. An application for a certificate of authority to engage in the administration of arbitration under this chapter shall be filed with the commissioner of insurance in a form prescribed by the commissioner, and shall contain all of the following:

a. The name of the applicant;

b. The address of the principal place of business of the applicant, and the address of any other offices to be maintained by the applicant in this state;

c. Any other information which the commissioner of insurance deems necessary to enable him or her to carry out the provisions of this chapter;

d. A copy of all rules which will materially effect arbitration proceedings or the rights of any party to arbitration;

e. A copy of all standard form agreements between

health care practitioners and hospitals and their patients to be used for the purpose of effecting arbitration;

f. A copy of every brochure and other written statement to be used by the association or by health care practitioners or hospitals to describe, explain, or promote arbitration; and

g. A schedule of fees and of all reimbursable expenses which will be paid to arbitrators for their services. A schedule of fees may provide for variable fees depending upon the professional or occupational qualifications of a prospective arbitrator as specified in the schedule.

Page 27

2. The commissioner of insurance may approve the application and issue a certificate of authority if the applicant establishes the ability to administer arbitration services in the manner provided in this Act. The commissioner shall approve or disapprove an application within one hundred twenty days of receipt. If the commissioner determines the application to be deficient, the commissioner shall give the applicant a reasonable period of time in which to perfect the application before disapproving it.

3. The issuance of a certificate of authority shall not divest the commissioner of any authority with respect to the fees, charges, rules, and other matters which the commissioner has a duty to approve or disapprove under this chapter.

Sec. 41. *NEW SECTION.* ADMINISTRATION CHARGE.

1. An association may assess a charge against each party to arbitration proceedings. The charge shall be the same for each party to a proceeding and shall be the same for all proceedings. The administration charge shall not be imposed by an association unless that charge has been filed with and approved by the commissioner of insurance. An administrative charge may be adjusted upon filing and approval as in the case of the initial filing.

2. The commissioner of insurance shall not approve an administration charge unless that charge is reasonable. An administration charge is not reasonable if that charge is in excess of an amount constituting the reasonable costs of engaging in the administration of arbitration under the chapter plus a reasonable profit.

Sec. 42. *NEW SECTION.* PROCEEDINGS REPORTED TO HEALTH CARE LICENSING BOARDS. The association shall transmit to the applicable health care licensing board of any respondent party a copy of the demand for arbitration within ten days of filing, and shall transmit to that board a copy of the decision of the panel within ten days of transmission of that decision

to the parties.

Sec. 43. *NEW SECTION.* AUTHORITY OF COMMISSIONER. The commissioner of insurance is empowered to promulgate rules to administer the provisions of this chapter. The commissioner of insurance is empowered to disapprove the use of any agreement, rule, brochure, circular or other written information if in the opinion of the commissioner such document fails to meet the requirements of this chapter.

Sec. 44. *NEW SECTION.* VIOLATIONS.

Page 28

1. Any association which charges an administrative charge which has not been approved, or which distributes any agreement, brochure, circular or other written information which has been disapproved, or which uses any rule which has been disapproved by the commissioner of insurance commits a violation of this chapter. The commissioner of insurance, upon notice and hearing, may assess an administrative penalty not in excess of one thousand dollars for each such violation.

2. If the commissioner of insurance, upon notice and hearing, determines that an association has committed repeated violations of this Act, the commissioner of insurance may suspend or revoke the certificate of authority of that person.

Sec. 45. *NEW SECTION.* DUTIES OF COMMISSIONER.

1. The commissioner of insurance shall maintain for public inspection a copy of each existing rule submitted by an association.

2. The commissioner of insurance shall compile, and shall report annually to the general assembly, the following information respecting arbitration under this chapter:

a. The number of claims filed.

b. The numbers of arbitration proceedings held.

c. The number of decisions for and against claimants.

d. Such other information not identified as to parties which the commissioner deems appropriate.

Sec. 46. *NEW SECTION.* EXCLUSIVENESS OF CHAPTER. This chapter shall govern arbitration by agreement between a health care practitioner or a hospital and a person receiving health care or treatment in this state. The provisions of chapter six hundred seventy-nine (679) of the Code shall be given effect to the extent provided in section thirty-six (36) of this Act.

Sec. 47. Acts of the Sixty-sixth General Assembly, 1975 Session, chapter two hundred thirty-nine (239), section two (2), is amended by adding the following new subsection:

NEW SUBSECTION. "Specific type of licensed health care provider" means and includes either the licensed

members of any one of the professions whose members are designated by subsection five (5) of this section to be health care providers, or any subgroup of the licensed members of any one such profession who primarily engage in a professionally recognized specialty.

Sec. 48. The general assembly finds that a critical

Page 29

situation continues to exist because of the high cost and impending unavailability of medical malpractice insurance. The general assembly further finds that to assure the uninterrupted delivery of health care services to the citizens of Iowa it is necessary to keep medical malpractice insurance available in this state. The general assembly further finds that without medical liability insurance, physicians, other health care providers and hospitals cannot provide health care services to the public. It is the intent of this Act to protect the health and welfare of the people of this state by assuring health care."

2. Amend the title, by striking lines 6 through 8 and inserting in lieu thereof the words "arising from the delivery of health care services and for the practices and procedures to be used therein, for the entering of judgments for installment payments rather than lump sum awards at the discretion of the court in certain malpractice actions, for correlating and corrective amendments to the Code, and providing".

INTRODUCTION OF BILL

House File 1592, by Bina, Mennenga, Jochum, Svoboda, Brandt, Walter, Pavich, Dieleman, Howell, Hennessey and O'Halloran, a bill for an act to provide property tax relief by providing a reimbursement for property taxes paid and rent constituting property taxes paid for certain property owners, providing a penalty, and making an appropriation.

Read first time and referred to committee on **ways and means.**

HOUSE CONCURRENT RESOLUTION 153

By Norland, O'Halloran, Howell, Drake, Svoboda, Hutchins, Doyle, Bina, Dieleman, Pavich, Poncy, Spear, Jochum, Husak, Miller of Buchanan, West, Gentleman, Schroeder, Miller of Calhoun, Lageschulte, Millen, Hansen, Daggett, Halvorson, Clark, Branstad, Walter, Anderson, Wyckoff and McElroy

Whereas, the inheritance and estate laws of this state have not been subject to a complete review for some time; and

Whereas, inflation has eroded the exemptions granted under the inheritance tax laws; and

Whereas, the federal government is reviewing the status of the federal estate tax laws; and

Whereas, the state inheritance and estate tax law may need review in light of the present economic conditions; and

Whereas, the use of an inheritance tax credit rather than an inheritance tax exemption may offer a more equitable way of transferring property upon death; *Now, Therefore,*

Be It Resolved by the House of Representatives, the Senate Concurring, That the legislative council is authorized to create a study committee as provided by law, composed of members of the Senate and the House of Representatives representing both political parties, to conduct a study during the 1976 interim relating to the state inheritance and estate tax laws; and

Be It Further Resolved, That the study committee shall prepare a report of its findings and recommendations and submit it to the legislative council and the members of the Sixty-seventh General Assembly, 1977 Session, accompanied by legislative bill drafts designed to carry out the recommendations of the study committee.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 154

By Mennenga, Byerly and Dieleman

Whereas, the state of Iowa presently has a number of fragmented student financial aid programs with no centralized mechanism to determine student need; and

Whereas, the state of Iowa currently provides appropriations annually for the Iowa tuition grant, the vocational tuition grant program, and appropriations to the State Board of Regents institutions for student financial assistance; and

Whereas, all of these programs, while valid, serve a

separate needy clientele; and
Whereas, some states have ruled private tuition grants unconstitutional; and
Whereas, inclusion of all needy post-secondary students would assist in insuring the constitutionality of such a program; and
Whereas, a pooled student financial aid program encompassing all students from Board of Regents institutions, area community colleges and all two and four year private institutions would provide a centralized, efficient system whereby residents of Iowa would require only one "need analysis" to make application for financial aid to attend any of Iowa's educational institutions; and

Page 2

Whereas, a pooled concept could provide the state of Iowa additional federal monies; *Now, Therefore,*
Be It Resolved by the House of Representatives, the Senate Concurring, That the Legislative Council is authorized to appoint a bipartisan interim study committee composed of both houses of the General Assembly to study the feasibility of implementing a single pooled student financial aid program that provides financial assistance to needy students regardless of which post-secondary institution the individual chooses to attend. This program will be administered through the Higher Educational Facilities Commission; and
Be It Further Resolved, That the funding of this proposed pool grant program exceed the current amount expended for all state financial aid programs; and
Be It Further Resolved, That this committee report its findings together with proposed legislation to the 1977 session of the 67th General Assembly.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 156

By Bortell, Daggett, Horn, Wyckoff, Jordan, Miller of Buchanan, Bennett, Tofte, Menke, Pellett, Dieleman, Varley, Kreamer, Wells, Welden, Branstad, Hutchins, Lageschulte, Schroeder, Wulff, Millen, Brandt and Den Herder

Whereas, radio station WOI has provided continual radio coverage of the Iowa General Assembly during the last four months of this 1976 legislative session; and

Whereas, many persons listen to the radio coverage provided by station WOI and have expressed a genuine approval of such coverage and as a result have developed a much greater awareness of the problems, issues, and procedures faced by the General Assembly; and

Whereas, in order for the General Assembly to properly represent the people of Iowa it is necessary that such public awareness of the problems, issues, and procedures facing the General Assembly be present; and

Whereas, Nancy Fushan has displayed excellence as a commentator during the 1976 Session of the Sixty-sixth General Assembly, and has shown an acute awareness and knowledge of the issues facing the General Assembly and as a result the listening public of Iowa has gained much greater understanding of the Iowa General Assembly; *Now Therefore*,

Be It Resolved by the House of Representatives, the Senate Concurring, That Radio Statio WOI be extended the appreciation of the General Assembly for its excellent coverage of the General Assembly and that Nancy Fushan specifically, and the support staff of WOI, be recognized for the outstanding job which they have accomplished.

HOUSE CONCURRENT RESOLUTION 157

By Committee on Energy

Whereas, the United States has six percent of the world's population and consumes thirty percent of the world's energy; and

Whereas, as our demand for energy increases and the

supply of nonrenewable fuel decreases, the costs and risks of an energy enriched diet will become more apparent and more burdensome; and

Whereas, the agricultural, commercial, industrial and public sectors are already experiencing the problems created by increases in the demand for natural gas and a cutback in the availability of this important energy source; and

Whereas, energy conservation efforts including the development and use of alternative fuel sources such as solar power, wind power and organic waste conversion provide one solution to the problem of meeting increasing demand coupled with a diminishing supply of certain fuels; and

Whereas, energy conservation can be achieved equitably and without a drastic alteration in present lifestyle; and

Whereas, voluntary conservation efforts have not produced the desired results; and

Whereas, an amendment to House File 1482 proposed by members of the House Energy Committee contained numerous proposals for conserving energy including property tax incentives for solar, wind, and organic waste powered systems designed to generate electricity; energy efficiency standards for certain appliances; mandatory energy efficiency studies for proposed state buildings; a prohibition on the sale of "instant on" television receivers in Iowa; and required

Page 2

consideration of fuel economy in the purchase of most state vehicles; *Now, Therefore,*

Be It Resolved by the House of Representatives, the Senate Concurring, That the Legislative Council authorize the appointment of an interim study committee composed of members of the House and the Senate Standing Committees on Energy to examine possible incentives, proposals, including those in House File 1482 and amendments filed thereto and statutes in force in other states which are designed to conserve energy; and

Be It Further Resolved, That the study committee shall submit a report of its findings and recommendations along with any legislative bill drafts necessary to implement its recommendations to the Legislative Council and the Sixty-seventh General Assembly meeting in the year 1977.

Laid over under Rule 25.

HOUSE CONCURRENT RESOLUTION 158

By Husak and Pellett

Whereas, diseases affecting livestock have a great impact upon the livestock industry in Iowa, which industry provides a large part of the economic base for Iowa; and

Whereas, certain livestock diseases previously not

of paramount concern to Iowans are now becoming evident in substantial numbers and it is vital that such diseases be studied in-depth to determine their severity and the ultimate impacts that such diseases may have; and

Whereas, without information in regard to these diseases the General Assembly will not have the proper knowledge to adequately initiate programs to combat such diseases; *Now Therefore,*

Be It Resolved by the House of Representatives, the Senate Concurring, That the Legislative Council is requested to create a study committee consisting of members of both houses of the General Assembly representing both political parties primarily representing members of the standing committees on agriculture to study and determine the severity of animal diseases including, but not limited to Aujeszky's disease, fibrosis, and brucellosis, and to make periodical reports to the legislative council and a final report to the General Assembly meeting in the year 1977; and

Be It Further Resolved, That such report shall contain such recommendations as the study committee may develop and that the report shall be accompanied by bill drafts designed to carry out the recommendations of the study committee.

HOUSE CONCURRENT RESOLUTION 159

By Krause, Drake and Brunow

Whereas, a sound transportation system is vital to the economy of Iowa;

Whereas, constant review of the broad field of law relative to that transportation system is vital to the health of that system;

Whereas, coordination between the two houses and two standing committees on transportation is essential in the passage of interim recommendations.

Whereas, with the broad range of issues facing transportation, prioritizations must be made, *Now, Therefore,*

Be It Resolved by the House of Representatives, the Senate Concurring, That the Legislative Council authorize the appointment of an interim study committee composed of members of the House and Senate Transportation Committees.

Be It Further Resolved, that the interim study committee prioritize its areas of investigation, not exceeding four in number from the following list.

1. Trucking regulation in Iowa, including a review of the liquid carrier statutes.

2. Defining the role that the state needs to play, if any, in port development and intermodal coordination at those ports.

Page 2

3. A review of the airport authority law.
4. A review of the most recent federal rail laws, their impact on Iowa, and possible mechanisms to maximize benefit to Iowa.
5. A review of the effectiveness of Iowa's public transit laws.
6. A study of secondary road problems, including but not limited to design problems, and bridge problems.

Be It Further Resolved, that the study committee shall submit a report of its findings and recommendations along with any legislative bill drafts necessary to implement its recommendations to the Legislative Council and the Sixty-seventh General Assembly meeting in the year 1977.

HOUSE CONCURRENT RESOLUTION 160

By Fitzgerald and Millen

Be It Resolved by the House of Representatives, the Senate Concurring, That the Sixty-sixth General Assembly adjourn sine die at 12:01 a.m., Saturday, May 29, 1976.

HOUSE CONCURRENT RESOLUTION 161

Whereas, there appears to be a need for a more sophisticated computer system for members of the general assembly and the executive branch of government in order that revenues may more accurately, quickly, and efficiently be judged, determined, monitored; and

Whereas, the establishment and determination of the requirements and implementation of such system requires thorough and deliberate study and consideration; and

Whereas, it is not possible during the lateness of the present legislative session to provide such thorough and deliberate consideration of the merits of purchasing such a computer program as well as considering the expenditure of supporting costs; *Now Therefore*,

Be It Resolved by the House of Representatives, the Senate Concurring, That the Legislative Council is requested to study the need for the development of a computer system which would provide timely and sophisticated budget information and the ability to monitor budgets, and if it determines that such need exists the general assembly encourages the Legislative Council to expend such funds as may be necessary for the purchase

and implementation of the system from funds available pursuant to section two point twelve (2.12) of the Code; and

Be It Further Resolved, That appropriate executive agencies and personnel shall cooperate and participate with the Legislative Council in making the study requested by this resolution.

HOUSE RESOLUTION 125

By Howell, Den Herder, Gentleman and Welden

Whereas, the consumption of energy in the United States has doubled since 1920; and

Whereas, it is projected to double again by the year 2000; and

Whereas, such projected demand presents an ever increasing concern as to how these needs will be met; and

Whereas, there exists substantial potential for reduced energy consumption by conservation without a significant reduction in our standard of living; and

Whereas, the energy consumption of nonrenewable energy resources could be reduced by minimum efficiency standards for certain appliances, revised rate schedules for transportation and utilities, property tax exemptions to encourage the development of solar, wind and organic waste energy systems, mandatory energy efficiency standards for proposed government buildings, minimum insulation standards for construction of buildings for human occupancy, the development of more efficient transportation modes, recycling and utilization of waste resources, improved industrial techniques, and public informational and educational programs; *Now, Therefore,*

Be It Resolved by the House of Representatives, That the House deems it imperative that the Sixty-seventh General Assembly develop and implement a comprehensive energy conservation and alternative energy development plan for Iowa.

MESSAGE FROM THE SENATE

The following message was received from the Senate:

MR. SPEAKER: I am directed to inform your honorable body that the Senate has, on May 28, 1976, adopted the conference committee report and the amendments contained therein and passed Senate File 1280, a bill for an act relating to correcting erroneous, inconsistent and obsolete sections of the Code.

STEVEN C. CROSS, Secretary

EXPLANATION OF VOTE

While there are segments of the present Iowa Criminal Code that are in need of revision, there has been absolutely no showing by the proponents of Senate File 85 that the entire Criminal Code is in need of revision. Wholesale, legislative repealing of satisfactory and workable criminal laws, and the attendant judicial interpretations thereof that have been carefully rendered through the years, borders on the irresponsible. By any standard, an analysis of Senate File 85 will reveal that the scales of criminal justice have been dramatically tilted in favor of the accused and that the criminal court dockets will become seriously congested, all to the detriment of the general public. It is for the above reasons that I could not in good conscience vote for Senate File 85.

Miller of Buchanan offered the following amendment H—6934 filed by him from the floor:

H—6934

Amend Senate File 1346 as follows:

1. Page 8 by striking lines 31 through 35 and on page 9 lines 1 through 34 and inserting in lieu thereof the following:

"Sec. 14. Section fifty-six point twenty-one (56.21), Code 1975, is amended by striking the section and inserting in lieu thereof the following:

56.21 REMITTANCE OF CAMPAIGN FUNDS TO POLITICAL PARTIES. The money accumulated in the Iowa election campaign fund to the account of each political party in the state shall be remitted to the party on the first business day of each month by warrant of the state comptroller drawn upon the fund in favor of the chairperson of the party. The money received by each political party under this section shall be used as directed by the party's state statutory political committee, within the requirements of section fifty-six point twenty-two (56.22), of the Code.

Sec. 15. Section fifty-six point twenty-two (56.22), Code 1975, is amended by striking the section and inserting in lieu thereof the following:

56.22 DISTRIBUTION OF CAMPAIGN FUND—RESTRICTIONS ON USE.

1. Each political party shall allocate at least fifty percent of all funds received by the party from

the Iowa election campaign fund to individual candidates, who may use the funds so received for campaign purposes only. Not more than half of the total amount so allocated may be distributed by the party to candidates for offices filled by the voters of the entire state. All moneys allocated for candidates for the offices of state representative or state senator, or for the office of representative in Congress if such allocation is permitted by this Act, shall be distributed on a strictly equal basis to all the party's candidates for those offices.

2. Funds distributed to statutory political committees pursuant to this chapter shall not be used to support or oppose the nomination of any candidate. Nothing in this subsection shall be construed to prohibit a statutory political committee from using such funds to pay expenses incurred in arranging and holding a nominating convention."

MESSAGE FROM THE SENATE

The following message was received from the Senate:

MR. SPEAKER: I am directed to inform your honorable body that the

Senate has, on May 29, 1976, adopted the following concurrent resolution in which the concurrence of the House is asked:

Senate Concurrent Resolution 121, providing for referral of all resolutions calling for studies to the Legislative Council.

STEVEN C. CROSS, Secretary

ADOPTION OF SENATE CONCURRENT RESOLUTION 121

Cusack of Scott asked and received unanimous consent for the immediate consideration of **Senate Concurrent Resolution 121** as follows and moved its adoption:

SENATE CONCURRENT RESOLUTION 121

By Rules and Administration Committee

Whereas, many resolutions have been introduced in both the Senate and House of Representatives calling for interim studies; and

Whereas, several Senators have indicated a desire to introduce resolutions proposing additional interim studies but are prevented from filing individually sponsored resolutions by Senate Rules; and

Whereas, the time period between the 1976 session of the Sixty-sixth General Assembly and the 1977 session of the Sixty-seventh General Assembly is limited and there have been proposals for studies which appear to have merit but, because of the complexity of the studies proposed and their number, could not all be properly conducted during the next interim period; and

Whereas, subcommittees of standing committees may desire to study bills presently before the general assembly which will be filed again in the 1977 session of the Sixty-seventh General Assembly; and

Whereas, it is impractical to accurately determine during floor debate the relative merit of the proposals, and within the limited funds and staff which will be available, assign precise priorities; *Now, Therefore,*

Be It Resolved by the Senate, the House of Representatives Concurring, That all resolutions calling for interim studies which have not been adopted in both houses be delivered by the Secretary of the Senate, on the part of the Senate, and the Chief Clerk of the House, on the part of the House, to the

Legislative Council, which shall determine priorities and shall authorize such studies as may be feasible within the limits of the staff, time and funds available; and

Be It Further Resolved, That any Senator desiring to propose any interim study not already contained in a resolution already

filed, shall submit a letter to the Secretary of the Senate describing the study. The Secretary of the Senate shall deliver such letters to the Legislative Council with any resolutions already filed. The Legislative Council shall give equal consideration to studies proposed by letter as to studies proposed by resolution.

The motion prevailed and the resolution was adopted.

LEAVE OF ABSENCE

Leave of absence was granted as follows:

Anderson of Jasper for the remainder of the session on request of Rinas of Linn.

The House stood at ease until the fall of the gavel.

The House resumed session, Speaker Cochran in the chair.

OBJECTION TO IMMEDIATE CONSIDERATION

Jesse of Polk asked for unanimous consent to suspend the rules and withdraw from committee for immediate consideration **Senate File 1347**, a bill for an act creating and making an appropriation to the executive council general contingent fund.

Objection was raised.

HOUSE CONCURRENT RESOLUTION 162

By Dyrland and Hargrave

Whereas, governmental bureaucracy has grown and continues to grow, and

Whereas, elected officials have power to create, abolish, restructure and review the agencies, commissions and departments that constitute that bureaucracy, and

Whereas, it is becoming increasingly apparent that the citizens of Iowa are alarmed at the continuing and unchecked growth of said bureaucracy, *Now, Therefore,*

Be It Resolved by the House of Representatives, the Senate Concurring, That the Legislative Council is requested to authorize the appointment of a joint interim study committee as provided by law, composed of members of the House of Representatives and Senate representing both political parties, to conduct a study on the "SUNSET" concept during the 1976 interim relating to the growth of governmental bureaucracy, and

Be It Further Resolved, That the study committee shall prepare a report of its findings and submit it to the legislative council and to the members of the Sixty-seventh General Assembly, 1977 Session, accompanied by legislative bill drafts designed to carry out the recommendations of the study committee.

Laid over under Rule 25.

Amend Senate File 217, as amended, passed, and reprinted by the Senate, by striking everything after the enacting clause and inserting in lieu thereof the following:

"Section 1. Amend chapter twenty-eight A (28A), Code 1975, by adding the following new section:

NEW SECTION. PURPOSE. The purpose of this chapter is to ensure that the decision and the premises of a decision of any public agency subject to this chapter are publicly articulated. To achieve this purpose, deliberations of all such public agencies shall be conducted in open and public meetings, unless otherwise expressly provided by law.

Sec. 2. Section twenty-eight A point one (28A.1), subsection three (3), Code 1975, is amended to read as follows:

3. Any committee of, *appointed or created by,* any such board, council, commission, trustees, or governing body.

Sec. 3. Section twenty-eight A point three (28A.3), Code 1975, is amended to read as follows:

28A.3 CLOSED SESSION BY VOTE OF MEMBERS. Any public agency may hold a closed session by affirmative *public* vote of two-thirds of its members present, when necessary to prevent irreparable and needless injury to the reputation of an individual whose employment, *performance* or discharge is under consideration, [or] to prevent premature disclosure of information on real estate proposed to be purchased, [or] for [some other exceptional reason so compelling as to override the general public policy in favor of public meetings] *negotiating sessions pursuant to subsection three (3) of section twenty point seventeen (20.17) of the Code, or for consultations with legal counsel concerning any prospective or pending litigation before any court, administrative agency, or arbitration proceedings at which the public agency is or may be a party.* The vote of each member on the question of holding the closed session and the reason for the closed session shall be entered in the *public* minutes, but the statement of such reason need not state the name of any individual or the details of the matter to be discussed in the closed session. Any final action on any matter shall be taken in a public meeting and not in closed session, unless some other provision of the Code expressly permits such action to be taken in a closed session. [No] *A* regular or general practice or pattern of holding closed sessions shall *not* be permitted.

Sec. 4. Section twenty-eight A point five (28A.5),

Code 1975, is amended by adding the following new paragraph:

NEW PARAGRAPH. Each public agency shall keep detailed minutes of all discussion and action occurring at a meeting held in closed session. The detailed minutes shall be sealed and shall not be public records open to public inspection except as provided in this paragraph. However, upon order of court in an action to void agency action taken illegally at a closed session, the detailed minutes shall be unsealed and examined by the court in camera to determine what part, if any, of the minutes should be disclosed, weighing the prejudicial effects of such disclosure with reference to the standards of section twenty-eight A point three (28A.3) of the Code against the probative value of their admission as evidence. Upon such determination, the court may permit inspection of the detailed minutes by the parties to the action. If an action to void is not brought pursuant to section three (3) of this Act, an agency may destroy the detailed minutes after one hundred twenty days following the meeting held in closed session.

Sec. 5. Section twenty-eight A point seven (28A.7), Code 1975, is amended by adding the following new paragraph:

NEW PARAGRAPH. Any judgment rendered against an agency in an action under the provisions of this chapter shall include judgment against the agency for reasonable attorney fees and costs of the action. Any judgment rendered on the merits in favor of an agency in an action under the provisions of this chapter may include judgment against the party bringing the action for attorney fees and costs of the action.

Sec. 6. Chapter twenty-eight A (28A), Code 1975, is amended by adding the following new section:

NEW SECTION.

1. If a public agency takes agency action at a closed session and if this closed session is in contravention to the provisions of this chapter, such agency action shall be voidable on account of it being taken at a closed session. Any person under or within the jurisdiction of the public agency may, within ninety days of the date on which such agency action was taken, bring an action to void such agency action in a district court of competent jurisdiction.

2. As used in this chapter, "agency action" means:

O'HALLORAN of Black Hawk

REMARKS BY THE SPEAKER

Speaker Cochran made the following remarks:

As the packing boxes came out to the floor of the House throughout the past few days, and as you continue to get ready to go home, I am thinking back to the past eighteen months and the time we all arrived here—and to some of the things we brought with us. Some of you came as wide-eyed freshmen and others as seasoned veterans.

I know that as newly elected state representatives ready to begin this task on that cold January day in 1975, you brought with you first of all a dream — a dream that no Iowan should be deprived of the essentials of a good quality of life.

You brought with you your concerns for the present and for the future of our state of Iowa.

You came believing that your constitutents' desires were reasonable and that they were within your ability to satisfy them.

You also came with a desire for recognition.

Some of you came with the conviction that there was nothing that the legislative process could not do.

The Speaker, too, brought some things here on that same day—I shared with you many of these dreams, ladies and gentlemen, and as I came to this chair as a newly-elected Speaker eighteen months ago, I knew I'd need some things from all of you, too. I needed your help; I needed your patience and I needed your indulgence, and I certainly was not disappointed.

. . . and I received all these things in great measure and I might add, from sources that I did not expect. Do you realize that for the first time in many years, this General Assembly had a member who worked long and hard to make sure this chair was fair and honest. . . .

. . . and Mr. Oakley . . . thanks. We needed that. You and our other colleagues who have chosen to serve your communities in another way—we are going to miss you and the others like you who won't be back.

Somehow, when we needed them, the levelers of wit and wisdom were always there. Let me bring back a few memories for you:

Here's one by the Honorable Norman Jesse: "Two people can have a disagreement, and if they get a lawyer it's a riot."

Terry Branstad said one cold March day: "We're making life more difficult for the honest, law abiding citizen."

Don Avenson said, "We've had one killing in ten years in Oelwein, that was a woman who stabbed her husband in the back when he was dead drunk with a knife."

Ken Miller back in April — "The way my luck is running, this bill will surely pass."

Scott Newhard: "I can hardly hear Mr. Small. Some members would like to hear him and others would like to sleep and I think the noise in the chamber disturbs both groups."

Art Small: "We're dealing with the use of deadly force—matters of life or death. We can't debate that in a circus."

Andrew Varley: "Where we got into a problem is that the legislature tried to make some perennial weeds into annuals and annuals into perennials by changing the law."

Wally Horn: "Make it illegal to drink before age nineteen, and make pot illegal. Most of them will go to pot."

Charlie Poncy: "I don't have much to add to this debate, either."

Mattie Harper: "This is the first bill I've ever worked on where we had to make all the decisions about germaneness."

Wendell Pellett: "It's been a long day since yesterday at this time."

Richard Welden: "I don't think any further regurgitation would do any good."

Roger Halvorson: "If I'm going to oppose something, I want to know what it is I'm opposed to."

Art Small: "This is being broadcast across the state and innocent children might be affected."

Richard Welden: "Mr. Speaker, members of the majority party and the die-hard night shift. . . ."

. . . and that reminds me—and I'm glad we adjourned last night so Mr. Welden didn't have to perform the act that he usually performs so well and that was to get up with his microphone, make a few comments, slam it down, grab his briefcase under his arm and the last we would see of him was going out the lobby door.

Recently we've been talking a lot about "voluntary quits," and you know it's amazing that the House didn't have any more "voluntary quits" than we did. I only recall one "voluntary quit" in the whole session and that turned out to be a moment when any one of the whole hundred of us were entertaining that same temptation. It allowed us all to breathe a little more normally again. Thank you, Norm Jesse.

Whatever else it does, our debate seems to produce a volume of words and we sometimes find it easy to forget that when the debate ends, the Journals and the bills and amendments that appear like clockwork on our desks the next morning—didn't just grow there overnight. From the beginning, our House staff dedicated themselves to an excellence that enhanced our deliberations out here on the floor, and we thank them all. Let's give our staff a big hand for this.

The time you needed the report from legislative service—right now—and you needed to get a message quickly to the members across the chamber on the next vote—or you needed a cup of coffee—or you needed a lot of other things—you rang a bell and one of the Pages from among four groups of the most keenly capable and concerned groups of young people we have ever had in this House responded. We'd like to thank each one of

those Pages. I would particularly like to express my deepest appreciation to the Speaker's Page—Nancy Gray—who has served the Speaker so well throughout the session. I would also like to recognize her for her musical talents.

We knew that we must forge long-range policies and we did that; but we had some surprises along the way. We had to dig down and come up with the flexibility to meet immediate, unforeseen needs—which in the heat of the moment frequently became defined as "crises." We had at least one crisis every day.

It was in meeting these moments especially—they ranged from taxes to medicare to unemployment—that all of us were called upon to relearn the fundamental lesson of all legislators: and that is, to strike a balance between the bill we really wanted in our hearts—and the bill our intellect tells us we are going to get . . . and then how to accept the disappointment when we make the switch from heart to mind and we still didn't get the bill. I guess a good example might be land use.

The lesson has been relearned, with the result that there are some things missing from the chamber today that were here eighteen months ago when we started.

There are no "freshmen" here anymore. And, for the first time in many, many years, there is no member in this room from an inexperienced majority party, nor any from an inexperienced minority party. Mr. Stromer and I were just talking about that and we both agreed that because we exchanged roles, we were probably the wiser.

We began with one hundred persons who distilled a single ambitious agenda for this session. During the course of our progress, we lost two of those among our midst. I think we ought to stand for a moment in silent remembrance for Representative Caffrey and Representative Fullerton. . . . . Amen.

You, the General Assembly of 1975 and 1976, completely rewrote at least four complete sections of the Iowa law, and pulled our criminal laws, adoption laws, railroad laws, and mentally ill commitment laws into the twentieth century. In so doing, you have narrowed the gap between the law and what society already accepts as reasonable, which is an absolute necessity if the legislature is to maintain people's respect for their laws.

You assumed an attitude of responsibility and thoroughness in funding the state of Iowa. You strengthen the accountability of all of government when you take steps to strengthen legislative oversight of the ways the state's income is put to use.

And you have continued to respond to the clear mandate of Iowans—since 1846—that a well financed, well built, and well funded educational system is their top priority.

You have struggled to meet the complicated and mind-bending alternatives that will assure every Iowan pays a fair share for the quality of life we do enjoy in this state.

Yes, you do leave behind you a record of accomplishment of which you and I can be very, very proud.

Every day as Speaker, I receive messages from the Senate that say, "Mr. Speaker: I am directed to inform your honorable body . . ."

We read the words so often in the Journal of the House that we don't even see them. The clerk reads, and as with many of our House traditions, we understandably do not even hear those words.

Today, if you will indulge me, I want to mark those words. "I am directed to inform your honorable body." Whoever said them first, and placed them in our daily language, did so assuming a quality of honor in this chamber for all time.

We are a part of that.

I believe the assumption applied to you state representatives in this Sixty-sixth General Assembly was very well founded and I want to thank each and every one of you.

You have been a great team. You have been a winning team. I am so proud to have been a part of it.

I will always have fond memories of all of you as we leave these chambers today and go our many ways.

Many will return yet another day to better the lives of the people of Iowa through this legislative process. But I guess the time finally comes when we must face reality. We will not gather together as this total and complete body again. This brings moisture to our eyes as we break up the old gang. Thank you so much for everything and thank you for the opportunity of serving as your Speaker. God bless all of you.

On motion by Fitzgerald of Webster, the House recessed at 7:12 p.m. until the fall of the gavel.

The House reconvened, Speaker Cochran in the chair.

COMMUNICATION FROM THE GOVERNOR

The following communication was received from the Governor:

The Honorable Dale M. Cochran
Speaker of the House
Sixty-sixth General Assembly
State Capitol
Des Moines, Iowa 50319

Honorable Members of the General Assembly:

As you adjourn sine die this ninth day of June, 1976, you have the distinction of having been in session longer than any previous General Assembly.

During your record-breaking 298 days in session, you considered and passed a variety of bills that were as complex as the criminal code revision, as perplexing as property tax relief, as simple to understand as the ban on pay toilets, and as widely accepted as code modernization. Your record of performance is already being assessed with considerable interest by editorial writers, lobbyists, leaders of both political parties, and particularly the citizens of this State.

At this time I welcome the opportunity to share my observations with you—not in a spirit of criticism, but as an evaluation from one in the executive branch of state government trying to consider the impact on our Iowa people.

The revision of Iowa's criminal code required much of your attention during both sessions, although I am told there was no greater investment of time than in the previous General Assembly's debate on collective bargaining. You are to be commended for your diligence in completing this massive overhaul of our criminal laws. While a final judgment on the

overall quality of Senate File 85 will have to await careful review of the bill between now and its January 1, 1978, implementation date, you can be pleased with your efforts.

This was a General Assembly that was willing to undertake two other major rewrites of Iowa law. You wisely updated our adoption laws to protect adequately the rights of natural parents as well as complying with recent court decisions. You recognized the need to encourage competition among business concerns by modernizing our anti-trust laws.

You bolstered the unemployment compensation trust fund by the last minute extension of the surtax on wages. While it will hopefully prevent the trust fund from going broke in 1977, this temporary measure mandates that prompt attention be given next year to achieving a stable, permanent funding system. Fortunately, we will have the assistance provided by a reorganized Employment Security Commission. Also, during this next year, Iowa workers will benefit from the further improvements you made in our worker's compensation laws.

The final version of the teacher dismissal bill is an example of bipartisan give and take resulting in a substantially improved contract termination process.

Bipartisan agreement was also reached on my suggestion to you to establish a standing limited appropriation for the tuition grant program. By providing permanent funding for the tuition grant program, you have taken a major step in reducing the financial uncertainty faced by many private college students.

There are other successes—and, there are measures you passed that contained meritorious provisions but, unfortunately, were marred by some inadequacy or omission.

The three-year property tax relief package you presented me contained provisions which raised sufficient doubt in my mind, and in the minds of others, that I felt compelled to item veto the second and third years of it. By imposing arbitrary geographical and partisan restrictions on the membership of the property tax task force, its effectiveness has been shortsightedly impaired.

Only under the most intense prodding did you finally agree to provide much needed medium security correctional space to relieve our sorely overcrowded prisons. Keep in mind that the temporary alternatives submitted to me this year will require this issue to be faced again.

Despite the fact that future growth in our economy will be to a great extent tied to the development and maintenance of strong foreign markets and the attraction of foreign investment, only reluctantly did you approve the creation of a foreign trade office. The meager appropriation provided will limit our efforts to secure the kind of benefits already accruing to other states.

Your action in another area leads me to believe that perhaps I should be more patient. The acceptance of the colored photo driver's license bill came six years after I initially recommended the passage of this proposal.

There are also items that were not enacted in these two years. Perhaps the most significant was the failure to complete action on land use.

You refused to consider an increase in road user fees to supplement the

increasingly inadequate gas tax revenues for highway construction and maintenance.

And I trust that the lack of attention paid to such common sense proposals as uniform bidding regulations, mobile home tie-downs, and a Washington, D. C. office for the State will be replaced by a warmer reception in future years.

A most disappointing aspect of this General Assembly was the decision by the majority party early in the 1975 session to switch from biennial budgeting with annual review and adjustment to annual budgeting. The experience of the last two years makes me more convinced than ever that the previous method is far better. Biennial budgeting with annual review and adjustment merits reimplementation in 1977.

In my last year's closing message to you, I pointed out that, "The desire of this legislature to move towards annual budgeting leaves you with some unfinished business in your next meeting which previous legislatures have not had to confront." Despite the rosy claims by some that second year appropriations would be completed in the first or second month of 1976, most of the major appropriations were not passed until the waning days of the session. The uncertainty and frustration inherent in the appropriations process have now been extended into the second year of the biennium.

We were told that annual appropriations would lead to a more careful analysis and review of state spending. Those agencies which experienced the meat cleaver approach to budgeting might question that claim. While I have always encouraged ways to reduce spending and improve upon my budget requests, I have also urged that such action be done reasonably and rationally.

Enormous amounts of time and energy were expended in a game which might be called "cutting the Governor's budget." Members of the majority party took great pride after the first session in claiming they were able to cut my budget recommendations. Even at the end of the second session, the Executive Council's general contingency fund and $100,000 of federal fund loss replacement funds were disapproved arbitrarily. Yet, as the statement issued by the Comptroller's Office indicates, this General Assembly still exceeded my budget recommendations in each fiscal year for a total of more than $11 million for the biennium.

A more disturbing aspect of that same report is that at a time when we had an impressive surplus, you bypassed expenditures for necessary, one-time capital improvements in favor of costly recurring expenditures. The comptroller's report shows that in FY 1977 you cut capital expenditures by $14 million but increased recurring expenditures by more than $20 million, compared to my recommendations. These costs will be exacerbated substantially if the commitments you made in the "intent" sections of several appropriation bills are followed.

May I now turn to another important matter—a matter of saying thank you—thank you for your willingness to serve in this General Assembly to represent the people of this State. Many of you have worked constructively and cooperatively with my office and me, and we want you to know that we are indeed appreciative.

It is an honor and a privilege to serve as a legislator; it is also a position of respect for which one makes a sacrifice. To be successful as a candidate

and as a legislator, one must be willing to take large amounts of time from his or her occupation and avocations.

Several amongst you have decided not to seek reelection this year. Unfortunately, you take with you a tremendous amount of experience, knowledge, and leadership. We are grateful for the contributions you have made, and I assure you we will miss your continued service. In order tc keep this kind of talent in the legislative halls and attract others of like caliber, it is imperative that attitudes be formed and procedures be developed which will make it possible for future sessions to be concluded in less time.

Now as this General Assembly comes to a close, may we be grateful for the accomplishments, thankful for our system that allows us to agree and disagree, and appreciative of living in Iowa, a place where we can look ahead with a note of optimism.

Thank you.

Sincerely,
ROBERT D. RAY

GOVERNOR'S VETO MESSAGE

June 28, 1976

The Honorable Melvin D. Synhorst
Secretary of State
State Capitol Building
Local

Dear Mr. Secretary:

House File 1573, an Act relating to the membership, powers and duties of the legislative council and the legislative fiscal committee, creating a performance audit division and a fiscal division within the legislative fiscal bureau and specifying their powers and duties, and providing for legislative review of state agencies, and making an appropriation is hereby disapproved and in accordance with Article III, Section 16, Constitution of the State of Iowa, is hereby transmitted to the Secretary of State.

Accountability in government is a concept that is being and should be enthusiastically supported. At all levels of government, people are demanding that their government provide them with economical, efficient and dependable service in a responsible manner. I believe that House File 1573 was conceived in an attempt to reflect this mood.

Perhaps the more notable provision of House File 1573 is the mandate for periodic legislative review of state agencies. This requirement for periodic review with subsequent termination of agencies unless affirmative reenactment into law has been given the sobriquet of a "sunset" law. The Iowa version of the sunset law would require the legislature to take the time to assess continued existence of state agencies every six years with an equal number of agencies being reviewed each year. During the review process, each agency would be subject to a report prepared by the newly established Performance Audit Division of the Legislative Fiscal Bureau and the scrutiny of a public hearing. Unless the legislature would reenact the agencies under review, the authorizing statute for the agency would be repealed automatically the following year.

The Iowa legislature certainly was not bashful in embracing the sunset law concept. Rather than starting out in a limited fashion or phasing into

an effective review process, our legislature, unlike Colorado's, would require almost every state agency to go through the review process. In addition to regulatory and licensing boards, the bill directs that such vital and long-standing essential agencies as the Board of Regents, the Department of Revenue, the Conservation Commission, and the Board of Health be included. Departments with far-ranging programs, intricate operations, and detailed statutory authorizations would be subject to automatic repeal.

A comprehensive and thorough review and analysis of these large state agencies certainly would be a monumental task. In 1977 alone, the bill mandates that 13 different state agencies, including the Board of Regents, would be subject to the sunset provision. All of this review and analysis would be done by an agency with a $50,000 budget.

Even if the limited staff arrangement could accomplish the initial review, the necessity for the legislature to reauthorize each and every agency unnecessarily would prolong the already too long legislative sessions. The drawn-out debate that is sure to result from this sunset provision could be the crowning blow to the hope of preserving a citizen's legislature in Iowa. Undoubtedly, the resignation of incumbent legislators due to the ever-increasing burden of legislative service would become an even more common occurrence if House File 1573 were signed into law.

As the legislature would experience a shift in roles due to the sunset provision, our state agencies, too, would be forced to shift some of their operations. With that constant threat of extinction staring them in the face, state agencies would be required to invest tremendous amounts of time, effort, and other valuable tax-funded resources to public relate for their existence every six years. Actions of an agency could easily shift from an emphasis on quality service to a concern of how it would appear to legislators. In addition to shifting resources away from providing services to the public, agencies would be subjected to the vagaries of the legislative process. Every agency could find itself confronted with the prospect of less than rational actions during the closing days of a legislative session.

The way the sunset provision of House File 1573 was enacted could also lead to some undesirable side effects. Because agencies which issue bonds, such as the Housing Authority and the Board of Regents, would be faced with the prospect of abolishment, their ability to sell bonds in a competitive market would be jeopardized. In addition, the principle of academic freedom at the Regents' universities could be subject to improper legislative intrusion into curriculum or academic staff matters.

Our legislature, of course, already has "sunset" power. Every year the legislature has the opportunity to review and authorize or refuse to authorize the continued existence of every state agency. Unfortunately, to date, the Iowa legislature has not established much of a track record in using its review and termination powers. Just this year the legislature refused to allow the Energy Policy Council to expire and instead extended its life for another two years and added two more members. Many legislators have fought efforts to reorganize and consolidate agencies such as the Department of Transportation and the Employment Security Commission. And this legislature even created new state agencies such as the Court of Appeals, the Voter Registration Commission, the Birth Defects Institute, the Spanish-speaking Peoples Commission and the Board of Speech Pathology and Audiology Examiners. The record of this and previous legislatures makes one wonder after all the time, money, and effort were expended, how sympathetic legislators would be to the sunset concept when the time came for implementation.

The sunset concept has a popular tone in this day and age. One of its strong proponents, Common Cause, calls it a mechanism "to give public officials and citizens a handle on big government." At the same time, however, Common Cause voices some strong caveats. In recent testimony before the United States Senate, Common Cause Chairman, John Gardner, advocated that the sunset mechanism should be phased in gradually, beginning with programs to which the concept most readily seems applicable. Most importantly, Common Cause advocates primarily licensing and regulatory boards. In addition, Gardner recommended that programs and agencies in the same policy area should be reviewed simultaneously in order to encourage consolidation and responsible pruning. House File 1573 reviews nearly all state agencies in a very random fashion. Unlike the manner by which the sunset concept would be implemented in Iowa, Common Cause emphasizes cautious and judicious implementation.

While the sunset provision perhaps overshadows the rest of House File 1573, the original thrust of this bill was to provide legislators with a special performance auditing capacity. The bill creates a Performance Audit Division within the Legislative Fiscal Bureau for the purpose of securing some different accountability and responsiveness from state agencies.

As indicated earlier, a grand total of $50,000 was appropriated to initiate all the new programs of this Act which includes the Performance Audit Division. This amount would hardly provide even a minimal staff and support to accomplish the kind of performance that I believe legislators envision. I might add that it has been my experience that few legislators agree to the same definition of the goals which they hope performance auditing will secure for them.

A close examination of House File 1573 reveals that the Performance Audit Division is empowered to do things that can already be accomplished under Iowa law. Chapter 2 of the Iowa Code authorizes the Legislative Fiscal Committee, through the Legislative Fiscal Bureau, to conduct performance audits. In addition, Chapter 11 of the Code directs the State Auditor in his annual audits of state agencies to speak to similar concerns. In fact, every authorization granted to the Performance Audit Division in House File 1573 can be found in existing law. Considering that one of the objectives of performance auditing is to reduce overlapping and duplication, such a Performance Audit Division might keep itself busy examining itself for duplicative efforts.

One authority granted the Performance Audit Division has some uninviting overtones to it. The bill directs that "the performance auditor and employees of the performance audit division shall at all times have access to any state agency . . . and to all books, records, and other instrumentalities and properties used in the performance of statutory duties." Such strong language would indicate that little, if anything in a state agency would be immune to the scrutiny of the Performance Audit Division staff. Conceivably even my budget documents and State of the State Messages could be subject to this review prior to their release. And given the fact that the bill defines state agency as "any state office, department, board, bureau, commission or other public or private agency supported in full or in part by state appropriations," a number of private concerns might fall under the same type of scrutiny. We in the Executive Branch have no hesitancy in responding to any legitimate request by the members or staff of the legislature. However, under no circumstances, will we subject ourselves and our agencies to fishing expeditions that could be conducted under this authority.

As I indicated earlier, the performance auditing provisions of House File 1573 accomplish little more than what can be secured under existing law. The chief legislative sponsor of performance auditing has urged my veto of this bill partly because of this. He recognizes that this is more of a window-dressing effort than a substantive approach. Recognizing the imperfections of the sunset provision of House File 1573 and the ineffectiveness of the performance auditing provision, I find little reason to sign this measure into law.

It is paradoxical that in a bill which gives the legislature no more authority than they already have, the legislature would create a new bureaucracy in an effort to reduce existing bureaucracies. I wholeheartedly support any legitimate and responsible effort to reduce the size and cost of state government. I welcome any suggestions legislators might have on how to improve our operations. Together the executive and legislative branches must strive to make state government as efficient and accountable to the citizenry as possible. House File 1573 does not measure up to the task.

Sincerely,
ROBERT D. RAY

GOVERNOR'S ITEM VETO MESSAGES

June 28, 1976

The Honorable Melvin D. Synhorst
Secretary of State
State Capitol Building
Local

Dear Mr. Secretary:

I hereby transmit Senate File 1221, an Act relating to and appropriating funds to the department of banking, the office of the secretary of state, the pioneer lawmakers and the occupational safety and health review commission.

Senate File 1221 is approved June 28, 1976, with the following exceptions which I hereby disapprove.

I am unable to approve the item designated in the act as paragraph "b" of Subsection 2 of Section 1 which reads as follows:

"b. For salaries, support, maintenance and miscellaneous purposes of the uniform commercial code division in performing records searches ..... $38,700."

I am unable to approve the item designated as Section 4 which reads as follows:

"Sec. 4. Section five hunded fifty-four point nine thousand four hundred seven (554.9407), Code 1975, is amended to read as follows:

554.9407 INFORMATION FROM FILING OFFICER.

1. If the person filing any financing statement, termination statement, statement of assignment, or statement of release, furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

2. Upon *written* request of any person, the filing officer shall issue his *or her* certificate showing whether there is on file on the

date and hour stated therein, any presently effective financing statement naming a particular debtor and any *financing* statement [of assignment thereof] *changes* and if there is, giving the date and hour of filing of each such [statement] *filing* and the names and addresses of each secured party therein. The uniform fee for such a certificate shall be two dollars if the request for the certificate is on a form conforming to standards prescribed by the secretary of state; otherwise, three dollars. Upon request and the payment of the appropriate fee the filing officer shall furnish a certified copy of any filed financing statement or *financing* statement [of assignment] *changes* for a uniform fee of one dollar per page.

3. Upon telephone request of any person, the filing officer in the office of the secretary of state shall respond by phone stating whether there is on file on the date and hour upon which the request is made any presently effective financing statement naming a particular debtor and any financing statement changes and if there is, stating the date and hour of filing of each such filing and the names and addresses of each secured party therein. The uniform fee for this telephone search service shall be four dollars per each debtor name searched. All fees must be prepaid before a person may utilize this telephone search service. A certificate confirming the information given to the person making the request shall be sent to that person by the filing officer upon request and payment of a fee of one dollar per debtor name searched. Upon request and the payment of the appropriate fee, the filing officer shall furnish a certified copy of any filed financing statement or financing statement changes for a uniform fee of one dollar per page. The method of payment of fees imposed by this subsection shall be established by the secretary of state.

[3] *4.* Charging no more than a reasonable estimate of cost, in his *or her* discretion the secretary of state may adopt one or more of the following methods of providing information concerning public filings in his *or her* office to persons with an interest in this information that is related exclusively to the purposes of this Article:

[a. subscription telephone service;

b. subscription]

a. Subscription daily, weekly or monthly written summaries; *or*

[c. granting suitable space for the preparation of written summaries and the provision of telephone service by those persons deemed by the secretary of state to have a legitimate interest in regular examination of the secretary of state's public files; and

d. any]

b. Any other appropriate method of disseminating information. *However, the secretary of state shall not make space or services available to any person for examination and preparation of summaries of the secretary of state's public files except the space and services made available under chapter sixty-eight A (68A) of the Code.*

5. Charging no more than a reasonable estimate of cost, in his or her discretion a county recorder may adopt one or more of the follow methods of providing information concerning public filings in his or her office to persons with an interest in this information that is related exclusively to the purposes of this Article:

a. Subscription telephone service;

b. Subscription daily, weekly or monthly written summaries;

c. Granting suitable space for the preparation of written summaries and the provision of telephone service; or

d. Any other appropriate method of disseminating information.

6. Except with respect to willful misconduct, the state of Iowa, the secretary of state, *a county, a county recorder,* and their employees and agents are immune from liability as a result of errors or omissions in information *or assistance concerning the secretary of state's or a county recorder's public files* supplied [pursuant to this subsection] *by them to any person.*

7. Fees collected by the secretary of state pursuant to this section shall be remitted by the secretary of state to the treasurer of state for deposit in the general fund of the state."

The substantive portion of these items imposes a new duty upon the Secretary of State's Uniform Commercial Code (UCC) Division filing officer in the form of a telephone search service and provides an appropriation of $38,700 to perform the service. In addition, the items prohibit the Secretary of State from making space or services available to any person for examination and preparation of summaries of the UCC files other than the space and services required under the Open Records Law.

Presently, the filing officer of the UCC Division of the Secretary of State's Office does not provide a telephone search service. Instead, the Secretary of State's Office has contracted with a private firm, Iowa Public Records Search, Inc., to provide the telephone search service and subsequent written confirmations. If Senate File 1221 is signed into law without exception, state government will assume the telephone search task presently being accomplished by the private enterprise.

For a number of reasons it appears unlikely that state government would be able to provide service in this area in an improved manner over what is now available by private enterprise.

—The items in Senate File 1221 direct that a uniform fee of $4 be charged for each individual telephone search. This compares with the $3 fee presently being charged by the private firm.

—The items in Senate File 1221 mandate that all fees must be prepaid before a person may utilize the telephone search service. The private firm requires no prepayment.

—Since the Secretary of State and his employees are immune from liability by law, except for willful negligence, the users of the telephone search service will no longer have the protection of the errors and omissions insurance presently maintained by the private firm.

—The UCC Division filing officer will not provide as much information, e.g. collateral itemization, to telephone search requests as the private firm currently does.

I understand the primary reason for the move to preempt the private firm from continuing its activities was the dissatisfaction felt by some with the service being provided. While this once may have been the case, the concern over the quality of service has apparently been resolved. The Secretary of State's Office informs me that they are pleased with the capable and efficient service being provided by the private firm. In addition, I am told that no complaints about the service have been received by the

Secretary of State's Office for more than a year. Even one of the chief sponsors of the effort to replace the private firm admits that the complaints about the poor service have subsided to a large extent.

Therefore, I see little reason for the changes contained in these items. Accordingly, I disapprove these two items of Senate File 1221 in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 1221 are hereby approved this date.

Sincerely,
ROBERT D. RAY
Governor

Dear Mr. Secretary:

I hereby transmit Senate File 1346, an Act to revise the campaign disclosure-income tax checkoff Act by clarifying the powers, duties and procedures of the campaign finance disclosure commission, repealing certain provisions of the Act in accordance with a recent decision of the United States supreme court, clarifying the restrictions upon and the uses which may be made of certain contributions by corporations and other entities, and to appropriate funds to the office of the campaign finance disclosure commission.

Senate File 1346 is approved June 28, 1976, with the following exception which I hereby disapprove.

I am unable to approve the item designated in the act as Subsection 5 of Section 14 which reads as follows:

> "5. For the purposes of this section, labor unions or any group organized as a collective bargaining unit shall not be deemed to be a corporation, however contributions and expenditures made by a labor union or a group organized as a collective bargaining unit in support of or opposition to a candidate or ballot issue shall be subject to the disclosure requirements of this chapter."

This item makes legal in Iowa any direct transfer of funds from labor union treasuries to candidates, candidates' committees, or any other political committees. For the first time Iowa law would specifically authorize labor unions to contribute directly their assets to state and local campaigns.

Business corporations in Iowa have long been prohibited from contributing "any money, property, labor, or thing of value, directly or indirectly" to political campaigns. On the other hand, Iowa law has been silent up to now on union contributions for political purposes. Since 1925 federal law has prohibited contributions or expenditures by corporations *and* labor organizations to federal political campaigns. 18 U. S. C., section 610, has provided:

> "It is unlawful . . . for any corporation whatever, or any labor organization to make a contribution or expenditure in connection with any election at which Presidential and Vice Presidential electors or a Senator or Representative in, or a Delegate or Resident Commissioner to Congress are to be voted for, or in connection with

any primary election or political convention or caucus held to select candidates for any of the foregoing offices, or for any candidate, political committee, or other person to accept or receive any contribution prohibited by this section."

The Federal Election Campaign Act Amendments of 1976 recodified the foregoing section to provide for the establishment and operation of political action committees by corporations and labor unions. To bring Iowa law into accord with the new federal law, the legislature provided in Senate File 1346 the authority for corporations to establish political action committees in Iowa for state and local campaigns.

But our legislature went further and attached the item in question to Senate File 1346 to exempt unions from the restrictions Iowa law places on corporations.

As a result, labor unions, whether incorporated or not, would be able to use union dues and any other union funds to make direct contributions to the campaigns of candidates in Iowa. This is something they cannot do under federal law. And it is something corporations cannot do under *either* federal or state law.

Federal law treats unions and corporations in a similar manner regarding campaign contributions. Iowa law can be made more consistent and treat both in a like fashion by removing Subsection 5 of Section 14 of Senate File 1346. Of course, labor unions and corporations and their individual members and stockholders will still be able to contribute to political campaigns individually or through their political action committees.

For these reasons, I hereby disapprove this item in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 1346 are hereby approved this date.

Sincerely,
ROBERT D. RAY
Governor

increasingly inadequate gas tax revenues for highway construction and maintenance.

And I trust that the lack of attention paid to such common sense proposals as uniform bidding regulations, mobile home tie-downs, and a Washington, D. C. office for the State will be replaced by a warmer reception in future years.

A most disappointing aspect of this General Assembly was the decision by the majority party early in the 1975 session to switch from biennial budgeting with annual review and adjustment to annual budgeting. The experience of the last two years makes me more convinced than ever that the previous method is far better. Biennial budgeting with annual review and adjustment merits reimplementation in 1977.

In my last year's closing message to you, I pointed out that, "The desire of this legislature to move towards annual budgeting leaves you with some unfinished business in your next meeting which previous legislatures have not had to confront." Despite the rosy claims by some that second year appropriations would be completed in the first or second month of 1976, most of the major appropriations were not passed until the waning days of the session. The uncertainty and frustration inherent in the appropriations process have now been extended into the second year of the biennium.

We were told that annual appropriations would lead to a more careful analysis and review of state spending. Those agencies which experienced the meat cleaver approach to budgeting might question that claim. While I have always encouraged ways to reduce spending and improve upon my budget requests, I have also urged that such action be done reasonably and rationally.

Enormous amounts of time and energy were expended in a game which might be called "cutting the Governor's budget." Members of the majority party took great pride after the first session in claiming they were able to cut my budget recommendations. Even at the end of the second session, the Executive Council's general contingency fund and $100,000 of federal fund loss replacement funds were disapproved arbitrarily. Yet, as the statement issued by the Comptroller's Office indicates, this General Assembly still exceeded my budget recommendations in each fiscal year for a total of more than $11 million for the biennium.

A more disturbing aspect of that same report is that at a time when we had an impressive surplus, you bypassed expenditures for necessary, one-time capital improvements in favor of costly recurring expenditures. The comptroller's report shows that in FY 1977 you cut capital expenditures by $14 million but increased recurring expenditures by more than $20 million, compared to my recommendations. These costs will be exacerbated substantially if the commitments you made in the "intent" sections of several appropriation bills are followed.

May I now turn to another important matter—a matter of saying thank you—thank you for your willingness to serve in this General Assembly to represent the people of this State. Many of you have worked constructively and cooperatively with my office and me, and we want you to know that we are indeed appreciative.

It is an honor and a privilege to serve as a legislator; it is also a position of respect for which one makes a sacrifice. To be successful as a candidate
