

281—77.4(256) Criteria for Iowa teacher intern preparation programs. Each institution seeking approval of its program of teacher intern preparation shall file evidence of the extent to which it meets the standards contained in this chapter by means of a written self-evaluation report and an evaluation conducted by the department. For institutions not already offering practitioner preparation programs approved by the state board, the evaluation process shall include a site visit by representatives of the department and additional documentation as needed. After the state board has approved the teacher intern preparation program filed by an institution, teacher intern candidates who complete the program and are recommended by the authorized official of that institution will be issued the appropriate license and endorsement(s).
