

567—211.7 (455F) Criteria for the selection of an RCC establishment grant.

211.7(1) An applicant for an RCC establishment grant shall submit to the department a completed application and a comment form. The comment form shall be completed by the agency responsible for the submission of a solid waste comprehensive plan for the area in which the RCC or satellite facility will be established.

211.7(2) The department shall coordinate the evaluation of proposals, and applicants will be awarded financial assistance based on selection criteria contained in the application form. Prior to receiving financial assistance from the department, applicants must either obtain a regional collection center permit, amend the SDP permit of the host facility to include regional collection center activities, or provide documentation of a contractual arrangement with a permitted RCC for removal of the waste to be collected.

211.7(3) Applicants shall submit a completed application on a form provided by the department and three photocopies, and shall address criteria in the order presented in the application and guidelines. An application that fails to address all of the criteria may not receive further consideration.
