

281—98.15(257) Operational function sharing supplementary weighting. Operational function sharing supplementary weighting provides funding in addition to the student count that generates general purpose revenues and is for the purpose of incenting sharing of management-level staff. It is assumed that operational function sharing supplementary weighting covers only a portion of the costs of sharing management-level staff and shall be fully expended within the five-year period of sharing. Therefore, school districts are not required to account for the operational function sharing supplementary weighting funding separate from the general purpose revenues.
