

**567—38.8(455B) Permit issuance and conditions.**

**38.8(1)** *When issued.* Upon receipt of a complete application, the department or contracting county shall issue a permit to the landowner or landowner's agent except as provided in rule 38.12(455B).

**38.8(2)** *Not a water withdrawal permit.* Each permit shall include notification that a private well construction permit is not a water withdrawal permit and does not eliminate the necessity of obtaining any water withdrawal permits required in 567—Chapters 50 through 54. A water withdrawal permit is required before an applicant can withdraw more than 25,000 gallons of water per day from any source or combination of sources in the state of Iowa.

**38.8(3)** *Construction by certified well contractor.* Each well construction permit shall require that each well be constructed by a certified well contractor in compliance with 567—Chapters 49 and 82. However, temporary dewatering wells at construction sites shall be exempt from the construction standards of 567—Chapter 49.
