

281—58.4(283A) State plan. The state plan for the National School Lunch Act of 1946 and the Child Nutrition Act of 1966 shall be reviewed annually according to federal regulations. A copy of such regulations may be obtained at no more than actual cost of reproduction by contacting the department.

Advisory committees shall be established by the director when appropriate. Members shall be appointed by the director. Persons interested in participating in such advisory committees may contact the director. Any advisory committee at the state level shall be established according to federal regulations. Actual costs for lodging and meals for the state level advisory committee shall be paid by the department at current state rates.

Public meetings shall be arranged by the director as desired to assist in reviewing the state plan.
