

281—25.28 (260I) Oversight. Statewide oversight, evaluation, and reporting efforts for the gap tuition assistance program is coordinated by the department.

25.28(1) A steering committee, consisting of the Iowa department of education, the Iowa workforce development department, and community college continuing education deans and directors, is established to determine if the performance measures of the gap tuition assistance program are being met and to correct any deficiencies. The steering committee shall meet at least quarterly to evaluate and monitor the performance of the gap tuition assistance program.

25.28(2) A common intake tracking system is established to be implemented consistently by each participating community college. The community colleges will work cooperatively in establishing the system and the Iowa department of education will assist in gathering required reporting data elements through the community college Management Information System (MIS).

25.28(3) The steering committee will develop the required program criteria for PACE- and gap tuition assistance-certified programs to be eligible for tuition assistance and program funding. These criteria will be developed based on best practices in the development and delivery of career pathway programs that provide a clear sequence of education coursework and credentials aligned with regional workforce skill needs; clearly articulate from one level of instruction to the next; combine occupational skills and remedial adult education; lead to the attainment of a credential or degree; assist with job placement; and provide wrap-around social and socioeconomic support services with the goal of increasing the individual's skills attainment and employment potential.
