 Passed on File.

# A BILL FOR

An Act to amend section three hundred twenty-five point twelve (325.12), Code 1946, relating to motor carrier application for certificate.

*Be It Enacted by the General Assembly of the State of Iowa:*

- 1 Section 1. Section three hundred twenty-five point twelve
- 2 (325.12), Code 1946, is amended by adding subsection seven (7)
- 3 as follows:
- 4 "7. A written approval of the state department of public
- 5 safety stating that the applicant has complied with the
- 6 prescribed safety regulations."

### EXPLANATION OF H. F. 16

Adding subsection seven (7) to this section makes the obtaining of written approval of the department of public safety stating that the applicant has complied with the prescribed regulations, a condition precedent to the issuance of a certificate of convenience and necessity.

Heretofore the approval of the department of public safety stating that the applicant had complied with the prescribed safety regulations was required of the operator before he commenced actual operation. In many instances the certificate was issued, operations commenced and continued without such approval having been obtained from the department of public safety.

This amendment will provide a practical way of assuring the enforcement of what appears to be the intent of the law.
