29 EXPLANATION

30 This bill makes appropriations to various departments and  
31 agencies for infrastructure and capital projects.

32 The bill makes appropriations from the tax-exempt bond  
33 proceeds restricted capital funds account of the tobacco  
34 settlement trust fund for various capital and other projects.  
35 These appropriations include capital projects for the

1 departments of corrections, economic development, general  
2 services, human services, management, natural resources,  
3 public defense, and transportation, and for the Iowa state  
4 fair authority, judicial branch, office of treasurer of state,  
5 and the state board of regents.

6 The bill also appropriates funds from the tax-exempt bond  
7 proceeds restricted capital funds account of the tobacco  
8 settlement trust fund to the state board of regents for  
9 tuition replacement and to the treasurer of state for debt  
10 service for the Iowa communications network and repayment of  
11 prison infrastructure bonds and for tobacco master settlement  
12 agreement litigation fees.

13 The bill amends provisions in 2000 Iowa Acts, chapter 1225,  
14 and 2001 Iowa Acts, chapter 185, by eliminating certain  
15 appropriations from the rebuild Iowa infrastructure fund for  
16 fiscal years 2002-2003 and 2003-2004. Some of the eliminated  
17 appropriations are made in this bill from the tobacco  
18 settlement trust fund.

19 The bill also amends a provision in 2001 Iowa Acts, chapter  
20 185, section 25, relating to an appropriation for fiscal year  
21 2001-2002 from the tax-exempt bond proceeds restricted capital  
22 funds account of the tobacco settlement trust fund to the  
23 department of general services for the purchase of land and  
24 improvements to properties in the vicinity of the capitol  
25 complex. The bill provides that these funds may be expended  
26 for relocation expenses associated with the demolition of the  
27 micrographics building. This provision takes effect upon  
28 enactment.

29 The bill makes appropriations from the rebuild Iowa  
30 infrastructure fund for various capital and other projects.  
31 These appropriations include projects for the departments of  
32 corrections, cultural affairs, economic development,  
33 education, general services, and human services, and for the  
34 Iowa telecommunications and technology commission, the  
35 information technology department, board of regents, office of

1 secretary of state, and post 16 of the department of public  
2 safety.

3 The bill makes an appropriation for fiscal year 2001-2002  
4 from the rebuild Iowa infrastructure fund to the department of  
5 corrections for lease-purchase costs to connect the electrical  
6 system supporting the special needs until at Fort Madison.  
7 This appropriation replaces an appropriation for the same  
8 fiscal year from the tax-exempt bond proceeds restricted  
9 capital funds account of the tobacco settlement trust fund.  
10 This provision is made effective upon enactment.

11 The bill appropriates funds from the environment first fund  
12 to the departments of agriculture and land stewardship,  
13 economic development, and natural resources. The bill  
14 appropriates \$10 million from the environment first fund to  
15 the resources enhancement and protection fund in lieu of the  
16 \$20 million appropriated by statute from the general fund of  
17 the state.

18 The bill requires the department of transportation to do a  
19 study concerning close-clearance conditions near railroad  
20 tracks with a report and recommendations to be submitted to  
21 the legislature by January 1, 2003.
