18 Sec. 9. MEDICAL ASSISTANCE -- SUPPLEMENTAL AMOUNTS. For

19 the fiscal year beginning July 1, 2001, and ending June 30,  
20 2002, the department of human services shall continue the  
21 supplemental disproportionate share and a supplemental  
22 indirect medical education adjustment applicable to state-  
23 owned acute care hospitals with more than 500 beds and shall  
24 reimburse qualifying hospitals pursuant to that adjustment  
25 with a supplemental amount for services provided medical  
26 assistance recipients. The adjustment shall generate  
27 supplemental payments intended to equal the state  
28 appropriation made to a qualifying hospital for treatment of  
29 indigent patients as provided in chapter 255. To the extent  
30 of the supplemental payments, a qualifying hospital shall,  
31 after receipt of the funds, transfer to the department of  
32 human services an amount equal to the actual supplemental  
33 payments that were made in that month. The aggregate amounts  
34 for the fiscal year shall not exceed the state appropriation  
35 made to the qualifying hospital for treatment of indigent

1 patients as provided in chapter 255. The department of human  
2 services shall deposit these funds in the department's medical

4 appropriated to a qualifying hospital for the treatment of  
5 indigent patients as provided in chapter 255 have been  
6 transferred to the department of human services as a result of  
7 these supplemental payments made to the qualifying hospital,  
8 the department shall not, directly or indirectly, recoup the  
9 supplemental payments made to a qualifying hospital for any  
10 reason, unless an equivalent amount of the funds transferred  
11 to the department of human services by a qualifying hospital  
12 pursuant to this provision is transferred to the qualifying  
13 hospital by the department.

14 If the state supplemental amount allotted to the state of  
15 Iowa for the federal fiscal year beginning October 1, 2001,  
16 and ending September 30, 2002, pursuant to section 1923(f)(3)  
17 of the federal Social Security Act, as amended, or pursuant to  
18 federal payments for indirect medical education is greater  
19 than the amount necessary to fund the federal share of the  
20 supplemental payments specified in the preceding paragraph,  
21 the department of human services shall increase the  
22 supplemental disproportionate share or supplemental indirect  
23 medical education adjustment by the lesser of the amount  
24 necessary to utilize fully the state supplemental amount or  
25 the amount of state funds appropriated to the state university  
26 of Iowa general education fund and allocated to the university  
27 for the college of medicine. The state university of Iowa  
28 shall transfer from the allocation for the college of medicine  
29 to the department of human services, on a monthly basis, an  
30 amount equal to the additional supplemental payments made  
31 during the previous month pursuant to this paragraph. A  
32 qualifying hospital receiving supplemental payments pursuant  
33 to this paragraph that are greater than the state  
34 appropriation made to the qualifying hospital for treatment of  
35 indigent patients as provided in chapter 255 shall be

1268

1 obligated as a condition of its participation in the medical  
2 assistance program to transfer to the state university of Iowa  
3 general education fund on a monthly basis an amount equal to  
4 the funds transferred by the state university of Iowa to the  
5 department of human services. To the extent that state funds  
6 appropriated to the state university of Iowa and allocated to  
7 the college of medicine have been transferred to the  
8 department of human services as a result of these supplemental  
9 payments made to the qualifying hospital, the department shall  
10 not, directly or indirectly, recoup these supplemental  
11 payments made to a qualifying hospital for any reason, unless  
12 an equivalent amount of the funds transferred to the  
13 department of human services by the state university of Iowa  
14 pursuant to this paragraph is transferred to the qualifying  
15 hospital by the department.

16 Continuation of the supplemental disproportionate share and  
17 supplemental indirect medical education adjustment shall  
18 preserve the funds available to the university hospital for  
19 medical and surgical treatment of indigent patients as  
20 provided in chapter 255 and to the state university of Iowa  
21 for educational purposes at the same level as provided by the  
22 state funds initially appropriated for that purpose.

23 The department of human services shall, in any compilation  
24 of data or other report distributed to the public concerning  
25 payments to providers under the medical assistance program,  
26 set forth reimbursements to a qualifying hospital through the  
27 supplemental disproportionate share and supplemental indirect  
28 medical education adjustment as a separate item and shall not  
29 include such payments in the amounts otherwise reported as the  
30 reimbursement to a qualifying hospital for services to medical  
31 assistance recipients.

32 For purposes of this section, "supplemental payment" means  
33 a supplemental payment amount paid for medical assistance to a  
34 hospital qualifying for that payment under this section.

21 supplemental disproportionate share and a supplemental  
22 indirect medical education adjustment applicable to state-  
23 owned acute care hospitals with more than 500 beds and shall  
24 reimburse qualifying hospitals pursuant to that adjustment  
25 with a supplemental amount for services provided medical  
26 assistance recipients. The adjustment shall generate  
27 supplemental payments intended to equal the state  
28 appropriation made to a qualifying hospital for treatment of  
29 indigent patients as provided in chapter 255. To the extent  
30 of the supplemental payments, a qualifying hospital shall,  
31 after receipt of the funds, transfer to the department of

16 and ending September 30, 2002, pursuant to section 1923(f)(3)  
17 of the federal Social Security Act, as amended, or pursuant to

21 the department of human services shall increase the  
22 supplemental disproportionate share or supplemental indirect  
23 medical education adjustment by the lesser of the amount  
24 necessary to utilize fully the state supplemental amount or  
25 the amount of state funds appropriated to the state university  
26 of Iowa general education fund and allocated to the university  
27 for the college of medicine. The state university of Iowa  
28 shall transfer from the allocation for the college of medicine  
29 to the department of human services, on a monthly basis, an  
30 amount equal to the additional supplemental payments made  
31 during the previous month pursuant to this paragraph. A  
32 qualifying hospital receiving supplemental payments pursuant  
33 to this paragraph that are greater than the state  
34 appropriation made to the qualifying hospital for treatment of  
35 indigent patients as provided in chapter 255 shall be

1 obligated as a condition of its participation in the medical  
2 assistance program to transfer to the state university of Iowa  
3 general education fund on a monthly basis an amount equal to  
4 the funds transferred by the state university of Iowa to the  
5 department of human services. To the extent that state funds  
6 appropriated to the state university of Iowa and allocated to  
7 the college of medicine have been transferred to the  
8 department of human services as a result of these supplemental  
9 payments made to the qualifying hospital, the department shall  
10 not, directly or indirectly, recoup these supplemental  
11 payments made to a qualifying hospital for any reason, unless  
12 an equivalent amount of the funds transferred to the  
13 department of human services by the state university of Iowa  
14 pursuant to this paragraph is transferred to the qualifying  
15 hospital by the department.

16 Continuation of the supplemental disproportionate share and  
17 supplemental indirect medical education adjustment shall  
18 preserve the funds available to the university hospital for  
19 medical and surgical treatment of indigent patients as  
20 provided in chapter 255 and to the state university of Iowa  
21 for educational purposes at the same level as provided by the  
22 state funds initially appropriated for that purpose.

23 The department of human services shall, in any compilation  
24 of data or other report distributed to the public concerning  
25 payments to providers under the medical assistance program,  
26 set forth reimbursements to a qualifying hospital through the  
27 supplemental disproportionate share and supplemental indirect  
28 medical education adjustment as a separate item and shall not  
29 include such payments in the amounts otherwise reported as the  
30 reimbursement to a qualifying hospital for services to medical  
31 assistance recipients.

32 For purposes of this section, "supplemental payment" means  
33 a supplemental payment amount paid for medical assistance to a  
34 hospital qualifying for that payment under this section.

2 any funds received resulting from any increase in licensing  
3 fees it approves and implements after July 1, 1997.

5 ready children grants from the Iowa empowerment fund will be

46 college's proportional share of enrollment. However,  
47 a minimum of one percent of the total growth shall be  
48 distributed in this manner.

12 supplemental disproportionate share and a supplemental  
13 indirect medical education adjustment applicable to state-  
14 owned acute care hospitals with more than 500 beds and shall  
15 reimburse qualifying hospitals pursuant to that adjustment  
16 with a supplemental amount for services provided medical  
17 assistance recipients. The adjustment shall generate  
18 supplemental payments intended to equal the state  
19 appropriation made to a qualifying hospital for treatment of  
20 indigent patients as provided in chapter 255. To the extent  
21 of the supplemental payments, a qualifying hospital shall,  
22 after receipt of the funds, transfer to the department of  
23 human services an amount equal to the actual supplemental  
24 payments that were made in that month. The aggregate amounts  
25 for the fiscal year shall not exceed the state appropriation  
26 made to the qualifying hospital for treatment of indigent  
27 patients as provided in chapter 255. The department of human

31 indigent patients as provided in chapter 255 have been

7 and ending September 30, 2002, pursuant to section 1923(f)(3)  
8 of the federal Social Security Act, as amended, or pursuant to

11 supplemental payments specified in the preceding paragraph,  
12 the department of human services shall increase the  
13 supplemental disproportionate share or supplemental indirect  
14 medical education adjustment by the lesser of the amount  
15 necessary to utilize fully the state supplemental amount or  
16 the amount of state funds appropriated to the state university  
17 of Iowa general education fund and allocated to the university  
18 for the college of medicine. The state university of Iowa  
19 shall transfer from the allocation for the college of medicine  
20 to the department of human services, on a monthly basis, an  
21 amount equal to the additional supplemental payments made  
22 during the previous month pursuant to this paragraph. A  
23 qualifying hospital receiving supplemental payments pursuant  
24 to this paragraph that are greater than the state  
25 appropriation made to the qualifying hospital for treatment of  
26 indigent patients as provided in chapter 255 shall be  
27 obligated as a condition of its participation in the medical  
28 assistance program to transfer to the state university of Iowa  
29 general education fund on a monthly basis an amount equal to  
30 the funds transferred by the state university of Iowa to the  
31 department of human services. To the extent that state funds  
32 appropriated to the state university of Iowa and allocated to  
33 the college of medicine have been transferred to the  
34 department of human services as a result of these supplemental  
35 payments made to the qualifying hospital, the department shall

1 not, directly or indirectly, recoup these supplemental  
2 payments made to a qualifying hospital for any reason, unless  
3 an equivalent amount of the funds transferred to the  
4 department of human services by the state university of Iowa  
5 pursuant to this paragraph is transferred to the qualifying  
6 hospital by the department.

7 Continuation of the supplemental disproportionate share and  
8 supplemental indirect medical education adjustment shall  
9 preserve the funds available to the university hospital for  
10 medical and surgical treatment of indigent patients as  
11 provided in chapter 255 and to the state university of Iowa  
12 for educational purposes at the same level as provided by the  
13 state funds initially appropriated for that purpose.

14 The department of human services shall, in any compilation  
15 of data or other report distributed to the public concerning  
16 payments to providers under the medical assistance program,  
17 set forth reimbursements to a qualifying hospital through the  
18 supplemental disproportionate share and supplemental indirect  
19 medical education adjustment as a separate item and shall not  
20 include such payments in the amounts otherwise reported as the  
21 reimbursement to a qualifying hospital for services to medical  
22 assistance recipients.

23 For purposes of this section, "supplemental payment" means  
24 a supplemental payment amount paid for medical assistance to a  
25 hospital qualifying for that payment under this section.

1 2001, is amended by adding the following new  
2 paragraph:

3 NEW PARAGRAPH. f. If the voters in a merged area  
4 have authorized a tax pursuant to paragraph "a" not  
5 exceeding twenty and one-fourth cents per thousand

16 Sec. \_\_\_\_ . Section 260C.28, subsection 1, Code

THOMAS J. VILSACK  
GOVERNOR

OFFICE OF THE GOVERNOR

SALLY J. PEDERSON  
LT. GOVERNOR

May 24, 2001

MAY 25 2001

The Honorable Chester Culver  
Secretary of State  
State Capitol  
LOCAL

Dear Secretary Culver:

I hereby transmit Senate File 535, an Act relating to the funding of, operation of, and appropriation of moneys to the College Student Aid Commission, the Department of Cultural Affairs, the Department of Education, and the State Board of Regents.

While I will allow much of Senate File 535 to become law, I do so with many reservations. This bill as passed by the legislature does not fully meet the needs of the citizens of Iowa. Reductions in the College Student Aid Commission budget will impact approximately 7,000 students in all three sectors of higher education by either reducing the amount of the grants they receive or in the case of the Iowa Work Study Program, eliminating all state funding which assists 4,300 working students. The impact to the cultural community will be felt in many areas but the most significant will be in the reduced availability of grants to communities throughout Iowa. Several other education programs were either eliminated or drastically reduced. Tuition at the Community Colleges will increase and programs may be reduced as a result of the significant funding reductions. The Regents institutions will experience hiring stoppages, furloughs, layoffs, and possible program elimination's which will impact the quality of education offered at our state institutions of higher education.

If I had any assurance from legislative leaders that they would seriously address these matters in the upcoming special session, I would simply return the bill and ask it be improved substantially by the House and Senate. In the absence of such assurances, I will utilize my authority to the extent possible to minimize the problems that will be created by the bill as submitted. I do not have the flexibility within the expenditure limitation I must follow, however, to rectify many of the problems that will result from the education budget decisions taken by Republican legislators, however.

I will reluctantly sign this bill with the exceptions noted below.

I am unable to approve Section 13 in its entirety. This section requires the Community Colleges to obtain authorization from the State Board of Education prior to the sale of a radio broadcast license or station. Given the structure of local board control our Community Colleges successfully operate under, I have not been persuaded it is necessary to restrict their authority in this way at this time

I do not approve Section 14 in its entirety.

Paragraph 1 of section 14 reduces funding for the Iowa Tuition Grant. The Iowa Tuition Grant provides need-based assistance to almost 15,000 Iowa families attending independent colleges and universities. The program gives working families the opportunity to attend Iowa's fine independent colleges and universities. The proposed reduction in this program below the current year level undermines that opportunity and breaks faith with working families who depend on these annual awards, and our local independent colleges, who help distribute this needed aid to students and families all across Iowa.

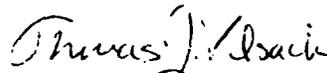

Paragraph 2 of section 14 reduces funding for the State of Iowa Scholarship. The State of Iowa Scholarship program encourages Iowa's best and brightest students to remain in the state to study at Iowa colleges and universities. We need to continue to reward their past performance and encourage them to study in Iowa, and not reduce this program

Paragraph 3 of section 14 reduces funding for the Iowa Vocational-Technical Tuition Grant. The Iowa Vocational-Technical Tuition Grant program supports almost 6,000 Iowa students at community colleges who will help meet our state's need for highly skilled workers. It is important to keep faith with families who look to vocational education as a means to prosper in Iowa, rather than reduce their grants. This is especially important in light of other cuts in community college funding elsewhere in this bill.

I am unable to approve Section 16 in its entirety. This section requires the authorization of the executive council, prior to the sale of a radio broadcast license or station owned by an institution of higher learning. I believe the Board of Regents current governance system provides adequate oversight and stewardship of the Regent radio stations. The Board has a statewide plan and written operating procedures regarding its radio stations. It also receives biennial governance reports on the radio stations as well as requires a series of approvals for any changes in its radio stations. Therefore, I am unconvinced that additional approvals are warranted.

I hereby approve Senate File 535, with the exceptions noted.

Sincerely,

Thomas Vilsack  
Governor
