Kluever of Cass offered the following amendment and moved its adoption:

Amend House File 561 by adding the following new sections:

"Sec. 2. Nothing contained in this Act shall be construed as requiring forms of coverage provided pursuant hereto, whether alone or in combination with similar coverage afforded under other automobile liability or motor vehicle liability policies, to afford limits in excess of those that would be afforded had the insured thereunder been involved in an accident with a motorist who was insured under a policy of liability insurance with the minimum limits for bodily injury or death prescribed in subsection ten (10) of section three hundred twenty-one A point one (321A.1) of the Code. Such forms of coverage may include terms, exclusions, limitations, conditions, and offsets which are designed to avoid duplication of insurance or other benefits.

"Sec. 3. For the purpose of this Act, the term 'uninsured motor vehicle' shall, subject to the terms and conditions of the coverage herein required, be deemed to include an insured motor vehicle with respect to which insolvency proceedings have been instituted against the liability insurer thereof by the insurance regulatory official of this or any other state or territory of the United States or of the District of Columbia.

"An insurer's insolvency protection shall be applicable only to accidents occurring during a policy period in which its insured's uninsured motorist coverage is in effect and only if the liability insurer of the tortfeasor is insolvent at the time of such an accident or becomes insolvent within one year after such an accident.

"Sec. 4. In the event of payment to any person under the coverage required by this Act and subject to the terms and conditions of such coverage, the insurer making such payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of such person against any person or organization legally responsible for the bodily injury for which such payment is made, including the proceeds recoverable from the assets of the insolvent insurer. The person to whom said payment is made under the insolvency protection required by this Act shall to the extent thereof, be deemed to have waived any right to proceed to enforce such a judgment against the assets of the judgment debtor who was insured by the insolvent insurer whose insolvency resulted in said payment being made, other than assets recovered or recoverable by such judgment debtor from such insolvent insurer.

"Sec. 5. This Act shall be applicable with respect to policies delivered, issued for delivery or renewed in this State with policy periods beginning on and after October 1, 1967."

Amend House File 175 by striking everything after the enacting clause and inserting in lieu thereof the following:

Section 1. Section two hundred seventy-nine point twenty-five (279.25), Code 1966, is hereby amended by inserting in line twelve (12) after the word "aided" the following:

"; and may purchase uniforms for members of the school band and other school instrumental or vocal music groups".

Sec. 2. Section two hundred eighty point twelve (280.12), Code 1966, is hereby amended by adding thereto the following:

"The board of school directors in any school district may provide by resolution that the teaching of instrumental music in addition to vocal music shall be required to be offered to students attending any public school within the district and may provide students who are members of a band and other instrumental or vocal music groups which are a part of the school activities with any uniforms deemed necessary provided that at least one-half (1/2) of the cost of said uniforms is provided from funds not raised by taxation."

VETO OF HOUSE FILE 72

The following communication was received by the Chief Clerk:

STATE OF IOWA
Office of the Governor
Des Moines
April 17, 1967

HAROLD E. HUGHES
Governor

The Honorable Maurice E. Baringer
Speaker of the House of Representatives
Sixty-second General Assembly
State Capitol
Des. Moines, Iowa

Honorable Members of the House of Representatives:

House File 72, an act relating to open hunting seasons, is hereby disapproved and returned to the House of Representatives in accordance with Article III, Section 16, Constitution of the State of Iowa.

This legislation apparently was intended to provide our State Conservation Officers with an additional enforcement tool to prevent the illegal killing of deer in Iowa. While I am in favor of effective measures to curtail the illegal shooting of our deer population, I do not feel that this bill would accomplish its intended purpose without undesirable side effects that would outweigh its merits.

The use of high-powered rifles in taking deer is illegal at all times in Iowa. There have unquestionably been a number of complaints of hunters illegally shooting deer with such weapons; but it is difficult to obtain convictions unless the hunter is apprehended in the act of killing or shooting a deer illegally. Conservation officers say that when they check hunters using high-powered rifles in the field during the deer season, the hunters usually say they are hunting fox or small game, not deer. Therefore, it is understandable that enforcement-minded persons might see merit in a bill, such as House File 72, which makes it illegal for a hunter to "have in his possession in the field during the gun season for hunting deer any shotgun with slugs or with shot larger than size number two (2), or any rifle other than a twenty-two (22) rimfire caliber, without also having a license or permit for such deer-hunting season."

However, there are three undesirable aspects of this legislation which I feel render it unacceptable. First, it would have the effect of prohibiting anyone from carrying a high-powered rifle in Iowa virtually anywhere during the deer-hunting season. Second, it would not prevent violaters from killing deer with small shot or with smaller-bore weapons of high muzzle velocity. Third, it does not take into account that some waterfowl and other hunting seasons overlap the deer season, and hunters who are legally taking other types of wildlife with weapons prohibited under House File 72 could innocently be penalized.

Therefore, I feel it would be inadvisable to permit this measure to become law.

Very truly yours,
HAROLD E. HUGHES

COMMUNICATION FROM THE GOVERNOR

STATE OF IOWA
Office of the Governor
Des Moines
April 17, 1967

HAROLD E. HUGHES
Governor

The Honorable Maurice E. Baringer
Speaker of the House of Representatives
Sixty-second General Assembly
State Capitol
Des Moines, Iowa

Dear Mr. Speaker:

Enclosed is a copy of the report I have received from the Special Committee which I appointed earlier this year to study the question of education of Amish children in Iowa. Attached to the report is a copy of a proposed bill which was unanimously recommended by the Committee as a solution to the problem.

The Committee's report is based primarily on two conclusions: "First, that there should still be a place in American life for nonconformity in educational approach based upon religious principles; and, second, that nonconformity should not be extended to include total absence of educational preparedness for a useful adult life."

As Governor of this State, I endorse the enclosed report and respectfully recommend adoption of the legislation proposed by the Committee as a workable alternative to the proposed solution which I submitted to the General Assembly last January in my Inaugural Address and Budget recommendations.

Very truly yours,
HAROLD E. HUGHES

REPORT OF SPECIAL COMMITTEE TO HONORABLE HAROLD E. HUGHES,
GOVERNOR OF THE STATE OF IOWA

The Special Committee which you appointed to address itself to the question of education of Amish children in Iowa is pleased to submit the following report.

Your committee consisting of its Chairman, Bishop Gordon V. Smith; Bishop James Thomas; Senator George O'Malley; Representative James Klein; Dr. Howard Bowen; Dr. Irwin Lubbers and A. Arthur Davis met first on March 2, 1967. At that meeting you reviewed in detail the history of the Amish educational problem and charged the committee with a search for a solution to the problem which we could recommend to all effected parties, and which would represent a proper viewpoint, compatible with the interests of the people of the State of Iowa and also with the interests of the Amish.

The committee met further on March 10, March 31, April 7 and April 13, with all members participating. In these sessions we met with Attorney William Sidlinger, who represents the Amish; Mr. Arthur Sensor, Superintendent of Schools of the Oelwein School District; Mr. Lou Mulder, President of the Oelwein School Board; Mr. Paul Johnston, State Superintendent of Public Instruction; and Mr. C. W. Antes, President, State Board of Public Instruction.

There was a free exchange of ideas and a discussion of and study of several broad alternatives including forcibly bringing the Amish under school laws, ignoring the violations, recommending legislative appropriation of money to pay for the changes needed, further negotiations among the parties, and various legislative exemptions.

Many central philosophic ideas were considered, including questions of the relationship between governmental units; the relative rights of the state vis-a-vis parents; the protection of the Amish children, both by enforcement or exemption; the merits of certification of teachers; and the merits of the educational standards act.

Essentially the committee reached two conclusions. First that there should still be a place in American life for nonconformity in educational approach based upon religious principles; second, that nonconformity should not be extended to include total absence of educational preparedness for a useful adult life. In the interests of implementing these conclusions your committee unanimously recommends that the Iowa Legislature be urged, through appropriate legislative means to adopt the proposed Bill attached to this report.

We wish to express our appreciation for the confidence you have placed in us in calling us together to consider this problem. It is our hope that the proposed action, if adopted, will stand the tests of action and reaction and will serve well the people of the State of Iowa.

Respectfully submitted for a unanimous committee,

GORDON V. SMITH, Bishop of Iowa

Chairman

Bishop JAMES THOMAS

Senator GEORGE O'MALLEY

Representative JAMES KLEIN

Dr. HOWARD BOWEN

Dr. IRWIN LUBBERS

A Concurrent Resolution petitioning the Congress of the United States to enact a Uniform Interstate Motor Truck Registration and Fee law.

WHEREAS, the several states of the United States have enacted a variety of motor vehicle taxes applying to interstate motor truck operations; and

WHEREAS, the taxes of the various states lead to inequity of application to the motor truck operators; and

WHEREAS, the administration of motor truck taxes for the various states is costly and difficult as well as controversial; and

WHEREAS, the national economy is greatly affected by the movement of goods in commerce and lack of uniformity in the various state's truck registration and taxation laws tends to restrict such movement; and

WHEREAS, a substantial percentage of interstate motor truck traffic moves on federal interstate and primary highways; Now, Therefore,

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE SIXTY-SECOND GENERAL ASSEMBLY OF THE STATE OF IOWA; THE SENATE CONCURRING:

That the Congress consider the advisability of enacting a national motor truck registration law and road use fee system for interstate motor truck operation, replacing all such registrations, licenses and fees of the individual states; said registrations, licenses and fees to be prorated to the states on the basis of miles traveled in each state or other equitable basis, reserving to the states the registration and taxing of motor trucks engaged in limited, local interstate operation, and

COMMUNICATION FROM THE GOVERNOR

STATE OF IOWA

OFFICE OF THE GOVERNOR

DES MOINES

HAROLD E. HUGHES
Governor

April 25, 1967

Honorable Members
Sixty-second General Assembly
State Capitol
Des Moines, Iowa

LIEUTENANT GOVERNOR FULTON, SPEAKER BARINGER, MEMBERS OF THE SIXTY-SECOND GENERAL ASSEMBLY:

As Chairman of the State Executive Council, I am enclosing herewith two bills which supplement my original budget request for the 62nd biennium. These bills are for the purchase and improvement of the Federal Office Building located in downtown Des Moines, known as the Valley Bank Building.

Four existing buildings on the state capitol complex have been condemned or are needed for space to consolidate existing facilities. In addition to this need, we are currently leasing in excess of 80,000 square feet of space in Des Moines. The new State Office Building presently under construction and the second new Office and Laboratory Building included in my budget will not fulfill the state's total needs.

The State Executive Council having recognized this need and voting unanimously, negotiated with the federal government for the purchase of the Valley Bank Building in the amount of \$400,000, subject to Legislative approval and acceptance by the Congress. In addition, the State Architect estimates that the renovation cost to make the building suitable for state use would be \$250,000. This and supplemental data was recently presented to the legislative leadership, and at their request, we are submitting the enclosed bills. The Executive Council has instructed the Comptroller and State Architect to submit supplemental information relating to the details of this purchase and the budgetary effect for the 62nd biennium.

If the General Assembly has any questions regarding this matter, the Executive Council and other state officials who are familiar with the details would be glad to meet with the appropriate legislative committees to answer them.

Very truly yours,

HAROLD E. HUGHES
Governor

Gannon of Jasper asked and received unanimous consent to be recorded as voting aye on House File 186.

Van Drie of Story asked and received unanimous consent to be recorded as voting aye on House File 186.

Bergman of Osceola asked and received unanimous consent to be recorded as voting aye on Senate File 379.

"1. Any corporation having income from business activity which is taxable in this state or taxable both within and without this state shall allocate and apportion its net income as provided in this division.

"2. For purposes of allocation and apportionment of income under this division, a corporation is taxable in another state if:

"a. In that state the corporation is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax.

"b. That state has jurisdiction to subject the corporation to a net income tax regardless of whether, in fact, that state does or does not.

"3. Rents and royalties from real or tangible personal property, capital gains, interest, dividends, or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in subsections four (4) through seven (7) of this section.

"4. a. Net rents and royalties from real property located in this state are allocable to this state.

"b. Net rents and royalties from tangible personal property are allocable to this state:

"(1) If and to the extent that the property is utilized in this state.

"(2) In their entirety if the corporation's commercial domicile is in this state and the corporation is not organized under the laws of or taxable in the state in which the property is utilized.

"c. The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in this state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the corporation tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payor obtained possession.

"5. a. Capital gains and losses from sales of real property located in this state are allocable to this state.

"b. Capital gains and losses from sales of tangible personal property are allocable to this state if:

"(1) The property had a situs in this state at the time of the sale.

"(2) The corporation's commercial domicile is in this state and the corporation is not taxable in the state in which the property had a situs.

"c. Capital gains and losses from sales of intangible personal property are allocable to this state if the corporation's commercial domicile is in this state.

"6. Interest and dividends are allocable to this state if the corporation's commercial domicile is in this state.

"7. a. Patent and copyright royalties are allocable to this state:

"(1) If and to the extent that the patent or copyright is utilized by the payor of such patent and copyright royalties in this state.

"(2) If and to the extent that the patent or copyright is utilized by the payor in a state in which the corporation is not taxable and the corporation's commercial domicile is in this state.

"b. A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the corporation's commercial domicile is located.

"c. A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the corporation's commercial domicile is located.

"8. All business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

"9. The property factor is a fraction, the numerator of which is the average value of the corporation's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the corporation's real and tangible personal property owned or rented and used during the tax period.

"10. Property owned by the corporation is valued at its original cost or three point seven (3.7) times the assessed value, whichever is greater. Property rented by the corporation is valued at eight (8) times the net annual rental rate. Net annual rental

rate is the annual rate paid by the corporation less any annual rental rate received by the corporation from subrentals of rented property or like or similar property.

"11. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the tax commission may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the corporation's property.

"12. The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the corporation for compensation, and the denominator of which is the total compensation paid everywhere during the tax period.

"13. Compensation is paid in this state if:

"a. The individual's service is performed entirely within the state.

"b. The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state.

"c. Some of the service is performed in the state and (1) the base of operations, or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or (2) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

"14. The sales factor is a fraction, the numerator of which is the total sales of the corporation in this state during the tax period, and the denominator of which is the total sales of the corporation everywhere during the tax period.

"15. Sales of tangible personal property are in this state if:

"a. The property is delivered or shipped to a purchaser, other than the United States government, within the state regardless of the f.o.b. point or other conditions of the sale.

a. The income-producing activity is performed in this state.

b. The income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

17. If the allocation and apportionment provisions of this division do not fairly represent the extent of the corporation's business activity in this state, the corporation may petition for or the tax commission may require, in respect to all or any part of the corporation's business activity, if reasonable:

- a. Separate accounting.
 - b. The exclusion of any one or more of the factors.
 - c. The inclusion of one or more additional factors which will fairly represent the corporation's business activity in this state.

Mr. Speaker: Your committee on enrolled bills respectfully reports that it has, on this 4th day of May, 1967, sent to the governor for his approval: House Files 30, 86, 239, 320, 321 and 537.

A. L. MENSING, Chairman

Report adopted.

EXPLANATION OF VOTE ON HOUSE FILE 178

We voted "No" on House File 178 which would prohibit parents and employers from permitting children under fourteen years of age to be engaged as migratory agricultural laborers "during the regular school hours of a free nonsectarian private or public school which is reasonably available and accessible to such child and which is operated primarily for children of migratory agricultural laborers."

The original bill as written would have accomplished the humanitarian ideals we support and seek to implement. The amendment that became the bill not only destroyed the original bill, but will give those employing migratory workers a legal right to work and exploit young children of the tender ages of 5, 6, 7, and so on up to 14 during off school hours, even though it is morally wrong to do so.

In addition, the amendment provides for a discrimination against religion which we find particularly abhorrent. Opponents of fair labor laws for migrant children, knowing of the deep interest of religious organizations in the plight of the migrant children, and seeking to thwart that interest, excluded from the bill, church operated schools.

Although some might put economic advantage above moral value, we cannot and will not. Therefore, we voted against the "killing" amendment and when it was adopted, we voted against the bill.

"Any district which is operating at a general fund per-pupil cost in excess of the state average general fund per-pupil expenditure which shall increase its per-pupil cost over the previous year by an amount greater than the dollar amount obtained by multiplying the state average general fund per-pupil expenditure by the percentage of allowable growth as computed by the state comptroller, shall have its equalization aid reduced by an amount equal to the amount by which such increase exceeds such dollar amount.

During the month of July each year the state comptroller shall total the general fund revenue from all special taxes for the next previous fiscal year of the state ending in the current calendar year and divide said total by the average daily per-pupil membership in all the public school districts of the state. The percentage by which the quotient thus obtained exceeds, if any, the quotient obtained in like manner for the preceding fiscal year shall be the percentage of allowable growth for computations under this section. In making such computations, he shall exclude all increases or decreases in the general fund revenue resulting directly from changes in the state revenue laws having an effective date during either of the two preceding fiscal years. He shall thereupon certify the state revenue growth rate to the several school districts of the state."

VETO OF SENATE FILE 40

May 5, 1967

The Honorable Robert D. Fulton
Lieutenant Governor
President of the Senate
Sixty-second General Assembly
State Capitol

Honorable Members of the Senate:

Senate File 40, the bill to require a colored photograph on each Iowa driver's license, is hereby disapproved and returned to the Senate in accordance with Article III, Section 16, Constitution of the State of Iowa.

The decision to disapprove this measure was reached only after careful weighing of the potential usefulness of the photo licenses and thorough research into the cost and administrative problems of providing them.

Prior to the time the bill reached my desk, I made known my misgivings about it so the disapproval should come as a surprise to no one.

In the first place, no provision was made by the General Assembly to defray the cost of carrying out this enactment. Presumably, therefore, the funds would have to come out of the operating budget of the Public Safety Department.

Cost estimates vary, but there is no doubt whatsoever that the cost of establishing the photo license system would be substantial.

The most informed estimate I have been able to obtain indicates that it would cost about \$1,100,000 for the first two-year period, not counting the cost of added space that would be required at driver's license examining stations.

At a time when the needs of the state for vital services are compelling and our citizens are pleading for tax relief, I simply cannot justify this expenditure out of funds urgently needed by the Public Safety program for additional Highway Patrol officers and other essential traffic safety requirements.

Proponents of this measure have stated that the photo licenses would cut down the passing of bad checks, would help prevent liquor sales to minors, and would provide more positive identification for law enforcement officers.

But professional law enforcement people with whom I have consulted consider these advantages to be limited. They state that the majority of bad checks are passed by professional criminals from out of the state who carry forged documents anyway. A laminated photo on a driver's license can still be "doctored up" and relaminated in the event that a minor wanted to purchase alcoholic beverages. Moreover, some protec-

tion is already provided by the fact that any driver who is not of age has "under 21" marked across his driver's license.

Public safety officials see some advantage to the photo licenses in law enforcement and prevention. Some of them would favor the establishment of the system if it were self-supporting. Under Senate File 40, it would not be. Since that is the case, the conclusion is that there are more vital needs for funds in public safety than for this purpose.

I do not for a moment question the high purpose of the General Assembly in enacting Senate File 40. But for the reasons stated above, I could not in good conscience approve the bill.

Very sincerely,

HAROLD E. HUGHES

EXPLANATION OF VOTE

I have voted "aye" on House File 686, with the belief that this House will pass a bill providing for a \$10,000 tax exemption on assessed valuation of personal property tax, before House File 702 is acted upon.

BOWIN of Black Hawk

EXPLANATION OF VOTE

I voted against the Fisher-Nielsen Agricultural Land Tax Credit amendment to House File 686 because I, as a farm owner, do not believe that I, nor other farm owners, are more entitled to such guaranteed property tax relief than are retired people on low fixed income in cities and towns, farm tenants, and business people. Also, I'm reminded that about fifty per cent of the farms are held by corporations and absentees.

MILLER of Page

Amend House File 702 by adding to division three (III) the following new sections and renumbering the remaining sections:

1. Chapter four hundred twenty-two (422), Code 1966, is hereby amended by adding to division four (IV) thereof the following new sections "A" to "K", inclusive:

A. For the purpose of these sections and unless otherwise required by the context:

"1. 'Person' includes any individual, firm, copartnership, joint venture, association, corporation, estate, trust, business trust, receiver, syndicate or any other group acting as a unit.

"2. 'Services' means all acts or services rendered, furnished or performed for a valuable consideration by any person engaged in any business or occupation not specifically exempted. The tax shall be due and collectible when the service is rendered, furnished, or performed for the ultimate user thereof.

"3. 'User' means the person for whom or for whose benefit the service is rendered or performed.

"4. 'Business' shall include all activities engaged in or caused to be engaged in with the object of gain, benefit, or advantage, direct or indirect.

"5. 'Taxpayer' means any person obligated to account to the state department of revenue for taxes collected, to be collected, or due under these sections.

"6. 'Tax' means the tax payable by the person procuring or for whose benefit a service is rendered or performed subject to tax; or the aggregate amount of taxes due from the person rendering, performing, or furnishing services during the period for which he is required to report his collections as the context may require.

"7. 'Value of services' means the price to the user exclusive of any direct tax imposed by the federal government or by this chapter.

"8. 'Gross taxable services' means the total amount received in money, credits, property, or other consideration value in money from services rendered or performed in this state and embraced within the provisions of these sections. However, the taxpayer may take credit in his report of gross taxable services for an amount equal to the value of services rendered or performed when the full value of services thereof is refunded either in cash or by credit. When services are made under conditional contract or under other contract or agreement, where the payment of the principal sum thereunder is extended over a period longer than sixty days from the date of the contract or agreement, only such portion of the value of services thereof shall be accounted for the purpose of imposition of the tax imposed by these sections as has actually been received in cash by the taxpayer during the period for which the tax imposed by these sections is due and payable. Taxes paid on gross taxable services represented by accounts found to be worthless and actually charged off for income tax purposes may be credited upon a subsequent payment of the tax herein, but if any such accounts are thereafter collected by the taxpayer, a tax shall be paid upon the amounts so collected."

B. It shall be unlawful for any person to engage in the business of selling, rendering, or performing services subject to taxation under these sections after July 1, 1967 without first obtaining a permit under the provisions of section four hundred twenty-two point fifty-three (422.53) of the Code. All provisions relating to the issuance of licenses as included in section four hundred twenty-two point fifty-three (422.53) of the Code shall apply to permits involving the sale, rendering, or performance of services. No person already holding a permit under the provisions of section four hundred twenty-two point fifty-three (422.53) of the Code shall be required to obtain an additional permit, but shall report the tax upon services provided for in these sections together with retail sales which are reported for taxation.

C. There is hereby levied and imposed upon services rendered or performed in this state and measured by the amounts therefor a tax in the amount of three percent, which shall be collected by the state department of revenue. All fees, taxes, interest, and penalties imposed by these sections shall be collected and disposed of as provided by section four hundred twenty-two point sixty-two (422.62) of the Code by the state department of revenue in the same manner as are taxes upon retail sales or use taxes.

"1. This tax shall be specifically imposed upon all sales of newspaper and magazine advertising and advertising over radio and television. In the case of a newspaper or magazine, the amount of the tax shall be determined through an allocation of the receipts from such advertising based upon the circulation of the publication within the state of Iowa. The tax shall also be imposed upon all receipts from advertising displayed upon billboards or other outdoor advertising. There shall be deducted from the gross receipts of such advertising any amounts paid by the taxpayer as a commission to advertising agencies through which such business is received.

"2. This tax shall be specifically imposed upon the constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property including the installing or attaching of any article of tangible personal property therein or thereto whether or not such personal property becomes a part of the realty by virtue of installation. This tax shall also be imposed upon the charges made for clearing land and the moving of earth for the purpose of construction or improving real property.

"3. This tax shall be specifically imposed upon the value of services rendered or performed by any person engaged in business of a professional, technical, or scientific nature where services are rendered or performed on a fee basis or for consideration in the nature of a retainer including but not limited to abstractors, accountants, architects, engineers, real estate brokers, shorthand reporters, lobbyists, auctioneers and any other business of a professional, technical, or scientific nature in which services are rendered or performed on a price or fee basis or for a consideration in the nature of a retainer. The services of any one licensed under chapters one hundred thirty-five B (135B), one hundred thirty-five C (135C), one hundred forty-seven (147), and six hundred ten (610) of the Code, nor the services of a minister, priest, rabbi, or a religious organization shall not be subject to the tax imposed by these sections, but anything sold by them except in connection with the services performed shall be subject to the tax provided.

"4. This tax shall be specifically imposed upon intrastate services rendered by transportation agencies including railroads, truck lines, air lines, bus lines, and commercial haulers. These sections shall also apply to that portion of services of this character rendered during the course of interstate business which may be allocated upon the basis of the receipts derived from sale of such services upon that portion of the transportation performed within the state of Iowa. However, all delivery services performed for retail stores shall be exempt from the tax and other provisions of these sections.

D. Persons rendering, performing, or selling services shall as far as practicable add the tax imposed under these sections or the average equivalent thereof to the value of services or charges showing such tax as a separate and distinct item and when added such tax shall constitute a part of the value of service or charge. The tax shall be a debt from the user to the person rendering or performing service until paid and shall be recoverable at law in the same manner as other debts. However, persons engaged in a business of a professional, technical, or scientific nature subject to taxation under these sections may, if they so desire, make service return upon the gross proceeds received by them and are not required to include the tax in their billings to clients.

E. It shall be unlawful for any person rendering or performing service to advertise or hold out or state to the public or to any user, directly or indirectly, that the tax or any part thereof imposed by these sections will be assumed or absorbed by him or that it will not be added to the value of service rendered, or if added that it or any part thereof will be refunded.

F. To provide uniform methods of adding the tax or the average equivalent thereof to the value of service, it shall be the duty of the state department of revenue to formulate and promulgate appropriate rules and regulations to effectuate the purposes of these sections.

G. The service tax imposed under the provisions of these sections shall include a payment of sales or use tax, as the case may be, as a portion of the service tax. HOUSE CONCURRENT RESOLUTION 18

By: Gannon and Maloney

WHEREAS, a United States Department of Agriculture study shows that more than one out of every ten cattle fed in the United States is now fed by a packer or interest associated with a packer; and

WHEREAS, these increasing numbers of cattle fed are marketed in such a way as to undermine our free market system and have ten times the adverse effect upon the market that additional cattle marketed by individuals would have; and

WHEREAS, HR 5105, a bill by The Honorable Neal Smith, United States Representative of Iowa, now pending in Congress would give packers room to operate efficiently while at the same time reduce their ability to destroy the free market pricing system and the bargaining power of Iowa and other livestock producers; and

WHEREAS, it is vitally necessary and in the national public interest and the interest of the agricultural economy of the United States that the livestock-producing and marketing system be protected against the adverse effects of such market manipulation before vertical integration of the livestock industry has caused any further adverse effects;
NOW THEREFORE

BE IT RESOLVED BY THE HOUSE, THE SENATE CONCURRING; That the General Assembly of the State of Iowa hereby respectfully petitions and urges the Congress of the United States to promptly consider and enact HR 5105 into law; and

BE IT FURTHER RESOLVED; That the Chief Clerk of the House be instructed to forward copies of this resolution to the members of the United States Senate and House of Representatives Committees on Agriculture and to the members of the Iowa delegation serving in the Senate and House of Representatives of the United States Congress.

Such notice shall be by ordinary mail sent to the last known address of each receipt holder.

Whenever the commission shall receive notice from a surety that it has cancelled the bond of a warehouseman, the commission shall automatically suspend the warehouse license if a new bond is not received by the commission within thirty days of receipt of the notice of cancellation. The commission shall cause an inspection of the licensed warehouse immediately at the end of such thirty-day period. If a new bond is not received within sixty days of receipt of the notice of cancellation the commission shall revoke the warehouse license. “Notwithstanding any of the above provisions of this section, a written agreement may be made at the time of the delivery of any bulk grain to the warehouseman that payment will be deferred to a future date. Such agreement shall be subject to the approval of the commission and shall contain a statement therein informing the seller that the warehouseman is not required to carry insurance or bond on such grain for the benefit of the seller and that the payment for such grain becomes a common claim against the warehouseman.

Such agreement must be signed by both parties and executed in triplicate. One copy shall be retained by the warehouseman, one copy shall be delivered to the seller and one copy shall be forwarded to the commission within five days from execution of such agreement.”

Hicklin of Louisa offered the following amendment filed by him and moved its adoption:

Amend House File 651 by striking everything after the enacting clause and inserting in lieu thereof the following:

"Section 1. Section four hundred fifty-five point sixty-one (455.61), Code 1966, is hereby repealed and the following enacted in lieu thereof:

"Such taxes when collected shall be kept in a separate fund known as the county drainage or levee fund and shall be paid out only for purposes properly connected with and growing out of the county drainage and levee districts on order of the board. The auditor shall continue to keep a record of each of the drainage and levee district's funds so as to accurately reflect the financial condition of each such district account. The treasurer, on order of the board of supervisors, shall invest such funds not immediately needed for current operating expenses in United States Government bonds, in time certificates of deposit, in savings accounts in such banks as the board shall approve, in the interest bearing obligations of the drainage and levee districts of the county, or as provided by Chapter four hundred fifty-three (453) of the Code. Interest collected by the treasurer on the funds so invested shall be deposited in the county drainage or levee fund, and on January 1, of each year the auditor shall apportion and credit such interest to each drainage or levee district account in the proportion which the average credit balance of each district bears to the average balance of the county drainage or levee fund. The averages to be ascertained shall be the averages of the balances existing on the first of each month during the calendar year immediately preceding. Interest and penalties collected on drainage or levee district taxes shall be credited to the district for which the taxes are being collected. This section shall not be construed so as to permit expenditures in behalf of any district in excess of its share of the county drainage or levee fund. The provisions of this section shall not apply to drainage and levee districts under trustee management unless the trustees consent thereto, and in the absence of such consent section four hundred sixty-two point twenty-nine (462.29) shall apply."

AL MEACHAM, Secretary

SENATE CONCURRENT RESOLUTION 43

By: Benda, Lodwick, Flatt, Briles, Cassidy, Lange and Kibbie

WHEREAS, United States Department of Defense statistics for fiscal year 1966 reveal that 873 of the 4,873 servicemen killed in Vietnam fighting for freedom were interred in national cemeteries; and

WHEREAS, many more of the servicemen who have lost their lives would probably also have been buried in a national cemetery had there been space available near the home of the next of kin; and

WHEREAS, there are those in governmental authority who are against expanding the national cemetery system or providing additional space in those national cemeteries already existing; and

WHEREAS, the burial allowances of the Veterans Administration and those allowances provided under Federal Social Security are far too meager in many instances to provide for the last rites of many veterans and servicemen; and

WHEREAS, world unrest is again exposing and committing large numbers of persons to military service and battle; and

WHEREAS, this is not a proper time for limiting or closing the national cemetery system to those presently serving or expecting to serve in the uniform of our country;
NOW THEREFORE

BE IT RESOLVED BY THE SENATE, THE HOUSE CONCURRING, that the Congress of the United States is hereby urged to take such action as is necessary to direct the Department of Defense, the Bureau of the Budget, and other appropriate governmental agencies to establish and maintain an adequate and permanent national cemetery system to provide burial space for all United States military servicemen or women so entitled and who wish to be so interred; and

BE IT FURTHER RESOLVED that the Secretary of the Senate forward copies of this resolution to the Honorable Lyndon B. Johnson, President of the United States, the Honorable Robert S. McNamara, United States Secretary of Defense, the President of the United States Senate, the Speaker of the United States House of Representatives, and to each member of the Iowa delegation serving in the United States Congress.

COMMITTEE OF THE WHOLE

(Minutes of the Committee of the Whole)

Millen of Van Buren moved that the House resolve itself into a committee of the whole for the purpose of further considering the provisions of House File 702 and that Baringer of Fayette preside as chairman of the committee.

The motion prevailed.

Miller of Page offered the following amendment filed by him:

Amend House File 702 by adding to division three (III) the following new sections and renumbering the remaining sections:

1. Chapter four hundred twenty-two (422), Code 1966, is hereby amended by adding to division four (IV) thereof the following new sections "A" to "K" inclusive:

A. For the purpose of these sections and unless otherwise required by the context:

"1. 'Person' includes any individual, firm, copartnership, joint venture, association, corporation, estate, trust, business trust, receiver, syndicate or any other group acting as a unit.

"2. 'Services' means all acts or services rendered, furnished or performed for a valuable consideration by any person engaged in any business or occupation not specifically exempted. The tax shall be due and collectible when the service is rendered, furnished, or performed for the ultimate user thereof.

"3. 'User' means the person for whom or for whose benefit the service is rendered or performed.

"4. 'Business' shall include all activities engaged in or caused to be engaged in with the object of gain, benefit, or advantage, direct or indirect.

"5. 'Taxpayer' means any person obligated to account to the state department of revenue for taxes collected, to be collected, or due under these sections.

"6. 'Tax' means the tax payable by the person procuring or for whose benefit a service is rendered or performed subject to tax; or the aggregate amount of taxes due from the person rendering, performing, or furnishing services during the period for which he is required to report his collections as the context may require.

"7. 'Value of services' means the price to the user exclusive of any direct tax imposed by the federal government or by this chapter.

"8. 'Gross taxable services' means the total amount received in money, credits, property, or other consideration value in money from services rendered or performed in this state and embraced within the provisions of these sections. However, the taxpayer may take credit in his report of gross taxable services for an amount equal to the value of services rendered or performed when the full value of services thereof is refunded either in cash or by credit. When services are made under conditional contract or under other contract or agreement, where the payment of the principal sum thereunder is extended over a period longer than sixty days from the date of the contract or agreement, only such portion of the value of services thereof shall be accounted for the purpose of imposition of the tax imposed by these sections as has actually been received in cash by the taxpayer during the period for which the tax imposed by these sections is due and payable. Taxes paid on gross taxable services represented by accounts found to be worthless and actually charged off for income tax purposes may be credited upon a subsequent payment of the tax herein, but if any such accounts are thereafter collected by the taxpayer, a tax shall be paid upon the amounts so collected."

B. It shall be unlawful for any person to engage in the business of selling, rendering, or performing services subject to taxation under these sections after July 1, 1967 without first obtaining a permit under the provisions of section four hundred twenty-two point fifty-three (422.53) of the Code. All provisions relating to the issuance of licenses as included in section four hundred twenty-two point fifty-three (422.53)

of the Code shall apply to permits involving the sale, rendering, or performance of services. No person already holding a permit under the provisions of section four hundred twenty-two point fifty-three (422.53) of the Code shall be required to obtain an additional permit, but shall report the tax upon services provided for in these sections together with retail sales which are reported for taxation.

C. There is hereby levied and imposed upon services rendered or performed in this state and measured by the amounts therefor a tax in the amount of three percent, which shall be collected by the state department of revenue. All fees, taxes, interest, and penalties imposed by these sections shall be collected and disposed of as provided by section four hundred twenty-two point sixty-two (422.62) of the Code by the state department of revenue in the same manner as are taxes upon retail sales or use taxes.

"1. This tax shall be specifically imposed upon all sales of newspaper and magazine advertising and advertising over radio and television. In the case of a newspaper or magazine, the amount of the tax shall be determined through an allocation of the receipts from such advertising based upon the circulation of the publication within the state of Iowa. The tax shall also be imposed upon all receipts from advertising displayed upon billboards or other outdoor advertising. There shall be deducted from the gross receipts of such advertising any amounts paid by the taxpayer as a commission to advertising agencies through which such business is received.

"2. This tax shall be specifically imposed upon the constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property including the installing or attaching of any article of tangible personal property therein or thereto whether or not such personal property becomes a part of the realty by virtue of installation. This tax shall also be imposed upon the charges made for clearing land and the moving of earth for the purpose of construction or improving real property.

"3. This tax shall be specifically imposed upon the value of services rendered or performed by any person engaged in business of a professional, technical, or scientific nature where services are rendered or performed on a fee basis or for consideration in the nature of a retainer including but not limited to abstractors, accountants, architects, engineers, real estate brokers, shorthand reporters, lobbyists, auctioneers and any other business of a professional, technical, or scientific nature in which services are rendered or performed on a price or fee basis or for a consideration in the nature of a retainer. The services of any one licensed under chapters one hundred thirty-five B (135B), one hundred thirty-five C (135C), one hundred forty-seven (147), and six hundred ten(610) of the Code, nor the services of a minister, priest, rabbi, or a religious organization shall not be subject to the tax imposed by these sections, but anything sold by them except in connection with the services performed shall be subject to the tax provided.

"4. This tax shall be specifically imposed upon intrastate services rendered by transportation agencies, including railroads, truck lines, air lines, bus lines, and commercial haulers. These sections shall also apply to that portion of services of this character rendered during the course of interstate business which may be allocated upon the basis of the receipts derived from sale of such services upon that portion of the transportation performed within the state of Iowa. However, all delivery services performed for retail stores shall be exempt from the tax and other provisions of these sections.

D. Persons rendering, performing, or selling services shall as far as practicable add the tax imposed under these sections or the average equivalent thereof the value of services or charges showing such tax as a separate and distinct item and when added such tax shall constitute a part of the value of service or charge. The tax shall be a debt from the user to the person rendering or performing service until paid and

shall be recoverable at law in the same manner as other debts. However, persons engaged in a business of a professional, technical, or scientific nature subject to taxation under these sections may, if they so desire, make service return upon the gross proceeds received by them and are not required to include the tax in their billings to clients.

E. It shall be unlawful for any person rendering or performing service to advertise or hold out or state to the public or to any user, directly or indirectly, that the tax or any part thereof imposed by these sections will be assumed or absorbed by him or that it will not be added to the value of service rendered, or if added that it or any part thereof will be refunded.

F. To provide uniform methods of adding the tax or the average equivalent thereof to the value of service, it shall be the duty of the state department of revenue to formulate and promulgate appropriate rules and regulations to effectuate the purposes of these sections.

G. The service tax imposed under the provisions of these sections shall include a payment of sales or use tax, as the case may be, as a portion of the service tax. The state department of revenue shall provide uniform forms for the return required, and such forms shall also provide for the return of any sales or use tax paid upon materials or supplies involved in such service. No tax shall be imposed by these sections upon any service otherwise subject to taxation under the sales or use tax laws, and all exemptions from taxation under the sales and use tax law shall apply to the sales of services taxable under these sections. The tax imposed by these sections shall be in addition to all licenses and taxes imposed by law except as otherwise provided.

H. All services rendered to the state of Iowa or any of the tax-levying political subdivisions thereof shall be exempt from taxation under the provisions of these sections.

I. In computing the tax imposed by these sections, there may be deducted from the measure of tax the following:

Amounts derived as compensation for services rendered to patients by a hospital or other institution devoted to the care of human beings with respect to the prevention or treatment of disease, sickness, or suffering if such hospital or institution is operated by the United States or any of its instrumentalities or by the state or any of its political subdivisions.

J. The provisions of divisions four (IV) and five (V) of chapter four hundred twenty-two (422) of the Code relating to retail sales tax and administration thereof shall apply to the collection of the tax imposed by these sections insofar as practicable.

K. The provisions of chapter four hundred twenty-three (423) of the Code shall apply to the collection and administration of the tax imposed by these sections insofar as they are applicable.

2. Section four hundred twenty-three point two (423.2), Code 1966, is hereby amended by adding thereto the following:

"An excise tax is hereby imposed on the use in this state of personal services purchased or rendered on and after July 1, 1967 at the rate of three percent of the purchase price of such services. Such tax is hereby imposed upon every person using such services within the state until such tax has been paid directly to the person rendering such services or to the state department of revenue. The items subject to use tax on services shall be the same as those subject to a sales tax upon services as enumerated in chapter four hundred twenty-two (422) of the Code as amended, but the use tax shall

only apply in such cases where the services rendered are by nonresidents who do not maintain a permanent place of business within the state."

1. Chapter four hundred twenty-two (422), Code 1966, is hereby amended by adding to division four (IV) thereof the following new sections "A" to "J", inclusive:

A. For the purpose of these sections and unless otherwise required by the context:

"1. 'Person' includes any individual, firm, copartnership, joint venture, association, corporation, estate, trust, business trust, receiver, syndicate or any other group acting as a unit.

"2. 'Services' means all acts or services rendered, furnished or performed for a valuable consideration by any person engaged in any business or occupation specifically enumerated. The tax shall be due and collectible when the service is rendered, furnished, or performed for the ultimate user thereof.

"3. 'User' means the person for whom or for whose benefit the service is rendered or performed.

"4. 'Business' shall include all activities engaged in or caused to be engaged in with the object of gain, benefit, or advantage, direct or indirect.

"5. 'Taxpayer' means any person obligated to account to the state department of revenue for taxes collected, to be collected, or due under these sections.

"6. 'Tax' means the tax payable by the person procuring or for whose benefit a service is rendered or performed subject to tax; or the aggregate amount of taxes due from the person rendering, performing, or furnishing services during the period for which he is required to report his collections as the context may require.

"7. 'Value of services' means the price to the user exclusive of any direct tax imposed by the federal government or by this chapter.

"8. 'Gross taxable services' means the total amount received in money, credits, property, or other consideration value in money from services rendered or performed in this state and embraced within the provisions of these sections. However, the taxpayer may take credit in his report of gross taxable services for an amount equal to the value of services rendered or performed when the full value of services thereof is refunded either in cash or by credit. When services are made under conditional contract or under other contract or agreement, where the payment of the principal sum thereunder is extended over a period longer than sixty days from the date of the contract or agreement, only such portion of the value of services thereof shall be accounted for the purpose of imposition of the tax imposed by these sections as has actually been received in cash by the taxpayer during the period for which the tax imposed by these sections is due and payable. Taxes paid on gross taxable services represented by accounts found to be worthless and actually charged off for income tax purposes may be credited upon a subsequent payment of the tax herein, but if any such accounts are thereafter collected by the taxpayer, a tax shall be paid upon the amounts so collected."

B. It shall be unlawful for any person to engage in the business of selling, rendering, or performing services subject to taxation under these sections after July 1, 1967 without first obtaining a permit under the provisions of section four hundred twenty-two point fifty-three (422.53) of the Code. All provisions relating to the issuance of licenses as included in section four hundred twenty-two point fifty-three (422.53) of the Code shall apply to permits involving the sale, rendering, or performance of services. No person already holding a permit under the provisions of section four hundred twenty-two point fifty-three (422.53) of the Code shall be required to obtain an additional permit, but shall report the tax upon services provided for in these sections together with retail sales which are reported for taxation.

C. There is hereby levied and imposed upon specifically enumerated services rendered or performed in this state and measured by the amounts therefor a tax in the amount of three percent, which shall be collected by the state department of revenue. All fees, taxes, interest, and penalties imposed by these sections shall be collected as provided by section four hundred twenty-two point sixty-two (422.62) of the Code by the state department of revenue and placed in the general fund of the state.

This tax shall be specifically imposed on services rendered by laundries and dry cleaners; automobile repairs and services; machinery repairs of all kinds; farm implement repairs; repairs to household appliances and equipment including television and radio repairs.

D. Persons rendering, performing, or selling services taxable hereunder shall as far as practicable add the tax imposed under these sections or the average equivalent thereof the value of services or charges showing such tax as a separate and distinct

item and when added such tax shall constitute a part of the value of service or charge. The tax shall be a debt from the user to the person rendering or performing service until paid and shall be recoverable at law in the same manner as other debts.

E. It shall be unlawful for any person rendering or performing service to advertise or hold out or state to the public or to any user, directly or indirectly, that the tax or any part thereof imposed by these sections will be assumed or absorbed by him or that it will not be added to the value of service rendered, or if added that it or any part thereof will be refunded.

F. To provide uniform methods of adding the tax or the average equivalent thereof to the value of service, it shall be the duty of the state department of revenue to formulate and promulgate appropriate rules and regulations to effectuate the purposes of these sections.

G. The service tax imposed under the provisions of these sections shall include a payment of sales or use tax, as the case may be, as a portion of the service tax. The state department of revenue shall provide uniform forms for the return required, and such forms shall also provide for the return of any sales or use tax paid upon materials or supplies involved in such service. No tax shall be imposed by these sections upon any service otherwise subject to taxation under the sales or use tax laws, and all exemptions from taxation under the sales and use tax laws shall apply to the sales of services taxable under these sections. The tax imposed by these sections shall be in addition to all licenses and taxes imposed by law except as otherwise provided.

H. All services rendered to the state of Iowa or any of the tax-levying political subdivisions thereof shall be exempt from taxation under the provisions of these sections.

I. The provisions of divisions four (IV) and five (V) of chapter four hundred twenty-two (422) of the Code relating to retail sales tax and administration thereof shall apply to the collection of the tax imposed by these sections insofar as practicable.

J. The provisions of chapter four hundred twenty-three (423) of the Code shall apply to the collection and administration of the tax imposed by these sections insofar as they are applicable.

2. Section four hundred twenty-three point two (423.2), Code 1966, is hereby amended by adding thereto the following:

"An excise tax is hereby imposed on the use in this state of personal services purchased or rendered on and after July 1, 1967 at the rate of three percent of the purchase price of such services. Such tax is hereby imposed upon every person using such services within the state until such tax has been paid directly to the person rendering such services or to the state department of revenue. The items subject to use tax on services shall be the same as those subject to a service tax upon services as enumerated in chapter four hundred twenty-two (422) of the Code as amended, but the use tax shall only apply in such cases where the services rendered are by nonresidents who do not maintain a permanent place of business within the state. The revenue hereunder shall be placed in the general fund of the state.

Amend House File 702 by adding to division three (III) the following new sections and renumbering the remaining sections:

1. Chapter four hundred twenty-two (422), Code 1966, is hereby amended by adding to division four (IV) thereof the following new sections "A" to "J", inclusive:

A. For the purpose of these sections and unless otherwise required by the context:

"1. 'Person' includes any individual, firm, copartnership, joint venture, association, corporation, estate, trust, business trust, receiver, syndicate or any other group acting as a unit.

"2. 'Services' means all acts or services rendered, furnished or performed for a valuable consideration by any person engaged in any business or occupation specifically enumerated. The tax shall be due and collectible when the service is rendered, furnished, or performed for the ultimate user thereof.

"3. 'User' means the person for whom or for whose benefit the service is rendered or performed.

"4. 'Business' shall include all activities engaged in or caused to be engaged in with the object of gain, benefit, or advantage, direct or indirect.

"5. 'Taxpayer' means any person obligated to account to the state department of revenue for taxes collected, to be collected, or due under these sections.

"6. 'Tax' means the tax payable by the person procuring or for whose benefit a service is rendered or performed subject to tax; or the aggregate amount of taxes due from the person rendering, performing, or furnishing services during the period for which he is required to report his collections as the context may require.

"7. 'Value of services' means the price to the user exclusive of any direct tax imposed by the federal government or by this chapter.

"8. 'Gross taxable services' means the total amount received in money, credits, property, or other consideration value in money from services rendered or performed in this state and embraced within the provisions of these sections. However, the taxpayer may take credit in his report of gross taxable services for an amount equal to the value of services rendered or performed when the full value of services thereof is refunded either in cash or by credit. When services are made under conditional contract or under other contract or agreement, where the payment of the principal sum thereunder is extended over a period longer than sixty days from the date of the contract or agreement, only such portion of the value of services thereof shall be accounted for the purpose of imposition of the tax imposed by these sections as has actually been received in cash by the taxpayer during the period for which the tax imposed by these sections is due and payable. Taxes paid on gross taxable services represented by accounts found to be worthless and actually charged off for income tax purposes may be credited upon a subsequent payment of the tax herein, but if any such accounts are thereafter collected by the taxpayer, a tax shall be paid upon the amounts so collected."

B. It shall be unlawful for any person to engage in the business of selling, rendering, or performing services subject to taxation under these sections after July 1, 1967 without first obtaining a permit under the provisions of section four hundred twenty-two point fifty-three (422.53) of the Code. All provisions relating to the issuance of licenses as included in section four hundred twenty-two point fifty-three (422.53) of the Code shall apply to permits involving the sale, rendering, or performance of services. No person already holding a permit under the provisions of section four hundred twenty-two

point fifty-three (422.53) of the Code shall be required to obtain an additional permit, but shall report the tax upon services provided for in these sections together with retail sales which are reported for taxation.

C. There is hereby levied and imposed upon specifically enumerated services rendered or performed in this state and measured by the amounts therefor a tax in the amount of three percent, which shall be collected by the state department of revenue. All fees, taxes, interest, and penalties imposed by these sections shall be collected as provided by section four hundred twenty-two point sixty-two (422.62) of the Code by the state department of revenue and placed in the general fund of the state.

This tax shall be specifically imposed on services rendered by laundries and dry cleaners; automobile repairs and services; machinery repairs of all kinds; farm implement repairs; repairs to household appliances and equipment including television and radio repairs.

D. Persons rendering, performing, or selling services taxable hereunder shall as far as practicable add the tax imposed under these sections or the average equivalent thereof the value of services or charges showing such tax as a separate and distinct item and when added such tax shall constitute a part of the value of service or charge. The tax shall be a debt from the user to the person rendering or performing service until paid and shall be recoverable at law in the same manner as other debts.

E. It shall be unlawful for any person rendering or performing service to advertise or hold out or state to the public or to any user, directly or indirectly, that the tax or any part thereof imposed by these sections will be assumed or absorbed by him or that it will not be added to the value of service rendered, or if added that it or any part thereof will be refunded.

F. To provide uniform methods of adding the tax or the average equivalent thereof to the value of service, it shall be the duty of the state department of revenue to formulate and promulgate appropriate rules and regulations to effectuate the purposes of these sections.

G. The service tax imposed under the provisions of these sections shall include a payment of sales or use tax, as the case may be, as a portion of the service tax. The state department of revenue shall provide uniform forms for the return required, and such forms shall also provide for the return of any sales or use tax paid upon materials or supplies involved in such service. No tax shall be imposed by these sections upon any service otherwise subject to taxation under the sales or use tax laws, and all exemptions from taxation under the sales and use tax laws shall apply to the sales of services taxable under these sections. The tax imposed by these sections shall be in addition to all licenses and taxes imposed by law except as otherwise provided.

H. All services rendered to the state of Iowa or any of the tax-levying political subdivisions thereof shall be exempt from taxation under the provisions of these sections.

I. The provisions of divisions four (IV) and five (V) of chapter four hundred twenty-two (422) of the Code relating to retail sales tax and administration thereof shall apply to the collection of the tax imposed by these sections insofar as practicable.

J. The provisions of chapter four hundred twenty-three (423) of the Code shall apply to the collection and administration of the tax imposed by these sections insofar as they are applicable.

2. Section four hundred twenty-three point two (423.2), Code 1966, is hereby amended by adding thereto the following:

"An excise tax is hereby imposed on the use in this state of personal services purchased or rendered on and after July 1, 1967 at the rate of three percent of the purchase price of such services. Such tax is hereby imposed upon every person using such services within the state until such tax has been paid directly to the person rendering such services or to the state department of revenue. The items subject to use tax on services shall be the same as those subject to a service tax upon services as enumerated in chapter four hundred twenty-two (422) of the Code as amended, but the use tax shall only apply in such cases where the services rendered are by nonresidents who do not maintain a permanent place of business within the state. B. It shall be unlawful for any person to engage in the business of selling, rendering, or performing services subject to taxation under these sections after July 1, 1967 without first obtaining a permit under the provisions of section four hundred twenty-two point fifty-three (422.53) of the Code. The tax shall be a debt from the user to the person rendering or performing service until paid and shall be recoverable at law in the same manner as other debts.

E. It shall be unlawful for any person rendering or performing service to advertise or hold out or state to the public or to any user, directly or indirectly, that the tax or any part thereof imposed by these sections will be assumed or absorbed by him or that it will not be added to the value of service rendered, or if added that it or any part thereof will be refunded.

F. To provide uniform methods of adding the tax or the average equivalent thereof to the value of service, it shall be the duty of the state department of revenue to formulate and promulgate appropriate rules and regulations to effectuate the purposes of these sections.

G. The service tax imposed under the provisions of these sections shall include a payment of sales or use tax, as the case may be, as a portion of the service tax. The state department of revenue shall provide uniform forms for the return required, and such forms shall also provide for the return of any sales or use tax paid upon materials or supplies involved in such service. I. The provisions of divisions four (IV) and five (V) of chapter four hundred twenty-two (422) of the Code relating to retail sales tax and administration thereof shall apply to the collection of the tax imposed by these sections insofar as practicable.

J. The provisions of chapter four hundred twenty-three (423) of the Code shall apply to the collection and administration of the tax imposed by these sections insofar as they are applicable.

(9) Section four hundred twenty-three point two (423.2), Code 1966, is hereby amended by adding thereto the following:

Such tax is hereby imposed upon every person using such services within the state until such tax has been paid directly to the person rendering such services or to the state department of revenue. The items subject to use tax on services shall be the same as those subject to a service tax upon services as enumerated in chapter four hundred twenty-two (422) of the Code as amended, but the use tax shall only apply in such cases where the services rendered are by nonresidents who do not maintain a permanent place of business within the state. POINT OF PERSONAL PRIVILEGE

Washington 7, D.C.

May 10, 1967.

Hon. Laurence Allen
State Representative
House of Representatives
State of Iowa
Des Moines, Iowa 50319

My dear Representative:

I was deeply touched by your letter of May 2. In response to your request, it is my privilege to enclose a greeting to the Iowa General Assembly to be presented May 17 in connection with its recognition of Norway's Constitution Day.

Sincerely,
ARNE GUNNENG
Ambassador of Norway

A Greeting to the Iowa General Assembly May 17 in Recognition of Norway's Constitution Day.

As Norway's Ambassador to the United States, I am happy to send my most cordial greetings to the Iowa General Assembly May 17 in recognition of our Constitution Day.

Our Fundamental Law was written by the Constituent Assembly that met at Eidsvold in 1814. Their signing of the Constitution marked the end of four hundred years of dependence and the beginning of a new era of national rebirth that reached its climax in 1905 when Norway once again became a fully independent and sovereign nation. Through all the years that preceded this momentous event in our history, Norwegians rallied on the 17th of May to demonstrate their support for the Constitution of 1814.

The 17th of May is still very meaningful to the people of Norway. You can see it in the glowing faces of the nation's school children as they march in Constitution Day parades, singing and waving Norway's red-white-and-blue cross flag.

It is interesting to note that, in drafting the Constitution, the members of the Constituent Assembly of 1814 studied Norway's ancient laws as well as contemporary charters of freedom. A chief inspiration was the United States Declaration of Independence, especially the principles that it laid down for the protection of individual freedom. That is but one of the many bonds between Norway and the United States. Friendship between our two peoples has also been forged by the nearly one million Norwegian immigrants and their descendants.

The Iowa General Assembly's recognition of our Constitution Day will help to cement the friendship between Norway and the United States, and for that I wish to extend my heartfelt thanks.

ARNE GUNNENG
Ambassador of Norway

Mr. Speaker: Your committee on state government affairs, to whom was referred House File 97, a bill for an act relating to contests of elections, begs leave to report it has had the same under consideration and has instructed me to report the same back to the House with the recommendation that the same be amended as follows, and when so amended the bill do pass.

Amend House File 97 by striking all after the enacting clause and by inserting in lieu thereof the following:

Section 1. The election of any person to the office of United States senator or United States representative may be contested and a recount or recanvass secured by any person eligible to such office who received an average of at least one (1) vote per precinct involved for such office.

Sec. 2. The grounds for such contest may include:

1. Misconduct, fraud, or corruption on the part of judges of election in any precinct, or of any board of canvassers, or any member of either, sufficient to change the results.
2. That the incumbent was not eligible to the office at the time of election.
3. That the incumbent has been duly convicted of a felony before the election and the judgment has not been reversed, annulled, or set aside, or the incumbent pardoned at the time of election.
4. That the incumbent has given or offered to any elector, or any judge, clerk, or canvasser of the election, any bribe or reward in money, property, or thing of value, for the purpose of procuring his election.
5. That illegal votes have been received or legal votes rejected at the polls, sufficient to change the result.

6. Any error in any board of canvassers in counting the votes, or in declaring the result of the election, if the error would affect the result.

7. Any other cause which shows that another person was the person duly elected.

Sec. 3. The contestant shall file with the secretary of state a written notice of his intention to contest the election. The notice shall be filed within thirty (30) days after a general or special election or within fifteen (15) days after the result of such election has been determined by the office or board of canvassers authorized by law to determine such result, whichever first occurs. The secretary of state shall upon receipt of the notice immediately notify the incumbent that such notice has been filed.

Sec. 4. If the contestant is a candidate for the United States senate, he shall deposit the sum of ten thousand (10,000) dollars or such letter of credit from a bank doing business in the state of Iowa or such bond as the secretary of state deems will assure that the sum of ten thousand (10,000) dollars will be immediately available upon demand by the secretary of state.

Sec. 5. If the contestant is a candidate for United States house of representatives, he shall deposit the sum of five thousand (5,000) dollars or such letter of credit from a bank doing business in the state of Iowa or such bond as the secretary of state deems will assure that the sum of five thousand (5,000) dollars will be immediately available upon demand by the secretary of state.

Sec. 6. No certificate of election shall be delivered prior to the expiration of the period of time during which a contest of election may be filed. If a notice of a contest of election has been filed, the certificate shall be withheld until the determination of the contest.

Sec. 7. A contest board consisting of the secretary of state, one (1) person designated by the contestant, and one (1) person designated by the incumbent shall conduct a recount in each precinct, county, or voting district in which a recount is requested by either the contestant or incumbent. The contest board shall conduct such recount at the earliest date practicable after appointment. Both the contestant and incumbent shall have a right to have one (1) observer at each location where a recount or recanvass is conducted. No person shall be allowed to observe or record the result of the balloting for any office other than the one being contested under this Act unless the consent of all candidates for such other office has been given in writing.

Sec. 8. The contest board may hold public hearings; require by subpoena or otherwise the attendance of witnesses and the production of correspondence, books, papers, election returns, ballots, and other documents; administer oaths; and take such testimony as is reasonably necessary to conduct a recanvass or recount. Disobedience to such process may be treated as a contempt. Depositions may be taken in the same manner and under the same rules as in an action at law in a district court, but no cause for taking the same need be shown.

Sec. 9. The contest board shall establish procedures for conducting a recount that will insure a prompt determination of the true result of the election but will not alter records which may be necessary to determine the result of an election contest for some other office at a later date.

Sec. 10. The contest board shall determine which candidate is entitled to hold the office. The secretary of state shall deliver the certificate of election six (6) days after the determination of the board unless an appeal has been filed. If an appeal has been filed, the certificate shall not be delivered until a final determination of the election has been made.

Sec. 11. The contest board shall order paid from the deposit required by sections four (4) and five (5) of this Act such sum as the state comptroller determines is necessary to pay the expenses incurred in conducting the contest and shall refund to the contestant the remainder of his deposit. The contestant shall not be liable for more than the amount of the deposit. The contestant shall not be liable for such expenses, and his deposit shall be returned, if the contest board finds that the result of the election has been changed or if errors had been made which average more than one (1) vote per precinct.

Sec. 12. Proceedings under this Act shall be subject to the orders and direction of the Iowa supreme court for the purpose of determining whether the contest board has complied with the law and properly determined what ballots, parts of ballots, or marks for candidates on ballots are valid, to which candidate the votes should be attributed, and whether the true result of the election has been determined. Any appeal to such court shall be filed with the clerk of the supreme court within five (5) days following the determination of the contest board. The court shall enter such orders as are proper for further proceedings by the contest board or it may enter judgment setting aside, modifying, or affirming the decision of the contest board.

Sec. 13. Upon request by the United States house of representatives or the United States senate, the secretary of state shall furnish the records of the contest including all ballots, registers and other election materials and papers requested pertaining to the election contest.

EXPLANATION

At the present time only two states -- Iowa and Texas -- fail to provide for contests of election for the United States Senate or House of Representatives. This bill provides a method by which these contests may be held. The person requesting the election contest, recount or recanvass of votes, would be required to post a bond to cover the expenses involved. The bond would be returned if the election result is changed or if the voting mistakes exceed an average of one vote per precinct. The bill also provides for appeal to the Iowa Supreme Court.

Amend House File 604 by striking all after the enacting clause and by inserting in lieu thereof the following:

"Section 1. Each taxpayer of the state shall receive full credit against the tax on all personal property owned by him unless the assessed value of the personal property owned by the taxpayer exceeds twenty-five hundred (2,500) dollars. If the assessed value of all personal property owned by any taxpayer exceeds twenty-five hundred (2,500) dollars, the taxpayer shall pay tax on that part of the personal property which exceeds twenty-five hundred (2,500) dollars assessed value.

Sec. 2. The personal property tax credit authorized in section one (1) of this Act shall not excuse the taxpayer from listing all personal property as required in chapter four hundred twenty-eight (428) of the Code. The valuation of such personal property shall be determined as prescribed in chapter four hundred forty-one (441) of the Code, so that the valuations of all personal property in a taxing district shall be known and shall be made a part of the tax list compiled by the county auditor under chapter four hundred forty-three (443) of the Code.

Sec. 3. No taxpayer in the state shall be allowed a credit on personal property tax in excess of twenty-five hundred (2,500) dollars assessed valuation. Any taxpayer who owns personal property subject to taxation in more than one (1) county of the state shall designate in reporting such property as required in section two (2) of this Act in which counties of the state the property is located and shall claim the tax credit only in one (1) county and in no case shall claim more than twenty-five hundred (2,500) dollars in such claimed county or the assessed value of all personal property assessed in said county, whichever is the lesser amount. At the time of making such claim, the taxpayer shall state by affidavit that he has not claimed any other personal property tax credit in any other county of the state and shall state in what other county he does have personal property.

Sec. 4. If personal property is owned jointly, the joint owners may not respectively take a tax credit on such property in excess of the proportionate ownership in said property and said proportionate ownership shall be determined by dividing the total assessed value of the property by the number of joint owners unless the joint owners show their actual interest and ownership by affidavit. Any such proportionate credit

from jointly owned property may be applied only against the joint owner's respective credit of twenty-five hundred (2,500) dollars of assessed valuation and in no event is an additional credit to be allowed for the joint ownership.

Sec. 5. The credit allowed by sections one (1) to four (4), inclusive, hereof on personal property taxes up to twenty-five hundred (2,500) dollars of assessed valuation shall not be applicable to the taxation of personal property provided in chapters four hundred twenty-eight (428) to four hundred thirty-eight (438), inclusive, of the Code.

Sec. 6. On or before January 1 of each year, the auditor of each county shall prepare a statement listing for each taxing district in the county all personal property upon which taxes shall not be collected due to the tax credit granted in this Act. The statement shall show the tax rates of the various taxing districts and the total amount of taxes which shall not be collected in each district because of the tax credit. The auditor shall certify and forward one (1) copy each of the statement to the state comptroller and to the state tax commission on or before January 15 of such year."

The county treasurer upon receipt of the warrants from the comptroller shall apportion the proceeds among the taxing districts in the county as certified by the county auditor.

RULE 50 INVOKED

McNamara of Linn invoked Rule 50, relating to the time limit on the possession of bills by a committee.

The House sustained Rule 50 on House File 50, a bill for an act relating to uniformity of central deposit requirements for investment companies.

The Speaker ordered House File 50 placed on the Regular Calendar.

EXPLANATION OF VOTE ON HOUSE FILE 15

I voted No, because this bill affects only one school in Pottawattamie County. This school district has enough mobile homes within the school area to influence or carry the necessary school vote. The taxes paid by mobile home owners is written in the Code. It is 15¢ per square foot of area, and therefore I felt it necessary to vote against the bill, because these owners wouldn't be paying their share of the tax load which this bill would create on the property tax paying members of the district. This could be as much as a 50% increase on school bond indebtedness payments on property owners.

By: Grassley, Millen and Vetter

Concurrent Resolution petitioning the Congress of the United States to call a Convention for proposing an amendment to the Constitution of the United States, unless Congress shall sooner have submitted such an amendment, to provide for the election of the President and Vice President in a manner fair and just to the people of the United States.

WHEREAS, the need for a change has been recognized by members of Congress on numerous occasions through the introduction of various proposals for amending the Constitution;

NOW, THEREFORE, BE IT RESOLVED, BY THE HOUSE, THE SENATE CONCURRING: That application is hereby made to Congress under Article V of the Constitution of the United States for the calling of a Convention to propose an Article of Amendment to the Constitution providing for a fair and just division of the electoral votes within the states in the election of the President and Vice President; and

Sec. 2. Chapter four hundred ninety-six A (496A), Code 1966, is hereby amended by adding thereto the following new section:

"Indemnification of officers, directors, employees and agents; insurance.

"1. A corporation shall have power to indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit, or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

"2. A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation. However, no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the corporation unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all circumstances

of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

"3. To the extent that a director, officer, employee, or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit, or proceeding referred to in subsections one (1) and two (2) of this section, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

"4. Any indemnification under subsections one (1) and two (2) of this section (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee, or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in subsections one (1) and two (2) of this section. McCartney of Floyd offered the following amendment filed by the committee on commerce:

Amend Senate File 601 by striking everything after the enacting clause and substituting the following:

Section 1. When used in this Act:

1. A "benevolent association" shall mean any person, firm, company, partnership, association or corporation, organized to enroll persons as members of a group for the purpose of providing an agency by which persons so enrolled may in the event of the death of any other member of the group make voluntary contributions to be distributed in whole or in part by the benevolent association to the beneficiary of the deceased member, or to members as contribution towards expense incurred by accident or sickness.

2. A "member" shall be any person who participates in a plan or agreement to make voluntary contribution through a benevolent association.

3. "Commissiонер" when used in this Act shall mean the commissiонер of insurance.

Sec. 2. The commissiонер shall promulgate such reasonable rules and regulations as he deems necessary to assure the proper operation of benevolent associations.

Sec. 3. Before a benevolent association shall operate in this state it shall first incorporate in accordance with the laws of this state, and the articles of incorporation and bylaws shall be submitted to the commissiонер. If he finds they conform to the requirements of the law and all rules and regulations promulgated under this Act, he shall approve the articles of incorporation and file them with the secretary of state. Every benevolent association formed and operating before January 1, 1967, and not so incorporated, shall be required to complete their incorporation before January 1, 1968. Every benevolent association at the time of its incorporation, or in the case of a benevolent association incorporated and operating prior to January 1, 1967 within six months after the effective date of this Act, shall submit its general plan of operation to the commissiонер and if he finds it conforms to the requirements of the law and all reasonable rules and regulations promulgated under this Act, he shall issue a license to expire on the thirty-first day of March after issuance. Said license shall be renewed from year to year upon application of the association, if the commissiонер finds from his examination that it has conformed to the requirements of all laws and regulations applicable thereto.

Sec. 4. The association shall keep a record of all its transactions and shall file an annual report thereof for the preceding calendar year on or before the first day of March on a form prescribed by the commissiонер. The commissiонер shall also prescribe the method of keeping books and accounts of benevolent associations.

Sec. 5. There shall be paid to the commissiонер for services required under the provisions of this Act the following fees, which shall be accounted for by him in the same manner as other fees received in the discharge of the duties of his office:

1. For filing and examination of the articles of incorporation for organization in this state and the accompanying general plan of operation of any benevolent association, and the issuing of the permission to do business, ten dollars.

2. For filing an annual statement of a benevolent association, and issuing the renewal of the permission required by law to authorize continuance in business, three dollars.

Sec. 6. Such associations may operate without the establishment of reserves or surplus except for current expenses. Contributions for expenses shall be added as a separate item to contributions for membership benefits. A reasonable membership fee to cover initial expenses may be charged.

Sec. 7. Within thirty days after acceptance to membership a certificate, the form of which has been approved by the commissiонер, shall be delivered to each member. The certificate shall set forth the name of the association, the name of the member, a statement as to the benefits of membership, to whom such benefits are payable, and such other provisions as are, in the opinion of the commissiонер, necessary to inform the member of his rights in the association. The commissiонер before approving any certificate shall be satisfied that any benefits to be paid a member or the beneficiary of a member are reasonable in relationship to any and all charges made

or assessed against the membership. The certificate shall not indicate therein that the plan or benefits constitute an insurance policy.

Sec. 8. Except as otherwise provided by law, it shall be unlawful for any person or corporation to operate a benevolent association in this state except as provided for in this Act. HOUSE REFUSED TO CONCUR

(House File 563)

Johnston of Polk called up for consideration House File 563, a bill for an act relating to indemnification of officers and directors of corporations for pecuniary profit, amended by the Senate, and moved that the House concur in the following Senate amendment:

Amend House File 563 as follows:

1. By striking in line 1 of the title all after the word "officers" and by inserting in lieu thereof the words ", directors, employees, and agents of corporations".

2. By striking all after the enacting clause and by inserting in lieu thereof the following:

Section 1. Section four hundred ninety-six A point four (496A.4), Code 1966, is hereby amended by striking therefrom subsection fifteen (15).

Sec. 2. Chapter four hundred ninety-six A (496A), Code 1966, is hereby amended by adding thereto the following new section:

"Indemnification of officers, directors, employees and agents; insurance.

"1. A corporation shall have power to indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative, or investigative (other than an action by or in the right of the corporation) by reason of the fact that he is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit, or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful.

"2. A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or

suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee, or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation. However, no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his duty to the corporation unless and only to the extent that the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

"3. To the extent that a director, officer, employee, or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit, or proceeding referred to in subsections one (1) and two (2) of this section, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith.

"4. Any indemnification under subsections one (1) and two (2) of this section (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee, or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in subsections one (1) and two (2) of this section. Such determination shall be made (a) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding; or (b) if such a quorum is not obtainable, or, even if obtainable a majority vote of a quorum of disinterested directors so directs, by independent legal counsel in a written opinion; or (c) by the shareholders.

"5. Expenses incurred in defending a civil or criminal action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding as authorized in the manner provided in subsection four (4) of this section upon receipt of an undertaking by or on behalf of the director, officer, employee, or agent to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the corporation as authorized in this section.

"6. The indemnification provided by this section shall not be deemed exclusive of any other rights to which a person indemnified may be entitled under any by-law, agreement, vote of shareholders or disinterested directors or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee, or agent and shall inure to the benefit of the heirs, executors, and administrators of such a person.

"7. A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise against any liability asserted against him and incurred by him in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify him against such liability under the provisions of this section."

Sec. 3. Chapter four hundred ninety-one (491), Code 1966, is hereby amended by adding thereto the following new section:

"The provisions of section two (2) of this Act shall apply to corporations organized under or subject to this chapter."

EXPLANATION OF AMENDMENT TO HOUSE FILE 736

The report of the Iowa Legislative Subdistricting Commission on subdistricting for Marshall County provided the objectionable "hole in the donut" arrangement and arbitrarily severed one precinct in the city for attachment to the rural area, with a 1960 population of 18,210 for District 1 and 19,774 for District 2, with a difference in population of 1,564.

This arrangement is objected to by interested citizens in Marshall County and the Marshalltown Chamber of Commerce for two substantive reasons: 1) The "hole in the donut" arrangement accentuates a difference between rural and urban area which should be avoided; and 2) it would be unfair to the citizens of the 6th precinct. The amendment as submitted is fair, equitable, practical and workable. The Bill is impractical and unworkable. The proposed amendment provides for three urban precincts with rural townships for District 1 and three urban precincts with rural townships for District 2, and divides the county one-half north and one-half south, with a difference in population of 396. With annexation since 1960 on the east, west and south of the city, the voting precincts were changed in harmony. The County Board of Supervisors has adjusted township lines in harmony with the changed boundaries of precincts. The effective date of June 1, 1967 for precinct boundaries will eliminate the hopeless confusion which would otherwise ensue on the date of election. This amendment is in harmony with the alternate computer plan submitted by the State University of Iowa.

On motion by Van Nostrand of Pottawattamie the House adjourned until 9:00 a.m., Monday, June 5, 1967.

The right of refund of motor fuel excise taxes paid on fuel used in boats as provided in section three hundred twenty-four point seventeen (324.17) of the Code is hereby abolished. All such moneys derived from the excise tax on the sale of motor fuel used in boats shall be deposited in a separate fund to be maintained by the treasurer of state.

Sec. 24. The treasurer of state is hereby directed to allocate one and one-half (1.5) percent of the excise tax imposed on the sale of motor fuel by section three hundred twenty-four point three (324.3) of the Code when and as received, to the marine fuel tax fund. No such revenues derived from the excise tax on fuel used in boats shall be credited to or deposited in the road use tax fund or any other road fund of the state nor transferred from said funds to the marine fuel tax fund.

Sec. 25. The treasurer or state shall be responsible for the administration of the marine fuel tax fund and may adopt, amend, or rescind such rules and regulations as may be necessary to implement and administer the provisions of this Act. All moneys remaining in the fund after the cost of administering the fund has been paid shall be credited to the state conservation commission for use in providing accesses to water, development and maintenance of water-oriented facilities and the administration and enforcement of navigation laws and water safety.

Sec. 26. Whenever it appears that the percent allocated to the state conservation commission may no longer be accurate, the treasurer of state or the state conservation commission shall cause a new survey to be made through analysis of marine fuel consumption by boats registered in the state of Iowa. Analysis shall be accomplished through expansion of boat registration forms to include such questions on respondent boat fuel consumption in the previous year, or other information as may be deemed appropriate and necessary by the treasurer of state with the advice and consent of the state conservation commission. The findings of such a survey shall be presented to the next session of the general assembly for consideration.

MOTION TO RECONSIDER WITHDRAWN

Schroeder of Pottawattamie asked and received unanimous consent to withdraw his motion to reconsider the vote on Senate File 766 filed June 6, and found on page 1827 of the House Journal.

EXPLANATION OF VOTE

I voted "aye" on the Graham amendment to Senate File 616 because I feel the burden of higher education should be born by the state just as it is for our Board of Regents. I also feel property is carrying too much of a load for education already. I urge the conference committee to reconsider the allocation amendment of Representative Van Drie.

The members of the state board shall be qualified electors of the state and shall hold no other elective or appointive public office.

Except for the first appointees, the terms of members of the state board shall be for six years beginning on the first day of July following their appointment. No member who is appointed for a six-year term shall be permitted to succeed himself.

Members shall be appointed by the governor subject to confirmation by two-thirds of the members of the senate. Appointments to the board shall be bipartisan and of the first appointees, one shall be for two years, one shall be for four years and one shall be for six years.

The members of the state board shall qualify by taking the regular oath of office as prescribed by law for state officers. A vacancy on the board shall be filled by appointment by the governor in the same manner as the original appointment.

The place of office of the state board shall be in the office of the tax department in the capitol of the state.

The state board shall hold at least six regular meetings each year, the first of which shall be on the second secular day of July. Special meetings of the state board

may be called by the chairman on five days notice given to each member. All meetings shall be held at the office of the tax department unless a different place within the state is designated by the state board or in the notice of the meeting.

It shall be the responsibility of the state board to exercise the following general powers and duties:

1. Determine and adopt such policies as are authorized by law and are necessary for the more efficient operation of any phase of tax review.

2. Perform such duties prescribed by law as it may find necessary for the improvement of the state system of taxation in carrying out the purposes and objectives of the tax laws.

3. Review for approval or rejection all rules proposed by the director of revenue.

4. Employ adequate clerical help to keep such records as are necessary to set forth clearly all actions and proceedings of the state board.

5. Advise and counsel with the director of revenue concerning the tax laws and the regulations adopted pursuant thereto; and, upon their own motion or upon appeal by any affected taxpayer, review the record evidence and the decisions of, and any orders or directive issued by, the director of revenue and shall expeditiously affirm, modify, reverse or remand the same.

6. Authorize, approve, and require to be used such forms as are needed to promote uniformity, accuracy, and completeness in keeping records, making reports, and to require such reports to be made in such manner as may be recommended by the director of revenue.

7. Authorize, approve and require to be used such standardizing local budgeting forms as are needed to prepare the local budget estimates required under section twenty-four point three (24.3) of the Code, and such forms shall contain the following information:

(2) The unencumbered and encumbered balances available in each fund at the beginning of the year, together with the amount raised by taxation for each fund, the amount of proposed expenditures adopted in the budget for said year for each fund, and the amount of actual expenditures in each fund for said year.

c. For the proposed budget year:

(1) The estimated amount for each of the several funds from sources other than taxation, including estimated transfers, separately stated as to each general source. The estimate of income from each of the sources other than ad valorem taxes shall be computed by reference to the amounts of income other than ad valorem taxes received in prior years. In addition, any new source of income other than from ad valorem taxes shall be reasonably estimated.

(2) The estimate of unencumbered balances in the several funds which will be available at the beginning of the proposed budget year.

8. The state board shall constitute a continuing research commission as to tax matters in the state and cause to be prepared and submitted to each regular session of the general assembly a report containing such recommendations as to revisions, amendments, and new provisions of the law as the state board has decided should be submitted to the legislature for its consideration."
