5 account within the secure an advanced vision for

7 district shall be distributed to that school district

9 additional moneys available to the school district  
10 from the fund shall be determined and distributed as a

12 in section 422E.3A, subsection 3.”

13 2. Page 6, line 25, by inserting after the word  
14 “fund.” the following: “Appropriations made to the  
15 fund shall be credited to a separate appropriations  
16 account.”

17 3. By striking page 6, line 28 through page 10,  
18 line 5 and inserting the following:

19 “2. a. For purposes of the distributions in  
20 subsection 3, the department of education, in  
21 consultation with the departments of management and  
22 revenue and finance, shall compute by June 1 preceding  
23 each budget year the infrastructure tax capacity,  
24 statewide infrastructure tax capacity, and  
25 infrastructure tax capacity inequity for each school  
26 district located in whole or in part in a county that  
27 has imposed the local sales and services tax for  
28 school infrastructure purposes under this chapter.

29 (1) “Actual enrollment” for a school district  
30 means the actual enrollment as reported by October 1  
31 to the department of management by the department of  
32 education pursuant to section 257.6, subsection 1.

33 (2) “Infrastructure tax capacity” means for a  
34 school district the estimated amount of revenues that  
35 a school district receives or would receive if the  
36 regular physical plant and equipment levy of thirty-  
37 three cents per thousand dollars is imposed divided by  
38 the school district’s actual enrollment.

39 (3) “Infrastructure tax capacity inequity” means  
40 the amount that a school district’s infrastructure tax  
41 capacity is less than the statewide infrastructure tax  
42 capacity. If a school district’s infrastructure tax  
43 capacity exceeds the statewide infrastructure tax  
44 capacity, the school district does not have an

45 inequity.

46 (4) “Statewide infrastructure tax capacity” means  
 47 the amount determined by estimating the total revenues  
 48 that would be generated by a regular physical plant  
 49 and equipment levy of thirty-three cents per thousand  
 50 dollars if imposed by all the school districts during

Page 2

1 the budget year and dividing this estimated revenue  
 2 amount by the sum of the combined actual enrollment  
 3 for all school districts.

4 3. The appropriations credited in a fiscal year to  
 5 the appropriations account of the secure an advanced  
 6 vision for education fund shall be distributed as a  
 7 supplemental school infrastructure amount as follows:

8 a. The department of education shall compute the  
 9 infrastructure tax capacity inequity of each school  
 10 district located in whole or in part in a county that  
 11 has imposed the tax under this chapter.

12 b. The department of revenue and finance, in  
 13 conjunction with the department of education, shall  
 14 distribute to the extent sufficient funds are  
 15 available a supplemental school infrastructure amount  
 16 to each school district that has an infrastructure tax  
 17 capacity inequity. The amount of the supplemental  
 18 school infrastructure amount distributed shall be an  
 19 amount equal to the school district’s infrastructure  
 20 tax capacity inequity. If sufficient funds are not  
 21 available, the director of revenue and finance shall  
 22 distribute to the school district with the highest  
 23 infrastructure tax capacity inequity an amount equal  
 24 to such inequity. Any additional funds shall then be  
 25 distributed to the school district with the next  
 26 highest inequity. Any additional funds will then be  
 27 distributed to the next school district in descending  
 28 order of inequity until the funds have all been  
 29 distributed.

30 4. Moneys received by a school district as a

9 treatment of a human ailment by a chiropractor is  
10 rejected for all providers of diagnosis or treatment  
11 for similar human ailments licensed under chapter 148,  
12 150, 150A, or 151. A policy of group health insurance  
13 may limit or make optional the payment or

14 reimbursement for lawful diagnostic or treatment  
15 service by all licensees under chapters 148, 150,  
16 150A, and 151 on any rational basis which is not  
17 solely related to the license under or the practices  
18 authorized by chapter 151 or is not dependent upon a  
19 method of classification, categorization, or  
20 description based directly or indirectly upon  
21 differences in terminology used by different licensees  
22 in describing human ailments or their diagnosis or  
23 treatment. This subsection applies to group policies  
24 delivered or issued for delivery after July 1, 1986,  
25 and to existing group policies on their next  
26 anniversary or renewal date, or upon expiration of the  
27 applicable collective bargaining contract, if any,  
28 whichever is later. This subsection does not apply to  
29 blanket, short-term travel, accident-only, limited or  
30 specified disease, or individual or group conversion  
31 policies, or policies under Title XVIII of the Social  
32 Security Act, or any other similar coverage under a  
33 state or federal government plan.

34 7. A provision shall be made available to  
35 policyholders, under group policies covering hospital,  
36 medical, or surgical expenses, for payment of covered  
37 services determined to be medically necessary provided  
38 by registered nurses certified by a national  
39 certifying organization, which organization shall be  
40 identified by the Iowa board of nursing pursuant to  
41 rules adopted by the board, if the services are within  
42 the practice of the profession of a registered nurse  
43 as that practice is defined in section 152.1, under  
44 terms and conditions agreed upon between the insurer  
45 and the policyholder, subject to utilization controls.  
46 The provision shall also guarantee that any care or  
47 treatment provided by registered nurses shall be  
48 compensated at the same level as equivalent services  
49 provided by a person licensed in the practice of  
50 medicine and surgery under chapter 148 or 150A. This

Page 3

1 subsection shall not require payment for nursing  
2 services provided by a certified nurse practicing in a  
3 hospital, nursing facility, health care institution,  
4 physician's office, or other noninstitutional setting  
5 if the certified nurse is an employee of the hospital,  
6 nursing facility, health care institution, physician,  
7 or other health care facility or health care provider.  
8 This subsection applies to group policies delivered or  
9 issued for delivery in this state on or after July 1,  
10 1989, and to existing group policies on their next  
11 anniversary or renewal dates, or upon expiration of  
12 the applicable collective bargaining contract, if any,

13 whichever is later. This subsection does not apply to  
14 blanket, short-term travel, accident only, limited or  
15 specified disease, or individual or group conversion  
16 policies, policies rated on a community basis, or  
17 policies designed only for issuance to persons for  
18 eligible coverage under Title XVIII of the federal  
19 Social Security Act, or any other similar coverage  
20 under a state or federal government plan.  
21 Sec. \_\_\_\_ Section 509.3, Code 2003, is amended by  
22 adding the following new subsection:  
23 NEW SUBSECTION. 8. A provision shall be made  
24 available to policyholders, under group policies  
25 covering hospital, medical, or surgical expenses for  
26 payment of necessary medical or surgical care and  
27 treatment, as well as drug prescriptions, provided by  
28 a person licensed to practice podiatry under chapter  
29 149, if the care and treatment are provided within the  
30 scope of the person's license and if the policy would  
31 pay for the care and treatment if the care and  
32 treatment were provided by a person engaged in the  
33 practice of medicine and surgery as licensed under  
34 chapter 148 or 150A. The provision shall also  
35 guarantee that any medical or surgical services  
36 provided by a podiatrist shall be compensated at the  
37 same level as equivalent services provided by a person  
38 licensed in the practice of medicine or surgery under  
39 chapter 148 or 150A. The policy shall provide that  
40 the policyholder may reject the coverage or provision  
41 if the coverage or provision for similar services  
42 which may be provided by a podiatric physician is  
43 rejected for all providers of services as licensed  
44 under chapter 148, 149, or 150A. This subsection  
45 applies to group policies delivered or issued for  
46 delivery on or after July 1, 2003, and to existing  
47 group policies on their next anniversary or renewal  
48 date, or upon expiration of the applicable collective  
49 bargaining contract, if any, whichever is later. This  
50 subsection does not apply to blanket, short-term

6 state or federal government plan.  
7 Sec. \_\_\_\_ Section 509.3, unnumbered paragraph 2,  
8 Code 2003, is amended to read as follows:  
9 In addition to the provisions required in  
10 subsections 1 through ~~7~~ 8, the commissioner shall

15 b, c, and d, Code 2003, are amended to read as  
16 follows:

17 b. The health care services available to enrollees  
18 under prepaid group plans covering vision care  
19 services or procedures, shall include a provision for  
20 payment of necessary medical or surgical care and  
21 treatment provided by an optometrist licensed under  
22 chapter 154, if performed within the scope of the  
23 optometrist's license, and the plan would pay for the  
24 care and treatment when the care and treatment were  
25 provided by a person engaged in the practice of  
26 medicine or surgery as licensed under chapter 148 or  
27 150A. Additionally, any optometric medical or  
28 surgical care and treatment provided shall be  
29 compensated at the same level as equivalent services  
30 provided by a person licensed in the practice of  
31 medicine or surgery under chapter 148 or 150A. The  
32 plan shall provide that the plan enrollees may reject  
33 the coverage for services which may be provided by an  
34 optometrist if the coverage is rejected for all  
35 providers of similar vision care services as licensed  
36 under chapter 148, 150A, or 154. This paragraph  
37 applies to services provided under plans made after  
38 July 1, 1983, and to existing group plans on their  
39 next anniversary or renewal date, or upon the  
40 expiration of the applicable collective bargaining  
41 contract, if any, whichever is the later. This  
42 paragraph does not apply to enrollees eligible for

50 provided by a chiropractor licensed under chapter 151

Page 5

1 if the diagnosis or treatment is provided within the  
2 scope of the chiropractor's license and if the plan  
3 would pay or reimburse for the diagnosis or treatment  
4 of human ailment, irrespective of and disregarding  
5 variances in terminology employed by the various  
6 licensed professions in describing the human ailment  
7 or its diagnosis or its treatment, if it were provided  
8 by a person licensed under chapter 148, 150, or 150A.  
9 Additionally, any diagnosis and treatment provided by  
10 a chiropractor shall be compensated at the same level

11 as equivalent services provided by a person licensed  
12 in the practice of medicine or surgery under chapter  
13 148 or 150A. The plan shall also provide that the  
14 plan enrollees may reject the coverage for diagnosis  
15 or treatment of a human ailment by a chiropractor if  
16 the coverage is rejected for all providers of  
17 diagnosis or treatment for similar human ailments  
18 licensed under chapter 148, 150, 150A, or 151. A  
19 prepaid group plan of health care services may limit  
20 or make optional the payment or reimbursement for  
21 lawful diagnostic or treatment service by all  
22 licensees under chapters 148, 150, 150A, and 151 on  
23 any rational basis which is not solely related to the  
24 license under or the practices authorized by chapter  
25 151 or is not dependent upon a method of  
26 classification, categorization, or description based  
27 upon differences in terminology used by different  
28 licensees in describing human ailments or their  
29 diagnosis or treatment. This paragraph applies to  
30 services provided under plans made after July 1, 1986,  
31 and to existing group plans on their next anniversary  
32 or renewal date, or upon the expiration of the  
33 applicable collective bargaining contract, if any,  
34 whichever is the later. This paragraph does not apply  
35 to enrollees eligible for coverage under Title XVIII  
36 of the Social Security Act, or any other similar

38 d. The health care services available to enrollees  
39 under prepaid group plans covering hospital, medical,  
40 or surgical expenses, may include, at the option of  
41 the employer purchaser, a provision for payment of  
42 covered services determined to be medically necessary  
43 provided by a certified registered nurse certified by  
44 a national certifying organization, which organization  
45 shall be identified by the Iowa board of nursing  
46 pursuant to rules adopted by the board, if the  
47 services are within the practice of the profession of  
48 a registered nurse as that practice is defined in  
49 section 152.1, under terms and conditions agreed upon  
50 between the employer purchaser and the health

Page 6

1 maintenance organization, subject to utilization  
2 controls. Additionally, any covered services provided  
3 by a registered nurse shall be compensated at the same  
4 level as equivalent services provided by a person  
5 licensed in the practice of medicine or surgery under  
6 chapter 148 or 150A. This paragraph shall not require  
7 payment for nursing services provided by a certified  
8 registered nurse practicing in a hospital, nursing  
9 facility, health care institution, a physician's

10 office, or other noninstitutional setting if the  
11 certified registered nurse is an employee of the  
12 hospital, nursing facility, health care institution,  
13 physician, or other health care facility or health  
14 care provider. This paragraph applies to services  
15 provided under plans within this state made on or  
16 after July 1, 1989, and to existing group plans on  
17 their next anniversary or renewal date, or upon the  
18 expiration of the applicable collective bargaining  
19 contract, if any, whichever is later. This paragraph  
20 does not apply to enrollees eligible for coverage  
21 under an individual contract or coverage designed only  
22 for issuance to enrollees eligible for coverage under  
23 Title XVIII of the federal Social Security Act, or  
24 under coverage which is rated on a community basis, or  
25 any other similar coverage under a state or federal  
26 government plan.

27 Sec. \_\_\_\_ Section 514B.1, subsection 5, Code 2003,

37 pay for the care and treatment when the care and  
38 treatment were provided by a person engaged in the

4 “DIVISION \_\_\_\_  
 5 ENERGY CONSERVATION  
 6 Sec. \_\_\_\_ NEW SECTION. 297A.1 STATE POLICY.  
 7 The general assembly finds that investment in  
 8 energy conservation measures by public facilities can  
 9 reduce the amount of energy consumed by the facilities  
 10 and produce both immediate and long-term cost savings.  
 11 It is the policy of this state to encourage school  
 12 districts, area education agencies, community  
 13 colleges, public universities, municipalities,  
 14 counties, and state institutions to invest in facility  
 15 technology infrastructure upgrades and energy  
 16 conservation measures that reduce energy consumption,  
 17 produce a cost savings, or improve the quality of  
 18 indoor air, or when economically feasible, to build,  
 19 operate, maintain, or renovate public facilities in a  
 20 manner which will minimize energy consumption or  
 21 maximize energy savings. It is additionally the  
 22 policy of this state to encourage reinvestment of  
 23 energy savings resulting from energy conservation  
 24 measures into additional and continued energy  
 25 conservation efforts, including but not limited to

26 school instructional computer hardware, software, and  
27 other technology equipment or training needs to  
28 maintain or operate technology systems. The  
29 department of natural resources, in consultation with  
30 the department of education, shall adopt rules  
31 pursuant to chapter 17A for the administration of  
32 sections 297A.2, 297A.3, and 297A.4.

33 Sec. \_\_\_\_ NEW SECTION. 297A.2 DEFINITIONS.

34 As used in this chapter, unless the context  
35 otherwise requires:

36 1. “Energy conservation measure and facility  
37 technology infrastructure” means an employee training  
38 program, facility alteration, or equipment to be used  
39 in new construction that reduces energy costs and  
40 includes, but is not limited to, any of the following:

41 a. Insulation of the facility structure or systems  
42 within the facility.

43 b. Storm windows or doors, caulking or weather  
44 stripping, multiple-glazed windows or doors, heat-  
45 absorbing or heat-reflective glazed and coated window  
46 or door systems, additional glazing, reductions in  
47 glass area, or other window and door system  
48 modifications that reduce energy consumption.

49 c. Automated or computerized energy control  
50 systems including related software-required network

Page 2

1 communication wiring, computer devices, wiring and  
2 support services for building maintenance or delivery  
3 of energy conservation services. Any cost for support  
4 services that will continue beyond the length of the  
5 contract shall be identified specifically in the  
6 energy performance-based evaluation. Energy control  
7 system technology infrastructure may also be used, as  
8 applicable, for other public corporation technology  
9 needs. Additional technology infrastructure  
10 improvements may be implemented if the cost is  
11 supported by the energy savings generated by other  
12 energy conservation measures and facility technology  
13 infrastructure.

14 d. Heating, ventilating, or air conditioning  
15 system modifications or replacements.

16 e. Replacement or modification of lighting  
17 fixtures to increase the energy efficiency of the  
18 lighting system which, at a minimum, shall conform to  
19 the applicable state or local building code.

20 f. Energy recovery systems.

21 g. Renewable energy systems, such as solar,  
22 biomass, and wind.

23 h. Any measure not otherwise defined that produces  
24 measurable energy cost savings or British thermal unit

25 reductions.

26 2. “Energy cost savings” means a measured  
27 reduction in fuel, energy, or operation and  
28 maintenance cost savings created from the  
29 implementation of one or more energy conservation  
30 measures and facility technology infrastructure when  
31 compared with an established baseline for previous  
32 fuel, energy, or operation and maintenance costs.

33 3. “Energy performance-based contract” means a  
34 contract for the recommendation and implementation of  
35 energy conservation measures and facility technology  
36 infrastructure which includes, at a minimum, all of  
37 the following:

38 a. The design and installation of equipment to  
39 implement one or more energy conservation measures and  
40 facility technology infrastructure, and, if  
41 applicable, operation and maintenance of such  
42 measures.

43 b. The amount of any actual annual energy and  
44 operational cost savings. The amount shall be  
45 guaranteed by the qualified provider and verified by a  
46 professional engineer or registered architect  
47 experienced in the field of energy conservation who is  
48 not employed by or has contracted with the qualified  
49 provider. The verification shall occur using a  
50 process established by the department of natural

Page 3

1 resources.

2 4. “Energy performance-based evaluation” means  
3 performance of an energy audit, data collection, or  
4 other related analyses preliminary to the undertaking  
5 of energy conservation measures and facility  
6 technology infrastructure, and maintenance of project  
7 monitoring and data collection to verify  
8 postinstallation energy consumption and energy-related  
9 operating costs. The department of natural resources  
10 shall establish guidelines that consider federal  
11 energy management program guidelines.

12 5. “Maintenance cost savings” means auditable  
13 operating expenses eliminated and future capital  
14 replacement expenditures avoided as a result of new  
15 equipment installed or services performed by the  
16 qualified provider.

17 6. “Public corporation” means a school corporation  
18 as described in chapters 273 and 274, a community  
19 college as defined in chapter 260C, a public  
20 university, city, county, or state agency.

21 7. “Qualified provider” means a business or person  
22 that has been qualified by the department of natural  
23 resources. The department of natural resources shall

24 adopt rules pursuant to chapter 17A to establish a  
 25 qualifications process. The process shall consider  
 26 accreditation by the national association of energy  
 27 service companies, certification by the association of  
 28 energy engineers, or professional licensure as an  
 29 engineer or registered architect in Iowa. A business  
 30 or person accredited by the national association of  
 31 energy service companies shall be qualified in Iowa.  
 32 Sec. \_\_\_\_ NEW SECTION. 297A.3 REQUESTS FOR  
 33 PROPOSALS EVALUATION.

34 1. Prior to entering into an energy performance-  
 35 based contract as provided in section 297A.4, a public  
 36 corporation shall announce a request for proposals. A  
 37 request for proposals shall be advertised for public  
 38 bidding and let publicly. The model request for  
 39 proposals format developed by the department of  
 40 natural resources shall be made available for use by  
 41 public corporations. The public corporation shall  
 42 administer the program, requesting innovative  
 43 solutions and proposals for energy conservation  
 44 measures and facility technology infrastructure.  
 45 Proposals submitted shall be sealed. If the model  
 46 request for proposals format is not used, the request  
 47 for proposals shall include, at a minimum, all of the  
 48 following:  
 49 a. Name and address of the public corporation.  
 50 b. Name, address, title, and telephone number of a

Page 4

1 contact person for the public corporation.  
 2 c. Notice indicating that the public corporation  
 3 is requesting qualified providers to propose energy  
 4 conservation measures and facility technology  
 5 infrastructure to be provided pursuant to an energy  
 6 performance-based contract.  
 7 d. Date, time, and place where proposals must be  
 8 received.  
 9 e. Evaluation criteria for assessing the  
 10 proposals.  
 11 f. Any other stipulations and clarifications the  
 12 public corporation may require.  
 13 2. The public corporation shall evaluate any  
 14 sealed proposal from a qualified provider. Sealed  
 15 proposals shall be opened by a designated member or  
 16 employee of the governing body of the public  
 17 corporation at a public meeting during which the  
 18 contents of the proposals shall be announced. Each  
 19 person submitting a sealed proposal must receive at  
 20 least ten days' notice of the time and place of the  
 21 public meeting, published pursuant to the procedure  
 22 specified in this section. The public corporation

23 shall analyze each qualified provider's estimate of  
24 the cost of design, engineering, installation,  
25 maintenance, repairs, debt service, conversions to a  
26 different energy or fuel source, and postinstallation  
27 project monitoring, data collection, and reporting.  
28 The evaluation shall include a detailed analysis of  
29 whether the energy consumed or the operating costs, or  
30 both, will be reduced. Selection of the qualified  
31 provider shall, through either a request for proposals  
32 process or a request for qualification process,  
33 constitute selection of the best value based on life  
34 cycle cost analysis of the component parts and systems  
35 to the public corporation. The public corporation  
36 shall enter into an energy performance-based contract.  
37 Sec. \_\_. NEW SECTION. 297A.4 AWARD OF  
38 GUARANTEED ENERGY COST SAVINGS CONTRACT.  
39 1. A public corporation shall select a qualified  
40 provider that best meets the needs of the public  
41 corporation based on life cycle cost analysis. After  
42 completing its evaluation of the proposals received  
43 pursuant to section 297A.3, the public corporation  
44 shall provide public notice of the meeting at which it  
45 proposes to award an energy performance-based  
46 contract. The notice shall contain the names of the  
47 parties to the proposed contract and the purpose of  
48 the contract. The public notice shall be published at  
49 least ten days prior to the meeting, pursuant to the  
50 procedure specified in section 297A.3. A public

Page 5

1 corporation may enter into an energy performance-based  
2 contract with a qualified provider if it finds, after  
3 evaluating the proposal pursuant to section 297A.3,  
4 that the total amount it would spend on the design,  
5 implementation, financing and performance management  
6 of the energy conservation measures and facility  
7 technology infrastructure upgrades and modernization  
8 measures recommended in the proposal would not exceed  
9 the amount to be saved in either energy or operational  
10 costs, or both, within a twenty-year period from the  
11 date of installation or modification, based on life-  
12 cycle costing calculations, if the recommendations in  
13 the proposal are followed. Each individual  
14 improvement must pay for itself within the useful life  
15 of the equipment, as determined by the American  
16 society of heating, refrigeration, and air  
17 conditioning engineers.  
18 2. A public corporation may enter into a financing  
19 agreement as provided in sections 473.19, 473.20, and  
20 473.20A, or may secure financing through a third party  
21 for the purchase and installation of energy

22 conservation measures and facility technology  
23 infrastructure upgrades and modernization measures.

5 and requirements regarding contract termination as  
6 part of the contract documentation. The documentation  
7 shall clearly state the options of the public  
8 corporation to satisfy the contract early and include  
9 all associated costs. The documentation shall also  
10 state the rights of a public corporation under a  
11 contract for terminating the contract due to  
12 nonperformance, exercising performance bonds, and  
13 shall list all costs and responsibilities for payment  
14 of any remaining debt associated with energy and  
15 operational savings projects already implemented. The  
16 information and associated costs described in this  
17 subsection shall be provided to a public corporation  
18 before an energy performance-based contract is  
19 approved.

 22 that the amount of any actual energy and operational  
 23 savings shall be guaranteed. The amount must also  
 24 meet or exceed the total annual contract payments,  
 25 including financing charges, made by the public  
 26 corporation over the life of the contract. A  
 27 qualified provider shall reimburse a public  
 28 corporation for any shortfall of guaranteed energy  
 29 cost savings projected in the contract. Actual  
 30 savings documentation shall be reconciled on an annual  
 31 basis as provided in the contract. Any savings  
 32 shortfall shall be made whole by the qualified  
 33 provider within sixty days. Excess documented and  
 34 mutually agreed upon savings may be carried over to  
 35 future years. A qualified provider shall provide the  
 36 public corporation with a one hundred percent  
 37 performance and payment bond for installation and  
 38 retrofit projects. A qualified provider shall  
 39 guarantee the savings for the length of the contract.  
 40 An energy performance-based contract may provide for  
 41 payments over a period of time, not to exceed twenty  
 42 years. Nothing in this chapter shall be construed to  
 43 prohibit local public corporations, school  
 44 corporations, or public universities from utilizing  
 45 savings created from energy conservation, in excess of  
 46 the amount needed to pay for the cost saving measures,  
 47 for discretionary budget operations including but not

 23 investigation, the board determines that the best  
 24 interests of the authority, including but not limited  
 25 to the authority's reputation for integrity, would be  
 26 served thereby, the board may disqualify a potential  
 27 vendor from contracting with the authority for a major  
 28 procurement contract or from acting as a subcontractor  
 29 in connection with a contract for a major procurement  
 30 contract.

 5 by adding the following new subsections:  
 6 NEW SUBSECTION. 11. Notwithstanding any other

 11 judicial workload between judicial election districts,  
 12 the chief justice may apportion the judgeship from the  
 13 judicial election district where the vacancy occurs to  
 14 another judicial election district based upon the  
 15 substantial disparity finding. However, a judgeship  
 16 shall not be apportioned pursuant to this section

17 unless a majority of the judicial council approves the  
18 apportionment.  
19 NEW SUBSECTION. 12. Notwithstanding any other  
20 provision of the Code to the contrary, if the chief  
21 justice of the supreme court determines a substantial  
22 disparity exists in the allocation of judgeships and  
23 judicial workload between judicial election districts,  
24 the chief justice may authorize a voluntary permanent

26 election district to another upon approval by a  
27 majority of the judicial council. After approval by  
28 the judicial council, the chief justice shall notify  
29 all eligible district judges of the intent to seek

50 transferred. A voluntary transfer pursuant to this

Page 15

1 subsection shall not cause a vacancy of a judgeship in

3 judge was transferred.  
4 Sec. 40. Section 602.6301, Code 2003, is amended

 22 thousand; and seven in counties having a population of

 24 county shall not lose a district associate judgeship  
 25 solely because of a reduction in the county's  
 26 population. If the formula provided in this section  
 27 results in the allocation of an additional district  
 28 associate judgeship to a county, implementation of the  
 29 allocation shall be subject to prior approval of the  
 30 supreme court and availability of funds to the  
 31 judicial branch. A district associate judge appointed  
 32 pursuant to section 602.6302 ~~or 602.6303~~ shall not be

 28 subsection 2, the commission shall certify to the  
 29 chief judge of the judicial district the names of  
 30 three applicants who are nominated by the commission  
 31 for the vacancy, unless the chief justice has ordered  
 32 the commission to delay the certification of the  
 33 nominees to the chief judge. The chief justice may  
 34 order the delay of the certification for up to one  
 35 hundred eighty days for budgetary reasons. The  
 36 commission shall publicize notice of the vacancy in at  
 37 least two publications in the official county  
 38 newspaper. The commission shall accept applications  
 39 for consideration for nomination as district associate  
 40 judge for a minimum of fifteen days prior to  
 41 certifying nominations. The commission shall consider  
 42 the applications and shall, by majority vote, certify  
 43 to the chief judge of the judicial district the names

 7 Section 1. Section 625A.9, Code 2003, is amended  
 8 to read as follows:  
 9 625A.9 EXECUTION ON UNSTAYED PART OF JUDGMENT --  
 10 SUPERSEDEAS BOND WAIVED.  
 11 1. The taking of the appeal from part of a  
 12 judgment or order, and the filing of a bond as above  
 13 directed, does not stay execution as to that part of  
 14 the judgment or order not appealed from.  
 15 2. If the judgment or order appealed from is for  
 16 money, such bond shall not exceed one hundred ten  
 17 percent of the amount of the money judgment.  
 18 3. Upon motion and for good cause shown, the  
 19 district court may stay all proceedings under the  
 20 order or judgment being appealed and permit the state  
 21 or any of its political subdivisions to appeal a  
 22 judgment or order to the supreme court without the  
 23 filing of a supersedeas bond.  
 24 Sec. 2. Section 668.12, Code 2003, is amended to  
 25 read as follows:  
 26 668.12 LIABILITY FOR PRODUCTS -- ~~STATE OF THE ART~~  
 27 ~~DEFENSE DEFENSES.~~  
 28 1. In any action brought pursuant to this chapter  
 29 against an assembler, designer, supplier of  
 30 specifications, distributor, manufacturer, or seller  
 31 for damages arising from an alleged defect in the  
 32 design, testing, manufacturing, formulation,  
 33 packaging, warning, or labeling of a product, a  
 34 percentage of fault shall not be assigned to such  
 35 persons if they plead and prove that the product  
 36 conformed to the state of the art in existence at the  
 37 time the product was designed, tested, manufactured,  
 38 formulated, packaged, provided with a warning, or  
 39 labeled.  
 40 2. Nothing contained in this section subsection 1

41 shall diminish the duty of an assembler, designer,  
42 supplier of specifications, distributor, manufacturer  
43 or seller to warn concerning subsequently acquired  
44 knowledge of a defect or dangerous condition that  
45 would render the product unreasonably dangerous for  
46 its foreseeable use or diminish the liability for  
47 failure to so warn.

48 3. An assembler, designer, supplier of  
49 specifications, distributor, manufacturer, or seller  
50 shall not be subject to liability under a theory of

Page 2

1 civil conspiracy unless the person knowingly and  
2 voluntarily entered into an agreement, express or  
3 implied, to participate in a common plan with the  
4 intent to commit a tortious act upon another. Mere  
5 membership in a trade or industrial association or  
6 group is not, in and of itself, evidence of such an  
7 agreement.

8 Sec. 3. Section 668A.1, subsection 1, Code 2003,  
9 is amended to read as follows:

10 1. In a trial of a claim involving the request for  
11 punitive or exemplary damages, the court shall  
12 instruct the jury to answer special interrogatories  
13 or, if there is no jury, shall make findings,  
14 indicating all of the following:

15 a. Whether, by a preponderance of clear, and  
16 convincing, and satisfactory evidence, the conduct of  
17 the defendant from which the claim arose constituted  
18 willful and wanton disregard for the rights or safety  
19 of another.

20 b. Whether the conduct of the defendant was  
21 directed specifically at the claimant, or at the  
22 person from which the claimant's claim is derived.

23 c. Whether, by a preponderance of clear and  
24 convincing evidence, the conduct of the defendant from  
25 which the claim arose constituted actual malice.

26 Sec. 4. NEW SECTION. 668A.2 DEFINITIONS.

27 As used in this chapter, the following terms shall  
28 have the following meanings:

29 1. "Clear and convincing evidence" means evidence  
30 which leaves no serious or substantial doubt about the  
31 correctness of the conclusions drawn from the  
32 evidence. It is more than a preponderance of  
33 evidence, but less than beyond a reasonable doubt.

34 2. "Malice" means either conduct which is  
35 specifically intended by the defendant to cause  
36 tangible or intangible serious injury to the plaintiff  
37 or conduct that is carried out by the defendant both  
38 with a flagrant indifference to the rights of the  
39 plaintiff and with a subjective awareness that such

40 conduct will result in tangible serious injury.  
 41 Sec. 5. NEW SECTION. 668A.3 AWARD OF PUNITIVE OR  
 42 EXEMPLARY DAMAGES -- PROOF -- STANDARD.  
 43 Punitive or exemplary damages shall only be awarded  
 44 where the plaintiff proves by clear and convincing  
 45 evidence that the plaintiff's harm was the result of  
 46 actual malice. This burden of proof shall not be  
 47 satisfied by proof of any degree of negligence,  
 48 including gross negligence.  
 49 Sec. 6. APPLICABILITY. This division of this Act,  
 50 relating to liability reform, applies to cases filed

 2 DIVISION II  
 3 WORKERS' COMPENSATION  
 4 Sec. 7. Section 85.34, subsection 2, unnumbered  
 5 paragraph 1, Code 2003, is amended to read as follows:  
 6 Compensation for permanent partial disability shall  
 7 begin at the termination of the healing period  
 8 provided in subsection 1. The compensation shall be  
 9 in addition to the benefits provided by sections 85.27  
 10 and 85.28. The compensation shall be based only upon  
 11 the extent of the disability related to the injury  
 12 received and upon the basis of eighty percent per week  
 13 of the employee's average spendable weekly earnings,  
 14 but not more than a weekly benefit amount, rounded to  
 15 the nearest dollar, equal to one hundred eighty-four  
 16 percent of the statewide average weekly wage paid  
 17 employees as determined by the department of workforce  
 18 development under section 96.19, subsection 36, and in  
 19 effect at the time of the injury. The minimum weekly  
 20 benefit amount shall be equal to the weekly benefit  
 21 amount of a person whose gross weekly earnings are  
 22 thirty-five percent of the statewide average weekly  
 23 wage. For all cases of permanent partial disability  
 24 compensation shall be paid as follows:  
 25 Sec. 8. Section 85.34, Code 2003, is amended by  
 26 adding the following new subsection:  
 27 NEW SUBSECTION. 7. APPORTIONMENT. When an  
 28 employee suffers successive work-related injuries or  
 29 illnesses, an employer is not liable for that portion  
 30 of an employee's disability that is caused by any  
 31 preexisting injury or illness that is separate and  
 32 discrete from the injury or illness for which  
 33 compensation is claimed. Evidence that an employee  
 34 has received a prior award for payment of benefits or  
 35 entered into a prior settlement of any claim arising  
 36 under this chapter or chapter 85A, 85B, or 86 creates  
 37 a presumption that the employee has suffered a  
 38 preexisting work-related injury or illness that is

39 separate and discrete from the injury or illness for  
40 which benefits are claimed and that the extent of  
41 disability caused by that preexisting injury or  
42 illness has been determined. An employee who suffers  
43 from a disability caused in part by a preexisting  
44 injury or illness that is separate and discrete from  
45 the injury or illness for which compensation is  
46 claimed, such that the employer is not liable for that  
47 portion of the employee's disability, shall receive  
48 compensation for the employee's disability at the  
49 employee's weekly benefit amount as provided in this  
50 section plus an additional ten percent.

15 payments associated with a precomputed transaction are  
16 applied first to current installments and then to

23 deferred charge on an earlier payment has not been  
24 paid in full. For purposes of this subsection,  
25 payments are applied first to amounts due for the  
26 current billing cycle and then to delinquent payments.

28 2003, is amended to read as follows:

13 administrative contribution surcharge revenue that is  
14 collected in calendar year ~~2002 2003, 2004, or 2005~~ in

16 thousand dollars ~~or in calendar year 2006 or a~~  
17 ~~subsequent calendar year in excess of three million~~

19 shall be deducted from the amount to be collected in  
20 ~~the subsequent~~ calendar year 2003 before the  
21 department establishes the administrative contribution  
22 surcharge. The department shall recompute the amount  
23 as a percentage of taxable wages, as defined in  
24 section 96.19, subsection 37, and shall add the  
25 percentage surcharge to the employer’s contribution  
26 rate determined under this section. The percentage  
27 surcharge shall be capped at a maximum of seven  
28 dollars per employee. The department shall adopt  
29 rules prescribing the manner in which the surcharge  
30 will be collected. Interest shall accrue on all  
31 unpaid surcharges under this subsection at the same  
32 rate as on regular contributions and shall be  
33 collectible in the same manner. Interest accrued and  
34 collected under this paragraph and interest earned and  
35 credited to the fund under paragraph “b” shall be used  
36 by the department only for the purposes set forth in

46 only to calculate preliminary distribution amounts for  
47 fiscal year 2003-2004 under this section by applying  
48 the indicated formula provisions to the formula  
49 amounts and producing a preliminary distribution total  
50 for each county:

1 5. The total withholding amounts applied pursuant  
 2 to subsection 4 shall be equal to a withholding target  
 3 amount of ~~\$7,419,074 and the appropriation enacted by~~  
 4 ~~the Eightieth General Assembly, 2003 Session, for the~~  
 5 ~~MH/DD community services fund shall be reduced by the~~  
 6 ~~amount necessary to attain the withholding target~~  
 7 ~~amount \$9,418,362.~~ If the department of human  
 8 services determines that the amount to be withheld in  
 9 accordance with subsection 4 is not equal to the  
 10 target withholding amount, the department shall adjust  
 11 the withholding factors listed in subsection 4 as  
 12 necessary to achieve the withholding target amount.  
 13 However, in making such adjustments to the withholding  
 14 factors, the department shall strive to minimize  
 15 changes to the withholding factors for those ending  
 16 balance percentage ranges that are lower than others  
 17 and shall not adjust the zero withholding factor or  
 18 the inflation adjustment percentage specified in  
 19 subsection 4, paragraph "a."

1 Amend the amendment, S-3332, to House File 549, as  
2 amended, passed, and reprinted by the House, as  
3 follows:

4 1. Page 6, by inserting after line 3 the  
5 following:

6 “Sec. \_\_\_\_ Section 257.11, subsection 5, paragraph  
7 b, Code 2003, is amended to read as follows:

8 b. A school district which establishes a regional  
9 academy shall be eligible to assign its resident  
10 pupils attending classes at the academy a weighting of  
11 one-tenth of the percentage of the pupil’s school day  
12 during which the pupil attends classes at the regional  
13 academy. For the purposes of this subsection,  
14 “regional academy” means an educational institution  
15 established by a school district to which multiple  
16 schools send pupils in grades ~~seven~~ nine through  
17 twelve, and may include a virtual academy. A regional  
18 academy shall include in its curriculum advanced-level  
19 courses and may include in its curriculum vocational-  
20 technical ~~programs~~ courses. The maximum amount of  
21 additional weighting for which a school district  
22 establishing a regional academy shall be eligible is  
23 an amount corresponding to fifteen additional pupils.  
24 The minimum amount of additional weighting for which a  
25 school district establishing a regional academy shall  
26 be eligible is an amount corresponding to ten  
27 additional pupils if the academy provides both  
28 advanced-level courses and vocational technical  
29 courses.

30 Sec. \_\_\_\_ Section 257.11, Code 2003, is amended by  
31 adding the following new subsection:

32 NEW SUBSECTION. 7A. SHARED SUPPORT SERVICES. For  
33 the school budget years beginning July 1, 2003, July  
34 1, 2004, and July 1, 2005, a school district which  
35 shares with or purchases from an eligible entity a  
36 significant portion of one or more support services,  
37 student transportation services, or personnel or other  
38 operational types of services shall be eligible to  
39 assign its resident students an additional weighting.  
40 For purposes of this subsection, “significant portion”  
41 means that at least fifty percent of the services are  
42 shared or purchased. Eligible sharing and purchasing  
43 entities shall include other school districts, area  
44 education agencies, community colleges, cities, or  
45 counties. Eligible support services shall include but  
46 not be limited to budgeting, receiving and disbursing  
47 funds, financial and property accounting, payroll,  
48 planning research and evaluation, personnel services,  
49 and administrative technology services; and shall  
50 exclude cooperative purchasing programs and

Page 2

1 activities. A school district shall be eligible for  
2 additional weighting for services not previously  
3 shared or purchased prior to July 1, 2003, from other  
4 school districts, area education agencies, community  
5 colleges, cities, or counties. A school district that  
6 qualifies under this subsection shall assign to its  
7 resident pupils an additional weight of two-  
8 hundredths. The maximum additional weight shall be  
9 ten additional pupils. If the sum of the funding  
10 amount calculated for all districts under this  
11 subsection exceeds two million dollars for the school  
12 year beginning July 1, 2004, and each succeeding  
13 fiscal year, the director of the department of  
14 management shall prorate the amount calculated for  
15 each district. The proration shall be based upon the  
16 amount calculated for each district when compared to  
17 the sum of the amount for all districts.

18 Sec. \_\_\_\_ Section 257.11A, Code 2003, is amended  
19 by adding the following new subsection:

20 NEW SUBSECTION. 3A. SHARED SUPERINTENDENTS. For  
21 the school budget years beginning July 1, 2003, July  
22 1, 2004, and July 1, 2005, resident pupils enrolled in  
23 a school district in which the superintendent is  
24 employed jointly under section 273.7A or under section  
25 280.15, are assigned a weighting of five-hundredths  
26 for the superintendent who is jointly employed times  
27 the percent of the superintendent's time in which the  
28 superintendent is employed in the school district.  
29 However, the total additional weighting assigned under  
30 this subsection for a budget year for a school  
31 district shall not exceed five and the total  
32 additional weighting added cumulatively to the  
33 enrollment of school districts sharing a  
34 superintendent shall not exceed fifteen. If the  
35 school district has approved an action to bring about  
36 a reorganization to take effect on or before July 1,  
37 2006, the reorganized school district shall include,  
38 for a period of one year following the effective date  
39 of reorganization, additional pupils added by the  
40 application of the supplementary weighting plan, equal  
41 to the pupils added by the application of the  
42 supplementary weighting plan in the year preceding the  
43 effective date of reorganization. For purposes of  
44 this subsection, the weighted enrollment for the  
45 period of one year following the effective date of  
46 reorganization shall include the supplementary  
47 weighting in the base year used for determining the  
48 combined district cost for the first year of the  
49 reorganization. However, the weighting shall be  
50 reduced by the supplementary weighting added for a

 2 1. Page 48, by inserting after line 28 the  
 3 following:  
 4 “DIVISION \_\_\_\_  
 5 Sec. 201. PURPOSE AND DEFINITIONS.

6 1. PURPOSE. The general assembly finds that the  
7 Iowa communications network is a valuable state asset  
8 that has served the people of the state well, but  
9 which requires significant ongoing financial support  
10 from the state in the form of annual appropriations.  
11 The operation of a telecommunications network is a  
12 function that can be and generally is conducted by  
13 private enterprise. It is in the public interest to  
14 sell the Iowa communications network to a qualified  
15 private business enterprise that will commit to  
16 provide the same secure low-cost high-quality service  
17 to state and federal agencies and military  
18 installations now provided by the network. Through  
19 such a sale, the state would eliminate the need for  
20 ongoing annual appropriations while preserving the key  
21 benefits enjoyed by the state under the present state  
22 ownership of the network. The state also expects to  
23 obtain sufficient proceeds from such a sale to cover  
24 existing obligations and to realize additional  
25 proceeds above the level of such obligations. Given  
26 the current depressed state of the telecommunications  
27 industry, the state can reasonably be expected to  
28 maximize sales proceeds by allowing a purchaser a  
29 period of time in which to assemble financing for its  
30 purchase. During the interim between enactment of  
31 this division of this Act and completion of a sale,  
32 the services of a private-enterprise manager with  
33 experience operating telecommunications networks can  
34 reasonably be expected to reduce the costs of  
35 operating the Iowa communications network, thereby  
36 lowering annual appropriations.

37 2. DEFINITIONS. As used in this division of this  
38 Act, unless the context otherwise requires:

39 a. "Board" means the state network privatization  
40 board.

41 b. "Commission" means the Iowa telecommunications  
42 and technology commission established in section 8D.3  
43 to oversee the operations of the network.

44 c. "Management contract" means an agreement  
45 between the board and the manager for services to  
46 oversee and operate the network on behalf of the  
47 state.

48 d. "Manager" means the private entity selected by  
49 the board to oversee and operate the network on behalf  
50 of the state.

Page 2

- 1 e. "Network" means the Iowa or state  
2 communications network as defined in section 8D.2.  
3 f. "Out-of-pocket expenses" means moneys paid to  
4 an unaffiliated third party for engineering, legal,

5 consulting, or other services or goods by a manager or  
6 purchaser.

7 g. "Purchaser" means the entity that is selected  
8 by the board to purchase the network from the state.

9 h. "Required third-party approval" means any  
10 consent, conveyance, approval, or waiver that must be  
11 granted by a private, governmental, or quasi-  
12 governmental third party in order for the purchaser to  
13 receive clear title to all network assets and the  
14 right to use the network assets free of adverse  
15 claims. Required third-party approvals include but  
16 are not limited to all of the following:

17 (1) Approvals of assignments to the purchaser of  
18 the state's rights under leases or contracts between  
19 the state and the third party.

20 (2) Conveyance to the purchaser of property that  
21 the third party currently leases to the state on a  
22 term with less than fifteen years remaining.

23 (3) Release of restrictions in contracts that  
24 require that the state operate the network.

25 i. "Sales contract" means the contract between the  
26 state as seller, represented by the board, and the  
27 purchaser, for sale of the network to the purchaser.

28 Sec. 202. STATE NETWORK PRIVATIZATION BOARD  
29 CREATED -- DUTIES.

30 1. A state network privatization board is created.  
31 The board shall consist of the following members:

32 a. A chairperson member appointed by the  
33 legislative council, subject to confirmation by the  
34 senate.

35 b. A member, who shall not be of the same  
36 political party as the chairperson, appointed by the  
37 governor subject to confirmation by the senate.

38 c. The adjutant general or the adjutant general's  
39 designee.

40 2. The board shall do all of the following:

41 a. Issue a request for proposals from qualified  
42 entities interested in serving as the manager of the  
43 network. This request for proposals shall be issued  
44 by July 1, 2004, and responses to the request for  
45 proposals shall be due by August 1, 2004.

46 b. Select a manager and enter into a management  
47 contract with the manager by October 1, 2004. The  
48 management contract shall provide for the continuation  
49 of all services currently being provided to state and  
50 federal agencies and military installations pursuant

Page 3

1 to chapter 8D, at the rates specified therein, for the  
2 duration of the contract. The contract shall also  
3 specify the manager's authority in relation to the

4 duties of the commission during the period between  
5 execution of the management contract and closing of  
6 the sale of the network. The commission shall  
7 establish a dispute resolution process regarding rate  
8 increases, quality of service issues, and other areas  
9 of dispute involving network subscribers. The  
10 commission shall also make recommendations regarding  
11 imposition of an ongoing dispute resolution and  
12 appeals process commencing with the closing of the  
13 sale of the network.

14 c. Issue a request for proposals from qualified  
15 entities for the purchase of the network. This  
16 request for proposals shall be issued by January 1,  
17 2005, and responses to the request for proposals shall  
18 be due by May 1, 2005.

19 d. Utilizing the criteria set forth in sections  
20 203 and 204 of this Act, select a purchaser and enter  
21 into a sales contract with the purchaser by October 1,  
22 2005.

23 e. Immediately upon execution of the management  
24 contract and the sales contract by the majority of the  
25 board, transmit the executed contract to the general  
26 assembly and to the governor. The board shall have  
27 full authority to enter into the management contract  
28 and the sales contract on behalf of the state,  
29 provided that the general assembly by legislation  
30 enacted regarding the specific purchase and approved  
31 by the governor, within thirty days after transmittal  
32 to the general assembly and the governor in the case  
33 of the management contract, and within sixty days  
34 after transmittal to the general assembly and the  
35 governor in the case of the sales contract, may  
36 disapprove the board's action, in which case the  
37 disapproved contract shall have no force and effect.  
38 In the event of such disapproval, the state shall pay  
39 the manager or the purchaser, as the case may be,  
40 reasonable out-of-pocket expenses incurred in  
41 preparing a proposal and performing prior to  
42 disapproval, but such expenses shall not exceed two  
43 hundred thousand dollars in the case of disapproval of  
44 the management contract and five hundred thousand  
45 dollars in the case of disapproval of the sales  
46 contract.

47 f. Cause the sales contract to require closing by  
48 October 1, 2007, allowing time for the state to obtain  
49 third-party approvals as required by section 206 of  
50 this Act, including the filing of any necessary

Page 4

1 eminent domain actions, and for the purchaser to  
2 secure financing.

3 g. Execute all necessary documents relating to the  
4 closing of the sale of the network. The board may  
5 direct any other applicable official to assist in the  
6 execution of necessary documents relating to the  
7 closing.

8 h. Require by written directive that all state  
9 officials provide information and records concerning  
10 the network to the board, to the manager, or to a  
11 person submitting a proposal to purchase the network,  
12 whenever the board requires such provision of such  
13 records and other information.

14 i. Take all other steps necessary and proper as  
15 needed to carry out its responsibilities enumerated in  
16 this subsection. The board may adopt necessary rules  
17 pursuant to chapter 17A to administer this division of  
18 this Act.

19 Sec. 203. MINIMUM QUALIFICATIONS OF PURCHASER.

20 The purchaser shall meet the following requirements:

21 1. The principal place of business of the  
22 purchaser and any parent of the purchaser shall be  
23 located in the state of Iowa.

24 2. For national security reasons, and because of  
25 the extensive military use of the network, the  
26 purchaser shall possess national security approval.

27 Sec. 204. CRITERIA FOR SELECTION OF PURCHASER.

28 After issuing a request for proposals for the purchase  
29 of the network and considering the proposals received,  
30 the board shall select the highest and best offer for  
31 purchase of the network from those persons submitting  
32 proposals which meet all of the following criteria:

33 1. Satisfy the minimum qualifications of this  
34 division of this Act.

35 2. Submit a proposal in compliance with the  
36 request for proposals.

37 3. Demonstrate a likelihood of being able to  
38 obtain any financing necessary to close the  
39 transaction. However, the board shall not require  
40 that the purchaser have a commitment for financing to  
41 award the contract, but shall allow the purchaser at  
42 least one year to obtain any necessary financing. The  
43 board may also in its discretion consider proposals  
44 involving financing of the sale by the state.

45 4. Agree to continue all services currently being  
46 provided to state and federal agencies and military  
47 installations for the next ten years, with any annual  
48 rate increase not to exceed five percent per year,  
49 provided that the purchaser shall not be required to  
50 supply at such restricted prices a quantity or quality

Page 5

1 of service greater than that provided by the network  
2 as of execution of the contract for sale of the  
3 network.  
4 Sec. 205. CLOSING OF SALE. Any debt of the state  
5 related to the network or other liens against network  
6 assets shall be discharged out of the state's proceeds  
7 of closing, so that the purchaser receives marketable  
8 title to the network. The purchaser shall receive  
9 bills of sale, in the case of personal property, and  
10 deeds, in the case of real property, transferring all  
11 network assets to the purchaser. The state shall also  
12 transfer its interest in right-of-way and leases and  
13 easements for uses of rights-of-way.  
14 Sec. 206. THIRD-PARTY APPROVALS.  
15 1. The state shall exercise all reasonable efforts  
16 to obtain each required third-party approval,  
17 including where necessary by use of eminent domain  
18 proceedings. To the extent feasible, the state may  
19 pay the costs of obtaining required third-party  
20 approvals out of the proceeds of sale rather than from  
21 the general fund of the state. In the event the state  
22 fails to obtain a required third-party approval, the  
23 purchaser may terminate the sales contract without  
24 penalty and shall be reimbursed by the state for  
25 reasonable out-of-pocket expenses incurred in  
26 preparing its proposal and fulfilling its obligations  
27 under the sales contract, not to exceed two million  
28 dollars.  
29 2. The board and the purchaser shall develop a  
30 list of required third-party approvals and persons who  
31 may have claims that would constitute required third-  
32 party approvals if valid. The board shall mail to  
33 each person on the list at their last known address a  
34 notice that provides a description of the sale and  
35 invites the recipient to submit a claim on a form  
36 developed by the board by a deadline set by the board.  
37 The claim or interest of any person who fails to  
38 timely file a claim shall be deemed discharged and  
39 forfeited, and such person shall be forever barred and  
40 estopped from taking any action against the state or  
41 purchaser that would in any way interfere with the  
42 purchaser's use of the network. In addition, the  
43 board shall publish the notice in newspapers of  
44 general circulation in the state of Iowa, and failure  
45 to file a timely claim shall bar all persons whose  
46 rights could constitutionally be affected by such  
47 notice, just as if such person had been mailed notice.  
48 3. Any eminent domain or other proceeding to  
49 obtain a required third-party approval shall be  
50 promptly filed by the attorney general at the request

Page 6

1 of the board and shall be added to the calendar of any  
2 trial or appellate court of this state so that the  
3 deadline in section 202 of this Act for closing the  
4 sale can be met.

5 Sec. \_\_\_\_ REMOVAL OF RESTRICTIONS -- REPEAL OF  
6 CHAPTER 8D. Chapter 8D is repealed, effective as of  
7 the date of the closing of the sale of the network  
8 under this division of this Act, as certified by the  
9 chairperson of the board to the governor.

10 Sec. \_\_\_\_ ASSISTANCE OF OTHER STATE AGENCIES.

11 1. The attorney general shall provide legal advice  
12 to the board.

13 2. All other state agencies shall provide whatever  
14 assistance may reasonably be required by the board in  
15 carrying out its duties under this division of this  
16 Act.”

4 Sec. 2. **NEW SECTION. 441.20 LEGISLATIVE INTENT.**  
5 It is the intent of the general assembly that there  
6 be transparency in the property tax system. It is  
7 further the intent of the general assembly that  
8 property assessments for purposes of property taxation  
9 be equal and uniform within classes of property. It  
10 is further the intent of the general assembly to  
11 minimize the impact that maintenance and upkeep by the

12 owner of property has on the assessment of that  
13 property and that there be predictability in increases  
14 of property assessments and that such predictability  
15 be based primarily on the actions of the property  
16 owner. It is further the intent of the general  
17 assembly to minimize the impact that increases in  
18 assessed value of property will have on property taxes  
19 paid and that any increases will be primarily the  
20 result of direct action taken by the local taxing  
21 authority in setting budget amounts rather than by  
22 increases in market value of property.

23 Sec. 3. Section 441.21, Code 2003, is amended by  
24 striking the section and inserting in lieu thereof the  
25 following:

26 441.21 ASSESSMENT OF STRUCTURES.

27 1. All real property, except land, subject to  
28 taxation shall be assessed on a value per square foot  
29 basis according to the provisions of this section.

30 2. a. Subject to paragraph "b", for valuations  
31 established as of January 1, 2006, and for subsequent  
32 assessment years, the assessed value per square foot  
33 of a residential structure shall be an amount equal to  
34 the valuation of the structure as determined for the  
35 assessment year beginning January 1, 2005, prior to  
36 application of the assessment limitation for that  
37 year, divided by the total number of square feet of  
38 the structure as of January 1, 2005.

39 b. (1) The assessed value per square foot of an  
40 existing residential structure purchased after January  
41 1, 2005, shall be the purchase price of the structure  
42 divided by the cumulative inflation factor established  
43 for the assessment year following the year of  
44 purchase, divided by the total number of square feet  
45 of the structure as of January 1 of the assessment  
46 year. The assessed value per square foot of a  
47 residential structure newly constructed after January  
48 1, 2005, shall be the market value of the structure,  
49 as determined by the assessor, divided by the  
50 cumulative inflation factor established for the

Page 3

1 assessment year following the year construction was  
2 completed, divided by the total number of square feet  
3 of the structure as of January 1 of the assessment  
4 year. However, when valuing an addition that  
5 substantially increases the square footage of a  
6 structure, only that portion of the structure  
7 comprising the addition shall be valued by the  
8 assessor under this subparagraph.

9 (2) If additions or modifications to an existing  
10 structure do not constitute a newly constructed

11 structure, the valuation of the structure shall only  
12 increase if the square footage of the structure  
13 increases. The increased valuation, if any, equals  
14 the amount of increased square feet times the value  
15 per square foot of the structure prior to the  
16 additions or modifications.

17 3. a. Subject to paragraph “b” for valuations  
18 established as of January 1, 2006, and for subsequent  
19 assessment years, the assessed value per square foot  
20 of a commercial or industrial structure shall be an  
21 amount equal to the valuation of the structure as  
22 determined for the assessment year beginning January  
23 1, 2005, prior to application of the assessment  
24 limitation for that year, divided by the total number  
25 of square feet of the structure as of January 1, 2005.

26 b. (1) The assessed value per square foot of an  
27 existing commercial or industrial structure purchased  
28 after January 1, 2005, shall be the purchase price of  
29 the structure divided by the cumulative inflation  
30 factor established for the assessment year following  
31 the year of purchase, divided by the total number of  
32 square feet of the structure as of January 1 of the  
33 assessment year. The assessed value per square foot  
34 of a commercial or industrial structure newly  
35 constructed after January 1, 2005, shall be the market  
36 value of the structure, as determined by the assessor,  
37 divided by the cumulative inflation factor established  
38 for the assessment year following the year  
39 construction was completed, divided by the total  
40 number of square feet of the structure as of January 1  
41 of the assessment year. However, when valuing an  
42 addition that substantially increases the square  
43 footage of a structure, only that portion of the  
44 structure comprising the addition shall be valued by  
45 the assessor under this subparagraph.

46 (2) If additions or modifications to an existing  
47 structure do not constitute a newly constructed  
48 structure, the valuation of the structure shall only  
49 increase if the square footage of the structure  
50 increases. The increased valuation, if any, equals

Page 4

1 the amount of increased square feet times the value  
2 per square foot of the structure prior to the  
3 additions or modifications.

4 4. a. Subject to paragraph “b” for valuations  
5 established as of January 1, 2006, and for subsequent  
6 assessment years, the assessed value per square foot  
7 of an agricultural structure that is not an  
8 agricultural dwelling shall be an amount equal to the  
9 valuation of the structure as determined for the

10 assessment year beginning January 1, 2005, prior to  
11 application of the assessment limitation for that  
12 year, divided by the total number of square feet of  
13 the structure as of January 1, 2005.

14 b. (1) The assessed value per square foot of an  
15 existing agricultural structure purchased after  
16 January 1, 2005, shall be the productivity value of  
17 the structure divided by the cumulative inflation  
18 factor established for the assessment year following  
19 the year of purchase, divided by the total number of  
20 square feet of the structure as of January 1 of the  
21 assessment year. The assessed value per square foot  
22 of an agricultural structure newly constructed after  
23 January 1, 2005, shall be the productivity value of  
24 the structure for the assessment year following the  
25 year construction was completed, as determined by the  
26 assessor, divided by the cumulative inflation factor  
27 established for the assessment year following the year  
28 construction was completed, divided by the total  
29 number of square feet of the structure as of January 1  
30 of the assessment year. However, when valuing an  
31 addition that substantially increases the square  
32 footage of a structure, only that portion of the  
33 structure comprising the addition shall be valued by  
34 the assessor under this subparagraph.

35 (2) If additions or modifications to an existing  
36 structure do not constitute a newly constructed  
37 structure, the valuation of the structure shall only  
38 increase if the square footage of the structure  
39 increases. The increased valuation, if any, equals  
40 the amount of increased square feet times the value  
41 per square foot of the structure prior to the  
42 additions or modifications.

43 5. a. In determining the market value of newly  
44 constructed property, except agricultural structures,  
45 the assessor may determine the value of the property  
46 using uniform and recognized appraisal methods  
47 including its productive and earning capacity, if any,  
48 industrial conditions, its cost, physical and  
49 functional depreciation and obsolescence and  
50 replacement cost, and all other factors which would

Page 5

1 assist in determining the fair and reasonable market  
2 value of the property but the actual value shall not  
3 be determined by use of only one such factor. The  
4 following shall not be taken into consideration:  
5 special value or use value of the property to its  
6 present owner, and the goodwill or value of a business  
7 that uses the property as distinguished from the value  
8 of the property as property. However, in assessing

9 property that is rented or leased to low-income  
10 individuals and families as authorized by section 42  
11 of the Internal Revenue Code, as amended, and which  
12 section limits the amount that the individual or  
13 family pays for the rental or lease of units in the  
14 property, the assessor shall use the productive and  
15 earning capacity from the actual rents received as a  
16 method of appraisal and shall take into account the  
17 extent to which that use and limitation reduces the  
18 market value of the property. The assessor shall not  
19 consider any tax credit equity or other subsidized  
20 financing as income provided to the property in  
21 determining the market value. Upon adoption of  
22 uniform rules by the department of revenue and finance  
23 or covering assessments and valuations of such  
24 properties, the valuation on such properties shall be  
25 determined in accordance with such values for  
26 assessment purposes to assure uniformity, but such  
27 rules shall not be inconsistent with or change the  
28 foregoing means of determining the market value.

29 b. The actual value of special purpose tooling,  
30 which is subject to assessment and taxation as real  
31 property under section 427A.1, subsection 1, paragraph  
32 “e”, but which can be used only to manufacture  
33 property which is protected by one or more United  
34 States or foreign patents, shall not exceed the fair  
35 and reasonable exchange value between a willing buyer  
36 and a willing seller, assuming that the willing buyer  
37 is purchasing only the special purpose tooling and not  
38 the patent covering the property which the special  
39 purpose tooling is designed to manufacture nor the  
40 rights to manufacture the patented property. For  
41 purposes of this paragraph, special purpose tooling  
42 includes dies, jigs, fixtures, molds, patterns, and  
43 similar property. The assessor shall not take into  
44 consideration the special value or use value to the  
45 present owner of the special purpose tooling which is  
46 designed and intended solely for the manufacture of  
47 property protected by a patent in arriving at the  
48 actual value of the special purpose tooling.

49 c. In determining the purchase price of a  
50 structure, the assessor shall consider whether the

Page 6

1 sale was a fair and reasonable exchange in the year in  
2 which the property was listed and valued between a  
3 willing buyer and a willing seller, neither being  
4 under any compulsion to buy or sell and each being  
5 familiar with all the facts relating to the particular  
6 property. Sale prices of the property or comparable  
7 property in normal transactions reflecting market

8 value, and the probable availability or unavailability  
9 of persons interested in purchasing the property,  
10 shall be taken into consideration in determining  
11 purchase price. In determining purchase price, sale  
12 prices of property in abnormal transactions not  
13 reflecting market value shall not be taken into  
14 account, or shall be adjusted to eliminate the effect  
15 of factors which distort market value, including but  
16 not limited to sales to immediate family of the  
17 seller, foreclosure or other forced sales, contract  
18 sales, or discounted purchase transactions.

19 d. If a county enters into a contract before May  
20 1, 2003, for a comprehensive revaluation by a private  
21 appraiser and such revaluation is for the assessment  
22 year beginning January 1, 2006, the valuations  
23 determined under the comprehensive revaluation for  
24 that assessment year shall be divided by the  
25 cumulative inflation factor for the assessment year  
26 beginning January 1, 2006, and that quotient shall be  
27 considered the valuation of the property for the  
28 assessment year beginning January 1, 2005.

29 6. Notwithstanding any other provision of this  
30 section, the assessed value per square foot of a  
31 structure times the total number of square feet of the  
32 structure shall not exceed its fair and reasonable  
33 market value for the assessment year, except for  
34 agricultural structures which shall be valued  
35 exclusively as provided in subsection 4.

36 7. For purposes of this section:

37 a. "Annual inflation factor" means an index,  
38 expressed as a percentage, determined by the  
39 department by January 15 of the assessment year for  
40 which the factor is determined, which reflects the  
41 purchasing power of the dollar as a result of  
42 inflation during the twelve-month period ending  
43 September 30 of the calendar year preceding the  
44 assessment year for which the factor is determined.  
45 In determining the annual inflation factor, the  
46 department shall use the annual percent change, but  
47 not less than zero percent, in the gross domestic  
48 product price deflator computed for the calendar year  
49 by the bureau of economic analysis of the United  
50 States department of commerce and shall add all of

Page 7

1 that percent change to one hundred percent. The  
2 annual inflation factor and the cumulative inflation  
3 factor shall each be expressed as a percentage rounded  
4 to the nearest one-tenth of one percent. The annual  
5 inflation factor shall not be less than one hundred  
6 percent. The annual inflation factor for the 2005

- 7 calendar year is one hundred percent.
- 8 b. “Cumulative inflation factor” means the product  
9 of the annual inflation factor for the 2005 calendar  
10 year and all annual inflation factors for subsequent  
11 calendar years as determined pursuant to this  
12 subsection. The cumulative inflation factor applies  
13 to the assessment year beginning on January 1 of the  
14 calendar year for which the latest annual inflation  
15 factor has been determined.
- 16 c. “Newly constructed” includes, but is not  
17 limited to, structural replacement, additions that  
18 substantially increase the square footage, conversion  
19 into another class of property, and conversion from  
20 exempt property under section 427.1 to taxable  
21 property. For commercial and industrial property,  
22 “newly constructed” also includes an addition or  
23 removal to a structure of personal property taxed as  
24 real estate under chapter 427A.
- 25 d. “Structure” means any part of that which is  
26 built or constructed, an edifice or building of any  
27 kind, or any piece of work artificially built up or  
28 composed of parts joined together in some definite  
29 manner. For residential structures, structure  
30 includes only those parts of the structure, including  
31 basements and attics, that are or could be used as  
32 living space. “Structure” does not include the land  
33 beneath, or horizontal improvements relating to the  
34 structure, such as sidewalks, sewers, or retaining  
35 walls.
- 36 8. For the purpose of computing the debt  
37 limitations for municipalities, political  
38 subdivisions, and school districts, the term “actual  
39 value” means the “actual value” as determined under  
40 this section without application of any percentage  
41 reduction and entered opposite each item, and as  
42 listed on the tax list as provided in section 443.2,  
43 as “actual value”.
- 44 Whenever any board of review or other tribunal  
45 changes the assessed value of property, all applicable  
46 records of assessment shall be adjusted to reflect  
47 such change in both assessed value and actual value of  
48 such property.
- 49 9. The provisions of this chapter and chapters  
50 443, 443A, and 444 shall be subject to legislative

Page 8

- 1 review at least once every five years. The review  
2 shall be based upon a property tax status report  
3 containing the recommendations of a property tax  
4 implementation committee appointed to conduct a review  
5 of the land tax, square footage tax, the baseline

6 assessment for the square footage tax, and other  
 7 related provisions, to be prepared with the assistance  
 8 of the departments of management and revenue and  
 9 finance. The report shall include recommendations for  
 10 changes or revisions based upon demographic changes  
 11 and property tax valuation fluctuations observed  
 12 during the preceding five-year interval, and a summary  
 13 of issues that have arisen since the previous review  
 14 and potential approaches for their resolution. The  
 15 first such report shall be submitted to the general  
 16 assembly no later than January 1, 2010, with  
 17 subsequent reports developed and submitted by January  
 18 1 at least every fifth year thereafter.

19 Sec. 4. NEW SECTION. 441.21a PROPERTY  
 20 CLASSIFICATIONS.

21 1. a. Agricultural land shall be valued at its  
 22 productivity value. The productivity value of  
 23 agricultural land shall be determined on the basis of  
 24 productivity and net earning capacity of the land  
 25 determined on the basis of its use for agricultural  
 26 purposes capitalized at a rate of seven percent and  
 27 applied uniformly among counties and among classes of  
 28 property. Any formula or method employed to determine  
 29 productivity and net earning capacity of land shall be  
 30 adopted in full by rule.

31 b. In counties or townships in which field work on  
 32 a modern soil survey has been completed since January  
 33 1, 1949, the assessor shall place emphasis upon the  
 34 results of the survey in spreading the valuation among  
 35 individual parcels of such agricultural land.

36 c. "Agricultural land" includes the land of a  
 37 vineyard.

38 2. a. "Residential property" includes all lands  
 39 and buildings which are primarily used or intended for  
 40 human habitation, including those buildings located on  
 41 agricultural land. Buildings used primarily or  
 42 intended for human habitation shall include the  
 43 dwelling as well as structures and improvements used  
 44 primarily as a part of, or in conjunction with, the  
 45 dwelling. This includes but is not limited to  
 46 garages, whether attached or detached, tennis courts,  
 47 swimming pools, guest cottages, and storage sheds for  
 48 household goods. Residential property located on  
 49 agricultural land shall include only buildings.

50 b. "Residential property" includes all land and

Page 9

1 buildings of multiple housing cooperatives organized  
 2 under chapter 499a and includes land and buildings  
 3 used primarily for human habitation which land and  
 4 buildings are owned and operated by organizations that

5 have received tax-exempt status under section  
6 501(c)(3) of the Internal Revenue Code and rental  
7 income from the property is not taxed as unrelated  
8 business income under section 422.33, subsection 1A.  
9 c. “Residential property” includes an apartment in  
10 a horizontal property regime referred to in chapter  
11 499B which is used or intended for use for human  
12 habitation regardless of who occupies the apartment.  
13 Existing structures shall not be converted to a  
14 horizontal property regime unless applicable building  
15 code requirements have been met.

16 d. Buildings for human habitation that are used as  
17 commercial ventures, including but not limited to  
18 hotels, motels, rest homes, and structures containing  
19 three or more separate living quarters shall not be  
20 considered residential property.

21 Sec. 5. Section 441.23, Code 2003, is amended to  
22 read as follows:

23 441.23 NOTICE OF VALUATION.

24 If there has been an increase or decrease in the  
25 valuation of the property, or upon the written request  
26 of the person assessed, the assessor shall, at the  
27 time of making the assessment, inform the person  
28 assessed, in writing, of the valuation put upon the  
29 taxpayer’s property, and notify the person, if the  
30 person feels aggrieved, to appear before the board of  
31 review and show why the assessment should be changed.  
32 However, if the valuation of ~~a class of agricultural~~  
33 property is uniformly decreased, the assessor may  
34 notify the affected property owners by publication in  
35 the official newspapers of the county. The owners of  
36 real property shall be notified not later than April  
37 15 of any adjustment of the real property assessment.  
38 The notification shall include a supplemental return  
39 form for the person to list the person’s property and  
40 any additions or modifications completed in the prior  
41 year to a structure located on the property, as  
42 required in section 441.19.

43 Sec. 6. Section 441.24, Code 2003, is amended to  
44 read as follows:

45 441.24 REFUSAL TO FURNISH STATEMENT.

46 1. If a person refuses to furnish the verified  
47 statements required in connection with the assessment  
48 of property by the assessor, or to list the  
49 corporation’s or person’s property, the director of  
50 revenue and finance, or assessor, as the case may be,

Page 10

- 1 shall proceed to list and assess the property
- 2 according to the best information obtainable, and
- 3 shall add to the ~~taxable~~ agricultural land and square

4 footage valuation one hundred percent thereof, which  
 5 valuation and penalty shall be separately shown, and  
 6 shall constitute the assessment; and if the  
 7 agricultural land or square footage valuation of the  
 8 property is changed by a board of review, or on appeal  
 9 from a board of review, a like penalty shall be added  
 10 to the valuation thus fixed.

11 2. However, all or part of the penalty imposed  
 12 under this section may be waived by the board of  
 13 review upon application to the board by the assessor  
 14 or the property owner. The waiver or reduction in the  
 15 penalty shall be allowed only on the agricultural land  
 16 or the square footage valuation of ~~real property~~ the  
 17 structure against which the penalty has been imposed.

18 Sec. 7. Section 441.26, unnumbered paragraph 3,  
 19 Code 2003, is amended to read as follows:

20 The notice in ~~1984~~ 2007 and each odd-numbered year  
 21 thereafter shall contain a statement that ~~the~~  
 22 agricultural property assessments and property  
 23 assessed pursuant to section 441.21, subsection 2,  
 24 paragraph "b", subparagraph (1), and subsection 3,  
 25 paragraph "b", subparagraph (1), are subject to  
 26 equalization pursuant to an order issued by the  
 27 director of revenue and finance, that the county  
 28 auditor shall give notice on or before October 15 by  
 29 publication in an official newspaper of general  
 30 circulation to any ~~class of~~ agricultural property  
 31 affected by the equalization order, and that the board  
 32 of review shall be in session from October 15 to  
 33 November 15 to hear protests of affected property  
 34 owners or taxpayers whose valuations have been  
 35 adjusted by the equalization order.

36 Sec. 8. Section 441.26, unnumbered paragraphs 4  
 37 and 5, Code 2003, are amended to read as follows:

38 The assessment rolls shall be used in listing the  
 39 property, the number of structures, and the total  
 40 square footage of the structures by class of property,  
 41 and showing the values affixed to agricultural land  
 42 and the assessed value per square foot affixed to ~~the~~  
 43 ~~property~~ the structures by class of property of all  
 44 persons assessed. The rolls shall be made in  
 45 duplicate. The duplicate roll shall be signed by the  
 46 assessor, detached from the original and delivered to  
 47 the person assessed if there has been an increase or  
 48 decrease in the valuation of the property. If there  
 49 has been no change in the evaluation, the information  
 50 on the roll may be printed on computer stock paper and

- 1 preserved as required by this chapter. If the person
- 2 assessed requests in writing a copy of the roll, the

3 copy shall be provided to the person. The pages of  
4 the assessor's assessment book shall contain columns  
5 ruled and headed for the information required by this  
6 chapter and that which the director of revenue and  
7 finance deems essential in the equalization work of  
8 the director. The assessor shall return all  
9 assessment rolls and schedules to the county auditor,  
10 along with the completed assessment book, as provided  
11 in this chapter, and the county auditor shall  
12 carefully keep and preserve the rolls, schedules and  
13 book for a period of five years from the time of its  
14 filing in the county auditor's office.

15 Beginning with valuations for January 1, ~~1977~~ 2006,  
16 and each succeeding year, for each parcel of  
17 agricultural property and for each structure entered  
18 in the assessment book, the assessor shall list the  
19 classification of the property.

20 Sec. 9. Section 441.35, subsection 1, Code 2003,  
21 is amended by striking the subsection.

22 Sec. 10. Section 441.35, unnumbered paragraph 2,  
23 Code 2003, is amended by striking the unnumbered  
24 paragraph.

25 Sec. 11. Section 441.36, Code 2003, is amended to  
26 read as follows:

27 441.36 CHANGE OF ASSESSMENT -- NOTICE.

28 All changes in assessments authorized by the board  
29 of review, and reasons therefor, shall be entered in  
30 the minute book kept by ~~said the~~ board and on the  
31 assessment roll. ~~Said~~ The minute book shall be filed  
32 with the assessor after the adjournment of the board  
33 of review and shall at all times be open to public  
34 inspection. In case the value of any specific  
35 property or structure or the entire assessment of any  
36 person, partnership, or association is increased, or  
37 new property or a new structure is added by the board,  
38 the clerk shall give immediate notice thereof by mail  
39 to each at the post-office address shown on the  
40 assessment rolls, and at the conclusion of the action  
41 of the board therein the clerk shall post an  
42 alphabetical list of those whose assessments are thus  
43 raised and added, in a conspicuous place in the office  
44 or place of meeting of the board, and enter upon the  
45 records a statement that such posting has been made,  
46 which entry shall be conclusive evidence of the giving  
47 of the notice required. The board shall hold an  
48 adjourned meeting, with at least five days intervening  
49 after the posting of ~~said the~~ notices, before final  
50 action with reference to the raising of assessments or

Page 12

1 the adding of property or structures to the rolls is  
2 taken, and the posted notices shall state the time and  
3 place of holding such adjourned meeting, which time  
4 and place shall also be stated in the proceedings of  
5 the board.

6 Sec. 12. Section 441.37, subsection 1, paragraphs  
7 a and b, Code 2003, are amended to read as follows:

8 a. That ~~said the~~ assessment is not equitable as  
9 compared with assessments of other like property or  
10 structures in the taxing district. When this ground  
11 is relied upon as the basis of a protest the legal  
12 description and assessments of a representative number  
13 of comparable ~~properties~~ structures, as described by  
14 the aggrieved taxpayer shall be listed on the protest,  
15 otherwise ~~said the~~ protest shall not be considered on  
16 this ground.

17 b. That the property or structure is assessed for  
18 more than the value authorized by law, stating the  
19 specific amount which the protesting party believes  
20 the property or structure to be overassessed, and the  
21 amount which the party considers to be its actual  
22 value and the amount the party considers a fair  
23 assessment.

24 Sec. 13. Section 441.39, Code 2003, is amended to  
25 read as follows:

26 441.39 TRIAL ON APPEAL.

27 The court shall hear the appeal in equity and  
28 determine anew all questions arising before the board  
29 which relate to the liability of the property or  
30 structure to assessment or the amount thereof. The  
31 court shall consider all of the evidence and there  
32 shall be no presumption as to the correctness of the  
33 ~~valuation of~~ assessment appealed from. Its decision  
34 shall be certified by the clerk of the court to the  
35 county auditor, and the assessor, who shall correct  
36 the assessment books accordingly.

37 Sec. 14. Section 441.42, Code 2003, is amended to  
38 read as follows:

39 441.42 APPEAL ON BEHALF OF PUBLIC.

40 Any officer of a county, city, township, drainage  
41 district, levee district, or school district  
42 interested or a taxpayer thereof may in like manner  
43 make complaint before ~~said the~~ board of review in  
44 respect to the assessment of any property or structure  
45 in the township, drainage district, levee district or  
46 city and an appeal from the action of the board of  
47 review in fixing the amount of assessment on any  
48 property or structure concerning which such complaint  
49 is made, may be taken by any of such aforementioned  
50 officers.

Page 13

1 Such appeal is in addition to the appeal allowed to  
2 the person whose property or structure is assessed and  
3 shall be taken in the name of the county, city,  
4 township, drainage district, levee district, or school  
5 district interested, and tried in the same manner,  
6 except that the notice of appeal shall also be served  
7 upon the owner of the property or structure concerning  
8 which the complaint is made and affected thereby or  
9 person required to return said property or structure  
10 for assessment.

11 Sec. 15. Section 441.43, Code 2003, is amended to  
12 read as follows:

13 441.43 POWER OF COURT.

14 Upon trial of any appeal from the action of the  
15 board of review fixing the amount of assessment upon  
16 any property or structure concerning which complaint  
17 is made, the court may increase, decrease, or affirm  
18 the amount of the assessment appealed from.

19 Sec. 16. Section 441.45, subsections 1 and 2, Code  
20 2003, are amended to read as follows:

21 1. The number of acres of land and the aggregate

6 determine by vote, or officers are authorized to  
7 estimate or determine, a rate of taxation required for  
8 any public purpose, such rate shall in all cases be  
9 estimated and based upon the amount of land tax  
10 available to the district and the adjusted taxable  
11 square footage valuation of such taxing district for  
12 the preceding calendar year.

13 Sec. 38. Section 444.2, Code 2003, is amended to  
14 read as follows:

37 land tax to be distributed to each taxing district has  
38 been deducted from the dollar amounts certified in  
39 section 444.2 for each taxing district, the county  
40 auditor shall thereupon apply such a rate, ~~not~~  
41 ~~exceeding the rate authorized by law, or rates~~ as will

43 and when combined with the land tax amount will raise  
44 an amount not exceeding the dollar amount authorized  
45 by law for the taxing district, and ~~no~~ will not raise  
46 a larger amount. For purposes of computing the square

6 of such railway corporation or its trustee.

8 dollars and cents per one hundred dollars of valuation  
9 per square foot.

12 is the sum of the amounts computed in subsections 1  
13 and 2.

21 shall be computed separately for each structure  
22 located on the land.

23 Sec. 41. PROPERTY TAX IMPLEMENTATION COMMITTEE.

24 1. On or before July 1, 2003, the department of  
25 revenue and finance, in consultation with the  
26 department of management, shall initiate and  
27 coordinate the establishment of a property tax  
28 implementation committee and provide staffing  
29 assistance to the committee. The property tax  
30 implementation committee shall include four members of  
31 the general assembly, one each appointed by the  
32 majority leader of the senate, the speaker of the  
33 house of representatives, the minority leader of the  
34 senate, and the minority leader of the house of

38 finance, the department of management, counties,  
39 cities, school districts, local assessors, commercial  
40 property taxpayers, residential property taxpayers,  
41 and agricultural property taxpayers, and other  
42 appropriate stakeholders. The department may consider  
43 participation on the committee of former state  
44 officials with expertise in budget and tax policy.  
45 The chairpersons of the committee shall be those  
46 members of the general assembly appointed by the  
47 majority leader of the senate and the speaker of the  
48 house of representatives.

49 2. The committee shall study and make  
50 recommendations relating to the land tax, square

Page 22

1 footage tax, the baseline assessment for the square  
2 footage tax, and other related provisions. The  
3 committee shall also study and make recommendations on  
4 issues relating to implementation of a land tax and  
5 square footage tax, including, but not limited to,  
6 whether or not maximum square footage rates and land  
7 tax rates should be imposed and, if such rates are  
8 recommended, the imposition of rates that have a  
9 revenue neutral impact on classes of property, the  
10 property tax financing portion of the school funding  
11 formula, treatment of current property tax credits and  
12 exemptions under a land tax and square footage tax and  
13 continued state reimbursement of any credits or  
14 exemptions, implementation of urban revitalization and  
15 urban renewal programs under the land tax and square  
16 footage tax, implementation of a payment in lieu of  
17 taxes program for local government services, and  
18 maintenance of equity among classes of taxpayers and

26 to submit data as prescribed by the committee. The  
27 department of revenue and finance, in consultation  
28 with the department of management, shall select the  
29 three counties and the cities within those counties  
30 that will be required to provide data to the  
31 committee. The committee shall devise a system for  
32 testing the data, including the necessary computer  
33 hardware and software to allow the selected counties  
34 and cities to prepare projected budgets, to determine  
35 the rates for the land tax and the square footage tax  
36 for those projected budgets, and to provide a sampling  
37 of the effect on the various classes of property in  
38 those jurisdictions. The committee shall use the data  
39 and the results of the projections to resolve, and  
40 make recommendations relating to, the issues described  
41 in subsection 2, and related issues, in a revenue  
42 neutral manner that will not result in a shift of  
43 property tax burden between classes of property. The  
44 committee shall submit to the general assembly by  
45 October 31, 2003, October 31, 2004, and October 31,  
46 2005, a report for each of those years resolving the  
47 issues in subsection 2 and other related issues for  
48 implementation of this Act. The reports shall include  
49 detailed estimates of the cost to the counties and  
50 cities of providing the data and an estimate of the

1 cost of statewide implementation of this Act.

13 under the Internal Revenue Code, with the following  
14 adjustments:

16 the sum of the following:

17 a. Add the amount of federal income tax refunds  
18 received in a tax year beginning on or after January  
19 1, 2007, but before January 1, 2010, to the extent

35 specifically exempts the income from the sale from the  
36 state individual income tax.

38 of a participation agreement refunded to the taxpayer  
39 as a participant in the Iowa educational savings plan

5 Code.

6 d. (1) Subtract, to the extent included, the

12 to and including January 1, 1993, continues to apply  
13 for state income tax purposes for tax years beginning  
14 on or after January 1, 1994.

15 (2) Married taxpayers, who file a joint federal  
16 income tax return and who elect to file separate  
17 returns or who elect separate filing on a combined  
18 return for state income tax purposes, shall allocate  
19 between the spouses the amount of benefits subtracted  
20 under subparagraph (1) from net income in the ratio of  
21 the social security benefits received by each spouse  
22 to the total of these benefits received by both  
23 spouses.

24 e. (1) For a person who is disabled, or is fifty-  
25 five years of age or older, or is the surviving spouse  
26 of an individual or a survivor having an insurable  
27 interest in an individual who would have qualified for

39 wife, who files a separate state income tax return and  
40 up to a maximum of twelve thousand dollars for a  
41 husband and wife who file a joint state income tax  
42 return.

43 (2) However, a surviving spouse who is not  
44 disabled or fifty-five years of age or older can only

46 received as a result of the death of the other spouse.

18 or after January 1, 2002. However, to the extent that  
19 a taxpayer using the accrual method of accounting  
20 reported the entire capital gain from the sale or  
21 exchange of property on the Iowa return for the tax  
22 year beginning in the 2001 calendar year and the  
23 capital gain was reported on the installment method on

25 installment from the capital gain reported for federal

49 savings plan trust for deposit in the endowment fund  
50 of that trust.

1 against an assembler, designer, supplier of  
2 specifications, distributor, manufacturer, or seller  
3 for damages arising from an alleged defect in the  
4 design, testing, manufacturing, formulation,  
5 packaging, warning, or labeling of a product, a  
6 percentage of fault shall not be assigned to such  
7 persons if they plead and prove that the product

13 shall diminish the duty of an assembler, designer,  
14 supplier of specifications, distributor, manufacturer  
15 or seller to warn concerning subsequently acquired

45 b. Whether, by a preponderance of clear and  
46 convincing evidence, the conduct of the defendant from  
47 which the claim arose constituted actual malice.

48 Sec. 117. **NEW SECTION.** 668A.2 DEFINITIONS.

49 As used in this chapter, the following terms shall  
50 have the following meanings:

Page 66

1 1. "Clear and convincing evidence" means evidence  
2 which leaves no serious or substantial doubt about the

4 evidence. It is more than a preponderance of  
5 evidence, but less than beyond a reasonable doubt.

6 2. "Malice" means either conduct which is  
7 specifically intended by the defendant to cause  
8 tangible or intangible serious injury to the plaintiff  
9 or conduct that is carried out by the defendant both  
10 with a flagrant indifference to the rights of the  
11 plaintiff and with a subjective awareness that such  
12 conduct will result in tangible serious injury.

13 Sec. 118. NEW SECTION. 668A.3 AWARD OF PUNITIVE  
14 OR EXEMPLARY DAMAGES -- PROOF -- STANDARD.

15 Punitive or exemplary damages shall only be awarded  
16 where the plaintiff proves by clear and convincing  
17 evidence that the plaintiff's harm was the result of  
18 actual malice. This burden of proof shall not be  
19 satisfied by proof of any degree of negligence,  
20 including gross negligence.

29 begin at the termination of the healing period  
30 provided in subsection 1. The compensation shall be  
31 in addition to the benefits provided by sections 85.27  
32 and 85.28. The compensation shall be based only upon  
33 the extent of the disability related to the injury  
34 received and upon the basis of eighty percent per week  
35 of the employee's average spendable weekly earnings,  
36 but not more than a weekly benefit amount, rounded to  
37 the nearest dollar, equal to one hundred eighty-four  
38 percent of the statewide average weekly wage paid

6 while the employee was employed by a different  
7 employer. When an employee's present disability  
8 includes disability caused by a prior work-related  
9 injury or illness that was sustained by the employee  
10 while in the employ of the same employer, the employer  
11 is liable for compensating all of the employee's work-  
12 related disability sustained by the employee while in  
13 the employ of the employer, except that any portion of  
14 the disability that was previously compensated by the  
15 employer shall be deducted from the employer's  
16 obligation to pay benefits for the employee's present  
17 disability. If an employee's present disability is  
18 reduced by a portion of disability sustained from  
19 prior work-related injuries or illnesses for which the  
20 employee has already been compensated by the same  
21 employer, then the employee shall receive compensation  
22 for the remaining disability caused by the present  
23 work-related injury or illness plus an additional ten  
24 percent of the amount of the increase in disability.

#### 48 UNIFORM SALES AND USE TAX ADMINISTRATION ACT

49 Sec. 138. NEW SECTION. 423.7 TITLE.

50 This subchapter shall be known and may be cited as

Page 117

1 the “Uniform Sales and Use Tax Administration Act”.  
2 Sec. 139. NEW SECTION. 423.8 LEGISLATIVE FINDING  
3 AND INTENT.

4 The general assembly finds that Iowa should enter  
5 into an agreement with one or more states to simplify  
6 and modernize sales and use tax administration in  
7 order to substantially reduce the burden of tax  
8 compliance for all sellers and for all types of  
9 commerce. It is the intent of the general assembly  
10 that entering into this agreement will lead to  
11 simplification and modernization of the sales and use  
12 tax law and not to the imposition of new taxes or an  
13 increase or decrease in the existing number of  
14 exemptions, unless such a result is unavoidable under  
15 the terms of the agreement.

16 Sec. 140. NEW SECTION. 423.9 AUTHORITY TO ENTER  
17 AGREEMENT AND TO REPRESENT THE STATE.

18 The director is authorized and directed to enter  
19 into the streamlined sales and use tax agreement with  
20 one or more states to simplify and modernize sales and  
21 use tax administration in order to substantially  
22 reduce the burden of tax compliance for all sellers  
23 and for all types of commerce.

24 The director is further authorized to take other  
25 actions reasonably required to implement the  
26 provisions set forth in this chapter. Other actions  
27 authorized by this section include, but are not  
28 limited to, the adoption of rules and the joint  
29 procurement, with other member states, of goods and  
30 services in furtherance of the cooperative agreement.

31 The director or the director’s designee is  
32 authorized to be a member of the governing board  
33 established pursuant to the agreement and to represent  
34 Iowa before that body.

35 Sec. 141. NEW SECTION. 423.10 RELATIONSHIP TO  
36 STATE LAW.

37 Entry into the agreement by the director does not  
38 amend or modify any law of this state. Implementation  
39 of any condition of the agreement in this state,  
40 whether adopted before, at, or after membership of  
41 this state in the agreement, shall be by action of the  
42 general assembly.

43 Sec. 142. NEW SECTION. 423.11 AGREEMENT  
44 REQUIREMENTS.

45 The director shall not enter into the agreement  
46 unless the agreement requires each state to abide by  
47 the following requirements:

48 1. UNIFORM STATE RATE. The agreement must set  
49 restrictions to achieve more uniform state rates  
50 through the following:

Page 118

- 1 a. Limiting the number of state rates.
- 2 b. Limiting the application of maximums on the
- 3 amount of state tax that is due on a transaction.
- 4 c. Limiting the application of thresholds on the
- 5 application of state tax.
- 6 2. UNIFORM STANDARDS. The agreement must
- 7 establish uniform standards for the following:
- 8 a. The sourcing of transactions to taxing
- 9 jurisdictions.
- 10 b. The administration of exempt sales.
- 11 c. The allowances a seller can take for bad debts.
- 12 d. Sales and use tax returns and remittances.
- 13 3. UNIFORM DEFINITIONS. The agreement must
- 14 require states to develop and adopt uniform
- 15 definitions of sales and use tax terms. The
- 16 definitions must enable a state to preserve its
- 17 ability to make policy choices not inconsistent with
- 18 the uniform definitions.
- 19 4. CENTRAL REGISTRATION. The agreement must
- 20 provide a central, electronic registration system that
- 21 allows a seller to register to collect and remit sales
- 22 and use taxes for all member states.
- 23 5. NO NEXUS ATTRIBUTION. The agreement must
- 24 provide that registration with the central
- 25 registration system and the collection of sales and
- 26 use taxes in the member states must not be used as a
- 27 factor in determining whether the seller has nexus
- 28 with a state for any tax.
- 29 6. LOCAL SALES AND USE TAXES. The agreement must
- 30 provide for reduction of the burdens of complying with
- 31 local sales and use taxes through the following:
- 32 a. Restricting variances between the state and
- 33 local tax bases.
- 34 b. Requiring states to administer any sales and
- 35 use taxes levied by local jurisdictions within the
- 36 state so that sellers collecting and remitting these
- 37 taxes must not have to register or file returns with,
- 38 remit funds to, or be subject to independent audits
- 39 from local taxing jurisdictions.
- 40 c. Restricting the frequency of changes in the
- 41 local sales and use tax rates and setting effective
- 42 dates for the application of local jurisdictional
- 43 boundary changes to local sales and use taxes.
- 44 d. Providing notice of changes in local sales and
- 45 use tax rates and of changes in the boundaries of
- 46 local taxing jurisdictions.
- 47 7. MONETARY ALLOWANCES. The agreement must
- 48 outline any monetary allowances that are to be
- 49 provided by the states to sellers or certified service
- 50 providers.

Page 119

1 8. STATE COMPLIANCE. The agreement must require  
2 each state to certify compliance with the terms of the  
3 agreement prior to joining and to maintain compliance,  
4 under the laws of the member state, with all  
5 provisions of the agreement while a member.

6 9. CONSUMER PRIVACY. The agreement must require  
7 each state to adopt a uniform policy for certified  
8 service providers that protects the privacy of  
9 consumers and maintains the confidentiality of tax  
10 information.

11 10. ADVISORY COUNCILS. The agreement must provide  
12 for the appointment of an advisory council of private  
13 sector representatives and an advisory council of  
14 nonmember state representatives to consult with in the  
15 administration of the agreement.

16 Sec. 143. NEW SECTION. 423.12 LIMITED BINDING  
17 AND BENEFICIAL EFFECT.

18 1. The agreement binds and inures only to the  
19 benefit of Iowa and the other member states. A  
20 person, other than a member state, is not an intended  
21 beneficiary of the agreement. Any benefit to a person  
22 other than a member state is established by the law of  
23 Iowa and not by the terms of the agreement.

24 2. A person shall not have any cause of action or  
25 defense under the agreement or by virtue of this  
26 state's entry into the agreement. a person may not  
27 challenge, in any action brought under any provision  
28 of law, any action or inaction by any department,  
29 agency, or other instrumentality of this state, or any  
30 political subdivision of this state on the ground that  
31 the action or inaction is inconsistent with the  
32 agreement.

33 3. A law of this state, or the application of it,  
34 shall not be declared invalid as to any such person or  
35 circumstance on the ground that the provision or  
36 application is inconsistent with the agreement.

23 bracket system.

25 vehicle fuel which are subject to tax and refund under  
26 chapter 452a shall be collected by the state treasurer

34 determine where sales of products occur, excluding  
35 sales enumerated in section 423.16. These provisions  
36 apply regardless of the characterization of a product  
37 as tangible personal property, a digital good, or a  
38 service, excluding telecommunications services. This  
39 section only applies to determine a seller’s  
40 obligation to pay or collect and remit a sales or use  
41 tax with respect to the seller’s sale of a product.  
42 This section does not affect the obligation of a  
43 purchaser or lessee to remit tax on the use of the  
44 product to the taxing jurisdictions in which the use  
45 occurs. a seller’s obligation to collect Iowa sales  
46 tax or Iowa use tax only occurs if the sale is sourced  
47 to this state. The application of whether Iowa sales  
48 tax applies to sales sourced to Iowa depends upon  
49 where the sale is consummated by delivery.

50 1. Sales, excluding leases or rentals other than

Page 122

1 leases or rentals set out in subsection 2, of products  
2 shall be sourced as follows.  
3 a. When the product is received by the purchaser  
4 at a business location of the seller, the sale is  
5 sourced to that business location.  
6 b. When the product is not received by the  
7 purchaser at a business location of the seller, the  
8 sale is sourced to the location where receipt by the  
9 purchaser or the purchaser's donee, designated as such  
10 by the purchaser, occurs, including the location  
11 indicated by instructions for delivery to the  
12 purchaser or donee, known to the seller.

14 sale is sourced to the location indicated by an  
15 address for the purchaser that is available from the  
16 business records of the seller that are maintained in  
17 the ordinary course of the seller's business when use  
18 of this address does not constitute bad faith.  
19 d. When paragraphs "a", "b", and "c" do not apply,  
20 the sale is sourced to the location indicated by an  
21 address for the purchaser obtained during the  
22 consummation of the sale, including the address of a  
23 purchaser's payment instrument, if no other address is  
24 available, when use of this address does not  
25 constitute bad faith.  
26 e. When paragraphs "a", "b", "c", and "d" do not  
27 apply, including the circumstance where the seller is  
28 without sufficient information to apply the previous  
29 rules, then the location will be determined by the  
30 address from which tangible personal property was  
31 shipped, from which the digital good or the computer  
32 software delivered electronically was first available  
33 for transmission by the seller, or from which the  
34 service was provided disregarding for these purposes  
35 any location that merely provided the digital transfer  
36 of the product sold.  
37 2. The lease or rental of tangible personal  
38 property, other than property identified in subsection  
39 3 or section 423.16, shall be sourced as follows:

41 periodic payments, the first periodic payment is  
42 sourced the same as a retail sale in accordance with  
43 the provisions of subsection 1. Periodic payments  
44 made subsequent to the first payment are sourced to  
45 the primary property location for each period covered  
46 by the payment. The primary property location shall  
47 be as indicated by an address for the property  
48 provided by the lessee that is available to the lessor

2 by intermittent use at different locations, such as  
3 use of business property that accompanies employees on  
4 business trips and service calls.

7 the same as a retail sale in accordance with the  
8 provisions of subsection 1.

10 or computation of sales or use tax on leases or  
11 rentals based on a lump sum or accelerated basis, or  
12 on the acquisition of property for lease.

13 3. The retail sale, including lease or rental, of  
14 transportation equipment shall be sourced the same as  
15 a retail sale in accordance with the provisions of

4 obligated to collect, pay, or remit the applicable tax  
5 on a direct pay basis.

6 2. A purchaser delivering the MPU exemption form  
7 may use any reasonable, but consistent and uniform,  
8 method of apportionment that is supported by the  
9 purchaser's business records as they exist at the time  
10 of the consummation of the sale.

11 3. The MPU exemption form will remain in effect  
12 for all future sales by the seller to the purchaser  
13 except as to the subsequent sale's specific  
14 apportionment that is governed by the principle of  
15 subsection 2 and the facts existing at the time of the  
16 sale until it is revoked in writing.

17 4. A holder of a direct pay tax permit under  
18 section 423.36 shall not be required to deliver an MPU  
19 exemption form to the seller. A direct pay tax permit  
20 holder shall follow the provisions of subsection 2 in  
21 apportioning the tax due on a digital good, computer  
22 software delivered electronically, or service that  
23 will be concurrently available for use in more than  
24 one jurisdiction.

25 Sec. 150. NEW SECTION. 423.19 DIRECT MAIL  
26 SOURCING.

27 1. Notwithstanding section 423.15, a purchaser of  
28 direct mail that is not a holder of a direct pay tax  
29 permit pursuant to section 423.36 shall provide to the  
30 seller in conjunction with the purchase either a  
31 direct mail form or information to show the  
32 jurisdictions to which the direct mail is delivered to  
33 recipients.

34 a. Upon receipt of the direct mail form, the  
35 seller is relieved of all obligations to collect, pay,  
36 or remit the applicable tax and the purchaser is  
37 obligated to pay or remit the applicable tax on a  
38 direct pay basis. A direct mail form shall remain in  
39 effect for all future sales of direct mail by the  
40 seller to the purchaser until it is revoked in  
41 writing.

42 b. Upon receipt of information from the purchaser  
43 showing the jurisdictions to which the direct mail is  
44 delivered to recipients, the seller shall collect the  
45 tax according to the delivery information provided by  
46 the purchaser. In the absence of bad faith, the  
47 seller is relieved of any further obligation to  
48 collect tax on any transaction where the seller has  
49 collected tax pursuant to the delivery information  
50 provided by the purchaser.

Page 126

2. If the purchaser of direct mail does not have a direct pay tax permit and does not provide the seller with either a direct mail form or delivery information, as required by subsection 1, the seller shall collect the tax according to section 423.15, subsection 1, paragraph “e”. Nothing in this subsection shall limit a purchaser’s obligation for sales or use tax to any state to which the direct mail is delivered.

3. If a purchaser of direct mail provides the seller with documentation of direct pay authority, the purchaser shall not be required to provide a direct mail form or delivery information to the seller.

Sec. 151. NEW SECTION. 423.20 TELECOMMUNICATIONS SERVICE SOURCING.

1. As used in this section:

a. “Air-to-ground radiotelephone service” means a radio service, as that term is used in 47 C.F.R. } 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.

b. “Call-by-call basis” means any method of charging for the telecommunications service where the price is measured by individual calls.

c. “Communications channel” means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

d. “Customer” means the person or entity that contracts with the seller of the telecommunications service. If the end user of the telecommunications service is not the contracting party, the end user of the telecommunications service is the customer of the telecommunications service, but this sentence only applies for the purpose of sourcing sales of the telecommunications service under this section.

“Customer” does not include a reseller of a telecommunications service or for mobile telecommunications service of a serving carrier under an agreement to serve the customer outside the home service provider’s licensed service area.

e. “Customer channel termination point” means the location where the customer either inputs or receives the communications.

f. “End user” means the person who utilizes the telecommunications service. In the case of an entity, “end user” means the individual who utilizes the service on behalf of the entity.

g. “Home service provider” means the same as that term is defined in the federal Mobile

Page 127

- 1 Telecommunications Sourcing Act, Pub. L. No. 106-252,  
2 4 U.S.C. } 124(5).
- 3 h. “Mobile telecommunications service” means the  
4 same as that term is defined in federal Mobile  
5 Telecommunications Sourcing Act, Pub. L. No. 106-252,  
6 4 U.S.C. } 124(7).
- 7 i. “Place of primary use” means the street address  
8 representative of where the customer’s use of the  
9 telecommunications service primarily occurs, which  
10 must be the residential street address or the primary  
11 business street address of the customer. In the case  
12 of mobile telecommunications service, “place of  
13 primary use” must be within the licensed service area  
14 of the home service provider.
- 15 j. “Postpaid calling service” means the  
16 telecommunications service obtained by making a  
17 payment on a call-by-call basis either through the use  
18 of a credit card or payment mechanism such as a bank  
19 card, travel card, credit card, or debit card, or by  
20 charge made to a telephone number which is not  
21 associated with the origination or termination of the  
22 telecommunications service. A “postpaid calling  
23 service” includes a telecommunications service that  
24 would be a prepaid calling service except it is not  
25 exclusively a telecommunications service.
- 26 k. “Prepaid calling service” means the right to  
27 access exclusively telecommunications services, which  
28 must be paid for in advance and which enables the  
29 origination of calls using an access number or  
30 authorization code, whether manually or electronically  
31 dialed, and that is sold in predetermined units or  
32 dollars of which the amount declines with use in a  
33 known amount.
- 34 l. “Private communication service” means a  
35 telecommunications service that entitles the customer  
36 to exclusive or priority use of a communications  
37 channel or group of channels between or among  
38 termination points, regardless of the manner in which  
39 such channel or channels are connected, and includes  
40 switching capacity, extension lines, stations, and any  
41 other associated services that are provided in  
42 connection with the use of such channel or channels.
- 43 m. “Service address” means one of the following:
- 44 (1) The location of the telecommunications  
45 equipment to which a customer’s call is charged and  
46 from which the call originates or terminates,  
47 regardless of where the call is billed or paid.
- 48 (2) If the location in subparagraph (1) is not  
49 known, “service address” means the origination point  
50 of the signal of the telecommunications service first

Page 128

- 1 identified by either the seller's telecommunications  
2 system or in information received by the seller from  
3 its service provider, where the system used to  
4 transport such signals is not that of the seller.
- 5 (3) If the locations in subparagraphs (1) and (2)  
6 are not known, the "service address" means the  
7 location of the customer's place of primary use.
- 8 2. Sales of telecommunications services shall be  
9 sourced in the following manner:
- 10 a. Except for the defined telecommunications  
11 services in paragraph "c", the sale of  
12 telecommunications services sold on a call-by-call  
13 basis shall be sourced to one of the following:
- 14 (1) Each level of taxing jurisdiction where the  
15 call originates and terminates in that jurisdiction.
- 16 (2) Each level of taxing jurisdiction where the  
17 call either originates or terminates and in which the  
18 service address is also located.
- 19 b. Except for the defined telecommunications  
20 services in paragraph "c", a sale of  
21 telecommunications services sold on a basis other than  
22 a call-by-call basis is sourced to the customer's  
23 place of primary use.
- 24 c. Sale of the following telecommunications  
25 services shall be sourced to each level of taxing  
26 jurisdiction as follows:
- 27 (1) A sale of mobile telecommunications services  
28 other than air-to-ground radiotelephone service or  
29 prepaid calling service is sourced to the customer's  
30 place of primary use as required by the federal Mobile  
31 Telecommunications Sourcing Act.
- 32 (2) A sale of postpaid calling service is sourced  
33 to the origination point of the telecommunications  
34 signal as first identified by either of the following:
- 35 (a) The seller's telecommunications system.
- 36 (b) Information received by the seller from its  
37 service provider, where the system used to transport  
38 such signals is not that of the seller.
- 39 (3) A sale of prepaid calling service is sourced  
40 in accordance with section 423.15. However, in the  
41 case of a sale of mobile telecommunications services  
42 that is a prepaid telecommunications service, the rule  
43 provided in section 423.15, subsection 1, paragraph  
44 "e", shall include as an option the location  
45 associated with the mobile telephone number.
- 46 (4) A sale of a private telecommunications service  
47 is sourced as follows:
- 48 (a) Service for a separate charge related to a  
49 customer channel termination point is sourced to each  
50 level of jurisdiction in which such customer channel

Page 129

1 termination point is located.

2 (b) Service where all customer termination points  
3 are located entirely within one jurisdiction or level  
4 of jurisdiction is sourced in such jurisdiction in  
5 which the customer channel termination points are  
6 located.

7 (c) Service for segments of a channel between two  
8 customer channel termination points located in  
9 different jurisdictions and which segments of a  
10 channel are separately charged is sourced fifty  
11 percent in each level of jurisdiction in which the  
12 customer channel termination points are located.

13 (d) Service for segments of a channel located in  
14 more than one jurisdiction or levels of jurisdiction  
15 and which segments are not separately billed is  
16 sourced in each jurisdiction based on the percentage  
17 determined by dividing the number of customer channel  
18 termination points in such jurisdiction by the total  
19 number of customer channel termination points.

20 Sec. 152. NEW SECTION. 423.21 BAD DEBT  
21 DEDUCTIONS.

22 1. For the purposes of this section, "bad debt"  
23 means an amount properly calculated pursuant to  
24 section 166 of the Internal Revenue Code then adjusted  
25 to exclude financing charges or interest, sales or use  
26 taxes charged on the purchase price, uncollectible  
27 amounts on property that remain in the possession of  
28 the seller until the full purchase price is paid,  
29 expenses incurred in attempting to collect any debt,  
30 and repossessed property.

31 2. In computing the amount of tax due, a seller  
32 may deduct bad debts from the total amount upon which  
33 the tax is calculated for any return. Any deduction  
34 taken or refund paid which is attributed to bad debts  
35 shall not include interest.

36 3. A seller may deduct bad debts on the return for  
37 the period during which the bad debt is written off as  
38 uncollectible in the seller's books and records and is  
39 eligible to be deducted for federal income tax  
40 purposes. For purposes of this subsection, a seller  
41 who is not required to file federal income tax returns  
42 may deduct a bad debt on a return filed for the period  
43 in which the bad debt is written off as uncollectible  
44 in the seller's books and records and would be  
45 eligible for a bad debt deduction for federal income  
46 tax purposes if the seller were required to file a  
47 federal income tax return.

48 4. If a deduction is taken for a bad debt and the  
49 seller subsequently collects the debt in whole or in  
50 part, the tax on the amount so collected must be paid

Page 130

1 and reported on the return filed for the period in  
2 which the collection is made.

3 5. A seller may obtain a refund of tax on any  
4 amount of bad debt that exceeds the amount of taxable  
5 sales within the period allowed for refund claims by  
6 section 423.47. However, the period allowed for  
7 refund claims shall be measured from the due date of  
8 the return on which the bad debt could first be  
9 claimed.

10 6. For the purposes of computing a bad debt  
11 deduction or reporting a payment received on a  
12 previously claimed bad debt, any payments made on a  
13 debt or account shall be applied first to the price of  
14 the property or service and tax thereon,  
15 proportionally, and secondly to interest, service  
16 charges, and any other charges.

17 Sec. 153. NEW SECTION. 423.22 TAXATION IN  
18 ANOTHER STATE.

19 If any person who causes tangible personal property  
20 to be brought into this state or who uses in this  
21 state services enumerated in section 423.2 has already  
22 paid a tax in another state in respect to the sale or  
23 use of the property or the performance of the service,  
24 or an occupation tax in respect to the property or  
25 service, in an amount less than the tax imposed by  
26 subchapter II or III, the provisions of those  
27 subchapters shall apply, but at a rate measured by the  
28 difference only between the rate fixed by subchapter  
29 II or III and the rate by which the previous tax on  
30 the sale or use, or the occupation tax, was computed.  
31 If the tax imposed and paid in the other state is  
32 equal to or more than the tax imposed by those  
33 subchapters, then a tax is not due in this state on  
34 the personal property or service.

35 Sec. 154. NEW SECTION. 423.23 SELLERS'  
36 AGREEMENTS.

37 Agreements between competing sellers, or the  
38 adoption of appropriate rules and regulations by  
39 organizations or associations of sellers to provide  
40 uniform methods for adding sales or use tax or the  
41 average equivalent thereof, and which do not involve  
42 price-fixing agreements otherwise unlawful, are  
43 expressly authorized and shall be held not in  
44 violation of chapter 553 or other antitrust laws of  
45 this state. The director shall cooperate with  
46 sellers, organizations, or associations in formulating  
47 agreements and rules.

48 Sec. 155. NEW SECTION. 423.24 ABSORBING TAX  
49 PROHIBITED.

50 A seller shall not advertise or hold out or state

Page 131

1 to the public or to any purchaser, consumer, or user,  
2 directly or indirectly, that the taxes or any parts  
3 thereof imposed by subchapter II or III will be  
4 assumed or absorbed by the seller or the taxes will  
5 not be added to the sales price of the property sold,  
6 or if added that the taxes or any part thereof will be  
7 refunded. Any person violating any of the provisions  
8 of this section within this state is guilty of a  
9 simple misdemeanor.

10 Sec. 156. NEW SECTION. 423.25 DIRECTOR'S POWER  
11 TO ADOPT RULES.

12 The director shall have the power to adopt rules  
13 for adding the taxes imposed by subchapters II and  
14 III, or the average equivalents thereof, by providing  
15 different methods applying uniformly to retailers  
16 within the same general classification for the purpose  
17 of enabling the retailers to add and collect, as far  
18 as practicable, the amounts of those taxes.

19 Sec. 157. NEW SECTION. 423.26 VEHICLES SUBJECT  
20 TO REGISTRATION OR ONLY TO THE ISSUANCE OF TITLE --  
21 MANUFACTURED HOUSING.

22 The use tax imposed upon the use of vehicles  
23 subject to registration or subject only to the  
24 issuance of a certificate of title or imposed upon the  
25 use of manufactured housing shall be paid by the owner  
26 of the vehicle or of the manufactured housing to the  
27 county treasurer or the state department of  
28 transportation from whom the registration receipt or  
29 certificate of title is obtained. A registration  
30 receipt for a vehicle subject to registration or  
31 certificate of title shall not be issued until the tax  
32 has been paid. The county treasurer or the state  
33 department of transportation shall require every  
34 applicant for a registration receipt for a vehicle  
35 subject to registration or certificate of title to  
36 supply information as the county treasurer or the  
37 director deems necessary as to the time of purchase,  
38 the purchase price, installed purchase price, and  
39 other information relative to the purchase of the  
40 vehicle or manufactured housing. On or before the  
41 tenth day of each month, the county treasurer or the  
42 state department of transportation shall remit to the  
43 department the amount of the taxes collected during  
44 the preceding month.

45 A person who willfully makes a false statement in  
46 regard to the purchase price of a vehicle subject to  
47 taxation under this section is guilty of a fraudulent  
48 practice. A person who willfully makes a false  
49 statement in regard to the purchase price of such a  
50 vehicle with the intent to evade the payment of tax

Page 132

1 shall be assessed a penalty of seventy-five percent of  
2 the amount of tax unpaid and required to be paid on  
3 the actual purchase price less trade-in allowance.

4 Sec. 158. NEW SECTION. 423.27 MOTOR VEHICLE  
5 LEASE TAX.

6 1. The use tax imposed upon the use of leased  
7 vehicles subject to registration under chapter 321,  
8 with gross vehicle weight ratings of less than sixteen  
9 thousand pounds, excluding motorcycles and motorized  
10 bicycles, which are leased by a lessor licensed  
11 pursuant to chapter 321F for a period of twelve months  
12 or more shall be paid by the owner of the vehicle to  
13 the county treasurer or state department of  
14 transportation from whom the registration receipt or  
15 certificate of title is obtained. A registration  
16 receipt for a vehicle subject to registration or  
17 issuance of a certificate of title shall not be issued  
18 until the tax is paid in the initial instance. Tax on  
19 the lease transaction that does not require titling or  
20 registration of the vehicle shall be remitted to the  
21 department. Tax and the reporting of tax due to the  
22 department shall be remitted on or before fifteen days  
23 from the last day of the month that the vehicle lease  
24 tax becomes due. Failure to timely report or remit  
25 any of the tax when due shall result in a penalty and  
26 interest being imposed on the tax due pursuant to  
27 section 423.40, subsection 1, and section 423.42,  
28 subsection 1.

29 2. The amount subject to tax shall be computed on  
30 each separate lease transaction by taking the total of  
31 the lease payments, plus the down payment, and  
32 excluding all of the following:

- 33 a. Title fee.
- 34 b. Registration fees.
- 35 c. Vehicle lease tax pursuant to this section.
- 36 d. Federal excise taxes attributable to the sale  
37 of the vehicle to the owner or to the lease of the  
38 vehicle by the owner.
- 39 e. Optional service or warranty contracts subject  
40 to tax pursuant to section 423.2, subsection 1.
- 41 f. Insurance.
- 42 g. Manufacturer's rebate.
- 43 h. Refundable deposit.
- 44 i. Finance charges, if any, on items listed in  
45 paragraphs "a" through "h".

46 If any or all of the items in paragraphs "a"  
47 through "i" are excluded from the taxable lease price,  
48 the owner shall maintain adequate records of the  
49 amounts of those items. If the parties to a lease  
50 enter into an agreement providing that the tax imposed

Page 133

1 under this statute is to be paid by the lessee or  
2 included in the monthly lease payments to be paid by  
3 the lessee, the total cost of the tax shall not be  
4 included in the computation of lease price for the  
5 purpose of taxation under this section. The county  
6 treasurer, the state department of transportation, or  
7 the department of revenue and finance shall require  
8 every applicant for a registration receipt for a  
9 vehicle subject to tax under this section to supply  
10 information as the county treasurer or director deems  
11 necessary as to the date of the lease transaction, the  
12 lease price, and other information relative to the  
13 lease of the vehicle.

14 3. On or before the tenth day of each month, the  
15 county treasurer or the state department of  
16 transportation shall remit to the department the  
17 amount of the taxes collected during the preceding  
18 month.

19 4. If the lease is terminated prior to the  
20 termination date contained in the lease agreement, no  
21 refund shall be allowed for tax previously paid under  
22 this section, except as provided in section 322G.4.

23 Sec. 159. NEW SECTION. 423.28 SALES TAX REPORT  
24 -- DEDUCTION.

25 Motor vehicle or trailer dealers, in making their  
26 reports and returns to the department for the purpose  
27 of paying the sales tax, shall be permitted to deduct  
28 all sales prices from retail sales of vehicles subject  
29 to registration or subject only to the issuance of a  
30 certificate of title. Sales prices from sales of  
31 vehicles subject to registration or subject only to  
32 the issuance of a certificate of title are exempted  
33 from the sales tax, but, if required by the director,  
34 the sales prices shall be included in the returns made  
35 by motor vehicle or trailer dealers under subchapter  
36 II, and proper deductions taken pursuant to this  
37 section.

38 Sec. 160. NEW SECTION. 423.29 COLLECTIONS BY  
39 SELLERS.

40 Every seller who is a retailer and who is making  
41 taxable sales of tangible personal property in Iowa  
42 shall, at the time of selling the property, collect  
43 the sales tax. Every seller who is a retailer  
44 maintaining a place of business in this state and  
45 selling tangible personal property for use in Iowa  
46 shall, at the time of making the sale, whether within  
47 or without the state, collect the use tax. Sellers  
48 required to collect sales or use tax shall give to any  
49 purchaser a receipt for the tax collected in the  
50 manner and form prescribed by the director.

Page 134

1 Every seller who is a retailer furnishing taxable  
2 services in Iowa and every seller who is a retailer  
3 maintaining a place of business in this state and  
4 furnishing taxable services in Iowa or services  
5 outside Iowa if the product or result of the service  
6 is used in Iowa shall be subject to the provisions of  
7 the preceding paragraph.

8 Sec. 161. NEW SECTION. 423.30 FOREIGN SELLERS  
9 NOT REGISTERED UNDER THE AGREEMENT.

10 The director may, upon application, authorize the  
11 collection of the use tax by any seller who is a  
12 retailer not maintaining a place of business within  
13 this state and not registered under the agreement,  
14 who, to the satisfaction of the director, furnishes  
15 adequate security to ensure collection and payment of  
16 the tax. Such sellers shall be issued, without  
17 charge, permits to collect tax subject to any  
18 regulations which the director shall prescribe. When  
19 so authorized, it shall be the duty of foreign sellers  
20 to collect the tax upon all tangible personal property  
21 sold, to the retailer's knowledge, for use within this  
22 state, in the same manner and subject to the same  
23 requirements as a retailer maintaining a place of  
24 business within this state. The authority and permit  
25 may be canceled when, at any time, the director  
26 considers the security inadequate, or that tax can  
27 more effectively be collected from the person using  
28 property in this state.

29 The discretionary power granted in this section is  
30 extended to apply in the case of foreign retailers  
31 furnishing services enumerated in section 423.2.

32 Sec. 162. NEW SECTION. 423.31 FILING OF SALES  
33 TAX RETURNS AND PAYMENT OF SALES TAX.

34 1. Each person subject to this section and section  
35 423.36 and in accordance with the provisions of this  
36 section and section 423.36 shall, on or before the  
37 last day of the month following the close of each  
38 calendar quarter during which such person is or has  
39 become or ceased being subject to the provisions of  
40 this section and section 423.36, make, sign, and file  
41 a return for the calendar quarter in the form as may  
42 be required. Returns shall show information relating  
43 to sales prices including goods, wares, and services  
44 converted to the use of such person, the amounts of  
45 sales prices excluded and exempt from the tax, the  
46 amounts of sales prices subject to tax, a calculation  
47 of tax due, and any other information for the period  
48 covered by the return as may be required. Returns  
49 shall be signed by the retailer or the retailer's  
50 authorized agent and must be certified by the retailer

Page 135

2 prescribed by the director.

3 2. Persons required to file, or committed to file  
4 by reason of voluntary action or by order of the  
5 department, deposits of taxes due under this  
6 subchapter shall be entitled to take credit against  
7 the total quarterly amount of tax due such amount as  
8 shall have been deposited by such persons during that  
9 calendar quarter. The balance remaining due after  
10 such credit for deposits shall be entered on the  
11 return. However, such person may be granted an  
12 extension of time not exceeding thirty days for filing  
13 the quarterly return, upon a proper showing of  
14 necessity. If an extension is granted, such person  
15 shall have paid by the twentieth day of the month  
16 following the close of such quarter ninety percent of  
17 the estimated tax due.

18 3. The sales tax forms prescribed by the director  
19 shall be referred to as “retailers tax deposit”.  
20 Deposit forms shall be signed by the retailer or the  
21 retailer’s duly authorized agent, and shall be duly  
22 certified by the retailer or agent to be correct. The  
23 director may authorize incorporated banks and trust  
24 companies or other depositories authorized by law  
25 which are depositories or financial agents of the  
26 United States, or of this state, to receive any sales  
27 tax imposed under this chapter, in the manner, at the  
28 times, and under the conditions the director  
29 prescribes. The director shall prescribe the manner,  
30 times, and conditions under which the receipt of the  
31 tax by those depositories is to be treated as payment  
32 of the tax to the department.

33 4. Every retailer at the time of making any return  
34 required by this section shall compute and pay to the  
35 department the tax due for the preceding period. The  
36 tax on sales prices from the sale or rental of  
37 tangible personal property under a consumer rental  
38 purchase agreement as defined in section 537.3604,  
39 subsection 8, is payable in the tax period of receipt.

40 5. Upon making application and receiving approval  
41 from the director, a parent corporation and its  
42 affiliated corporations that make retail sales of  
43 tangible personal property or taxable enumerated  
44 services may make deposits and file a consolidated  
45 sales tax return for the affiliated group, pursuant to  
46 rules adopted by the director. A parent corporation  
47 and each affiliate corporation that files a  
48 consolidated return are jointly and severally liable  
49 for all tax, penalty, and interest found due for the  
50 tax period for which a consolidated return is filed or

Page 136

1 required to be filed.  
2 A business required to file a consolidated sales  
3 tax return shall file a form entitled “schedule of  
4 consolidated business locations” with its quarterly  
5 sales tax return that shows the taxpayer’s  
6 consolidated permit number, the permit number for each  
7 Iowa business location, the state sales tax amount by  
8 business location, and the amount of state sales tax  
9 due on goods consumed that are not assigned to a  
10 specific business location. Consolidated quarterly  
11 sales tax returns that are not accompanied by the  
12 schedule of consolidated business locations form are  
13 considered incomplete and are subject to penalty under  
14 section 421.27.

15 6. If necessary or advisable in order to insure  
16 the payment of the tax, the director may require  
17 returns and payment of the tax to be made for other  
18 than quarterly periods, the provisions of this  
19 section, or other provision to the contrary  
20 notwithstanding.

21 Sec. 163. NEW SECTION. 423.32 FILING OF USE TAX  
22 RETURNS AND PAYMENT OF USE TAX.

23 1. A retailer maintaining a place of business in  
24 this state who is required to collect or a user who is  
25 required to pay the use tax or a foreign retailer  
26 authorized, pursuant to section 423.30, to collect the  
27 use tax, shall remit to the department the amount of  
28 tax on or before the last day of the month following  
29 each calendar quarterly period. However, a retailer  
30 who collects or owes more than fifteen hundred dollars  
31 in use taxes in a month shall deposit with the  
32 department or in a depository authorized by law and  
33 designated by the director, the amount collected or  
34 owed, with a deposit form for the month as prescribed  
35 by the director.

36 a. The deposit form is due on or before the  
37 twentieth day of the month following the month of  
38 collection, except a deposit is not required for the  
39 third month of the calendar quarter, and the total  
40 quarterly amount, less the amounts deposited for the  
41 first two months of the quarter, is due with the  
42 quarterly report on the last day of the month  
43 following the month of collection. At that time, the  
44 retailer shall file with the department a return for  
45 the preceding quarterly period in the form prescribed  
46 by the director showing the purchase price of the  
47 tangible personal property sold by the retailer during  
48 the preceding quarterly period, the use of which is  
49 subject to the use tax imposed by this chapter, and  
50 other information the director deems necessary for the

Page 137

1 proper administration of the use tax.  
2 b. The return shall be accompanied by a remittance  
3 of the use tax for the period covered by the return.  
4 If necessary in order to ensure payment to the state  
5 of the tax, the director may in any or all cases  
6 require returns and payments to be made for other than  
7 quarterly periods. The director, upon request and a  
8 proper showing of necessity, may grant an extension of  
9 time not to exceed thirty days for making any return  
10 and payment. Returns shall be signed, in accordance  
11 with forms and rules prescribed by the director, by  
12 the retailer or the retailer's authorized agent, and  
13 shall be certified by the retailer or agent to be  
14 correct.

15 2. If it is reasonably expected, as determined by  
16 rules prescribed by the director, that a retailer's  
17 annual sales or use tax liability will not exceed one  
18 hundred twenty dollars for a calendar year, the  
19 retailer may request and the director may grant  
20 permission to the retailer, in lieu of the quarterly  
21 filing and remitting requirements set out elsewhere in  
22 this section, to file the return required by and remit  
23 the sales or use tax due under this section on a  
24 calendar-year basis. The return and tax are due and  
25 payable no later than January 31 following each  
26 calendar year in which the retailer carries on  
27 business.

28 3. The director, in cooperation with the  
29 department of management, may periodically change the  
30 filing and remittance thresholds by administrative  
31 rule if in the best interests of the state and  
32 taxpayer to do so.

33 Sec. 164. NEW SECTION. 423.33 LIABILITY OF  
34 PERSONS OTHER THAN RETAILERS FOR PAYMENT OF SALES OR  
35 USE TAX.

36 1. LIABILITY OF PURCHASER FOR SALES TAX. If a  
37 purchaser fails to pay sales tax to the retailer  
38 required to collect the tax, then in addition to all  
39 of the rights, obligations, and remedies provided, the  
40 tax is payable by the purchaser directly to the  
41 department, and sections 423.31, 423.32, 423.37,  
42 423.38, 423.39, 423.40, 423.41, and 423.42 apply to  
43 the purchaser. For failure to pay, the retailer and  
44 purchaser are liable, unless the circumstances  
45 described in section 421.60, subsection 2, paragraph  
46 "m", or section 423.45, subsection 4, paragraph "b" or  
47 "e", or subsection 5, paragraph "c" or "e", are  
48 applicable.

49 2. IMMEDIATE SUCCESSOR LIABILITY FOR SALES OR USE  
50 TAX. If a retailer sells the retailer's business or

Page 138

1 stock of goods or quits the business, the retailer  
2 shall prepare a final return and pay all sales or use  
3 tax due within the time required by law. The  
4 immediate successor to the retailer, if any, shall  
5 withhold a sufficient portion of the purchase price,  
6 in money or money's worth, to pay the amount of  
7 delinquent tax, interest, or penalty due and unpaid.  
8 If the immediate successor of the business or stock of  
9 goods intentionally fails to withhold the amount due  
10 from the purchase price as provided in this  
11 subsection, the immediate successor is personally  
12 liable for the payment of delinquent taxes, interest,  
13 and penalty accrued and unpaid on account of the  
14 operation of the business by the immediate former  
15 retailer, except when the purchase is made in good  
16 faith as provided in section 421.28. However, a  
17 person foreclosing on a valid security interest or  
18 retaking possession of premises under a valid lease is  
19 not an "immediate successor" for purposes of this  
20 section. The department may waive the liability of  
21 the immediate successor under this subsection if the  
22 immediate successor exercised good faith in  
23 establishing the amount of the previous liability.

24 3. EVENT SPONSOR'S LIABILITY FOR SALES TAX. A

25 person sponsoring a flea market or a craft, antique,  
26 coin, or stamp show or similar event shall obtain from  
27 every retailer selling tangible personal property or  
28 taxable services at the event proof that the retailer  
29 possesses a valid sales tax permit or secure from the  
30 retailer a statement, taken in good faith, that  
31 property or services offered for sale are not subject  
32 to sales tax. Failure to do so renders a sponsor of  
33 the event liable for payment of any sales tax,  
34 interest, and penalty due and owing from any retailer  
35 selling property or services at the event. Sections  
36 423.31, 423.32, 423.37, 423.38, 423.39, 423.40,  
37 423.41, and 423.42 apply to the sponsors. For  
38 purposes of this subsection, a person sponsoring a  
39 flea market or a craft, antique, coin, or stamp show  
40 or similar event does not include an organization  
41 which sponsors an event less than three times a year  
42 or a state, county, or district agricultural fair.

43 Sec. 165. NEW SECTION. 423.34 LIABILITY OF USER.

44 Any person who uses any property or services  
45 enumerated in section 423.2 upon which the use tax has  
46 not been paid, either to the county treasurer or to a  
47 retailer or direct to the department as required by  
48 this subchapter, shall be liable for the payment of  
49 tax, and shall on or before the last day of the month  
50 next succeeding each quarterly period pay the use tax

Page 139

1 upon all property or services used by the person  
2 during the preceding quarterly period in the manner  
3 and accompanied by such returns as the director shall  
4 prescribe. All of the provisions of sections 423.32  
5 and 423.33 with reference to the returns and payments  
6 shall be applicable to the returns and payments  
7 required by this section.

8 Sec. 166. NEW SECTION. 423.35 POSTING OF BOND TO  
9 SECURE PAYMENT.

10 The director may, when necessary and advisable in  
11 order to secure the collection of the sales or use  
12 tax, authorize any person subject to either tax, and  
13 any retailer required or authorized to collect those  
14 taxes pursuant to the provisions of section 423.14, to  
15 file with the department a bond, issued by a surety  
16 company authorized to transact business in this state  
17 and approved by the insurance commissioner as the  
18 solvency and responsibility, in an amount as the  
19 director may fix, to secure the payment of any tax,  
20 interest, or penalties due or which may become due  
21 from such person. In lieu of a bond, securities  
22 approved by the director, in an amount which the  
23 director may prescribe, may be deposited with the  
24 department, which securities shall be kept in the  
25 custody of the department and may be sold by the  
26 director at public or private sale, without notice to  
27 the depositor, if it becomes necessary to do so in  
28 order to recover any tax, interest, or penalties due.  
29 Upon the sale, the surplus, if any, above the amounts  
30 due under this chapter shall be returned to the person  
31 who deposited the securities.

32 Sec. 167. NEW SECTION. 423.36 PERMITS REQUIRED  
33 TO COLLECT SALES OR USE TAX -- APPLICATIONS --  
34 REVOCATION.

35 1. A person shall not engage in or transact  
36 business as a retailer making taxable sales of  
37 tangible personal property or furnishing services  
38 within this state or as a retailer making taxable  
39 sales of tangible personal property or furnishing  
40 services for use within this state, unless a permit  
41 has been issued to the retailer under this section,  
42 except as provided in subsection 6. Every person  
43 desiring to engage in or transact business as a  
44 retailer shall file with the department an application  
45 for a permit to collect sales or use tax. Every  
46 application for a sales or use tax permit shall be  
47 made upon a form prescribed by the director and shall  
48 set forth any information the director may require.  
49 The application shall be signed by an owner of the  
50 business if a natural person; in the case of a

Page 140

1 retailer which is an association or partnership, by a  
2 member or partner; and in the case of a retailer which  
3 is a corporation, by an executive officer or some  
4 person specifically authorized by the corporation to  
5 sign the application, to which shall be attached the  
6 written evidence of the person's authority.

7 2. To collect sales or use tax, the applicant must  
8 have a permit for each place of business in the state  
9 of Iowa. The department may deny a permit to an  
10 applicant who is substantially delinquent in paying a  
11 tax due, or the interest or penalty on the tax,  
12 administered by the department at the time of  
13 application. If the applicant is a partnership, a  
14 permit may be denied if a partner is substantially  
15 delinquent in paying any delinquent tax, penalty, or  
16 interest. If the applicant is a corporation, a permit  
17 may be denied if any officer having a substantial  
18 legal or equitable interest in the ownership of the  
19 corporation owes any delinquent tax, penalty, or  
20 interest.

21 3. The department shall grant and issue to each  
22 applicant a permit for each place of business in this  
23 state where sales or use tax is collected. A permit  
24 is not assignable and is valid only for the person in  
25 whose name it is issued and for the transaction of  
26 business at the place designated or at a place of  
27 relocation within the state if the ownership remains  
28 the same.

29 If an applicant is making sales outside Iowa for  
30 use in this state or furnishing services outside Iowa,  
31 the product or result of which will be used in this  
32 state, that applicant shall be issued one use tax  
33 permit by the department applicable to these out-of-  
34 state sales or services.

35 4. Permits issued under this section are valid and  
36 effective until revoked by the department.

37 5. If the holder of a permit fails to comply with  
38 any of the provisions of this subchapter or of  
39 subchapter II or III or any order or rule of the  
40 department adopted under those subchapters or is  
41 substantially delinquent in the payment of a tax  
42 administered by the department or the interest or  
43 penalty on the tax, or if the person is a corporation  
44 and if any officer having a substantial legal or  
45 equitable interest in the ownership of the corporation  
46 owes any delinquent tax of the permit-holding  
47 corporation, or interest or penalty on the tax,  
48 administered by the department, the director may  
49 revoke the permit. The director shall send notice by  
50 mail to a permit holder informing that person of the

Page 141

1 director's intent to revoke the permit and of the  
2 permit holder's right to a hearing on the matter. If  
3 the permit holder petitions the director for a hearing  
4 on the proposed revocation, after giving ten days'  
5 notice of the time and place of the hearing in  
6 accordance with section 17A.18, subsection 3, the  
7 matter may be heard and a decision rendered. The  
8 director may restore permits after revocation. The  
9 director shall adopt rules setting forth the period of  
10 time a retailer must wait before a permit may be  
11 restored or a new permit may be issued. The waiting  
12 period shall not exceed ninety days from the date of  
13 the revocation of the permit.

14 6. Sellers who are not regularly engaged in  
15 selling at retail and do not have a permanent place of  
16 business, but who are temporarily engaged in selling  
17 from trucks, portable roadside stands, concessionaires  
18 at state, county, district, or local fairs, carnivals,  
19 or the like, shall report and remit the sales tax on a  
20 temporary basis, under rules the director shall  
21 provide for the efficient collection of the sales tax.  
22 This subsection applies to sellers who are temporarily  
23 engaged in furnishing services.

24 Persons engaged in selling tangible personal  
25 property or furnishing services shall not be required  
26 to obtain or retain a sales tax permit for a place of  
27 business at which taxable sales of tangible personal  
28 property or taxable performance of services will not  
29 occur.

30 7. The provisions of subsection 1, dealing with  
31 the lawful right of a retailer to transact business,  
32 as applicable, apply to persons having receipts from  
33 furnishing services enumerated in section 423.2,  
34 except that a person holding a permit pursuant to  
35 subsection 1 shall not be required to obtain any  
36 separate sales tax permit for the purpose of engaging  
37 in business involving the services.

38 8. a. Except as provided in paragraph "b",  
39 purchasers, users, and consumers of tangible personal  
40 property or enumerated services taxed pursuant to  
41 subchapter II or III of this chapter or chapters 423B  
42 and 423E may be authorized, pursuant to rules adopted  
43 by the director, to remit tax owed directly to the  
44 department instead of the tax being collected and paid  
45 by the seller. To qualify for a direct pay tax  
46 permit, the purchaser, user, or consumer must accrue a  
47 tax liability of more than four thousand dollars in  
48 tax under subchapters II and III in a semimonthly  
49 period and make deposits and file returns pursuant to  
50 section 423.31. This authority shall not be granted

Page 142

1 or exercised except upon application to the director  
2 and then only after issuance by the director of a  
3 direct pay tax permit.  
4 b. The granting of a direct pay tax permit is not  
5 authorized for any of the following:  
6 (1) Taxes imposed on the sales, furnishing, or  
7 service of gas, electricity, water, heat, pay  
8 television service, and communication service.  
9 (2) Taxes imposed under sections 423.26 and 423.27  
10 and chapter 423C.  
11 Sec. 168. NEW SECTION. 423.37 FAILURE TO FILE  
12 SALES OR USE TAX RETURNS -- INCORRECT RETURNS.  
13 1. As soon as practicable after a return is filed  
14 and in any event within three years after the return  
15 is filed, the department shall examine it, assess and  
16 determine the tax due if the return is found to be  
17 incorrect, and give notice to the person liable for  
18 the tax of the assessment and determination as  
19 provided in subsection 2. The period for the  
20 examination and determination of the correct amount of  
21 tax is unlimited in the case of a false or fraudulent  
22 return made with the intent to evade tax or in the  
23 case of a failure to file a return.  
24 2. If a return required by this subchapter is not  
25 filed, or if a return when filed is incorrect or  
26 insufficient and the maker fails to file a corrected  
27 or sufficient return within twenty days after the same  
28 is required by notice from the department, the  
29 department shall determine the amount of tax due from  
30 information as the department may be able to obtain  
31 and, if necessary, may estimate the tax on the basis  
32 of external indices, such as number of employees of  
33 the person concerned, rentals paid by the person,  
34 stock on hand, or other factors. The department shall  
35 give notice of the determination to the person liable  
36 for the tax. The determination shall fix the tax  
37 unless the person against whom it is assessed shall,  
38 within sixty days after the giving of notice of the  
39 determination, apply to the director for a hearing or  
40 unless the taxpayer contests the determination by  
41 paying the tax, interest, and penalty and timely  
42 filing a claim for refund. At the hearing evidence  
43 may be offered to support the determination or to  
44 prove that it is incorrect. After the hearing the  
45 director shall give notice of the decision to the  
46 person liable for the tax.  
47 3. The three-year period of limitation provided in  
48 subsection 1 may be extended by a taxpayer by signing  
49 a waiver agreement form to be provided by the  
50 department. The agreement shall stipulate the period

Page 143

1 of extension and the tax period to which the extension  
2 applies. The agreement shall also provide that a  
3 claim for refund may be filed by the taxpayer at any  
4 time during the period of extension.

5 Sec. 169. NEW SECTION. 423.38 JUDICIAL REVIEW.

6 1. Judicial review of actions of the director may  
7 be sought in accordance with the terms of the Iowa  
8 administrative procedure Act.

9 2. For cause and upon a showing by the director  
10 that collection of the tax in dispute is in doubt, the  
11 court may order the petitioner to file with the clerk  
12 a bond for the use of the respondent, with sureties  
13 approved by the clerk, in the amount of tax appealed  
14 from, conditioned that the petitioner shall perform  
15 the orders of the court.

16 3. An appeal may be taken by the taxpayer or the  
17 director to the supreme court of this state  
18 irrespective of the amount involved.

19 Sec. 170. NEW SECTION. 423.39 SERVICE OF  
20 NOTICES.

21 1. A notice authorized or required under this  
22 subchapter may be given by mailing the notice to the  
23 person for whom it is intended, addressed to that  
24 person at the address given in the last return filed  
25 by the person pursuant to this subchapter, or if no  
26 return has been filed, then to any address obtainable.  
27 The mailing of the notice is presumptive evidence of  
28 the receipt of the notice by the person to whom  
29 addressed. Any period of time which is determined  
30 according to this subchapter by the giving of notice  
31 commences to run from the date of mailing of the  
32 notice.

33 2. The provisions of the Code relative to the  
34 limitation of time for the enforcement of a civil  
35 remedy shall not apply to any proceeding or action  
36 taken to levy, appraise, assess, determine, or enforce  
37 the collection of any tax or penalty provided by this  
38 chapter.

39 Sec. 171. NEW SECTION. 423.40 PENALTIES --  
40 OFFENSES -- LIMITATION.

41 1. In addition to the sales or use tax or  
42 additional sales or use tax, the taxpayer shall pay a  
43 penalty as provided in section 421.27. The taxpayer  
44 shall also pay interest on the sales or use tax or  
45 additional sales or use tax at the rate in effect  
46 under section 421.7 for each month counting each  
47 fraction of a month as an entire month, computed from  
48 the date the semimonthly or monthly tax deposit form  
49 or return was required to be filed. The penalty and  
50 interest shall be paid to the department and disposed

Page 144

1 of in the same manner as other receipts under this  
2 subchapter. Unpaid penalties and interest may be  
3 enforced in the same manner as the taxes imposed by  
4 this chapter.

5 2. a. Any person who knowingly sells tangible  
6 personal property, tickets or admissions to places of  
7 amusement and athletic events, or gas, water,  
8 electricity, or communication service at retail, or  
9 engages in the furnishing of services enumerated in  
10 section 423.2, in this state without procuring a  
11 permit to collect tax, as provided in section 423.36,  
12 or who violates section 423.24 and the officers of any  
13 corporation who so act are guilty of a serious  
14 misdemeanor.

15 b. A person who knowingly sells tangible personal  
16 property, tickets or admissions to places of amusement  
17 and athletic events, or gas, water, electricity, or  
18 communication service at retail, or engages in the  
19 furnishing of services enumerated in section 423.2, in  
20 this state after the person's sales tax permit has  
21 been revoked and before it has been restored as  
22 provided in section 423.36, subsection 5, and the  
23 officers of any corporation who so act are guilty of  
24 an aggravated misdemeanor.

25 3. A person who willfully attempts in any manner  
26 to evade any tax imposed by this chapter or the  
27 payment of the tax or a person who makes or causes to  
28 be made a false or fraudulent semimonthly or monthly  
29 tax deposit form or return with intent to evade any  
30 tax imposed by subchapter II or III or the payment of  
31 the tax is guilty of a class "D" felony.

32 4. The certificate of the director to the effect  
33 that a tax has not been paid, that a return has not  
34 been filed, or that information has not been supplied  
35 pursuant to the provisions of this subchapter shall be  
36 prima facie evidence thereof.

37 5. A person required to pay sales or use tax, or  
38 to make, sign, or file a tax deposit form or return or  
39 supplemental return, who willfully makes a false or  
40 fraudulent tax deposit form or return, or willfully  
41 fails to pay at least ninety percent of the tax or  
42 willfully fails to make, sign, or file the tax deposit  
43 form or return, at the time required by law, is guilty  
44 of a fraudulent practice.

45 6. A prosecution for an offense specified in this  
46 section shall be commenced within six years after its  
47 commission.

48 Sec. 172. NEW SECTION. 423.41 BOOKS --  
49 EXAMINATION.

50 Every retailer required or authorized to collect

Page 145

1 taxes imposed by this chapter and every person using  
2 in this state tangible personal property, services, or  
3 the product of services shall keep records, receipts,  
4 invoices, and other pertinent papers as the director  
5 shall require, in the form that the director shall  
6 require, for as long as the director has the authority  
7 to examine and determine tax due. The director or any  
8 duly authorized agent of the department may examine  
9 the books, papers, records, and equipment of any  
10 person either selling tangible personal property or  
11 services or liable for the tax imposed by this  
12 chapter, and investigate the character of the business  
13 of any person in order to verify the accuracy of any  
14 return made, or if a return was not made by the  
15 person, ascertain and determine the amount due under  
16 this chapter. These books, papers, and records shall  
17 be made available within this state for examination  
18 upon reasonable notice when the director deems it  
19 advisable and so orders. The preceding requirements  
20 shall likewise apply to users and persons furnishing  
21 services enumerated in section 423.2.

22 Sec. 173. NEW SECTION. 423.42 STATUTES  
23 APPLICABLE.

24 1. The director shall administer the taxes imposed  
25 by subchapters II and III in the same manner and  
26 subject to all the provisions of, and all of the  
27 powers, duties, authority, and restrictions contained  
28 in, section 422.25, subsection 4, section 422.30, and  
29 sections 422.67 through 422.75.

30 2. All the provisions of section 422.26 shall  
31 apply in respect to the taxes and penalties imposed by  
32 subchapters II and III and this subchapter, except  
33 that, as applied to any tax imposed by subchapters II  
34 and III, the lien provided in section 422.26 shall be  
35 prior and paramount over all subsequent liens upon any  
36 personal property within this state, or right to such  
37 personal property, belonging to the taxpayer without  
38 the necessity of recording as provided in section  
39 422.26. The requirements for recording shall, as  
40 applied to the taxes imposed by subchapters II and  
41 III, apply only to the liens upon real property. When  
42 requested to do so by any person from whom a taxpayer  
43 is seeking credit, or with whom the taxpayer is  
44 negotiating the sale of any personal property, or by  
45 any other person having a legitimate interest in such  
46 information, the director shall, upon being satisfied  
47 that such a situation exists, inform that person as to  
48 the amount of unpaid taxes due by such taxpayer under  
49 the provisions of subchapters II and III. The giving  
50 of this information under these circumstances shall

Page 146

1 not be deemed a violation of section 422.72 as applied  
2 to subchapters II and III.

3 Sec. 174. NEW SECTION. 423.43 DEPOSIT OF REVENUE  
4 -- APPROPRIATIONS.

5 Except as otherwise provided in section 312.2,  
6 subsection 15, all revenues derived from the use tax  
7 on motor vehicles, trailers, and motor vehicle  
8 accessories and equipment as collected pursuant to  
9 sections 423.26 and 423.27 shall be deposited and  
10 credited to the road use tax fund and shall be used  
11 exclusively for the construction, maintenance, and  
12 supervision of public highways.

13 1. Notwithstanding any provision of this section  
14 which provides that all revenues derived from the use  
15 tax on motor vehicles, trailers, and motor vehicle  
16 accessories and equipment as collected pursuant to  
17 sections 423.26 and 423.27 shall be deposited and  
18 credited to the road use tax fund, eighty percent of  
19 the revenues shall be deposited and credited as  
20 follows:

21 a. Twenty-five percent of all such revenue, up to  
22 a maximum of four million two hundred fifty thousand  
23 dollars per quarter, shall be deposited into and  
24 credited to the Iowa comprehensive petroleum  
25 underground storage tank fund created in section  
26 455G.3, and the moneys so deposited are a continuing  
27 appropriation for expenditure under chapter 455G, and  
28 moneys so appropriated shall not be used for other  
29 purposes.

30 b. Any such revenues remaining shall be credited  
31 to the road use tax fund.

32 2. Notwithstanding any other provision of this  
33 section that provides that all revenue derived from  
34 the use tax on motor vehicles, trailers, and motor  
35 vehicle accessories and equipment as collected  
36 pursuant to section 423.26 shall be deposited and  
37 credited to the road use tax fund, twenty percent of  
38 the revenues shall be credited and deposited as  
39 follows: one-half to the road use tax fund and one-  
40 half to the primary road fund to be used for the  
41 commercial and industrial highway network.

42 3. For the fiscal year beginning July 1, 2004, and  
43 each subsequent fiscal year, revenues arising under  
44 the operation of this chapter which are derived from  
45 the tax imposed on remote sales shall be deposited  
46 into the remote sales tax fund created in section  
47 423.60 in an amount equal to the excess of the  
48 revenues derived from the tax imposed on remote sales  
49 during the fiscal year over the revenues derived from  
50 the tax imposed on remote sales during the fiscal year

Page 147

1 beginning July 1, 2003.

2 4. All other revenue arising under the operation  
3 of this chapter shall be credited to the general fund  
4 of the state.

5 Sec. 175. NEW SECTION. 423.44 REIMBURSEMENT FOR  
6 PRIMARY ROAD FUND.

7 From moneys deposited into the road use tax fund,  
8 the department may credit to the primary road fund any  
9 amount of revenues derived from the use tax on motor  
10 vehicles, trailers, and motor vehicle accessories and  
11 equipment as collected pursuant to sections 423.26 and  
12 423.27 to the extent necessary to reimburse that fund  
13 for the expenditures not otherwise eligible to be made  
14 from the primary road fund, which are made for  
15 repairing, improving, and maintaining bridges over the  
16 rivers bordering the state. Expenditures for those  
17 portions of bridges within adjacent states may be  
18 included when they are made pursuant to an agreement  
19 entered into under section 313.63, 313A.34, or 314.10.

20 Sec. 176. NEW SECTION. 423.45 REFUNDS --  
21 EXEMPTION CERTIFICATES.

22 1. If an amount of tax represented by a retailer  
23 to a consumer or user as constituting tax due is  
24 computed upon a sales price that is not taxable or the  
25 amount represented is in excess of the actual taxable  
26 amount and the amount represented is actually paid by  
27 the consumer or user to the retailer, the excess  
28 amount of tax paid shall be returned to the consumer  
29 or user upon notification to the retailer by the  
30 department that an excess payment exists.

31 2. If an amount of tax represented by a retailer  
32 to a consumer or user as constituting tax due is  
33 computed upon a sales price that is not taxable or the  
34 amount represented is in excess of the actual taxable  
35 amount and the amount represented is actually paid by  
36 the consumer or user to the retailer, the excess  
37 amount of tax paid shall be returned to the consumer  
38 or user upon proper notification to the retailer by  
39 the consumer or user that an excess payment exists.  
40 "Proper" notification is written notification which  
41 allows a retailer at least sixty days to respond and  
42 which contains enough information to allow a retailer  
43 to determine the validity of a consumer's or user's  
44 claim that an excess amount of tax has been paid. No  
45 cause of action shall accrue against a retailer for  
46 excess tax paid until sixty days after proper notice  
47 has been given the retailer by the consumer or user.

48 3. In the circumstances described in subsections 1  
49 and 2, a retailer has the option to either return any  
50 excess amount of tax paid to a consumer or user, or to

Page 148

1 remit the amount which a consumer or user has paid to  
2 the retailer to the department.

3 4. a. The department shall issue or the seller  
4 may separately provide exemption certificates in the  
5 form prescribed by the director, including  
6 certificates not made of paper, which conform to the  
7 requirements of paragraph “c”, to assist retailers in  
8 properly accounting for nontaxable sales of tangible  
9 personal property or services to purchasers for a  
10 nontaxable purpose. The department shall also allow  
11 the use of exemption certificates for those  
12 circumstances in which a sale is taxable but the  
13 seller is not obligated to collect tax from the buyer.

14 b. The sales tax liability for all sales of  
15 tangible personal property and all sales of services  
16 is upon the seller and the purchaser unless the seller  
17 takes in good faith from the purchaser a valid  
18 exemption certificate stating under penalty of perjury  
19 that the purchase is for a nontaxable purpose and is  
20 not a retail sale as defined in section 423.1, or the  
21 seller is not obligated to collect tax due, or unless  
22 the seller takes a fuel exemption certificate pursuant  
23 to subsection 5. If the tangible personal property or  
24 services are purchased tax free pursuant to a valid  
25 exemption certificate which is taken in good faith by  
26 the seller, and the tangible personal property or  
27 services are used or disposed of by the purchaser in a  
28 nonexempt manner, the purchaser is solely liable for  
29 the taxes and shall remit the taxes directly to the  
30 department and sections 423.31, 423.32, 423.37,  
31 423.38, 423.39, 423.40, 423.41, and 423.42 shall apply  
32 to the purchaser.

33 c. A valid exemption certificate is an exemption  
34 certificate which is complete and correct according to  
35 the requirements of the director.

36 d. A valid exemption certificate is taken in good  
37 faith by the seller when the seller has exercised that  
38 caution and diligence which honest persons of ordinary  
39 prudence would exercise in handling their own business  
40 affairs, and includes an honesty of intention and  
41 freedom from knowledge of circumstances which ought to  
42 put one upon inquiry as to the facts. In order for a  
43 seller to take a valid exemption certificate in good  
44 faith, the seller must exercise reasonable prudence to  
45 determine the facts supporting the valid exemption  
46 certificate, and if any facts upon such certificate  
47 would lead a reasonable person to further inquiry,  
48 such inquiry must be made with an honest intent to  
49 discover the facts.

50 e. If the circumstances change and as a result the

Page 149

1 tangible personal property or services are used or  
2 disposed of by the purchaser in a nonexempt manner or  
3 the purchaser becomes obligated to pay the tax, the  
4 purchaser is liable solely for the taxes and shall  
5 remit the taxes directly to the department in  
6 accordance with this subsection.

7 5. a. The department shall issue or the seller  
8 may separately provide fuel exemption certificates in  
9 the form prescribed by the director.

10 b. For purposes of this subsection:

11 (1) "Fuel" includes gas, electricity, water, heat,  
12 steam, and any other tangible personal property  
13 consumed in creating heat, power, or steam.

14 (2) "Fuel consumed in processing" means fuel used  
15 or consumed for processing including grain drying, for  
16 providing heat or cooling for livestock buildings or  
17 for greenhouses or buildings or parts of buildings  
18 dedicated to the production of flowering, ornamental,  
19 or vegetable plants intended for sale in the ordinary  
20 course of business, for use in aquaculture production,  
21 or for generating electric current, or in implements  
22 of husbandry engaged in agricultural production.

23 (3) "Fuel exemption certificate" means an  
24 exemption certificate given by the purchaser under  
25 penalty of perjury to assist retailers in properly  
26 accounting for nontaxable sales of fuel consumed in  
27 processing.

28 (4) "Substantial change" means a change in the use  
29 or disposition of tangible personal property and  
30 services by the purchaser such that the purchaser pays  
31 less than ninety percent of the purchaser's actual  
32 sales tax liability. A change includes a misstatement  
33 of facts in an application made pursuant to paragraph  
34 "d" or in a fuel exemption certificate.

35 c. The seller may accept a completed fuel  
36 exemption certificate, as prepared by the purchaser,  
37 for three years unless the purchaser files a new  
38 completed exemption certificate. If the fuel is  
39 purchased tax free pursuant to a fuel exemption  
40 certificate which is taken by the seller, and the fuel  
41 is used or disposed of by the purchaser in a nonexempt  
42 manner, the purchaser is solely liable for the taxes,  
43 and shall remit the taxes directly to the department  
44 and sections 423.31, 423.32, 423.37, 423.38, 423.39,  
45 423.40, 423.41, and 423.42 shall apply to the  
46 purchaser.

47 d. The purchaser may apply to the department for  
48 its review of the fuel exemption certificate. In this  
49 event, the department shall review the fuel exemption  
50 certificate within twelve months from the date of

Page 150

1 application and determine the correct amount of the  
2 exemption. If the amount determined by the department  
3 is different than the amount that the purchaser claims  
4 is exempt, the department shall promptly notify the  
5 purchaser of the determination. Failure of the  
6 department to make a determination within twelve  
7 months from the date of application shall constitute a  
8 determination that the fuel exemption certificate is  
9 correct as submitted. A determination of exemption by  
10 the department is final unless the purchaser appeals  
11 to the director for a revision of the determination  
12 within sixty days after the date of the notice of  
13 determination. The director shall grant a hearing,  
14 and upon the hearing, the director shall determine the  
15 correct exemption and notify the purchaser of the  
16 decision by mail. The decision of the director is  
17 final unless the purchaser seeks judicial review of  
18 the director's decision under section 423.38 within  
19 sixty days after the date of the notice of the  
20 director's decision. Unless there is a substantial  
21 change, the department shall not impose penalties  
22 pursuant to section 423.40 both retroactively to  
23 purchases made after the date of application and  
24 prospectively until the department gives notice to the  
25 purchaser that a tax or additional tax is due, for  
26 failure to remit any tax due which is in excess of a  
27 determination made under this section. A  
28 determination made by the department pursuant to this  
29 subsection does not constitute an audit for purposes  
30 of section 423.37.

31 e. If the circumstances change and the fuel is  
32 used or disposed of by the purchaser in a nonexempt  
33 manner, the purchaser is solely liable for the taxes  
34 and shall remit the taxes directly to the department  
35 in accordance with paragraph "c".

36 f. The purchaser shall attach documentation to the  
37 fuel exemption certificate which is reasonably  
38 necessary to support the exemption for fuel consumed  
39 in processing. If the purchaser files a new exemption  
40 certificate with the seller, documentation shall not  
41 be required if the purchaser previously furnished the  
42 seller with this documentation and substantial change  
43 has not occurred since that documentation was  
44 furnished or if fuel consumed in processing is  
45 separately metered and billed by the seller.

46 6. Nothing in this section authorizes any cause of  
47 action by any person to recover sales or use taxes  
48 directly from the state or extends any person's time  
49 to seek a refund of sales or use taxes which have been  
50 collected and remitted to the state.

Page 151

1 Sec. 177. NEW SECTION. 423.46 RATE AND BASE  
2 CHANGES.

3 The department shall make a reasonable effort to  
4 provide sellers with as much advance notice as  
5 practicable of a rate change and to notify sellers of  
6 legislative changes in the tax base and amendments to  
7 sales and use tax rules. Failure of a seller to  
8 receive notice or failure of this state to provide  
9 notice or limit the effective date of a rate change  
10 shall not relieve the seller of its obligation to  
11 collect sales or use taxes for this state.

12 Sec. 178. NEW SECTION. 423.47 REFUNDS AND  
13 CREDITS.

14 If it shall appear that, as a result of mistake, an  
15 amount of tax, penalty, or interest has been paid  
16 which was not due under the provisions of this  
17 chapter, such amount shall be credited against any tax  
18 due, or to become due, on the books of the department  
19 from the person who made the erroneous payment, or  
20 such amount shall be refunded to such person by the  
21 department. A claim for refund or credit that has not  
22 been filed with the department within three years  
23 after the tax payment for which a refund or credit is  
24 claimed became due, or one year after such tax payment  
25 was made, whichever time is the later, shall not be  
26 allowed by the director.

#### 27 SUBCHAPTER VI

#### 28 SALES AND USE TAX ACT -- ADMINISTRATION OF 29 RETAILERS REGISTERED VOLUNTARILY UNDER THE 30 AGREEMENT

31 Sec. 179. NEW SECTION. 423.48 RESPONSIBILITIES  
32 AND RIGHTS OF SELLERS REGISTERED UNDER THE AGREEMENT.

33 1. By registering under the agreement, the seller  
34 agrees to collect and remit sales and use taxes for  
35 all its taxable Iowa sales. Iowa's withdrawal from  
36 the agreement or revocation of its membership in the  
37 agreement shall not relieve a seller from its  
38 responsibility to remit taxes previously collected on  
39 behalf of this state.

40 2. The following provisions apply to any seller  
41 who registers under the agreement:

42 a. The seller may register on-line.

43 b. Registration under the agreement and the  
44 collection of Iowa sales and use taxes shall not be  
45 used as factors in determining whether the seller has  
46 nexus with Iowa for any tax.

47 c. If registered under the agreement with any  
48 other member state, the seller is considered to be  
49 registered in Iowa.

50 d. The seller is not required to pay registration

Page 152

- 1 fees or other charges.
- 2 e. A written signature from the seller is not  
3 required.
- 4 f. The seller may register by way of an agent.  
5 The agent's appointment shall be in writing and  
6 submitted to the department if requested by the  
7 department.
- 8 g. The seller may cancel its registration at any  
9 time under procedures adopted by the governing board  
10 established pursuant to the agreement. Cancellation  
11 does not relieve the seller of its liability for  
12 remitting any Iowa taxes collected.
- 13 3. The following additional responsibilities and  
14 rights apply to model sellers:
- 15 a. A model 1 seller's obligation to calculate,  
16 collect, and remit sales and use taxes shall be  
17 performed by its certified service provider, except  
18 for the seller's obligation to remit tax on its own  
19 purchases. As the seller's agent, the certified  
20 service provider is liable for its model 1 seller's  
21 sales and use tax due Iowa on all sales transactions  
22 it processes for the seller except as set out in this  
23 section. A seller that contracts with a certified  
24 service provider is not liable to the state for sales  
25 or use tax due on transactions processed by the  
26 certified service provider unless the seller  
27 misrepresents the types of items or services it sells  
28 or commits fraud. In the absence of probable cause to  
29 believe that the seller has committed fraud or made a  
30 material misrepresentation, the seller is not subject  
31 to audit on the transactions processed by the  
32 certified service provider. A model 1 seller is  
33 subject to audit for transactions not processed by the  
34 certified service provider. The director is  
35 authorized to perform a system check of the model 1  
36 seller and review the seller's procedures to determine  
37 if the certified service provider's system is  
38 functioning properly and the extent to which the  
39 seller's transactions are being processed by the  
40 certified service provider.
- 41 b. A model 2 seller shall calculate the amount of  
42 tax due on a transaction by the use of a certified  
43 automated system, but shall collect and remit tax on  
44 its own sales. A person that provides a certified  
45 automated system is responsible for the proper  
46 functioning of that system and is liable to this state  
47 for underpayments of tax attributable to errors in the  
48 functioning of the certified automated system. A  
49 seller that uses a certified automated system remains  
50 responsible and is liable to the state for reporting

Page 153

1 and remitting tax.

2 c. A model 3 seller shall use its own proprietary  
3 automated system to calculate tax due and collect and  
4 remit tax on its own sales. A model 3 seller is  
5 liable for the failure of its proprietary automated  
6 system to meet the applicable performance standard.

7 Sec. 180. NEW SECTION. 423.49 RETURNS.

8 1. All model 1, 2, or 3 sellers are subject to all  
9 of the following return requirements:

10 a. The seller is required to file only one return  
11 per month for this state and for all taxing  
12 jurisdictions within this state.

13 b. The date for filing returns shall be determined  
14 under rules adopted by the director. However, in no  
15 case shall the return be due earlier than the  
16 twentieth day of the following month.

17 c. The director shall request additional  
18 information returns. These returns shall not be  
19 required more frequently than every six months.

20 2. Any registered seller which does not have a  
21 legal obligation to register in this state and is not  
22 a model 1, 2, or 3 seller is subject to all of the  
23 following return requirements:

24 a. The seller is required to file a return within  
25 one year of the month of initial registration and  
26 shall file a return on an annual basis in succeeding  
27 years.

28 b. In addition to the return required in paragraph  
29 "a", if the seller accumulates more than one thousand  
30 dollars in total state and local tax, the seller is  
31 required to file a return in the following month.

32 c. The format of the return and the due date of  
33 the initial return and the annual return shall be  
34 determined under rules adopted by the department.

35 Sec. 181. NEW SECTION. 423.50 REMITTANCE OF  
36 FUNDS.

37 1. Only one remittance of tax per return is  
38 required except as provided in this subsection.  
39 Sellers that collect more than thirty thousand dollars  
40 in sales and use taxes for this state during the  
41 preceding calendar year shall be required to make  
42 additional remittances as required under rules adopted  
43 by the director. The filing of a return is not  
44 required with an additional remittance.

45 2. All remittances shall be remitted  
46 electronically.

47 3. Electronic payments may be made either by  
48 automated clearinghouse credit or automated  
49 clearinghouse debit. Any data accompanying a  
50 remittance must be formatted using uniform tax type

Page 154

1 and payment codes approved by the governing board  
2 established pursuant to the agreement. An alternative  
3 method for making same-day payments shall be  
4 determined under rules adopted by the director.

5 4. If a due date falls on a legal banking holiday  
6 in this state, the taxes are due on the succeeding  
7 business day.

8 Sec. 182. NEW SECTION. 423.51 ADMINISTRATION OF  
9 EXEMPTIONS.

10 1. The following provisions shall apply when a  
11 purchaser claims an exemption:

12 a. The seller shall obtain identifying information  
13 of the purchaser and the reason for claiming a tax  
14 exemption at the time of the purchase as determined by  
15 the member states acting jointly.

16 b. A purchaser is not required to provide a  
17 signature to claim an exemption from tax unless a  
18 paper certificate is used.

19 c. The seller shall use the standard form for  
20 claiming an exemption electronically as adopted  
21 jointly by the member states.

22 d. The seller shall obtain the same information  
23 for proof of a claimed exemption regardless of the  
24 medium in which the transaction occurred.

25 e. The department may authorize a system wherein  
26 the purchaser exempt from the payment of the tax is  
27 issued an identification number which shall be  
28 presented to the seller at the time of the sale.

29 f. The seller shall maintain proper records of  
30 exempt transactions and provide them to the department  
31 when requested.

32 g. The department shall administer entity-based  
33 and use-based exemptions when practicable through a  
34 direct pay tax permit, an exemption certificate, or  
35 another means that does not burden sellers. For the  
36 purposes of this paragraph:

37 (1) An “entity-based exemption” is an exemption  
38 based on who purchases the product or who sells the  
39 product.

40 (2) A “use-based exemption” is an exemption based  
41 on the purchaser’s use of the product.

42 2. Sellers that follow the requirements of this  
43 section are relieved from any tax otherwise applicable  
44 if it is determined that the purchaser improperly  
45 claimed an exemption and that the purchaser is liable  
46 for the nonpayment of tax. This relief from liability  
47 does not apply to a seller who fraudulently fails to  
48 collect the tax or solicits purchasers to participate  
49 in the unlawful claim of an exemption.

50 Sec. 183. NEW SECTION. 423.52 RELIEF FROM

Page 155

1 LIABILITY FOR SELLERS AND CERTIFIED SERVICE PROVIDERS.

2 Sellers and certified service providers are  
3 relieved from liability to this state or its local  
4 taxing jurisdictions for having charged and collected  
5 the incorrect amount of sales or use tax resulting  
6 from the seller or certified service provider relying  
7 on erroneous data provided by this state on tax rates,

27 option of retaining personal care services from a  
28 person other than the continuing care retirement  
29 community.

30 For the purposes of this subsection, “continuing  
31 care retirement community” means as defined in section  
32 523D.1.

 15 ~~university~~ operating budgets at the state university  
 16 of Iowa, Iowa state university of science and

17 technology, and university of northern Iowa, in 2003  
 18 Iowa Acts, House File 662, section 9, subsections 2,

 24 Sec. 22. 2003 Iowa Acts, Senate File 458, section  
 25 171, subsection 1, if enacted, is amended to read as  
 26 follows:

27 1. PURPOSE. The general assembly finds that the  
 28 Iowa communications network is a valuable state asset  
 29 that has served the people of the state well, but  
 30 which requires significant ongoing financial support  
 31 from the state in the form of annual appropriations.  
 32 The operation of a telecommunications network is a  
 33 function that can be and generally is conducted by  
 34 private enterprise. It is in the public interest to  
 35 sell the Iowa communications network to a qualified  
 36 private business enterprise that will commit to  
 37 provide the same secure low-cost high-quality service  
 38 to ~~state and federal public and private agencies and~~  
 39 ~~military installations, as defined in chapter 8D,~~ now  
 40 provided by the network. Through such a sale, the  
 41 state would eliminate the need for ongoing annual  
 42 appropriations while preserving the key benefits  
 43 enjoyed by the state under the present state ownership  
 44 of the network. The state also expects to obtain  
 45 sufficient proceeds from such a sale to cover existing  
 46 obligations and to realize additional proceeds above  
 47 the level of such obligations. Given the current  
 48 depressed state of the telecommunications industry,  
 49 the state can reasonably be expected to maximize sales  
 50 proceeds by allowing a purchaser a period of time in

Page 10

1 which to assemble financing for its purchase. During  
 2 the interim between enactment of this division of this  
 3 Act and completion of a sale, the services of a  
 4 private-enterprise manager with experience operating  
 5 telecommunications networks can reasonably be expected  
 6 to reduce the costs of operating the Iowa  
 7 communications network, thereby lowering annual  
 8 appropriations.

9 Sec. 23. 2003 Iowa Acts, Senate File 458, section  
 10 172, subsection 2, paragraph b, if enacted, is amended  
 11 to read as follows:

12 b. Select a manager and enter into a management  
 13 contract with the manager by October 1, 2004. The  
 14 management contract shall provide for the continuation  
 15 of all services currently being provided to ~~state and~~

16 ~~federal public and private agencies and military~~  
 17 ~~installations~~ pursuant to chapter 8D, at the rates  
 18 specified therein, for the duration of the contract.  
 19 The contract shall also specify the manager's  
 20 authority in relation to the duties of the commission  
 21 during the period between execution of the management  
 22 contract and closing of the sale of the network. The  
 23 commission shall establish a dispute resolution  
 24 process regarding rate increases, quality of service  
 25 issues, and other areas of dispute involving network  
 26 subscribers. The commission shall also make  
 27 recommendations regarding imposition of an ongoing  
 28 dispute resolution and appeals process commencing with  
 29 the closing of the sale of the network.

30 Sec. 24. 2003 Iowa Acts, Senate File 458, section  
 31 173, subsection 1, if enacted, is amended to read as  
 32 follows:

33 1. The ~~principal place of business of the~~  
 34 purchaser and any parent of the purchaser shall be  
 35 ~~located~~ operating in the state of Iowa.

36 Sec. 25. 2003 Iowa Acts, section 174, subsection  
 37 4, if enacted, is amended to read as follows:

38 4. Agree to continue all services currently being  
 39 provided to ~~state and federal~~ public and private  
 40 ~~agencies and military installations, as defined in~~  
 41 chapter 8D, for the next ten years, with any annual  
 42 rate increase not to exceed five percent per year,  
 43 provided that the purchaser shall not be required to  
 44 supply at such restricted prices a quantity or quality  
 45 of service greater than that provided by the network  
 46 as of execution of the contract for sale of the  
 47 network.

48 Sec. 26. EFFECTIVE DATE -- RETROACTIVE  
 49 APPLICABILITY.

50 1. The section of this division of this Act

Page 11

1 amending section 231C.17, being deemed of immediate  
 2 importance, takes effect upon enactment.

3 2. The section of this division of this Act  
 4 amending 2003 Iowa Acts, Senate File 401, being deemed  
 5 of immediate importance, takes effect upon enactment  
 6 and is retroactively applicable to April 11, 2003.

28 equal to the amount of such increase.

9 which may be fixed or variable during any period the  
10 bonds are outstanding, and such other terms and

12 resolution, or other instrument authorizing their  
13 issuance.

14 b. Negotiable instruments under the laws of the  
15 state and may be sold at prices, at public or private  
16 sale, and in a manner, as prescribed by the treasurer

27 5. The bonds are securities in which public  
28 officers and bodies of this state, political

46 8. Bonds issued under the provisions of this  
47 section are declared to be issued for a general public

49 this section shall be exempt from taxation by the  
50 state of Iowa and the interest on the bonds shall be

Page 4

1 exempt from the state income tax and the state  
2 inheritance and estate tax.

3 9. Subject to the terms of any bond documents,  
4 moneys in the Iowa values fund may be expended for  
5 administration expenses.

6 10. The treasurer of state may issue bonds for the

8 section then outstanding, including the payment of any  
9 redemption premiums thereon and any interest accrued  
10 or to accrue to the date of redemption of the  
11 outstanding bonds. Until the proceeds of bonds issued  
12 for the purpose of refunding outstanding bonds are  
13 applied to the purchase or retirement of outstanding  
14 bonds or the redemption of outstanding bonds, the  
15 proceeds may be placed in escrow and be invested and  
16 reinvested in accordance with the provisions of this  
17 section. The interest, income, and profits earned or  
18 realized on an investment may also be applied to the  
19 payment of the outstanding bonds to be refunded by  
20 purchase, retirement, or redemption. After the terms  
21 of the escrow have been fully satisfied and carried  
22 out, any balance of proceeds and interest earned or  
23 realized on the investments may be returned to the  
24 treasurer of state for deposit in the Iowa values fund  
25 established in section 15G.105. All refunding bonds  
26 shall be issued and secured and subject to the  
27 provisions of this chapter in the same manner and to  
28 the same extent as other bonds issued pursuant to this  
29 section.

30 11. The treasurer of state shall have all of the  
31 powers which are necessary to issue and secure bonds,  
32 including but not limited to the power to procure  
33 insurance, other credit enhancements, and other  
34 financing arrangements, and to execute instruments and  
35 contracts and to enter into agreements convenient or

46 notes, and other obligations and financing  
47 arrangements issued or entered into by the treasurer  
48 of state and the term “interest rate agreement” means  
49 an interest rate swap or exchange agreement, an  
50 agreement establishing an interest rate floor or

1 ceiling or both, or any similar agreement. Any such  
2 agreement may include the option to enter into or  
3 cancel the agreement or to reverse or extend the  
4 agreement.

5 Sec. \_\_\_\_ NEW SECTION. 12.92 IOWA VALUES FUND  
6 ACCOUNTS AND RESERVE FUNDS.

7 1. The treasurer of state shall establish such  
8 accounts within the Iowa values fund created in  
9 section 15G.105 as may be appropriate, including debt  
10 service accounts for the purpose of paying the  
11 principal of, redemption premium, if any, and interest  
12 on bonds payable therefrom. Moneys in the debt  
13 service accounts shall not be subject to appropriation  
14 for any other purpose by the general assembly, but  
15 shall be used only for the purposes of paying the  
16 principal of, redemption premium, if any, and interest  
17 on the bonds payable therefrom.

18 2. Revenue for the Iowa values fund shall include,  
19 but is not limited to, the following, which shall be  
20 deposited with the treasurer of state or its designee  
21 as provided by any bond or security documents and  
22 credited to the debt service account:

23 a. The proceeds of bonds issued to capitalize and  
24 pay the costs of the fund and investment earnings on  
25 the proceeds.

26 b. Interest attributable to investment of moneys  
27 in the fund or an account of the fund.

28 c. Moneys in the form of a devise, gift, bequest,  
29 donation, federal or other grant, reimbursement,  
30 repayment, judgment, transfer, payment, or  
31 appropriation from any source intended to be used for  
32 the purposes of the fund or account.

33 3. a. The treasurer of state may create and  
34 establish one or more special funds, to be known as  
35 "bond reserve funds", to secure one or more issues of  
36 bonds issued pursuant to section 12.91. The treasurer  
37 of state shall pay into each bond reserve fund any  
38 moneys appropriated and made available by the state or  
39 treasurer of state for the purpose of the fund, any  
40 proceeds of sale of bonds to the extent provided in  
41 the resolutions or trust indentures authorizing their  
42 issuance, and any other moneys which may be available  
43 to the treasurer of state for the purpose of the fund  
44 from any other sources. All moneys held in a bond  
45 reserve fund, except as otherwise provided in this  
46 chapter, shall be used as required solely for the  
47 payment of the principal of bonds secured in whole or  
48 in part by the fund or of the sinking fund payments  
49 with respect to the bonds, the purchase or redemption  
50 of the bonds, the payment of interest on the bonds, or

Page 6

1 the payments of any redemption premium required to be  
2 paid when the bonds are redeemed prior to maturity.

3 b. Moneys in a bond reserve fund shall not be  
4 withdrawn from it at any time in an amount that will  
5 reduce the amount of the fund to less than the bond  
6 reserve fund requirement established for the fund, as  
7 provided in this subsection, except for the purpose of  
8 making, with respect to bonds secured in whole or in  
9 part by the fund, payment when due of principal,  
10 interest, redemption premiums, and the sinking fund  
11 payments with respect to the bonds for the payment of  
12 which other moneys of the treasurer of state are not  
13 available.

14 Any income or interest earned by, or incremental  
15 to, a bond reserve fund due to the investment of it  
16 may be transferred by the treasurer of state to other  
17 funds or accounts to the extent the transfer does not  
18 reduce the amount of that bond reserve fund below the  
19 bond reserve fund requirement for it.

20 c. The treasurer of state shall not at any time  
21 issue bonds, secured in whole or in part by a bond  
22 reserve fund, if, upon the issuance of the bonds, the  
23 amount in the bond reserve fund will be less than the  
24 bond reserve fund requirement for the fund, unless the  
25 treasurer of state at the time of issuance of the  
26 bonds deposits in the fund from the proceeds of the  
27 bonds issued or from other sources an amount which,  
28 together with the amount then in the fund, will not be  
29 less than the bond reserve fund requirement for the  
30 fund. For the purposes of this subsection, the term  
31 “bond reserve fund requirement” means, as of any  
32 particular date of computation, an amount of money, as  
33 provided in the resolutions or trust indentures  
34 authorizing the bonds with respect to which the fund  
35 is established.

36 d. To assure the continued solvency of any bonds  
37 secured by the bond reserve fund, provision is made in  
38 paragraph “a” for the accumulation in each bond  
39 reserve fund of an amount equal to the bond reserve  
40 requirement for the fund. In order to further assure  
41 maintenance of the bond reserve funds, the treasurer  
42 of state shall, on or before January 1 of each  
43 calendar year, make and deliver to the governor the  
44 treasurer of state’s certificate stating the sum, if  
45 any, required to restore each bond reserve fund to the  
46 bond reserve fund requirement for that fund. Within  
47 thirty days after the beginning of the session of the  
48 general assembly next following the delivery of the  
49 certificate, the governor shall submit to both houses  
50 printed copies of a budget including the sum, if any,

Page 7

1 required to restore each bond reserve fund to the bond  
2 reserve fund requirement for that fund. Any sums  
3 appropriated by the general assembly and paid to the  
4 treasurer of state pursuant to this subsection shall  
5 be deposited by the treasurer of state in the  
6 applicable bond reserve fund.

7 Sec. \_\_\_\_ NEW SECTION. 12.93 PLEDGES.

8 1. It is the intention of the general assembly  
9 that a pledge made in respect of bonds shall be valid  
10 and binding from the time the pledge is made, that the  
11 moneys or property so pledged and received after the  
12 pledge by the treasurer of state shall immediately be  
13 subject to the lien of the pledge without physical  
14 delivery or further act, and that the lien of the  
15 pledge shall be valid and binding as against all  
16 parties having claims of any kind in tort, contract,  
17 or otherwise against the treasurer of state whether or  
18 not the parties have notice of the lien.

19 2. The moneys set aside in a fund or funds pledged  
20 for any series or issue of bonds shall be held for the  
21 sole benefit of the series or issue separate and apart  
22 from moneys pledged for another series or issue of  
23 bonds of the treasurer of state. Bonds may be issued  
24 in series under one or more resolutions or trust  
25 indentures and may be fully open-ended, thus providing  
26 for the unlimited issuance of additional series, or  
27 partially open-ended, limited as to additional series.

28 Sec. \_\_\_\_ NEW SECTION. 12.94 LIMITATIONS.

29 Bonds issued pursuant to section 12.91 are not  
30 debts of the state, or of any political subdivision of  
31 the state, and do not constitute a pledge of the faith  
32 and credit of the state or a charge against the  
33 general credit or general fund of the state. The  
34 issuance of any bonds pursuant to section 12.91 by the  
35 treasurer of state does not directly, indirectly, or  
36 contingently obligate the state or a political  
37 subdivision of the state to apply moneys, or to levy  
38 or pledge any form of taxation whatever, to the  
39 payment of the bonds. Bonds issued under section  
40 12.91 are payable solely and only from the sources and  
41 special fund and accounts provided in section 12.92.

42 Sec. \_\_\_\_ NEW SECTION. 12.95 CONSTRUCTION.

43 Sections 12.91 through 12.94, being necessary for  
44 the welfare of this state and its inhabitants, shall  
45 be liberally construed to effect its purposes.

 34 forms available to the taxpayer by mail, or at a

35 designated place within the taxing district.  
36 2. Upon receipt of such supplemental return from  
37 any person the assessor shall prepare a roll assessing  
38 such person as hereinafter provided. In the  
39 preparation of such assessment roll the assessor shall  
40 be guided not only by the information contained in  
41 such supplemental roll, but by any other information  
42 the assessor may have or which may be obtained by the  
43 assessor as prescribed by the law relating to the  
44 assessment of property. The assessor shall not be  
45 bound by any values or square footage determinations  
46 or purchase prices as listed in such supplemental  
47 return, and may include in the assessment roll any  
48 property omitted from the supplemental return which in  
49 the knowledge and belief of the assessor should be  
50 listed as required by law by the person making the

Page 2

1 supplemental return. Upon completion of such roll the  
2 assessor shall deliver to the person submitting such  
3 supplemental return a copy of the assessment roll,  
4 either personally or by mail.

5 Sec. 2. NEW SECTION. 441.20 LEGISLATIVE INTENT.

6 It is the intent of the general assembly that there  
7 be transparency in the property tax system. It is  
8 further the intent of the general assembly that  
9 property assessments for purposes of property taxation  
10 be equal and uniform within classes of property. It  
11 is further the intent of the general assembly to  
12 minimize the impact that maintenance and upkeep by the  
13 owner of property has on the assessment of that  
14 property and that there be predictability in increases  
15 of property assessments and that such predictability  
16 be based primarily on the actions of the property  
17 owner. It is further the intent of the general  
18 assembly to minimize the impact that increases in  
19 assessed value of property will have on property taxes  
20 paid and that any increases will be primarily the  
21 result of direct action taken by the local taxing  
22 authority in setting budget amounts rather than by  
23 increases in market value of property.

24 Sec. 3. Section 441.21, Code 2003, is amended by  
25 striking the section and inserting in lieu thereof the  
26 following:

27 441.21 ASSESSMENT OF STRUCTURES.

28 1. All real property, except land, subject to  
29 taxation shall be assessed on a value per square foot  
30 basis according to the provisions of this section.

31 2. a. Subject to paragraph "b", for valuations  
32 established as of January 1, 2006, and for subsequent  
33 assessment years, the assessed value per square foot

34 of a residential structure shall be an amount equal to  
35 the valuation of the structure as determined for the  
36 assessment year beginning January 1, 2005, prior to  
37 application of the assessment limitation for that  
38 year, divided by the total number of square feet of  
39 the structure as of January 1, 2005.

40 b. (1) The assessed value per square foot of an  
41 existing residential structure purchased after January  
42 1, 2005, shall be the purchase price of the structure  
43 divided by the cumulative inflation factor established  
44 for the assessment year following the year of  
45 purchase, divided by the total number of square feet  
46 of the structure as of January 1 of the assessment  
47 year. The assessed value per square foot of a  
48 residential structure newly constructed after January  
49 1, 2005, shall be the market value of the structure,  
50 as determined by the assessor, divided by the

Page 3

1 cumulative inflation factor established for the  
2 assessment year following the year construction was  
3 completed, divided by the total number of square feet  
4 of the structure as of January 1 of the assessment  
5 year. However, when valuing an addition that  
6 substantially increases the square footage of a  
7 structure, only that portion of the structure  
8 comprising the addition shall be valued by the  
9 assessor under this subparagraph.

10 (2) If additions or modifications to an existing  
11 structure do not constitute a newly constructed  
12 structure, the valuation of the structure shall only  
13 increase if the square footage of the structure  
14 increases. The increased valuation, if any, equals  
15 the amount of increased square feet times the value  
16 per square foot of the structure prior to the  
17 additions or modifications.

18 3. a. Subject to paragraph “b” for valuations  
19 established as of January 1, 2006, and for subsequent  
20 assessment years, the assessed value per square foot  
21 of a commercial or industrial structure shall be an  
22 amount equal to the valuation of the structure as  
23 determined for the assessment year beginning January  
24 1, 2005, prior to application of the assessment  
25 limitation for that year, divided by the total number  
26 of square feet of the structure as of January 1, 2005.

27 b. (1) The assessed value per square foot of an  
28 existing commercial or industrial structure purchased  
29 after January 1, 2005, shall be the purchase price of  
30 the structure divided by the cumulative inflation  
31 factor established for the assessment year following  
32 the year of purchase, divided by the total number of

33 square feet of the structure as of January 1 of the  
34 assessment year. The assessed value per square foot  
35 of a commercial or industrial structure newly  
36 constructed after January 1, 2005, shall be the market  
37 value of the structure, as determined by the assessor,  
38 divided by the cumulative inflation factor established  
39 for the assessment year following the year  
40 construction was completed, divided by the total  
41 number of square feet of the structure as of January 1  
42 of the assessment year. However, when valuing an  
43 addition that substantially increases the square  
44 footage of a structure, only that portion of the  
45 structure comprising the addition shall be valued by  
46 the assessor under this subparagraph.

47 (2) If additions or modifications to an existing  
48 structure do not constitute a newly constructed  
49 structure, the valuation of the structure shall only  
50 increase if the square footage of the structure

Page 4

1 increases. The increased valuation, if any, equals  
2 the amount of increased square feet times the value  
3 per square foot of the structure prior to the  
4 additions or modifications.

5 4. a. Subject to paragraph “b” for valuations  
6 established as of January 1, 2006, and for subsequent  
7 assessment years, the assessed value per square foot  
8 of an agricultural structure that is not an  
9 agricultural dwelling shall be an amount equal to the  
10 valuation of the structure as determined for the  
11 assessment year beginning January 1, 2005, prior to  
12 application of the assessment limitation for that  
13 year, divided by the total number of square feet of  
14 the structure as of January 1, 2005.

15 b. (1) The assessed value per square foot of an  
16 existing agricultural structure purchased after  
17 January 1, 2005, shall be the productivity value of  
18 the structure divided by the cumulative inflation  
19 factor established for the assessment year following  
20 the year of purchase, divided by the total number of  
21 square feet of the structure as of January 1 of the  
22 assessment year. The assessed value per square foot  
23 of an agricultural structure newly constructed after  
24 January 1, 2005, shall be the productivity value of  
25 the structure for the assessment year following the  
26 year construction was completed, as determined by the  
27 assessor, divided by the cumulative inflation factor  
28 established for the assessment year following the year  
29 construction was completed, divided by the total  
30 number of square feet of the structure as of January 1  
31 of the assessment year. However, when valuing an

32 addition that substantially increases the square  
33 footage of a structure, only that portion of the  
34 structure comprising the addition shall be valued by  
35 the assessor under this subparagraph.

36 (2) If additions or modifications to an existing  
37 structure do not constitute a newly constructed  
38 structure, the valuation of the structure shall only  
39 increase if the square footage of the structure  
40 increases. The increased valuation, if any, equals  
41 the amount of increased square feet times the value  
42 per square foot of the structure prior to the  
43 additions or modifications.

44 5. a. In determining the market value of newly  
45 constructed property, except agricultural structures,  
46 the assessor may determine the value of the property  
47 using uniform and recognized appraisal methods  
48 including its productive and earning capacity, if any,  
49 industrial conditions, its cost, physical and  
50 functional depreciation and obsolescence and

Page 5

1 replacement cost, and all other factors which would  
2 assist in determining the fair and reasonable market  
3 value of the property but the actual value shall not  
4 be determined by use of only one such factor. The  
5 following shall not be taken into consideration:  
6 special value or use value of the property to its  
7 present owner, and the goodwill or value of a business  
8 that uses the property as distinguished from the value  
9 of the property as property. However, in assessing  
10 property that is rented or leased to low-income  
11 individuals and families as authorized by section 42  
12 of the Internal Revenue Code, as amended, and which  
13 section limits the amount that the individual or  
14 family pays for the rental or lease of units in the  
15 property, the assessor shall use the productive and  
16 earning capacity from the actual rents received as a  
17 method of appraisal and shall take into account the  
18 extent to which that use and limitation reduces the  
19 market value of the property. The assessor shall not  
20 consider any tax credit equity or other subsidized  
21 financing as income provided to the property in  
22 determining the market value. Upon adoption of  
23 uniform rules by the department of revenue and finance  
24 or covering assessments and valuations of such  
25 properties, the valuation on such properties shall be  
26 determined in accordance with such values for  
27 assessment purposes to assure uniformity, but such  
28 rules shall not be inconsistent with or change the  
29 foregoing means of determining the market value.  
30 b. The actual value of special purpose tooling,

31 which is subject to assessment and taxation as real  
32 property under section 427A.1, subsection 1, paragraph  
33 “e”, but which can be used only to manufacture  
34 property which is protected by one or more United  
35 States or foreign patents, shall not exceed the fair  
36 and reasonable exchange value between a willing buyer  
37 and a willing seller, assuming that the willing buyer  
38 is purchasing only the special purpose tooling and not  
39 the patent covering the property which the special  
40 purpose tooling is designed to manufacture nor the  
41 rights to manufacture the patented property. For  
42 purposes of this paragraph, special purpose tooling  
43 includes dies, jigs, fixtures, molds, patterns, and  
44 similar property. The assessor shall not take into  
45 consideration the special value or use value to the  
46 present owner of the special purpose tooling which is  
47 designed and intended solely for the manufacture of  
48 property protected by a patent in arriving at the  
49 actual value of the special purpose tooling.  
50 c. In determining the purchase price of a

Page 6

1 structure, the assessor shall consider whether the  
2 sale was a fair and reasonable exchange in the year in  
3 which the property was listed and valued between a  
4 willing buyer and a willing seller, neither being  
5 under any compulsion to buy or sell and each being  
6 familiar with all the facts relating to the particular  
7 property. Sale prices of the property or comparable  
8 property in normal transactions reflecting market  
9 value, and the probable availability or unavailability  
10 of persons interested in purchasing the property,  
11 shall be taken into consideration in determining  
12 purchase price. In determining purchase price, sale  
13 prices of property in abnormal transactions not  
14 reflecting market value shall not be taken into  
15 account, or shall be adjusted to eliminate the effect  
16 of factors which distort market value, including but  
17 not limited to sales to immediate family of the  
18 seller, foreclosure or other forced sales, contract  
19 sales, or discounted purchase transactions.  
20 d. If a county enters into a contract before May  
21 1, 2003, for a comprehensive revaluation by a private  
22 appraiser and such revaluation is for the assessment  
23 year beginning January 1, 2006, the valuations  
24 determined under the comprehensive revaluation for  
25 that assessment year shall be divided by the  
26 cumulative inflation factor for the assessment year  
27 beginning January 1, 2006, and that quotient shall be  
28 considered the valuation of the property for the  
29 assessment year beginning January 1, 2005.

30 6. Notwithstanding any other provision of this  
31 section, the assessed value per square foot of a  
32 structure times the total number of square feet of the  
33 structure shall not exceed its fair and reasonable  
34 market value for the assessment year, except for  
35 agricultural structures which shall be valued  
36 exclusively as provided in subsection 4.

37 7. For purposes of this section:

38 a. "Annual inflation factor" means an index,  
39 expressed as a percentage, determined by the  
40 department by January 15 of the assessment year for  
41 which the factor is determined, which reflects the  
42 purchasing power of the dollar as a result of  
43 inflation during the twelve-month period ending  
44 September 30 of the calendar year preceding the  
45 assessment year for which the factor is determined.  
46 In determining the annual inflation factor, the  
47 department shall use the annual percent change, but  
48 not less than zero percent, in the gross domestic  
49 product price deflator computed for the calendar year  
50 by the bureau of economic analysis of the United

Page 7

1 States department of commerce and shall add all of  
2 that percent change to one hundred percent. The  
3 annual inflation factor and the cumulative inflation  
4 factor shall each be expressed as a percentage rounded  
5 to the nearest one-tenth of one percent. The annual  
6 inflation factor shall not be less than one hundred  
7 percent. The annual inflation factor for the 2005  
8 calendar year is one hundred percent.

9 b. "Cumulative inflation factor" means the product  
10 of the annual inflation factor for the 2005 calendar  
11 year and all annual inflation factors for subsequent  
12 calendar years as determined pursuant to this  
13 subsection. The cumulative inflation factor applies  
14 to the assessment year beginning on January 1 of the  
15 calendar year for which the latest annual inflation  
16 factor has been determined.

17 c. "Newly constructed" includes, but is not  
18 limited to, structural replacement, additions that  
19 substantially increase the square footage, conversion  
20 into another class of property, and conversion from  
21 exempt property under section 427.1 to taxable  
22 property. For commercial and industrial property,  
23 "newly constructed" also includes an addition or  
24 removal to a structure of personal property taxed as  
25 real estate under chapter 427A.

26 d. "Structure" means any part of that which is  
27 built or constructed, an edifice or building of any  
28 kind, or any piece of work artificially built up or

29 composed of parts joined together in some definite  
30 manner. For residential structures, structure  
31 includes only those parts of the structure, including  
32 basements and attics, that are or could be used as  
33 living space. "Structure" does not include the land  
34 beneath, or horizontal improvements relating to the  
35 structure, such as sidewalks, sewers, or retaining  
36 walls.

37 8. For the purpose of computing the debt  
38 limitations for municipalities, political  
39 subdivisions, and school districts, the term "actual  
40 value" means the "actual value" as determined under  
41 this section without application of any percentage  
42 reduction and entered opposite each item, and as  
43 listed on the tax list as provided in section 443.2,  
44 as "actual value".

45 Whenever any board of review or other tribunal  
46 changes the assessed value of property, all applicable  
47 records of assessment shall be adjusted to reflect  
48 such change in both assessed value and actual value of  
49 such property.

50 9. The provisions of this chapter and chapters

Page 8

1 443, 443A, and 444 shall be subject to legislative  
2 review at least once every five years. The review  
3 shall be based upon a property tax status report  
4 containing the recommendations of a property tax  
5 implementation committee appointed to conduct a review  
6 of the land tax, square footage tax, the baseline  
7 assessment for the square footage tax, and other  
8 related provisions, to be prepared with the assistance  
9 of the departments of management and revenue and  
10 finance. The report shall include recommendations for  
11 changes or revisions based upon demographic changes  
12 and property tax valuation fluctuations observed  
13 during the preceding five-year interval, and a summary  
14 of issues that have arisen since the previous review  
15 and potential approaches for their resolution. The  
16 first such report shall be submitted to the general  
17 assembly no later than January 1, 2010, with  
18 subsequent reports developed and submitted by January  
19 1 at least every fifth year thereafter.

20 Sec. 4. NEW SECTION. 441.21A PROPERTY  
21 CLASSIFICATIONS.

22 1. a. Agricultural land shall be valued at its  
23 productivity value. The productivity value of  
24 agricultural land shall be determined on the basis of  
25 productivity and net earning capacity of the land  
26 determined on the basis of its use for agricultural  
27 purposes capitalized at a rate of seven percent and

28 applied uniformly among counties and among classes of  
29 property. Any formula or method employed to determine  
30 productivity and net earning capacity of land shall be  
31 adopted in full by rule.

32 b. In counties or townships in which field work on  
33 a modern soil survey has been completed since January  
34 1, 1949, the assessor shall place emphasis upon the  
35 results of the survey in spreading the valuation among  
36 individual parcels of such agricultural land.

37 c. "Agricultural land" includes the land of a  
38 vineyard.

39 2. a. "Residential property" includes all lands  
40 and buildings which are primarily used or intended for  
41 human habitation, including those buildings located on  
42 agricultural land. Buildings used primarily or  
43 intended for human habitation shall include the  
44 dwelling as well as structures and improvements used  
45 primarily as a part of, or in conjunction with, the  
46 dwelling. This includes but is not limited to  
47 garages, whether attached or detached, tennis courts,  
48 swimming pools, guest cottages, and storage sheds for  
49 household goods. Residential property located on  
50 agricultural land shall include only buildings.

Page 9

1 b. "Residential property" includes all land and  
2 buildings of multiple housing cooperatives organized  
3 under chapter 499A and includes land and buildings  
4 used primarily for human habitation which land and  
5 buildings are owned and operated by organizations that  
6 have received tax-exempt status under section  
7 501(c)(3) of the Internal Revenue Code and rental  
8 income from the property is not taxed as unrelated  
9 business income under section 422.33, subsection 1A.

10 c. "Residential property" includes an apartment in  
11 a horizontal property regime referred to in chapter  
12 499B which is used or intended for use for human  
13 habitation regardless of who occupies the apartment.  
14 Existing structures shall not be converted to a  
15 horizontal property regime unless applicable building  
16 code requirements have been met.

17 d. Buildings for human habitation that are used as  
18 commercial ventures, including but not limited to  
19 hotels, motels, rest homes, and structures containing  
20 three or more separate living quarters shall not be  
21 considered residential property.

22 Sec. 5. Section 441.23, Code 2003, is amended to  
23 read as follows:

24 441.23 NOTICE OF VALUATION.

25 If there has been an increase or decrease in the  
26 valuation of the property, or upon the written request

27 of the person assessed, the assessor shall, at the  
 28 time of making the assessment, inform the person  
 29 assessed, in writing, of the valuation put upon the  
 30 taxpayer's property, and notify the person, if the  
 31 person feels aggrieved, to appear before the board of  
 32 review and show why the assessment should be changed.  
 33 However, if the valuation of ~~a class of~~ agricultural  
 34 property is uniformly decreased, the assessor may  
 35 notify the affected property owners by publication in  
 36 the official newspapers of the county. The owners of  
 37 real property shall be notified not later than April  
 38 15 of any adjustment of the real property assessment.  
 39 The notification shall include a supplemental return  
 40 form for the person to list the person's property and  
 41 any additions or modifications completed in the prior  
 42 year to a structure located on the property, as  
 43 required in section 441.19.

44 Sec. 6. Section 441.24, Code 2003, is amended to  
 45 read as follows:

46 441.24 REFUSAL TO FURNISH STATEMENT.

47 1. If a person refuses to furnish the verified  
 48 statements required in connection with the assessment  
 49 of property by the assessor, or to list the  
 50 corporation's or person's property, the director of

Page 10

1 revenue and finance, or assessor, as the case may be,  
 2 shall proceed to list and assess the property  
 3 according to the best information obtainable, and  
 4 shall add to the ~~taxable~~ agricultural land and square  
 5 footage valuation one hundred percent thereof, which  
 6 valuation and penalty shall be separately shown, and  
 7 shall constitute the assessment; and if the  
 8 agricultural land or square footage valuation of the  
 9 property is changed by a board of review, or on appeal  
 10 from a board of review, a like penalty shall be added  
 11 to the valuation thus fixed.

12 2. However, all or part of the penalty imposed  
 13 under this section may be waived by the board of  
 14 review upon application to the board by the assessor  
 15 or the property owner. The waiver or reduction in the  
 16 penalty shall be allowed only on the agricultural land  
 17 or the square footage valuation of ~~real property~~ the  
 18 structure against which the penalty has been imposed.

19 Sec. 7. Section 441.26, unnumbered paragraph 3,  
 20 Code 2003, is amended to read as follows:

21 The notice in ~~1981 2007~~ and each odd-numbered year  
 22 thereafter shall contain a statement that ~~the~~  
 23 agricultural property assessments and property  
 24 assessed pursuant to section 441.21, subsection 2,  
 25 paragraph "b", subparagraph (1), and subsection 3,

26 paragraph “b”, subparagraph (1), are subject to  
 27 equalization pursuant to an order issued by the  
 28 director of revenue and finance, that the county  
 29 auditor shall give notice on or before October 15 by  
 30 publication in an official newspaper of general  
 31 circulation to any ~~class of agricultural~~ property  
 32 affected by the equalization order, and that the board  
 33 of review shall be in session from October 15 to  
 34 November 15 to hear protests of affected property  
 35 owners or taxpayers whose valuations have been  
 36 adjusted by the equalization order.

37 Sec. 8. Section 441.26, unnumbered paragraphs 4  
 38 and 5, Code 2003, are amended to read as follows:  
 39 The assessment rolls shall be used in listing the  
 40 property, the number of structures, and the total  
 41 square footage of the structures by class of property,  
 42 and showing the values affixed to agricultural land  
 43 and the assessed value per square foot affixed to ~~the~~  
 44 property the structures by class of property of all  
 45 persons assessed. The rolls shall be made in  
 46 duplicate. The duplicate roll shall be signed by the  
 47 assessor, detached from the original and delivered to  
 48 the person assessed if there has been an increase or  
 49 decrease in the valuation of the property. If there  
 50 has been no change in the evaluation, the information

Page 11

1 on the roll may be printed on computer stock paper and  
 2 preserved as required by this chapter. If the person  
 3 assessed requests in writing a copy of the roll, the  
 4 copy shall be provided to the person. The pages of  
 5 the assessor’s assessment book shall contain columns  
 6 ruled and headed for the information required by this  
 7 chapter and that which the director of revenue and  
 8 finance deems essential in the equalization work of  
 9 the director. The assessor shall return all  
 10 assessment rolls and schedules to the county auditor,  
 11 along with the completed assessment book, as provided  
 12 in this chapter, and the county auditor shall  
 13 carefully keep and preserve the rolls, schedules and  
 14 book for a period of five years from the time of its  
 15 filing in the county auditor’s office.

16 Beginning with valuations for January 1, ~~1977~~ 2006,  
 17 and each succeeding year, for each parcel of  
 18 agricultural property and for each structure entered  
 19 in the assessment book, the assessor shall list the  
 20 classification of the property.

21 Sec. 9. Section 441.35, subsection 1, Code 2003,  
 22 is amended by striking the subsection.

23 Sec. 10. Section 441.35, unnumbered paragraph 2,  
 24 Code 2003, is amended by striking the unnumbered

25 paragraph.

26 Sec. 11. Section 441.36, Code 2003, is amended to  
27 read as follows:

28 441.36 CHANGE OF ASSESSMENT -- NOTICE.

29 All changes in assessments authorized by the board  
30 of review, and reasons therefor, shall be entered in  
31 the minute book kept by ~~said the~~ board and on the  
32 assessment roll. ~~Said The~~ minute book shall be filed  
33 with the assessor after the adjournment of the board  
34 of review and shall at all times be open to public  
35 inspection. In case the value of any specific

1 2. The committee shall study and make  
2 recommendations relating to the land tax, square  
3 footage tax, the baseline assessment for the square  
4 footage tax, and other related provisions. The  
5 committee shall also study and make recommendations on  
6 issues relating to implementation of a land tax and  
7 square footage tax, including, but not limited to,  
8 whether or not maximum square footage rates and land  
9 tax rates should be imposed and, if such rates are  
10 recommended, the imposition of rates that have a  
11 revenue neutral impact on classes of property, the  
12 property tax financing portion of the school funding  
13 formula, treatment of current property tax credits and

14 exemptions under a land tax and square footage tax and  
15 continued state reimbursement of any credits or  
16 exemptions, implementation of urban revitalization and  
17 urban renewal programs under the land tax and square  
18 footage tax, implementation of a payment in lieu of

30 with the department of management, shall select the  
31 three counties and the cities within those counties  
32 that will be required to provide data to the  
33 committee. The committee shall devise a system for  
34 testing the data, including the necessary computer  
35 hardware and software to allow the selected counties  
36 and cities to prepare projected budgets, to determine  
37 the rates for the land tax and the square footage tax  
38 for those projected budgets, and to provide a sampling  
39 of the effect on the various classes of property in  
40 those jurisdictions. The committee shall use the data  
41 and the results of the projections to resolve, and  
42 make recommendations relating to, the issues described  
43 in subsection 2, and related issues, in a revenue  
44 neutral manner that will not result in a shift of  
45 property tax burden between classes of property. The  
46 committee shall submit to the general assembly by  
47 October 31, 2003, October 31, 2004, and October 31,  
48 2005, a report for each of those years resolving the  
49 issues in subsection 2 and other related issues for  
50 implementation of this Act. The reports shall include

4 Sec. 50. Section 422.5, subsection 1, Code 2003,  
5 as amended by 2003 Iowa Acts, Senate File 442, section  
6 4, is amended by striking the subsection and inserting  
7 in lieu thereof the following:

8 1. a. A tax is imposed upon every resident and  
9 nonresident of the state which tax shall be levied,

10 collected, and paid annually upon and with respect to  
11 the entire taxable income at rates as follows:

12 (1) On all taxable income from zero through eight  
13 thousand dollars, two and five hundredths percent.

15 dollars but not exceeding one hundred thousand  
16 dollars, four and sixty-five hundredths percent.

17 (3) On all taxable income exceeding one hundred  
18 thousand dollars, four and nine-tenths percent.

19 b. (1) The tax imposed upon the taxable income of  
20 a nonresident shall be computed by reducing the amount  
21 determined pursuant to paragraph “a” by the amounts of  
22 nonrefundable credits under this division and by  
23 multiplying this resulting amount by a fraction of  
24 which the nonresident’s net income allocated to Iowa,  
25 as determined in section 422.8, subsection 2,  
26 paragraph “a”, is the numerator and the nonresident’s  
27 total net income computed under section 422.7 is the  
28 denominator. This provision also applies to  
29 individuals who are residents of Iowa for less than  
30 the entire tax year.

39 fraction of which the resident’s net income allocated  
40 to Iowa, as determined in section 422.8, subsection 2,

12 regular tax imposed under this division shall be the  
13 lesser of the product of eight percent times the  
14 portion of the net income in excess of thirteen  
15 thousand five hundred dollars or nine thousand  
16 dollars, as applicable, or the regular tax liability  
17 computed without regard to this paragraph.

18 b. Paragraph "a" does not apply to estates and  
19 trusts. Married taxpayers electing to file separately  
20 shall compute the alternate tax described in paragraph  
21 "a" using the total net income of the husband and  
22 wife. The alternate tax described in paragraph "a"  
23 does not apply if one spouse elects to carry back or  
24 carry forward the loss as provided in section 422.9,

26 by another person as defined in section 422.12 shall

29 thirteen thousand five hundred dollars or nine  
30 thousand dollars as applicable or the person claiming  
31 the dependent and the person's spouse have combined

37 inflation factor, the director shall multiply each  
38 dollar amount set forth in subsection 1, ~~paragraphs~~  
39 ~~"a" through "i" of this section~~ paragraph "a", by this  
40 cumulative inflation factor, shall round off the  
41 resulting product to the nearest one dollar, and shall  
42 incorporate the result into the income tax forms and  
43 instructions for each tax year.

44 Sec. 53. Section 422.5, subsection 7, Code 2003,  
45 is amended by striking the subsection.

46 Sec. 54. Section 422.7, Code 2003, as amended by

50 422.7 "NET INCOME" -- HOW COMPUTED.

Page 28

1 The term "net income" means the adjusted gross  
2 income before the net operating loss deduction as  
3 properly computed for federal income tax purposes  
4 under the Internal Revenue Code, with the following  
5 adjustments:

6 1. The adjusted gross income is adjusted by adding  
7 the sum of the following:

- 8 a. Add the amount of federal income tax refunds  
9 received in a tax year beginning on or after January  
10 1, 2007, but before January 1, 2010, to the extent  
11 that the federal income tax was deducted on an Iowa  
12 individual income tax return for a tax year beginning  
13 prior to January 1, 2007.
- 14 b. Add interest and dividends from foreign  
15 securities and from securities of state and other  
16 political subdivisions exempt from federal income tax  
17 under the Internal Revenue Code.
- 18 c. Add interest and dividends from regulated  
19 investment companies exempt from federal income tax  
20 under the Internal Revenue Code.
- 21 d. Add, to the extent not already included, income  
22 from the sale of obligations of the state and its  
23 political subdivisions. Income from the sale of these  
24 obligations is exempt from the taxes imposed by this  
25 division only if the law authorizing these obligations  
26 specifically exempts the income from the sale from the  
27 state individual income tax.
- 28 e. Add the amount resulting from the cancellation  
29 of a participation agreement refunded to the taxpayer  
30 as a participant in the Iowa educational savings plan  
31 trust under chapter 12D to the extent previously  
32 deducted as a contribution to the trust.
- 33 2. The adjusted gross income is adjusted by  
34 subtracting the sum of the following:
- 35 a. Subtract the amount of federal income taxes  
36 paid or accrued, as the case may be, in a tax year  
37 beginning on or after January 1, 2007, but before  
38 January 1, 2010, to the extent the federal tax payment  
39 is for a tax year beginning prior to January 1, 2007.
- 40 b. Subtract interest and dividends from federal  
41 securities.
- 42 c. Subtract the loss on the sale or exchange of a  
43 share of a regulated investment company held for six  
44 months or less to the extent the loss was disallowed  
45 under section 852(b)(4)(B) of the Internal Revenue  
46 Code.
- 47 d. (1) Subtract, to the extent included, the  
48 amount of additional social security benefits taxable  
49 under the Internal Revenue Code for tax years  
50 beginning on or after January 1, 1994. The amount of

Page 29

- 1 social security benefits taxable as provided in  
2 section 86 of the Internal Revenue Code, as amended up  
3 to and including January 1, 1993, continues to apply  
4 for state income tax purposes for tax years beginning  
5 on or after January 1, 1994.
- 6 (2) Married taxpayers, who file a joint federal

7 income tax return and who elect to file separate  
8 returns or who elect separate filing on a combined  
9 return for state income tax purposes, shall allocate  
10 between the spouses the amount of benefits subtracted  
11 under subparagraph (1) from net income in the ratio of  
12 the social security benefits received by each spouse  
13 to the total of these benefits received by both  
14 spouses.

15 e. (1) For a person who is disabled, or is fifty-  
16 five years of age or older, or is the surviving spouse  
17 of an individual or a survivor having an insurable  
18 interest in an individual who would have qualified for  
19 the exemption under this paragraph for the tax year,  
20 subtract, to the extent included, the total amount of  
21 a governmental or other pension or retirement pay,  
22 including, but not limited to, defined benefit or  
23 defined contribution plans, annuities, individual  
24 retirement accounts, plans maintained or contributed  
25 to by an employer, or maintained or contributed to by  
26 a self-employed person as an employer, and deferred  
27 compensation plans or any earnings attributable to the  
28 deferred compensation plans, up to a maximum of six  
29 thousand dollars for a person, other than a husband or  
30 wife, who files a separate state income tax return and  
31 up to a maximum of twelve thousand dollars for a  
32 husband and wife who file a joint state income tax  
33 return.

34 (2) However, a surviving spouse who is not  
35 disabled or fifty-five years of age or older can only  
36 exclude the amount of pension or retirement pay  
37 received as a result of the death of the other spouse.  
38 A husband and wife filing separate state income tax  
39 returns or separately on a combined return are allowed  
40 a combined maximum exclusion under this paragraph “e”  
41 of up to the amount allowed for a husband and wife who  
42 file a joint state income tax return. The exclusion  
43 shall be allocated to the husband or wife in the  
44 proportion that each spouse’s respective pension and  
45 retirement pay received bears to total combined  
46 pension and retirement pay received.

47 f. Notwithstanding the method for computing income  
48 from an installment sale under section 453 of the  
49 Internal Revenue Code, as defined in section 422.3,  
50 the method to be used in computing income from an

Page 30

1 installment sale shall be the method under section 453  
2 of the Internal Revenue Code, as amended up to and  
3 including January 1, 2000. A taxpayer affected by  
4 this paragraph shall make adjustments in the adjusted  
5 gross income pursuant to rules adopted by the

6 director.

7 The adjustment to net income provided in this  
8 paragraph “f” is repealed for tax years beginning on  
9 or after January 1, 2002. However, to the extent that  
10 a taxpayer using the accrual method of accounting  
11 reported the entire capital gain from the sale or  
12 exchange of property on the Iowa return for the tax  
13 year beginning in the 2001 calendar year and the  
14 capital gain was reported on the installment method on  
15 the federal income tax return, any additional  
16 installment from the capital gain reported for federal  
17 income tax purposes is not to be included in net  
18 income in tax years beginning on or after January 1,  
19 2002.

20 g. Subtract, if the taxpayer is the owner of an  
21 individual development account certified under chapter  
22 541A at any time during the tax year, all of the  
23 following:

24 (1) Contributions made to the account by persons  
25 and entities, other than the taxpayer, as authorized  
26 in chapter 541A.

27 (2) The amount of any savings refund authorized  
28 under section 541A.3, subsection 1.

31 be deducted for income tax purposes as a participant  
32 in the Iowa educational savings plan trust pursuant to  
33 section 12D.3, subsection 1, paragraph “a”.

34 (2) Subtract, to the extent included, income from  
35 interest and earnings received from the Iowa  
36 educational savings plan trust created in chapter 12D.

37 (3) Subtract, to the extent not deducted for  
38 federal income tax purposes, the amount of any gift,  
39 grant, or donation made to the Iowa educational  
40 savings plan trust for deposit in the endowment fund  
41 of that trust.

42 i. Subtract, to the extent included, active duty  
43 pay received by a person in the national guard or  
44 armed forces military reserve for services performed  
45 on or after August 2, 1990, pursuant to military  
46 orders related to the Persian Gulf Conflict.

47 j. Subtract, to the extent included, active duty  
48 pay received by a person in the national guard or  
49 armed forces military reserve for service performed on  
50 or after November 21, 1995, pursuant to military

Page 31

1 orders related to peacekeeping in Bosnia-Herzegovina.

2 k. Subtract, to the extent included, the  
3 following:

4 (1) Payments made to the taxpayer because of the

4 following:

5 a. Review the information provided by the  
6 department of revenue and finance pursuant to this  
7 subsection and the annual report submitted by the  
8 applicant pursuant to subsection 2, paragraph “d”. If  
9 the department determines that the business activities  
10 of the applicant are not providing the benefits to  
11 Iowa employment and economic development projected in  
12 the applicant’s approved five-year business plan, the  
13 department shall not issue tax credit certificates for  
14 that year to the applicant or university employee and  
15 shall determine any related university share to be  
16 equal to zero for that year.

17 b. Effective for the fiscal year beginning July 1,

33 utilized by the approved business was developed. A  
34 university share shall not exceed two hundred twenty-  
35 five thousand dollars per year per technology  
36 utilized. For each technology utilized, the aggregate  
37 university share over a five-year period shall not  
38 exceed six hundred thousand dollars.

39 (2) The department shall maintain records for each  
40 university during each fiscal year regarding the  
41 university share each university is entitled to  
42 receive through the appropriation in section 262B.12,  
43 if enacted by 2003 Iowa Acts, House File 683 or

11 a certificate issued to an approved business shall not  
12 exceed two hundred twenty-five thousand dollars. The  
13 total aggregate value of certificates issued over a  
14 five-year period to an approved business shall not  
15 exceed six hundred thousand dollars.

16 b. For the university employee responsible for the  
17 development of the technology utilized by the approved  
18 business, the value of the tax credit certificate  
19 shall equal ten percent of the tax liability of the  
20 approved business. If more than one employee is  
21 responsible for the development of the technology, the  
22 value equal to ten percent of the tax liability of the  
23 approved business shall be divided equally and  
24 individual tax credit certificates shall be issued to  
25 each employee responsible for the development of the  
26 technology. Each year, the total value of a  
27 certificate or certificates issued for a utilized  
28 technology shall not exceed seventy-five thousand

15                                   DIVISION XVI  
16                                   LIABILITY REFORM

17    Sec. 112. Section 668.12, Code 2003, is amended to  
18 read as follows:

19    668.12 LIABILITY FOR PRODUCTS -- ~~STATE OF THE ART~~  
20 ~~DEFENSE DEFENSES.~~

21    1. In any action brought pursuant to this chapter  
22 against an assembler, designer, supplier of  
23 specifications, distributor, manufacturer, or seller  
24 for damages arising from an alleged defect in the  
25 design, testing, manufacturing, formulation,  
26 packaging, warning, or labeling of a product, a  
27 percentage of fault shall not be assigned to such  
28 persons if they plead and prove that the product  
29 conformed to the state of the art in existence at the  
30 time the product was designed, tested, manufactured,  
31 formulated, packaged, provided with a warning, or  
32 labeled.

33    2. Nothing contained in ~~this section~~ subsection 1  
34 shall diminish the duty of an assembler, designer,  
35 supplier of specifications, distributor, manufacturer  
36 or seller to warn concerning subsequently acquired  
37 knowledge of a defect or dangerous condition that  
38 would render the product unreasonably dangerous for

41    3. An assembler, designer, supplier of  
42 specifications, distributor, manufacturer, or seller

46 implied, to participate in a common plan with the  
47 intent to commit a tortious act upon another. Mere  
48 membership in a trade or industrial association or  
49 group is not, in and of itself, evidence of such an  
50 agreement.

19 Sec. 114. NEW SECTION. 668A.2 DEFINITIONS.

20 As used in this chapter, the following terms shall  
21 have the following meanings:

22 1. "Clear and convincing evidence" means evidence  
23 which leaves no serious or substantial doubt about the  
24 correctness of the conclusions drawn from the  
25 evidence. It is more than a preponderance of  
26 evidence, but less than beyond a reasonable doubt.

27 2. "Malice" means either conduct which is  
28 specifically intended by the defendant to cause  
29 tangible or intangible serious injury to the plaintiff  
30 or conduct that is carried out by the defendant both  
31 with a flagrant indifference to the rights of the  
32 plaintiff and with a subjective awareness that such  
33 conduct will result in tangible serious injury.

34 Sec. 115. NEW SECTION. 668A.3 AWARD OF PUNITIVE  
35 OR EXEMPLARY DAMAGES -- PROOF -- STANDARD.

36 Punitive or exemplary damages shall only be awarded  
37 where the plaintiff proves by clear and convincing

48 paragraph 1, Code 2003, is amended to read as follows:

50 begin at the termination of the healing period

Page 67

1 provided in subsection 1. The compensation shall be  
2 in addition to the benefits provided by sections 85.27  
3 and 85.28. The compensation shall be based only upon  
4 the extent of the disability related to the injury  
5 received and upon the basis of eighty percent per week  
6 of the employee's average spendable weekly earnings,  
7 but not more than a weekly benefit amount, rounded to  
8 the nearest dollar, equal to one hundred eighty-four  
9 percent of the statewide average weekly wage paid

27 while the employee was employed by a different  
28 employer. When an employee's present disability  
29 includes disability caused by a prior work-related  
30 injury or illness that was sustained by the employee  
31 while in the employ of the same employer, the employer  
32 is liable for compensating all of the employee's work-  
33 related disability sustained by the employee while in  
34 the employ of the employer, except that any portion of  
35 the disability that was previously compensated by the  
36 employer shall be deducted from the employer's  
37 obligation to pay benefits for the employee's present  
38 disability. If an employee's present disability is  
39 reduced by a portion of disability sustained from  
40 prior work-related injuries or illnesses for which the  
41 employee has already been compensated by the same  
42 employer, then the employee shall receive compensation  
43 for the remaining disability caused by the present  
44 work-related injury or illness plus an additional ten  
45 percent of the amount of the increase in disability.

37 Sec. 26. 2003 Iowa Acts, Senate File 458, section

 39 follows:

40 1. PURPOSE. The general assembly finds that the  
 41 Iowa communications network is a valuable state asset  
 42 that has served the people of the state well, but  
 43 which requires significant ongoing financial support  
 44 from the state in the form of annual appropriations.  
 45 The operation of a telecommunications network is a  
 46 function that can be and generally is conducted by  
 47 private enterprise. It is in the public interest to  
 48 sell the Iowa communications network to a qualified  
 49 private business enterprise that will commit to  
 50 provide the same secure low-cost high-quality service

Page 12

1 to ~~state and federal~~ public and private agencies ~~and~~  
2 ~~military installations, as defined in chapter 8D,~~ now  
3 provided by the network. Through such a sale, the  
4 state would eliminate the need for ongoing annual  
5 appropriations while preserving the key benefits  
6 enjoyed by the state under the present state ownership  
7 of the network. The state also expects to obtain  
8 sufficient proceeds from such a sale to cover existing  
9 obligations and to realize additional proceeds above  
10 the level of such obligations. Given the current  
11 depressed state of the telecommunications industry,  
12 the state can reasonably be expected to maximize sales  
13 proceeds by allowing a purchaser a period of time in  
14 which to assemble financing for its purchase. During  
15 the interim between enactment of this division of this  
16 Act and completion of a sale, the services of a  
17 private-enterprise manager with experience operating  
18 telecommunications networks can reasonably be expected  
19 to reduce the costs of operating the Iowa  
20 communications network, thereby lowering annual  
21 appropriations.

22 Sec. 27. 2003 Iowa Acts, Senate File 458, section  
23 172, subsection 2, paragraph b, if enacted, is amended  
24 to read as follows:

25 b. Select a manager and enter into a management  
26 contract with the manager by October 1, 2004. The  
27 management contract shall provide for the continuation  
28 of all services currently being provided to ~~state and~~  
29 ~~federal public and private~~ agencies ~~and military~~  
30 ~~installations~~ pursuant to chapter 8D, at the rates  
31 specified therein, for the duration of the contract.  
32 The contract shall also specify the manager's  
33 authority in relation to the duties of the commission  
34 during the period between execution of the management  
35 contract and closing of the sale of the network. The  
36 commission shall establish a dispute resolution  
37 process regarding rate increases, quality of service  
38 issues, and other areas of dispute involving network  
39 subscribers. The commission shall also make  
40 recommendations regarding imposition of an ongoing  
41 dispute resolution and appeals process commencing with  
42 the closing of the sale of the network.

43 Sec. 28. 2003 Iowa Acts, Senate File 458, section  
44 173, subsection 1, if enacted, is amended to read as  
45 follows:

46 1. The ~~principal place of business of the~~  
47 purchaser and any parent of the purchaser shall be  
48 ~~located~~ operating in the state of Iowa.

49 Sec. 29. 2003 Iowa Acts, Senate File 458, section  
50 174, subsection 4, if enacted, is amended to read as

Page 13

1 follows:

2 4. Agree to continue all services currently being  
3 provided to ~~state and federal~~ public and private  
4 agencies ~~and military installations, as defined in~~  
5 chapter 8D, for the next ten years, with any annual  
6 rate increase not to exceed five percent per year,  
7 provided that the purchaser shall not be required to  
8 supply at such restricted prices a quantity or quality  
9 of service greater than that provided by the network  
10 as of execution of the contract for sale of the  
11 network.

12 Sec. 30. 2003 Iowa Acts, House File 667, section  
13 27, subsection 1, unnumbered paragraph 2, is amended  
14 to read as follows:
